

MGE 1568

Chapter 1568: Cooperation

“He doesn’t have any God Emperor bones, so he suffered a backlash! This is my chance!”

When he saw this, Yang Feng’s eyes flickered coldly. He spread the fingers of his hand, and a pitch-black seal barrier appeared behind Despair King and blocked his retreat.

Despair King escaped backward and knocked into the pitch-black barrier. As if an insect glued to a spider web, he was stuck, unable to move.

Due to the light radiating from the God Emperor Garden, Despair King’s body emitted black smoke and collapsed bit by bit.

Despair King is a top powerhouse in the Eternal King realm and can contend against two Eternal Kings. However, he is vulnerable to the light radiating from the God Emperor Garden. Despair shadows appeared continuously, and then were purified and turned into dust.

“Let me send you to meet your maker!”

With a cold flash in his eyes, Yang Feng turned into a stream of light, appeared in front of Despair King, unleashed a punch, and stabbed the other party with his fist, and a devour black hole appeared and swallowed Despair King.

“Ha-ha! You want to devour me! Fine! Let us fuse together!”

Despair King’s face distorted and his eyes flickered with a chaotic shade, and he combusted all his power, turned into pure despair force, ripped apart the devour black hole, and plunged into Yang Feng’s forehead.

A vast force containing despair permeated Yang Feng’s body.

A face containing despair appeared on Yang Feng’s forehead, and tears of blood streamed down the strange face.

“I am Yang Feng! I am Despair King! I’m going to daub the entire world in the shades of despair. Ha-ha! Hee-hee!”

Eerie laughter came from the strange face on Yang Feng’s forehead. The voice of the strange face was identical to Yang Feng’s voice.

“You want to assimilate with me? What nonsense!”

Yang Feng’s eyes flickered coldly, and he smiled frigidly. Devour runes appeared and madly devoured the despair force inside his body.

Yang Feng grabbed the strange face on his forehead and tore it off.

Black gas flew out of Yang Feng’s body and entered the strange face.

“Why won’t you fuse with me? So long as you fuse with me, you can obtain my full power. You will become invincible in the world.”

The strange face distorted, changed into a distorted energy body, and unleashed strange howls.

“I need pure power! I need power that I can wield freely, not uncontrollable power!”

Yang Feng looked at the core of Despair King and sneered, “Besides, even without relying on you, I am already invincible in the world!”

Yang Feng crushed the distorted Despair King with his fingers, and devour runes appeared and devoured Despair King’s origin force.

After crushing Despair King, Yang Feng flew toward the God Emperor Garden.

“Hand over your God Emperor bones! Otherwise, go to hell!”

An Eternal King constructed from bones abruptly flew out of the void and extended his hand toward Yang Feng.

In the center of the bone hand, a world full of bones appeared.

Grey death qi poured out from the world full of bones, turned into chains, and shot toward Yang Feng,

“You dare attack me? Thank you for throwing your life away and becoming a stepping stone on my path to advancing to a God Emperor.”

Yang Feng smiled coldly, surged with devour runes, and punched the world full of bones.

A devour black hole appeared, blasted the world full of bones into pieces, unleashed devour black light, and swallowed the world full of bones.

After crushing the world full of bones, Yang Feng appeared in front of Bone King in a flash and unleashed a punch. He punched Bone King and blasted him apart

A devour black hole appeared and swallowed Bone King.

“No! This can’t be possible! You just advanced to an Eternal King, so how can you be this strong?”

Bone King’s face distorted, and he struggled madly inside the devour black hole. After a dozen plus breaths of time, he was completely eroded by devour black light and turned into dust.

“So strong!”

“How can that Yang Feng be so strong?”

“...”

When Eternal Kings saw Bone King being devoured by Yang Feng, they drew in a sharp breath, and their eyes flickered with a dignified shade.

Bone King wasn’t a top powerhouse in the Eternal King realm. Nevertheless, although it might be easy to defeat him, but killing him was really hard.

Yet Yang Feng was able to kill Bone King in an instant. This is beyond incredible.

“Azure Zhenji King, isn’t Yang Feng the young lord of your Azure Sacred Hall? When did he become this strong?”

Who knows how many light-years away, with 13 light masses behind his back, the handsome Tianling King with short black hair smiled abruptly and spoke thusly.

Azure Zhenji King’s eyes flickered with complicated emotions, and he smiled bitterly and said in reply, “I just went into seclusion once, yet he has already surpassed me! I never expected that a being born from a lesser universe would be able to reach this step.”

Whether it’s Azure Sacred Lord or the Azure Young Lord, they aren’t worth mentioning in Azure Zhenji King’s eyes. Unless it’s related to his cultivation or enjoyment, the lofty Azure Zhenji King doesn’t pay attention to anything else.

Azure Zhenji King never expected Azure Young Lord, who was like an insect in his eyes, would advance to an Eternal King in less than 10,000 years and become far stronger than him.

Tianling King’s eyes flickered with jealousy, and he sighed lightly and uttered, “The light radiated by the God Emperor Garden has no effect on him! It seems that he already obtained a God Emperor bone! That’s really enviable!”

In order to enter the God Emperor Garden, you need a God Emperor bone.

People without a God Emperor bone can’t withstand the light emanating from the God Emperor Garden.

In order to advance to an Eternal King, Yang Feng has already consumed his God Emperor bone. But after he killed several Eternal Kings, he obtained two other God Emperor bones.

“Yang Feng, I am Azure Zhenji King. Can you give me a God Emperor bone? I can use the Azure Sacred Hall to exchange for it. So long as you give me a God Emperor bone, Azure Sacred Hall is yours!”

Azure Zhenji King’s eyes flickered with an enigmatic shade, and he sent a voice transmission to Yang Feng.

Yang Feng replied indifferently, “I’m determined to ascend to a God Emperor! Apart from this, I don’t care about anything else!”

Once Yang Feng advances to an Eternal God Emperor, he will become the master of the greater universe and will gain control of everything in the greater universe in one go. He doesn’t care about a mere Azure Sacred Hall.

Azure Zhenji King smiled bitterly, and his eyes shimmered with complicated emotions. He stood outside the reach of the light radiating from the God Emperor Garden and quietly looked in the direction of the God Emperor Garden.

Along with a flash of light, Yang Feng appeared outside the God Emperor Garden.

Outside the God Emperor Garden, there stand two Eternal Kings.

One of the two Eternal Kings is a powerhouse covered in raging purple flames, which seem like they can burn time, fate, and everything else. He is Purple Flame King.

The other Eternal King is as large as a world, is shrouded in endless light, and has a god kingdom in his body. He is Shenzhi King.

Auras far more formidable than that of other Eternal Kings emanated from Purple Flame King and Shenzhi King and spread in all directions.

“In this era, only three people were able to reach this place. Hand over your God Emperor bones! Otherwise, go to hell! I am Purple Flame King, the master of this universe!”

Purple Flame King’s eyes flickered with purple flames, and he looked at Shenzhi King and Yang Feng and spoke icily.

Shenzhi King’s eyes flickered coldly, and he uttered frostily, “What an arrogant fellow! Yang Feng, why don’t we join forces and take him down?”

Yang Feng’s eyes flickered, and he said with a light smile, “Alright!”

Shenzhi King waved his hand, and a gold god kingdom emerged from his body, radiated dazzling light, instantly expanded, and shrouded Purple Flame King and Yang Feng.

Golden laws surged in the god kingdom and formed chains that shot toward Purple Flame King.

Countless Eternal realm angels appeared, formed an angel legion, and attacked Purple Flame King.

Purple Flame King waved his hand, and purple flames tore the firmament and surged toward the Eternal angels. The purple flames turned countless Eternal angels into ashes.

Shenzhi King barked, “Yang Feng, give me a hand!”

With an indifferent smile on his face, Yang Feng stood quietly in place and watched Shenzhi King and Purple Flame King with a look of derision on his face.

Shenzhi King roared, a startled and angry look on his face, “Yang Feng what are you doing? Why aren’t you attacking? Are you going to watch me and Purple Flame King fight from the sidelines?”

Yang Feng responded with a light smile, “Your act is pretty good. However, there is no trace of murderous intent in your fight. Your attacks don’t involve origin. Not to mention that your murderous intent is locked on me! I’m quite curious, but why are you guys aiming your murderous intent toward me?”

“That’s because you’re too dangerous! Yang Feng, you just recently advanced to an Eternal King, yet you already have reached the level of old Eternal Kings. Furthermore, the essence you cultivate is the most dangerous essence of devour. You already devoured quite a few Eternal Kings. If you are allowed to truly refine their origin, then I’m afraid no one in Eternal World will be a match for you. Therefore, you must die!”

With a cold look in his eyes, Purple Flame King took a step, surged with endless purple flames, turned into a purple flame giant burning with raging purple flames, and unleashed a punch barreling toward Yang Feng.
