

Chapter 2352 Testing Master Levi

Initially, Matthew thought that his trip to Eastshire would be delayed for a long time.

Despite certain incidents that happened along the way, it went smoothly overall.

Including the time spent on the road, it took him less than five days in total.

As soon as Matthew returned to Bainbridge, he went straight to look for Levi.

After learning about the situation in Eastshire, Levi stated that he had nothing to do with the Martial League branch.

"As soon as I learned that you were assigned to Eastshire Hall, I immediately passed on the message to them, asking them to fully cooperate with you, but the message was intercepted!"

At the mention of that, Levi looked displeased.

Under the land of scrutiny, even the unparalleled strategist Levi seemed somewhat powerless.

Nevertheless, Matthew believed his explanation.

Given Levi's status and position, he didn't have to lie about this matter.

Thinking of that, Matthew suddenly changed the topic.

"By the way, how do you plan to deal with the Sandel Family?"

Levi didn't seem to care about the matter at all.

Picking up his teacup in a calm manner, he asked, "Deal with it? Why should I deal with it? He is my father-in-law. If he wants to make a comeback, I can't go against him as his son-in-law. Let him do whatever he wants."

Behind his magnanimity, he also showed his confidence.

In the South, Levi was known as Master Levi and was the ruler.

It was simply wishful thinking for others to try to meddle.

Matthew also knew that he couldn't probe any further.

Based on Levi's personality, how could he possibly reveal his inner thoughts?

He took the initiative to see Levi partly to fulfill Shiloh's request.

On the other hand, he also wanted to test Levi's attitude toward his position as the hall leader for Eastshire Hall.

When he received such a perfunctory reply from the other party, Matthew suddenly paused, unsure of how to subtly bring up this question.

However, just as he was struggling, Levi seemed to have read his thoughts.

"You don't have to worry. I'm not a narrow-minded person. Since it is the arrangement of the Martial League, you will be the hall leader for the Eastshire branch in the future."

"Besides, since someone wants to provoke internal conflicts in the South, I won't be that foolish to get involved."

Matthew understood his intentions upon hearing that.

As he stood up, he thanked Levi.

"Thank you for your understanding, Master Levi."

Levi, who had been fiddling with the tea all along, suddenly showed a hint of emotion on his face.

"Don't mention it. Now that you have become the Holy Doctor, you must know that a grown lion should have its own territory. This is just a matter of course for me, so don't worry too much about it."

At this point, he felt a sense of nostalgia hitting him hard.

When he first met Matthew, he merely realize that he had potential, coupled with extraordinary medical skills.

Because of that, he had the intention of taking him under his wings.

However, the lion cub had already grown up in the blink of an eye.

In the future, when the Ten Greatest Families and the Six Kings formed an interest chain with the Holy Doctor, Matthew's status would be on par with his.

Just as Matthew secretly breathed a sigh of relief about the matter of becoming the hall leader, Martin, entered with big strides.

"That's impressive of you, Matthew!"

When he suddenly received praise, Matthew and even Levi were confused.

"What do you mean by that, Martin?"

Watching his appearance, Martin laughed.

"Hahaha. Seems like you haven't found out yet. Rumors have been circulating about your incident in Eastshire. You impress me, little brat. Now that you've offended Kenzy Nolan, you must be extra careful in the future."

Matthew was even more puzzled upon hearing that.

"I met Mr. Nolan, and he was very polite to me. How could I have offended him?"
