

## Chapter 2702 Hugo's Furious Outburst

With the help of veterans like Kasen, the inspection of the Keller Family's military supplies was quickly completed.

"Young Master Larson, the supplies are in good condition. Everything else is fine, except that they're not as new as they should be."

Matthew nodded. It seems like Hugo is intimidated by the Crown Prince's threat. "Well, this old man does keep his word. Fitz, you will see Fabian off later. Allow him to maintain his dignity."

"No problem, Boss. I assure you that he will leave peacefully with dignity!" replied Fitz. After saying that, he took out his pistol and was about to execute Fabian directly.

However, before he could take a step forward, the Crown Prince kicked him from behind. "Hey, are you out of your mind? Matthew told you to return Fabian to the Keller Family!"

"Is that so? I understand now. Hehe!" After scratching his head, Fitz showed a wise look in his eyes. His silly appearance revealed no trace of the ferocity with which he ordered the annihilation of the Keller Family's assassination team.

"Tsk! What an idiot. I wonder what I saw in him back then."

Matthew smiled while giving a sidelong glance. "Maybe it's because he's similar to you in this regard."

Huh? He's similar to me in this regard? I'm so smart; it's impossible for him to be like me. No, that's absolutely impossible. The Crown Prince looked at Fitz's silly smile and shook his head with conviction.

Matthew ignored these two fools. Now that the supplies had arrived, he needed to create a coordinated plan.

Since they hadn't anticipated Evander recruiting so many snipers, there were no weapons provided for them in the warehouse. Matthew simply let Kasen choose nine people to form a team of ten snipers. The remaining snipers were assigned to the Crown Prince's men to form combat squads of 50 people. This way, they could train the Crown Prince's group of inexperienced soldiers, who were eager to prove themselves.

"Alright, let's introduce ourselves first. In a couple of days, we may face a tough battle!"

The Victorious Cruise was about to set sail, and the confrontation between Matthew and Solon was also approaching.

After Matthew finished organizing everything, they booked the largest hotel in Concordia to welcome Kasen and the others.

In the following days, they began to prepare for the upcoming battle in an orderly manner.

....

...

On the other hand, Hugo finally saw his third son.

When Fabian appeared with bandages on his head and palms, Hugo's eyes widened. He looks so miserable.

"Dad, I thought I would never see you again," said Fabian, feeling deeply wronged. He missed his family the most during the days when he was tormented by Fitz and the Crown Prince. Now, seeing his father, he instantly burst into tears despite being a man in his forties.

Hugo looked at his third son with a mix of heartache and anger. How could he not be furious and disappointed? Fabian had been captured despite leading so many elite members of the Keller Family.

After a while, he finally regained his composure. "What about the others? Why are you the only one who came back? Didn't we agree to release all the members of the Keller Family?" How dare that shameless kid bully me!

At the mention of this, Fabian's tear-stained face froze. After hesitating for a long time, he finally gave a full account of what had happened.

"They're all dead?"

Seeing his father's murderous gaze, Fabian stepped back repeatedly in fear.

Hugo's face turned red when Fabian nodded in fear. "W-Why you..." He pointed at his son, his arm trembling continuously. Previously, news had already spread in society about the Keller Family's assassins being wiped out by Matthew. At that time, he didn't believe it. How could an elite force of nearly 1,000 people be completely wiped out? At worst, it would just be a mission failure with some casualties. "After ten years of hard work by the Keller Family... You're a disgrace to our family... Pffft!"

He had a hard time accepting this for a moment. Overwhelmed with anger, he suddenly spat out a mouthful of blood and then collapsed to the ground.

"Dad, what's wrong with you? Help! Somebody, please help us!"

With Fabian's urgent cry for help, the Keller Family descended into complete chaos!
