

## Medical Genius Chapter 31-33

### Chapter 31

The Sang-yue Restaurant.

In a quiet private room.

Lin Mo and Xu Hanxia, eventually followed Zhao Jiafan to dinner.

"Director Zhao, what do you know about it?" Xu Hanxia said urgently.

Zhao Jiafan glanced obliquely at Lin Mo and said with a faint smile, "I heard that it was someone from your company who offended our General Manager Huang Yongfeng Huang of Guangyang City."

"When General Huang was shocked, he made these seventeen companies, cancel your orders!"

"So it was Huang Yongfeng who did it!" Lin Mo was suddenly enlightened.

This Huang Yongfeng, in Guangyang City, was also considered a big shot.

Although it was not as strong as Nanba Tian, it was not much worse than the Ten Great Families.

If he stepped forward, many people would give him face.

"Huang Yongfeng!?" Xu Hanxia's face turned pale, "Is ..... who offended him?"

"Hehe ....., " Zhao Jiafan glanced at Lin Mo and said slowly, "Halfsia, there's no point in pursuing blame now. But you don't have to worry, I have a good relationship with Mr. Huang, I can help you set this matter right."

Xu Hanxia couldn't help but be pleased: "Senior, thank you so much!"

"Our relationship, what's the point of saying thanks!" Zhao Jiafan laughed heatedly, his eyes darting liberally at Xu Hanxia's body.

Halfway through the day, Xu Hanxia went out.

Zhao Jiafan took the opportunity to get close to Lin Mo and laughed, "Lin Mo, if you want me to help Xu Hanxia, you have to promise me two conditions."

"First, from now on, leave Xu Hanxia."

"Second, go and get Young Huang healed!"

"Otherwise, I'll let Xu Hanxia's company end."

"Oh, you should know that Xu Hanxia's company has a lot of debts. Once it is pursued, what she will face, will be a prison sentence!"

Lin Mo's expression was calm: "Zhao Jiafan, was this your idea, or Huang Yongfeng's?"

Zhao Jiafan's face changed slightly, he was using Huang Yongfeng's power to get those seventeen companies to cancel their orders. Then, he would use it to threaten Lin Mo and Xu Hanxia.

"Why do you care so much!" Zhao Jiafan said in a cold voice: "If you don't agree, within a day, I can have Xu Hanxia go to jail!"

Lin Mo's cold face: "Zhao Jiafan, you have something to do, it's fine to target me."

"But don't involve my wife!"

"If you involve my wife, you are looking for death!"

Lin Mo directly got up and left.

"Lin Mo, don't you regret it!" Zhao Jiafan was furious: "If you don't come to the doctor before ten o'clock tonight, I'll make you regret it!"

Lin Mo didn't even look at him, he just walked away.

At 2:30 pm, Lin Mo and Xu Hanxia had just arrived at the office when they saw Xu Jiangong and Fang Hui's couple.

"Mom and Dad ....., " Xu Hanxia was just about to greet them when these two ran straight over.

"Lin Mo, do you ..... have to get my family Hanxia killed before you can do that?" Fang Hui rushed up and cursed angrily.

"What's wrong?" Lin Mo had a bewildered look on his face.

"What's wrong? What do you mean what's wrong?" Fang Hui shouted angrily, "What did you do at the hospital today?"

Xu Hanxia was puzzled, "Mom, take it easy, what did Lin Mo do?"

Fang Hui said angrily, "In the morning, he bumped into Boss Huang Yongfeng's wife at the hospital."

"In order to steal business, he even almost killed Boss Huang Yongfeng's son."

"Boss Huang was so furious that he just cut off all business from your company!"

These two people went to look for Nanba Tian today, but it turned out that Nanba Tian didn't see them at all.

Moreover, he even asked someone to bring them a message that he and Lin Mo had cleared the matter.

The two returned disappointed, and on the way, they learnt about the company again, and immediately came running in anger.

## Chapter 32

Xu Hanxia froze, so the person Zhao Jiafan was talking about was Lin Mo?

No wonder Zhao Jiafan said he wouldn't pursue the blame, so it was to save Lin Mo's face!

The people around him also whispered, "So it's because of him!"

"This loser is not capable of anything, but he's not weak at getting into trouble."

"He's going to make us all lose our jobs!"

"Hey, Xu Hanxia is actually quite capable, but she's being dragged down by this loser!"

Fang Hui shouted angrily, "Lin Mo, I'm not saying I'll let you help Hanxia, but can you not hold Hanxia back?"

"Hanhia worries and toils for the sake of this family. What about you? You don't contribute to the family at all, and you get into trouble all day long, do you ..... want to get us all killed!"

"Mom, who are you listening to all this from!" Lin Mo frowned, "Is it Zhao Jiafan?"

Fang Hui said angrily, "Humph, if Director Zhao hadn't told me, our family, we probably wouldn't have known how to die!"

Lin Mo: "Mom, this Zhao Jiafan, he's just deliberately sowing discord, don't believe him!"

"Lin Mo!" Xu Hanxia said disappointedly, "I don't care if you're rich or not, I just want my husband, to be honest and kind."

"Director Zhao even told me not to pursue the blame, clearly favoring you. How ..... can you talk like that?"

Lin Mo sighed, this Zhao Jiafan, was indeed sinister and despicable.

"I don't care about you so much!" Fang Hui said angrily, "You go to General Manager Huang right now, I don't care if you kneel and kowtow, or simply die there. Anyway, this matter, you must settle it!"

Lin Mo said, "Mom, for this trivial matter, why bother?"

"Is this a trivial matter?" Xu Jiangong said angrily, "Do you know that you made the company lose seventeen orders and the company directly lost fifty to sixty million. That much money, you ..... won't earn it in several lifetimes!"

Lin Mo: "It's not just orders, I've said, within three days, sign at least three hundred million orders!"

"Aigoo, my brother-in-law ah, did you sign with your mouth?" Xu Chang Chang laughed, "What are you dreaming of in broad daylight? Signing three hundred million in three days, tsk, you can really brag!"

"That's right, I've never seen such a big deal in my life!"

"How many contracts can our company sign in a year? Can't you do a draft before you brag?"

All the people around us followed suit, completely watching the fun.

Fang Hui hated her iron, "Lin Mo, can you take care of our faces?"

"Doing such a humiliating thing in front of so many people, do you want to lose face or not?"

Xu Jiangong gritted his teeth, "That's enough, don't talk to him. Do people like him know what it means to have face?"

At this moment, Xu Yongqing walked out.

What happened last night had really startled Xu Yongqing, and he immediately sent someone to find out what was going on.

He learned about Xu Jiangong Fang Hui's visit to Nanba Tian, and only after learning that Nanba Tian and Lin Mo had cleared the matter did his heart settle down.

With an arrogant look on his face, he glanced obliquely at Xu Hanxia: "Hanxia, the company is handed over to you and this is how you take care of it? You really let me down!"

Xu Hanxia's face was blue, and she gritted her teeth without speaking.

"I don't think you can manage such a big company either!" Xu Yongqing: "Forget it, after all, you are a member of my Xu family, let me help you out."

"I'll pay half a million for all the shares you have. I'll take care of the company!"

"What?" Xu Hanxia's eyes widened, the shares she was holding were worth at least fifty million.

Now, Xu Yongqing offered half a million to buy it, wasn't this robbing while the fire was still hot?

### Chapter 33

Xu Changchang smiled coldly, "Hanxia, why don't you quickly thank grandpa?"

"In a moment, there will be many material dealers coming to demand payment for the goods."

"If you don't solve this matter, the shares you hold will become a negative number!"

Xu Hanxia was dumbfounded.

Xu Yongqing had clearly planned to contact the material dealers in advance to ask for money, forcing her to hand over her shares.

But the problem was, where could she get the money to give it to them now?

If she couldn't get the money, she, the chairman of the board, would probably have to go to jail!

Xu Jiankong whispered: "Dad, the shares in Hanxia's hand are worth ..... fifty million. You offer half a million, this ..... is too little ....."

"Oh ....." Xu Long Chang laughed coldly, "Just this mess she made, half a million is too much for us. This mess, we don't take over, she'll go to jail!"

"That's not true, grandpa has been good to you guys, he even gave you half a million!" Xu Lingling bristled, "If you want me to say so, you should have given us the money and we took over the shares."

Fang Hui: "But if we sell the shares, it's not just half a million!"

"Then you can sell it!" Xu Yongqing said slowly, "Can you walk out of the company's gate?"

At that moment, a group of people really came to the door, and it was those material dealers.

"Where is Xu Hanxia? Stop the gate, if you don't settle the money today, she won't be able to walk out of this gate!"

Xu Jiangong's face was blue: "Forget it, Hanxia, let it be 500,000. We are not destined to be the chairman of the board, so let's sell our shares!"

Fang Hui: "Yes, at least we can still get half a million!"

Xu Hanxia gritted her teeth, she was very reluctant.

"Come on, sign the contract and the half a million is yours!"

Xu Yongqing took out a contract that had been drawn up a long time ago.

Xu Hanxia looked at Lin Mo, asking for his opinion.

"Don't sign it!" Lin Mo said directly.

"Lin Mo, have you gone mad?" Fang Hui was annoyed: "Don't sign? Look at the current situation, can you not sign? Do you want to send Hanxia to jail?"

Xu Jiangong shouted angrily, "Do you have a say in our family's affairs? You're just a son-in-law at home, in ancient times, you wouldn't even be qualified to eat at the table!"

The crowd laughed and looked at Lin Mo mockingly.

Lin Mo walked up to the material dealers, "Everyone, the company's payment for materials with you is settled in half a year. It's only been three months now and you guys want to come up with the money, it's not appropriate, is it?"

"Cut the crap!" One of the material dealers said loudly, "In the past, Xu Lao was in charge of the company, so of course we trust him. What the hell is this Xu Hanxia, who is he to settle the accounts every six months?"

"That's right, how can a young girl like her be capable of running such a big company? If it closes down one day, who are we going to ask for the money?"

"I heard that all their orders have been cancelled, the company is definitely going to collapse!"

"If you ask me, she's so pretty, why should she be a strong woman? Wouldn't she be better off as a lady?"

"Hahahaha, if she becomes a lady, I will definitely order her every day ....."

The group of material dealers laughed uncontrollably.

"So, you guys have made up your minds about the bill?" Lin Mo's voice turned cold.

Material merchant: "Does that even need to be said?"

"Very well!" Lin Mo nodded: "Money, I can give it to you guys. However, you also remember that from now on, you are no longer the company's suppliers!"

Material merchant: "Who the fuck are you scaring?"

"It's hard to say whether the company will continue to produce, are we sick in the head to continue supplying?"

"Don't worry, as long as you're here, we'll never supply you again in our lifetime!"

## Medical Genius Chapter 34-36

### Chapter 34

"Lin Mo, are you crazy? Where are you going to get money for people?" Fang Hui was annoyed: "What time is this, you ..... are still talking to the several bosses like this?"

Xu Jiangong: "That's right, at this time, the most important thing to do is to beg the bosses for a few days of grace. You quickly go and apologize to the bosses!"

"Apology is not necessary!" Lin Mo shook his head, "Mom and Dad, remember what they said. When they beg you later, don't be soft-hearted!"

"What ..... are you talking about?" Xu Jiangong Fang Hui was bewildered.

Xu Changchang: "Crazy! Crazy! It's all starting to ramble!"

"We begged you guys? Hahahaha, did you guys hear that? He said we begged them?" The group of suppliers also burst into laughter.

The people around them all looked at Lin Mo like he was an idiot.

Xu Hanxia's face turned pale and she whispered, "Lin Mo, forget it, I ..... should just sign it. Or, I really don't have the life to be the chairman of the board!"

Lin Mo took Xu Hanxia's hand: "Trust me, it's yours, no one can snatch it away!"

Xu Hanxia's eyes were moist, she was also unwilling to do so. But what else could she do now?

Nanba Tian and Lin Mo had cleared the air, now, what strength did Lin Mo have?

At that moment, there was a sudden commotion outside the door.

The group of material dealers were blocking the doorway and were pushed aside directly by a group of men in black.

Behind them, an old man with white hair came in at a brisk pace.

"Which one is Xu Hanxia Xu?" The old man hurriedly asked.

Xu Hanxia was bewildered, she didn't know this old man.

"I am, you are?"

"You are General Manager Xu!" The old man hurriedly walked over with a respectful face, "Greetings, my name is Yuan De!"

"Yuan De!?" The crowd around them immediately exclaimed.

This name was unknown to everyone in the medical industry.

The largest pharmaceutical merchant in Guang Province, and the titan of the medical industry in Guang Province. Even Sheng Yuan Group, in front of him, was not worth mentioning ah!

"So it's Elder Yuan!" Xu Yongqing hurriedly walked over, "Greetings, Elder Yuan, my name is Xu Yongqing ....."

Yuan De didn't even look at him, he only looked at Xu Hanxia respectfully, "Mr. Xu, I'm here this time because I want to cooperate with your company. The new drugs your company has developed, I want to become an agent."

"Of course, I also know that becoming an exclusive agent nationwide is an extravagant hope. Therefore, I dare to discuss with Mr. Xu, can I be given the agency rights for the three southern provinces?"

The crowd was dumbfounded, the Xu Group, in front of Yuan De, was like a molehill.

It was always Yuan De who had the final say on which pharmaceutical company he would work with, and had never discussed with anyone else, let alone bowed down.

Now, to be so polite as to discuss with Xu Hanxia, what was the situation?

"Is this Yuan De?" Xu Changchang was puzzled.

"Definitely!" Xu Yongqing gritted his teeth, "I used to attend the Federation of Pharmaceutical Enterprises and met ..... him a few times ....."

"So ..... then what is this?"

"A new drug? It can't be the same medicine that saved Nanba Tian's daughter from waking up, can it?"

Xu Yongqing's face was blue, he suddenly realized that things were out of control.

Xu Hanxia was puzzled, "New ..... new medicine?"

"Yes, new medicine!" Yuan De laughed: "General Xu, I know, this is a commercial secret. Too much, let's not talk about it outside."

"To show my sincerity, I've brought the contract with me. The agency rights for the three southern provinces, five hundred million, what does Mr. Xu think?"

When this statement was made, the crowd was in an uproar.

Five hundred million at the first offer? Wasn't this company going to be rich?

Those material dealers' breaths also rose sharply, such a large order, if they supplied the materials, it would take off with them, right?

## Chapter 35

Xu Hanxia was dumbfounded, all the previous orders were gone, the company was going to be finished.

This suddenly came five hundred million orders, did happiness come so suddenly?

"Half Xia, quickly ..... quickly agree ah ....." Fang Hui's lips trembled with excitement.

Lin Mo suddenly opened his mouth, "Five hundred million, only the agency rights of Guang Province!"

"What ..... are you talking about?" Xu Jiangong almost stormed out, "Who told you to speak? Does this ..... have a place for you to speak?"

Fang Hui was furious and hissed in a low voice, "Do you know who Yuan Lao is?"

"You ..... have a lot of nerve!"

"A five hundred million dollar order, you ..... if you let anything happen to this order, I ..... will definitely fight you to the death!"

Xu Hanxia was also pale, Lin Mo is this crazy?

Who knows, Yuan De only hesitated for a moment, then slowly nodded: "Let's do this, three southern provinces, one billion."

"General Xu, this is not a small amount after all, the subsequent development of the market will also cost a lot of money, I have to count the cost too!"

The crowd was once again shocked, Yuan De had even agreed to raise the price?

Xu Jiangong Fang Hui almost fainted.

Lin Mo no longer spoke, in his opinion, the price was too low.

However, the fact that Yuan De could come in person meant that there was sincerity. It didn't matter how much money was involved.

Xu Hanxia was excited in his heart and immediately nodded, "Elder Yuan, just as you said."

"Good!" Yuan De was overjoyed and took out a contract, "Mr. Xu, sign the contract and I will immediately transfer thirty percent of the deposit over here!"

One billion, the deposit is three hundred million!

Xu Hanxia was almost crying, there was only about 200,000 left in the company's account before. This was a short while ago, and it was going to be an additional three hundred million?

Then wouldn't all the problems the company was facing be solved?

Xu Yongqing was unwilling: "Elder Yuan, have you been cheated? That new drug, it has already been abandoned ....."

Yuan De glanced at him and said in a cold voice: "Are you questioning my judgment?"

Xu Yongqing was scared into a cold sweat and hurriedly said, "Dare not, I ..... am just worried that Elder Yuan might be maliciously deceived by some people ah ....."

"Then it is not necessary for you to bother, since Mr. Yuan came to Mr. Xu to sign the contract, he must trust Mr. Xu!" Yuan De smiled lightly, "Mr. Xu, look, when can we sign the contract?"

"Hanxia, quickly ..... sign it ....., " Xu Jiankong urged in a trembling voice.

Only then did Xu Hanxia come back to his senses, also with an excited face, nodding his head repeatedly, "Immediately, now ..... now ....."

"Mr Xu is really atmospheric!" Yuan De smiled broadly and handed over the contract: "Mr. Xu take a look at the contract, is there anything you are not satisfied with!"

Xu Hanxia took the contract and looked it over carefully, there was nothing wrong with it.

The conditions given by Yuan De were also very generous, Xu's group had taken advantage of it.

"The contract is no problem!"

"Excellent, it's an honour for me to reach an agreement with Mr Xu!" Yuan De smiled broadly, "Mr Xu, then let's sign the contract!"

Xu Hanxia nodded and signed his name on the contract, and Yuan De immediately followed suit.

"General Xu, happy cooperation!" Yuan De said with a smile.

Xu Hanxia: "Many thanks to Elder Yuan for his trust!"

Lin Mo suddenly said, "Elder Yuan has taken advantage of a lot this time!"

Fang Hui hurriedly rebuked, "Lin Mo, what are you talking about?"

"Elder Yuan, he's just a caretaker, he hasn't seen the world, don't be too insensitive to him!"

"Lin Mo, why don't you quickly apologise to Elder Yuan!"

## Chapter 36

Yuan De smiled instead of being angry, "Mr. Lin, the early bird gets the worm."

"Since I'm early, I must make a small profit, don't I?"

"Mr Xu, the deposit will arrive in ten minutes, please check your receipt!"

Xu Jiangong Fang Hui was stunned, Yuan De had really taken advantage of the situation?

Xu Hanxia breathed a little sharply, a deposit of three hundred million, the company's accounts, have never seen such a large amount of money ah.

However, the matter was not over here.

The deposit had not yet arrived on Yuan De's side, but another group of people rushed in at the door.

The leader was a middle-aged man who laughed as soon as he entered, "It's true that Elder Yuan was one step ahead, admire, admire!"

Yuan De glanced at the group and laughed, "You guys aren't late, coming from Lin Province, all so fast, this is a chartered flight, right?"

"Hahahaha, it just so happens that I bought a plane some time ago, it can take off anytime!"

The crowd was shocked, those who could afford a private jet, was this an ordinary person?

Moreover, to be able to chat with Yuan Deping, it was also clear that this person was not simple.

"Which one is Xu Hanxia Xu, the president?" The man asked.

"I am!"

Xu Hanxia said.

The man immediately walked over and smiled, "Hello, Mr Xu, I am Wan Chong Shan!"

The crowd exclaimed, the name Wan Chongshan, in the medical industry, was no worse than Yuan De.

Yuan De was famous in Guang Province, while Wan Chongshan, in Jiang Province, was second to none. Although he was not from Guang Province, his fame had spread throughout the province.

Wan Chongshan had actually come too.

Xu Hanxia was stunned as she exchanged a few pleasantries with Wan Chongshan, who then got straight to the point: "Mr Xu, Mr Wan has come here to talk to Mr Xu about cooperation."

"Mister Wan would like to represent the new drugs developed by General Manager Xu, I wonder what General Manager Xu would like to do!"

The crowd was once again shocked, another agent for a new drug? Are they all such big shots?

Xu Hanxia was dumbfounded, but in the end, the negotiations were completed with the help of Lin Mo.

Wan Chongshan took out eight hundred million yuan and bought the agency rights for two provinces.

The contract was signed on the spot, and the deposit of 250 million dollars was paid directly.

Just after the signing here, Yuan De's deposit of three hundred million arrived.

The crowd beside him was dumbfounded, less than an hour's time, and an order of eighteen billion?

However, that wasn't the end of it.

As soon as Wan Chongshan had finished signing, several more bigwigs from the medical sector rushed in and requested to sign.

In the end, in two hours, nearly three billion orders were signed. The deposit alone was nearly one billion.

Xu Hanxia was in a daze the whole time, her main job was to read the contracts and sign them.

As for Xu Jiangong Fang Hui, she was grinning and giggling the whole time.

Xu Yongqing and the others, looking at all this with grim faces, Xu Yongqing almost had a heart attack.

It was hard to end the signing, and the bigwigs all left.

The company staff ran over and gathered around Xu Hanxia to congratulate her.

Xu Hanxia's eyes were moist and she was so excited that she couldn't speak.

Lin Mo walked over and said aloud, "As you all know, the company has gone through a huge change today."

"Those who can stay are the greatest support for the company."

"Therefore, the company will take out ten million dollars to commend those of you who have stayed!"

The crowd was stunned.

"What?"

"Ten million dollars?"

"Oh my god, how much does this ..... one person score ....."

"General Xu is mighty!"

Fang Hui was annoyed: "Lin Mo, what are you doing? Do you think you're the chairman of the board? What qualifications do you have, to take out 10 million to reward them?"

## Medical Genius Chapter 37-38

### Chapter 37

The crowd was instantly silent, yes, how could Lin Mo have this ability.

At this moment, Xu Hanxia said aloud, "What Lin Mo said, is what I said. Ten million dollars, to be handed out tonight."

"Also, from now on, everyone's salary, up thirty percent. Scientific researchers, double it!"

"Hanxia!" Fang Hui was anxious, wasn't this a slap in her face?

"Mom!" Xu Hanxia whispered, "Those who can stay are the greatest support for me."

"The company has signed such a big order, so if we don't give them a reward, isn't that chilling the hearts of the people?"

"Also, we have to show those who left the company how big of a mistake they made by leaving!"

Fang Hui was also irritated when she remembered those people resigning to force Xu Hanxia to do so.

"Right, we just have to make them regret it!"

Fang Hui said.

"But then, we can't listen to Lin Mo either. He's a son-in-law from the family, what qualifications does he have to speak on such an occasion?"

Xu Jiangong said indignantly, "If this gets out, people will still think that our Xu family is not strict in its rules!"

Fang Hui nodded repeatedly, "Yes, what qualifications does he have to speak? I'll get rid of him!"

Xu Jiangong waved his hand, "Forget it, there are so many people here now, don't make people think we're being stingy. Let him bounce around a bit longer, we'll get rid of him when we get back tonight!"

The material dealers were looking at the order from afar, how much material would they have to buy?

If they got this order, they would be rich!

The material dealers congratulated Xu Hanxia one after another.

"Mr. Xu, congratulations on this huge order. Don't worry, we will definitely supply you with the materials and will not affect your production!" A material dealer patted his chest and said.

Xu Hanxia frowned, it was these material dealers who had just come to corner her, yelling that they wanted to send her to jail.

"Thank you all, but for the materials, it's not up to you to bother!" Lin Mo said.

"Why?" The material dealer's face changed and he said urgently, "Mr. Xu, we've been working with your company for so long, we're all old friends. It's not appropriate to suddenly change material dealers, is it?"

Lin Mo: "You are working with Xu Yongqing, not Han Xia."

"Xu Yongqing can settle the material fees once every six months, Xu Hanxia can't even delay a day."

"In that case, then there is no need for us to cooperate!"

These material dealers looked ugly, thinking about what they had just forced Xu Hanxia to do, they all wanted to slap themselves a few times.

Who would have thought that Xu Hanxia would sign so many orders.

Had they known this, they would have wanted to offer Xu Hanxia as a god, who would have dared to come and force Xu Hanxia?

"Mr Xu, we ..... know we are wrong. For the sake of our cooperation for so many years, please give us a chance ....."

A material dealer said urgently.

"Sorry, no way!"

Lin Mo replied directly for Xu Hanxia: "We will look for material dealers that we can work with, as for you guys, we are afraid that we cannot afford to climb high!"

"Mr Xu, give us a chance!"

"General Xu, in terms of material prices, we can still negotiate."

"Mr Xu, it was all that old man Xu Yongqing's idea, we didn't want it either ....."

These material dealers begged and pleaded, but Xu Hanxia simply ignored them.

This was not the attitude you all had when you were aggressively pressing for debts just now.

## Chapter 38

The material dealers had no choice but to turn to Xu Jiankong and Fang Hui to beg them.

Xu Jiangong and Fang Hui took a bite out of their anger and had the security guards kick the material dealers out.

Previously, those security guards did not listen to Xu Hanxia.

Now that Xu Hanxia had signed such a large order and received a reward of 10 million yuan, the security guards were immediately submissive.

Next, Xu Hanxia didn't stay idle and gathered the company's people for a meeting.

At the meeting, Xu Hanxia directly fired all the people from the Xu family, including Xu Changyuan and Xu Lingling.

Xu's Pharmaceuticals is absolutely controlled by Xu Hanxia, her prestige is now so high that people below her support her.

Even if the Xu family members were not convinced, there was nothing they could do but to pack up their things and leave in disgrace.

That night, Xu Hanxia held a celebration banquet at the Times Hotel, which was proposed by Lin Mo.

Xu Hanxia was actually a bit apprehensive, she knew how high the threshold of the Times Hotel was.

If a small company like hers wanted to go to the Times Hotel, they might not even be able to get into the ground floor.

As a result, as soon as she called, the Times Hotel immediately booked the banquet on the ninth floor, out of her expectation.

According to the manager of the Times Hotel, Xu Pharmaceutical, now a leading company in the medical sector in Guangyang, was fully qualified to enter the ninth floor.

When the company staff heard this news, they were all boiling with excitement.

That was the Times Hotel, and most of the people inside the company had never been inside.

Even if some were lucky enough to have been inside, they were all on the first and first floors.

This time, they went straight to the ninth floor, which was a place only the top big shots in Guangyang City could go.

This event was enough for them to brag about for the rest of their lives!

Xu Hanxia was also pleasantly surprised and directly arranged for the company staff to go to the Times Hotel.

In the midst of her busy schedule, Fang Hui quietly found Lin Mo: "Lin Mo, go home, you haven't washed your clothes at home yet!"

Lin Mo was stunned: "Go home?"

"Yes, what's the problem?" Fang Hui glared, "This is Halfsia's company's celebration party, what does it have to do with you?"

"Halfsia is now the chairman of the company, she has just signed a three billion dollar order, she is a powerful business woman in Guangyang City, she can go to the ninth floor of the Times Hotel for a banquet on her own face."

"What about you? A door-to-door son-in-law who has achieved nothing, who works as a cleaner in a hospital, who only eats soft rice and stays here to disgrace her?"

Lin Mo was slightly annoyed in his heart and hated to tell her the truth straight away.

However, thinking of the family that had been wiped out, Lin Mo finally chose to remain silent.

He still had a blood feud to avenge, and now was not the time to reveal his identity.

In the end, Lin Mo left the company alone, he did not want to make things difficult for Xu Hanxia.

However, instead of going home, he went to the Wangjiang Garden Villa.

His sister Lin Xi was still in a coma.

Elder He had gathered all the herbs, the only one missing was a thousand-year-old snow lotus, which was very rare.

Chen Shengyuan had already mobilised all his acquaintances to search for the Thousand Year Snow Lotus, and once he found it, he could revive Lin Xi.

Lin Mo gave Lin Xi another Small Returning Element Pill to keep Lin Xi's vitality vigorous.

After sitting in the small courtyard of the villa for a while, Lin Mo suddenly received a call from his mother-in-law, Fang Hui.

"Lin Mo, you ..... where are you?" Fang Hui was crying with a sobbing voice.

"What's wrong?" Lin Mo was surprised.

Fang Hui: "Hansia ..... Hansia has disappeared ....."

"What!?" Lin Mo stood up straight away, "What's going on? Where did it happen?"

"It's at the Times Hotel, something just happened."

"Wait, I'll be right there!"

## Medical Genius Chapter 39-40

### Chapter 39

On the way, Lin Mo first called Nanba Tian.

Lin Mo had a rough guess in his heart that this matter must be related to Huang Yongfeng.

As a result, before Lin Mo arrived at the Times Hotel, Nanba Tian's men had already saved Xu Hanxia.

As Lin Mo had guessed, it was indeed Huang Yongfeng who had done this.

Zhao Jiafan had bad-mouthed Lin Mo in front of Huang Yongfeng, and Huang Yongfeng was ready to capture Xu Hanxia and force Lin Mo to bow down.

The Times Hotel was also Nanba Tian's property, and these people were stopped by Nanba Tian's men before they could get out of the hotel.

Lin Mo rushed to the Times Hotel and was relieved to see that Xu Hanxia was alright.

As soon as Fang Hui saw Lin Mo, she immediately cursed, "Lin Mo, where did you die?"

"Do you know how dangerous it was just now? Are you such a husband? You can't even protect your own wife?"

Lin Mo: "Mom, you ..... you let me go home ah ....."

Fang Hui couldn't help but stare, slightly embarrassed, and once again scolded angrily, "Then it wouldn't have taken you this long to come from home."

"Do you not care about Hanxia at all? After such a big incident with Hanxia, you're still dawdling behind?"

It did take Lin Mo a little longer to come over from Wangjiang Garden.

"Alright, mum, don't say anything."

Xu Hanxia whispered, she was a little stunned.

Xu Jiangong hated his iron: "Lin Mo, Lin Mo, if you were a man, you would have protected your wife!"

Lin Mo clenched his fist, he was also blaming himself.

He had underestimated Huang Yongfeng, he didn't expect him to do such a thing.

It seemed that he had to settle this matter once and for all!

Walking out of the Times Hotel, Lin Mo called Nanba Tian and asked him to settle the matter with Huang Yongfeng.

Hospital.

"Mr. Huang, just bring Xu Hanxia here and hand her over to me for disposal!"

"With her in my hands, I can guarantee that I can keep that Lin Mo honest."

Zhao Jiafan said with an excited look on his face.

Huang Yongfeng didn't say anything, and Madam Huang had an impatient look on her face, "I don't care exactly what means you use, you must save my son!"

"No problem, Madam Huang, don't worry!"

Zhao Jiafan nodded his head repeatedly, already thinking in his heart how to treat Xu Hanxia later.

As a result, after waiting for more than half an hour, Xu Hanxia was not caught, but instead, Huang Yongfeng's men came back with bruises on their noses.

"What's wrong with you guys?" Mrs. Huang exclaimed, "Didn't you go to catch a woman? Where is everyone?"

Several bodyguards looked at each other, and one of them whispered, "Mr. Huang, take a step aside!"

Huang Yongfeng frowned, what's the matter, and still not let others listen?

Leading this bodyguard into the ward, Huang Yongfeng said in a deep voice: "What's going on?"

"We've caught the man, but he was stopped by Nanba Tian's men." The bodyguard said in a trembling voice: "Nanba Tian also ..... asked me to bring word to you that that Lin Mo is his brother ....."

"What?" Huang Yongfeng's eyes widened, with these words from Nanba Tian, it was clear that he was going to protect Lin Mo.

Although Huang Yongfeng was very strong, he didn't dare to go against Nanba Tian.

Bodyguard: "I heard that it seems to be that Lin Mo, who saved his daughter from waking up!"

Huang Yongfeng's eyes widened, "This man, so skilled in medicine? No wonder he was able to get my son out of the danger period."

"Ai, it's just that the person is so arrogant and cocky that he asked me to go and kneel down for him? Otherwise, it would have been possible to make friends!"

"Forget it, let's wait for the miracle doctor from the capital!"

## Chapter 40

When Huang Yongfeng walked out of the room, Madam Huang was barking orders, "This Lin has a lot of guts, get some more men and knock his mouth full of teeth out!"

Zhao Jiafan nodded his head: "You can't be polite to such people. Madam Huang, you've done the right thing!"

Huang Yongfeng shouted angrily, "Stop right there!"

The crowd immediately stopped and Madam Huang was stunned, "What's wrong, husband?"

"Let's wait for the divine doctor from the capital to come over." Huang Yongfeng whispered.

Mrs. Huang: "We should still take revenge. If the divine doctor from the capital is coming anyway, just break this Lin's hands and feet!"

"You shut up!" Huang Yongfeng scolded in no good humour.

It was a matter of Nanba Tian, and he didn't dare to say much.

Early the next morning, the capital's divine doctor finally arrived.

This divine doctor, who was personally invited by Elder Yue, was also a titanic figure in China.

After taking a look at Huang Shao's injuries, this divine doctor shook his head straight away, "No, no, the injuries are too serious, it will take too long to delay."

"I only have less than 20% certainty of treating it now, it's too risky!"

"Huh?" Huang Yongfeng and the others were dumbfounded, even the divine doctors in the capital couldn't save him, then wouldn't young Huang be dead?

"This is troublesome!" Elder Yue's face was grave, "Young Huang's condition is getting worse and worse, he can still hold on for two hours at most."

"Mr. Huang, the only one who can save Young Huang now is that cleaner!"

Mrs. Huang's face was pale: "How ..... how can this be?"

"A caretaker who sweeps toilets is that capable?"

Huang Yongfeng's face was stony as he looked at his son, whose breathing was weakening, and finally gritted his teeth and left the ward.

Wangjiang Garden.

Lin Mo didn't go to the hospital and came here first to look after his sister.

Suddenly, a Rolls Royce drove outside the courtyard and Huang Yongfeng stepped out of the car.

He had inquired about Lin Mo's place from He Lao and rushed over at the first opportunity.

As soon as he entered and saw Lin Mo, Huang Yongfeng knelt down on the ground with a poof: "Mr. Lin, please, please save my son!"

Lin Mo was a bit confused: "You are?"

"Huang Yongfeng!"

"So it's Mr. Huang."

Lin Mo suddenly realized and helped Huang Yongfeng up, "Mr. Huang, why are you so polite?"

"The fact that you can come to invite me personally already shows the attitude, what does this kneeling mean?"

"Huh?" Huang Yongfeng was stunned, "Mr. Lin, weren't you the one who said that I should personally kneel down and beg you?"

Lin Mo: "When did I say such a thing?"

Huang Yongfeng: "You said it to Zhao Jiafan!"

"Mr. Huang, you've been tricked."

Lin Mo frowned and told the story of the situation.

Including what happened when he was driven away by Madam Huang.

After hearing this, Huang Yongfeng almost didn't vomit blood in anger and said, "Zhao Jiafan, that son of a bitch, so he was the one who was in the middle of it!"

"Mr. Lin, I'm really sorry. I didn't know about this matter."

"I am personally sorry for what happened to my wife, please forgive me if I have offended you!"

Lin Mo waved his hand, "Mr. Huang, I see that you are also a forthright person."

"Since you've come in person, the previous matter is written off."

"Let's go, let's go and save your son first!"

Huang Yongfeng was overjoyed, "Many thanks, Mr. Lin!"

When the two arrived at the hospital, Huang Shao was already in an extremely dangerous situation.

Mrs. Huang was in a hurry, and when she suddenly saw Huang Yongfeng returning with Lin Mo, she immediately cursed angrily.

"You're finally here, what the hell, you dare to play temper with us."

"If you delay my son's illness, I'll have your dog's life!"
