

## Chapter 21

Several people in the room froze, Fang Hui was bewildered: "What ..... what clothes?"

"It's the clothes that Mr. Lin Mo wore yesterday ....." Manager Wu had just said this when he suddenly saw Huang Liang and immediately said, "Yes, yes, yes, it's this one that this gentleman is wearing!"

"This ..... this one?" Huang Liang was also confused, this dress still need to be taken back?

"That's right, this dress, yesterday was only a temporary trial. If you all want to continue wearing it, you can just buy it!" Manager Wu laughed, "This is a total of seven hundred and thirty thousand dollars!"

Huang Liang shivered, how could he get seven hundred and thirty thousand dollars?

"You're not mistaken, are you? This dress, it was given to us by Mr. Nanba Tian!" Fang Hui said urgently.

"No mistake!" Manager Wu nodded, "The clothes were indeed taken by Mr. Nanba Tian, but, Mr. Nan didn't pay!"

"This ..... this ....." Fang Hui was dumbfounded.

Several million dollars of cars, millions of dollars of watches were given away. Hundreds of thousands of dollars of clothes, no payment?

"Forget it, don't want the clothes!" Xu Jiangong said indignantly.

Huang Liang reluctantly took off his clothes and handed them to Manager Wu.

Manager Wu suddenly exclaimed, "What's wrong with this ..... dress? You ..... have altered the clothes?"

Huang Liang shivered in fear: "It's just ..... just a little bit moved, it can still be changed back ....."

"You're crazy!" Manager Wu glared: "This is Armani ah, Italian country pure hand cut. How dare you alter this dress? This dress has been completely ruined by you guys!"

Fang Hui: "It's not that serious, it's just a few threads that have been moved. ...."

Manager Wu said angrily, "What's not that serious?"

"This kind of clothes, all of them are tailor-made, not a single stitch can be moved!"

"I can't sell this dress even if I take it back, now I can only buy it from you."

"Seven hundred and thirty thousand, swipe card or cash?"

The few people in the room were immediately confused, seven hundred and thirty thousand, ah, where could they get that much money?

"No, you ..... you're bullying people!" Fang Hui was anxious, "It's just moving a few small stitches, what's the big deal? Besides, this is the clothes given by Mr. Nanba Tian, why should we spend money?"

Manager Wu: "I will ask whoever has the clothes for the money. If you don't like it, you can go and ask Mr. Nanba Tian to pay for it!"

"I ....." Fang Hui was at a loss for words, how dare she go to Nanba Tian?

"If you don't pay, I'll just have to call the police!" Manager Wu took out his mobile phone and threatened.

Fang Hui and the others were in a hurry, especially Huang Liang, who was so scared and sweaty that he was almost crying.

How could he have imagined that he would run off early in the morning to get his clothes altered and cause such a big mess!

Xu Hanxia looked so relieved, she finally understood Lin Mo's words. Wearing away this dress was really not a good thing.

Suddenly, Fang Hui said loudly, "No, this dress, you should ask Lin Mo for money."

"Mom, what does this have to do with Lin Mo?" Xu Hanxia was anxious.

"How is it none of his business?" Fang Hui glared, "This dress was given to him by Nanba Tian, it was also given to him to wear back, and it was given to Huang Liang by him. He gave it to Huang Liang without paying for it, that's not deliberately screwing Huang Liang!"

"Then how is it a gift? It was clearly Huang Liang who snatched it away!" Xu Hanxia said urgently.

Fang Hui was annoyed, "Humph, the clothes were on him, he didn't take them off, how could Huang Liang take them off?"

"I said, why did he take off his clothes so dryly yesterday, it turns out that he intended to harm your brother-in-law."

"Lin Mo, Lin Mo, I really didn't expect you to be so despicable!"

Xu Hanxia said anxiously, "Mom, you ..... you are going too far ....."

"Hmph, who's going too far? You don't understand the principle that there is a righteousness to a wrong?" Fang Hui said angrily, "All right, Huang Liang, you go first. This matter, let Lin Mo settle it!"

Huang Liang immediately slipped away.

Xu Hanxia: "Mom ....."

"Shut up!" Fang Hui angrily scolded, "Lin Mo, I'll leave this to you. You made your own mess, clean it up yourself!"

After saying this, Fang Hui pulled Xu Hanxia into the inner room without any further ado.

"Mom, you're too bullying!" Xu Hanxia was resigned: "How can you do this to Lin Mo?"

"How did I treat him?" Fang Hui said angrily, "Then what do you think about this matter? Let your brother-in-law bear the burden of the seven hundred and thirty thousand? Hanxia, do you think your brother-in-law can get that much money?"

Xu Hanxia said angrily, "If he can't, can Lin Mo get it? If he can't, will Lin Mo be able to?"

Fang Hui: "That's different. Huang Liang earns 200,000 to 300,000 a year doing business outside. This Lin Mo, at the end of the year, only earns 30,000 to 40,000 yuan. You can't tell who's lighter and who's heavier, can't you?"

"How can you do that?" Xu Hanxia said angrily, "Whose business is it, who should carry the load, why should someone else carry the load?"

Fang Hui: "Lin Mo is our son-in-law, he eats and lives in our house, so he should take care of things for our family."

Xu Hanxia was furious: "What kind of reasoning are you ....."

Fang Hui: "This is the reasoning of being a human being. He's a son-in-law, he doesn't contribute anything to the family, and if he can't be of any use at critical times, then why keep him?"

"Even if I have a dog, if someone is mean to me, the dog will still rush up and bite someone!"

"How can you talk like that?" Xu Hanxia was furious: "I don't care, this has nothing to do with Lin Mo, I can't let Lin Mo take the blame!"

Xu Hanxia was about to open the door when Fang Hui suddenly pushed open the window and said angrily, "If you want to go out, I'll jump from here. Do you want your mother or do you want that wimp!"

Xu Hanxia was so scared that she retracted her hand, so angry that she burst into tears: "Mom, you ..... how can you be like this ....."

Outside the house, Xu Jiankong also slipped into his bedroom.

After a long time, there was little movement outside before they quietly opened the doorway to take a glance.

Manager Wu had already left, and only Lin Mo was sitting alone in the living room drinking tea.

Xu Hanxia was the first to run out and said urgently, "Lin Mo, how is it? Are you alright?"

"Yes." Lin Mo smiled.

"All right?" Fang Hui came over, "How did you solve the matter of the clothes?"

Lin Mo: "I called Mr. Nan, he forgot to pay for it yesterday, he already had it paid for!"

"Huh?" Fang Hui's eyes widened and she suddenly said angrily, "You ..... Why didn't you call this number earlier?"

"You didn't ask me to call either." Lin Mo shrugged his shoulders, "Besides, the clothes were worn away by Huang Liang yesterday, what do I say to Mr. Nan when I call him? Ask him to pay for Huang Liang? Wouldn't that be playing a trick on people?"

"You ....." Fang Hui was so angry that she was speechless.

Xu Jiangong hurriedly came over, "Lin Mo, you can call Mr. Nan? Then ..... can you ask Mr. Nan to order something again? For example, order some money or something?"

Fang Hui also held her breath and looked at Lin Mo nervously.

"I'm afraid I can't." Lin Mo shook his head, "After the phone call just now, Mr. Nan has already said that it's all over between us."

Xu Jiangong Fang Hui was greatly disappointed and angrily rebuked, "You loser!"

"Forget it, what to say to such a loser!" Fang Hui picked up the clothes on the floor, "Call Xiao Huang and ask him to come and pick them up."

Xu Jiangong called, who knew, that Huang Liang didn't dare to ask for the clothes anymore, he was really scared hard by what just happened.

"Forget it, this little Huang, he's not up to it either!" Xu Jiangong cursed angrily and was just about to throw away his phone when a call came in.

"It's the old man!" Xu Jian Gong was surprised, he hurriedly calmed his tone and picked up the phone, "Dad ....."

"Xu Jian Gong, you raised a good daughter and a good son-in-law!" Xu Yongqing roared, "How dare you steal the family company's newly developed medicine to cure people? Leaking company secrets, you're waiting to go to jail!"

## **Chapter 22**

After last night's incident, Lin Mo, in order not to reveal his medical skills, had Nanba Tian announce to the public that it was Lin Mo who had cured his daughter with a medicine.

Xu Yongqing and the others, like Xu Dongxue, learned of the news and the first thing they associated with was the drug the company had developed.

It was a drug from two years ago, but it didn't pass the audit and was not researched anymore.

But that was not crucial, what was crucial was that this drug had cured Nanba Tian's daughter!

In other words, all that honour on the ninth floor last night should have belonged to their Xu family.

As a result, all that, was taken away by Lin Mo and his family.

When the Xu family learned of all this, they were all about to explode with anger. Xu Yongqing immediately decided that he would make Lin Mo and his family pay a terrible price!

When he received Xu Yongqing's call, Xu Jiangong was only shivering with fear.

"Lin Mo, you ..... are really capable you. Look at the trouble you've made!" Fang Hui's eyes were red: "If you want to die, you can go die alone, why drag us along?"

"Lin Mo, do you have to get us all killed before you can do that?" Xu Dongxue said indignantly.

Xu Hanxia was standing beside Lin Mo, her expression was also sombre.

As a senior member of the company, she was well aware of the seriousness of this matter. Once it got too big, Lin Mo would definitely go to jail!

"Lin Mo, this time, you're really too impulsive!" Xu Hanxia sighed lightly.

"This isn't impulsive, this is purely something only a fool would do!" Xu Jiangong slapped the table, "Lin Mo, what do you say, how will you solve this matter?"

"It's not that big of a deal." Lin Mo smiled lightly, "Don't worry, I will solve this matter!"

Fang Hui: "You'll solve it? You'll solve it with your mouth?"

"Lin Mo, it's just as well that you love vanity, why have you learned to brag? You and Nanba Tian have already cleared up, you think he will help you?"

"The Xu family is going to sue you in court, this kind of thing, if it goes too far, our family will be in trouble!"

"What has our family done to deserve such a loser like you? You're not capable of anything, but you're a troublemaker... God, I can't live like this. ...."

Fang Hui cried out like a shrew.

"That's enough!" Xu Jiangong shouted angrily, "Let's settle things first!"

"How else can this be settled?" Fang Hui said angrily, "You still don't know your family's old man?"

"I ....." Xu Jiangong was stumped, Xu Yongqing didn't know anything about flesh and blood.

"This matter, in fact, is not without a solution .....", Xu Dongxue suddenly said.

"What solution?" Fang Hui said urgently.

Xu Dongxue looked at Lin Mo and slowly said, "This matter is all Lin Mo's doing, if Lin Mo is willing to take on everything, then it will have nothing to do with our family."

"Xue'er, what are you talking about!" Xu Hanxia was anxious.

"I think she's right!" Fang Hui's eyes lit up, "Yes, he did it all by himself, what does it have to do with our family? Lin Mo, turn yourself in and take it all on!"

"Mom!" Xu Hanxia said urgently, "How can you do that?"

"What's wrong with me?" Fang Hui said angrily, "Isn't it right? We didn't even know he was doing it, so what does it have to do with us? Why should our family be buried with him?"

Xu Hanxia was so angry that her face turned red: "Then ..... when you went to the ninth floor last night, why didn't you say it had nothing to do with you? Also, you all took Lin Mo's car and watch, so you can't get rid of this relationship!"

"We didn't know these things last night, as for the car and the watch ....." Xu Jiangong was a bit reluctant: "The big deal is to return it to him ....."

"Return what back?" Fang Hui exclaimed, "The car and the watch, he owes us. He has been eating and drinking for free in our family for so long, doesn't he have to pay something for the family? Lin Mo, tell yourself, should you not do something for the family?"

Lin Mo was bitter in his heart, wanting him to take all the blame and go to jail, but also wanting to get an advantage out of him.

The shamelessness of his parents-in-law was really beyond his imagination.

"Lin Mo, you don't have to worry!" Xu Hanxia grabbed Lin Mo's arm and said in a low voice, "I won't let you bear all this alone!"

Xu Hanxia's support warmed Lin Mo's heart a lot.

He stroked Xu Hanxia's hair and smiled, "It's alright, Hanxia, you don't have to worry about me. I have said that in this life, I will never let you be wronged again. What I, Lin Mo, have said, I will definitely do!"

"Blow! Keep blowing!" Xu Dongxue bristled, "The summons from the court is almost here, Lin Mo, if you really don't want my sister to be aggrieved, then you should take all the responsibility!"

Fang Hui's eyes lit up, "Right, if you want to love Hanxia, you'll take all the responsibility!"

"Don't worry guys, this matter, I will solve it!"

Lin Mo threw down a sentence and left straight away.

"Lin Mo ....." Xu Hanxia wanted to chase him out.

"No going out!" Fang Hui stopped the door and said angrily, "Hania, this is the best solution now. Only if Lin Mo alone takes all the blame can our family get rid of the relationship."

"But ....."

Fang Hui: "But what? Do you want your parents, who are so old, to go to jail with you?"

Xu Hanxia's eyes suddenly reddened and her face was at a loss for words.

The Xu family in the north of the city.

Xu Hanxia's cousin, Xu Changchang, was dancing with excitement, "Grandpa, we're safe this time. If we catch this, we won't worry that Xu Hanxia won't listen to us. If she doesn't work honestly for us, we'll send the whole family to jail!"

"Xu Hanxia is a bitch, she's got a good skin, but she's not willing to work for the family. She's so noble, she's cost our family a lot of business!"

"That's right! If it wasn't for her, our family's assets would have multiplied several times over."

"This time, let's see if she's honest."

"Hey, Mr. Zhao of Jiangcheng was still in touch with me two days ago. He said that as long as Xu Hanxia is willing to accompany him on a half month trip, he will give us the \$30 million project in Jiangcheng."

"Thirty million is nothing, there's a fifty million dollar project on Mr. Fang's side in Bei Lian City!"

"Hahahaha, there's no rush, take them one by one, fill up her schedule!"

The Xu family shouted excitedly.

The old man, Xu Yongqing, with a smile on his face, gently snapped the table, "Those projects in other cities, there's no need to rush, let's eat up these projects in Guangyang first."

"Jianping, contact those big bosses and come to a party at home tonight. Changyuan, go to Xu Hanxia's house and tell her to dress up and come to dinner with the big bosses tonight!"

Xu Jianping was a bit confused, "Dad, how many big bosses are you contacting? Don't they come one by one?"

Xu Yongqing glared at him, "What do you know? Xu Hanxia is still a young girl, and this is the most valuable time. Tonight, let those bosses come to an auction so that the family can get the most benefit!"

Xu Jianping's eyes lit up and he said joyfully, "Dad, you are still far-sighted. Okay, I'll arrange it now. Haha, tonight, we'll definitely sell this bitch for a good price!"

## **Chapter 23**

Wangjiang Garden.

Lin Mo's villa.

Lin Xi was still in a coma, the medicinal herbs Lin Mo needed were still missing a thousand-year-old snow lotus, and she could not wake up for the time being.

Chen Shengyuan stood respectfully in front of Lin Mo, Nanba Tian had specifically sent him to help Lin Mo.

"Mr. Lin, enquire." Chen Shengyuan said in a deep voice, "The Xu family has invited some bosses in the city who are in the medical industry to auction off Miss Xu ..... at the Xu family."

A cold aura flashed in Lin Mo's eyes as he said in a cold voice: "There are many people going?"

Chen Shengyuan: "There are eight bosses, and there is some strength in the medical industry. However, with a word from you, Mr. Lin, I can make them not walk out of the house!"

"No need!" Lin Mo waved his hand and said in a cold voice, "These people, to covet my wife, how can they be spared?"

"Mr. Lin, what do you want to do, just give me an order!" Chen Shengyuan immediately said, "Or, shall I send someone to sink them into the Guangyang River?"

"That would be too cheap for them!" Lin Mo said softly, "It's now ten thirty in the morning, before seven in the evening, I want them to go bankrupt, can you do that?"

"This ....." Chen Shengyuan froze, this was not a low level of difficulty.

"On top of the Small Returning Pill, there is a Great Returning Pill, which is ten times more effective than the Small Returning Pill!" Lin Mo said in a cold voice, "If this prescription is given to you ....."

The Small Returning Origin Pill recipe was worth nearly two billion, this Great Returning Origin Pill recipe, it must be worth more than ten billion!

Chen Shengyuan immediately stood up straight and said excitedly, "Mr. Lin, don't worry. If I don't let them go bankrupt by five o'clock at night, I'll bring my head to you!"

"No need for five o'clock!" Lin Mo waved his hand, "If it's seven o'clock, it's seven o'clock. I want them to know that they are bankrupt because of their involvement in this matter!"

Chen Shengyuan: "Don't worry, I'll get it done!"

At half past six, Xu Hanxia's family arrived at the Xu family villa.

Xu Changchun personally went to give them an ultimatum, if they didn't come tonight, they would directly call the police to arrest them.

Before entering, Fang Hui once again urged, "When you see the old man later, tell him clearly. This is Lin Mo's doing, it has nothing to do with us. If you want to find it, find Lin Mo!"

Xu Jiankong nodded vigorously, and when Xu Hanxia tried to speak, Fang Hui said angrily, "Shut up, if you speak again, your father and I will die for you!"

Xu Hanxia was helplessly silent, her eyes brimming with tears.

Entering the door, Xu Yongqing was waiting with the Xu family.

"Dad ....." Xu Jiangong immediately greeted him: "Listen to me, this is all ....."

"Alright, you don't need to say anything!" Xu Yongqing waved his hand: "We are a family after all, I can't possibly kill you all!"

Xu Jiangong Fang Hui was overjoyed, "Thank you dad, thank you dad!"

"However, since we are a family, we have to think about the interests of the family!" Xu Yongqing glanced obliquely at Xu Hanxia: "Hanxia, tonight there will be some big bosses coming to talk to us about cooperation. Tonight, you have to treat them well!"

"Huh?" Xu Jiangong's face changed greatly, "Dad, what do you ..... mean by this?"

"What do you mean?" Xu Yongqing glared.

"Dad, she ..... is your granddaughter,.....," Fang Hui said urgently.

Xu Yongqing: "If she's my granddaughter, all the more reason she should work for the family! The family has raised you for so many years, shouldn't you be able to contribute to the family?"

Fang Hui: "But, you ..... you ....."

"Shut up!" Xu Yongqing was annoyed: "In a word, if she treats the guests well tonight, you will be fine. If you don't entertain well, humph, you guys will have to go straight to jail tonight!"

Xu Jiangong Fang Hui was frightened, lowering her head and not daring to speak.

In his eyes, his granddaughters were money losers, but his grandson was the meat of his heart.

He would not hesitate to sacrifice his granddaughter to gain benefits for the family!

Xu Hanxia with a crying voice: "Dad, Mom, what should we do ....."

Xu Jiangong Fang Hui's eyes were red, what could they do now?

"Blame it all on that wimp Lin Mo!" Xu Dongxue said angrily, "If it wasn't for him, how could this have happened!"

Fang Hui was furious: "This spoilsport, he only causes trouble for the family. He's a loser, he runs away when he gets into trouble, he doesn't have any responsibility, he's not even a man!"

Xu Jiangong: "I told you to divorce him long ago, but you didn't listen."

As she listened to her parents' and sister's complaints, Xu Hanxia's heart was also cold.

Lin Mo had gone out in the morning and never returned. He said he would not let himself suffer, but could he do that?

At this moment, eight men came in from outside.

When they saw Xu Hanxia, their eyes lit up and they all stared greedily at Xu Hanxia.

These eight men, all of them, had business dealings with the Xu family.

They had all basically mentioned before that they would give Xu Hanxia projects if they asked her to accompany them, but they had all been rejected by Xu Hanxia.

Xu long term sneered: "Sister half-xia, have you thought about it? Do you want to make some sacrifices yourself, or do you want your parents to go to jail with you?"

Xu Lingling smiled: "Actually, what is there to consider? It's just that little thing, these bosses, they'll definitely love you a lot! Maybe, you'll like this kind of thing!"

"That's right!" A fat-headed boss laughed, "Miss Xu, don't worry, I, for one, have the most compassion for the jade!"

"Damn fat pig, Miss Xu may not be with you tonight."

"Well, we'll see what we can do. The highest bidder gets it!"

The eight men shouted as if Xu Hanxia was already in their pocket.

Xu Hanxia was furious and said through clenched teeth, "I won't let them touch me even if I die!"

"Hmph, then you can try!" Xu Changchang laughed coldly, "If you don't listen, then I guarantee that your parents and your sister will be worse off than dead!"

Xu Hanxia's heart was cold, her parents and relatives, they were her soft underbelly. Did it mean that she was really going to be insulted this time?

Xu Dongxue was shivering with fear and whispered, "Sister, either ..... or you should resign yourself to your fate. You have to get more projects for the family, and in the future, we ..... our family will be able to follow the glory!"

"What are you saying!" Fang Hui angrily rebuked, "She is your sister, you ..... how can you say such things?"

Xu Dongxue's face was pale: "I don't want to, but ..... but what about this?"

Fang Hui was also in tears, "Lin Mo, you murderer, you can't even protect your own wife, what kind of man are you!"

"At this time, let's not mention this wimp!" Xu Jiangong gritted his teeth, "A shrinking turtle like him must have run away and hidden somewhere, how could he possibly show himself?"

"Are you done with your rambling?" Xu Changchang shouted coldly, "The guests are all here, why don't you go in quickly?"

"Xu Hanxia, don't say I didn't warn you. If you dare to say a word, your family will go straight to jail!"

Xu Hanxia clenched her fists and her eyes chilled, intending to simply run headlong into this place and die.

Just then, a plaintive voice came from the doorway, "The guests have all arrived? Then indeed, we must hurry inside, otherwise, we won't be able to catch the good show!"

In the nick of time, Lin Mo came slowly.

## **Chapter 24**

"Lin Mo, how dare you come here?" Xu Changchang's face turned cold: "Someone, arrest him first!"

"Hold on!" The obese man suddenly spoke, "This is Miss Xu's husband, right? Since he's here for the party, let's go in together!"

"Hey, what's wrong with you? Let her husband in too?"

"Hey, you don't get it, do you? Just think how exciting it will be for her husband to deliver her to us!"

her!" "You're really shameless, I like that. Yes, yes, yes, let her husband go in with

"Hahahaha, there's no shortage of her husband at the party."

"This banquet tonight, it's even more interesting ....."

The Xu family looked at each other, these eight bosses, they were really shameless.

"In that case, then let him go in together!" Xu Yongqing waved his hand.

Xu Yongqing had a mocking face, "Hear that, my brother-in-law, later on you have to help sister Hanxia to keep an eye on her and pick a good man for her!"

The crowd roared with laughter, all looking at Lin Mo mockingly.

Lin Mo's expression was indifferent, he simply ignored the crowd and walked straight to Xu Hanxia's side.

"Lin Mo, you ..... do you know what you're talking about!" Fang Hui said angrily, "You still let Hanxia go to the banquet, do you know what this banquet is for?"

Lin Mo nodded his head.

"You know, then you still let her attend?" Fang Hui was furious: "I really misjudged you, you're not a wimp, you're simply a shrinking violet. What kind of man are you ..... you?"

Xu Hanxia was also full of disappointment.

"Don't worry, it will be fine!" Lin Mo said softly, "I said I wouldn't let Hanxia suffer, and I'm bound to do it!"

"You ..... have let her attend such a banquet, and you still won't let her be aggrieved?" Xu Jiangong said angrily, "Do you know that this is the biggest aggravation!"

Lin Mo looked at Xu Hanxia and said softly, "Hania, trust me!"

Xu Dongxue: "Believe you? You're the one who pushed her into the fire, why should I trust you?"

Xu Hanxia's face swelled red, and after a moment of contemplation, she gritted her teeth and said, "Okay, I'll trust you this time!"

"Hanxia ....." Fang Hui was anxious.

"No need to say it!" Xu Hanxia's face was determined: "Tonight, we can't run away, so we'll go in and fight. It's better to lose this life!"

Everyone entered the hall, where the Xu family had set up a banquet.

Xu Yongqing was seated at the main table, and Xu Hanxia's family, too, had the rare opportunity to sit here.

"Everyone, the details, you should all know them." Xu Yongqing smiled, "Then, without further ado, let's begin."

"Elder Xu, I have a thirty million dollar project this year ....." The obese man was the first to speak.

"Fatty, thirty million, and you want to take Miss Xu's first time? Oh, Xu Lao, I have a fifty million dollar project on my side!"

"I have sixty million!"

"Seventy million ....."

"Eighty million!"

The crowd yelled on and on, and in the end, the value of the project got higher and higher, until it reached 150 million dollars.

The Xu family was overjoyed, this kind of project was taken down, the Xu family could make a fortune.

So what if the Shengyuan Group did not cooperate with the Xu family? They could make a lot more from these people than from the Shengyuan Group!

Xu Hanxia's family sat by the side, their faces blue.

Fang Hui gritted her teeth, "Lin Mo, you wimp, is this how you let us come in and suffer this humiliation?"

Xu Jiangong: "I've seen a man who's a loser, but I've never seen one like you! If you are a man, you should take it all in your stride and not put your wife through this humiliation!"

Xu Hanxia also looked at Lin Mo, her eyes full of despair.

Lin Mo: "Don't worry, they'll get what's coming to them!"

Fang Hui screamed, "Retribution? Lin Mo, you're waiting for the heavens to save you now, huh?"

"Hahahaha, brother-in-law, I guess you can't wait for the heavens!" Xu Changchang came over, "The big picture has been decided, Boss Hou's \$150 million project has been auctioned off to Sister Hanxia. Brother-in-law, why don't you personally send Sister Hanxia over?"

Xu Jiangong Fang Hui's eyes burst into tears, did her daughter really have to suffer this insult?

Xu Hanxia also gritted her teeth as she made up her mind. If anyone touched her, she would run her head over and die here!

"One hundred and fifty million dollars?" Lin Mo suddenly stood up and laughed lightly, "Can you take it out?"

"Unbridled!" Xu Yongqing angrily rebuked, "Do you have the right to speak here?"

"Boss Hou is a big shot in the medical field in Guangyang, \$150 million is just a small amount to him!" Xu Jianping patted his horse's back, "Boss Hou's casual move is a hundred million dollar project, you dare to question Boss Hou?"

"Hmph, what's the point of talking about this with a loser like him? He may not even be able to take out a hundred and fifty dollars, how would he know what one hundred and fifty million dollars represents!"

"Lin Mo, give you a chance to deliver Xu Hanxia to Boss Hou with your own hands, and we'll reward you with 300,000 to save your sister!"

Xu Jiangong Fang Hui's face was pale, it was already this time, and Lin Mo was still here to embarrass himself!

Lin Mo's expression was bland as he said softly, "Boss Hou, if I remember correctly, you seem to have gone bankrupt!"

The crowd froze, and then they all burst into laughter.

"I'm broke?" Boss Hou laughed loudly, "How could I not know about such a thing? When did it happen?"

Lin Mo looked at his phone, "Eight minutes ago!"

"Hahahaha ....." The crowd laughed again.

"That's the funniest joke I've ever heard!"

"Ouch, I can't. Lin Mo, can you not be so funny? Are you an idiot?"

"Bankrupt eight minutes ago, how accurate. Lin Mo, do you think you're God, saying that people have to go bankrupt just because you let them go bankrupt?"

Xu Jiangong Fang Hui's face turned red, Xu Dongxue gritted her teeth, "This clown!"

Lin Mo didn't say anything either, opening his phone and projecting a news item on it onto the TV next to him.

"The news on this station reports that Hou Pharmaceutical's debt crisis has erupted and has entered bankruptcy and liquidation ....."

The voice on the TV reached everyone's ears clearly and the crowd all froze.

"This ....." is fake, right?"

"It can't be, this is our Guang Yang City financial news ah. This host, who has been hosting it for five years."

"Oh my, it's not possible that Old Hou is really broke, right?"

With a shocked face, Boss Hou hurriedly took out his mobile phone. Before he could dial it out, a phone call came in.

"Surnamed Hou, what kind of big shot have you messed with?"

"Why is someone messing with us, suddenly exposing a lot of black information about the company, and also uniting all the debtors to collect their debts?"

"Do you know that the company is finished! Our family is finished!"

A woman's piteous voice reached everyone's ears clearly.

"This ....." is Mrs. Hou's voice ....." One of the bosses looked terrified: "Old Hou, you... . you're really broke?"

## **Chapter 25**

It didn't take long for the news to be confirmed that Mr. Hou was really broke!

Boss Hou, who had been all smiles, fell to the ground in an instant, having a heart attack, and was carried and thrown out.

The crowd was shocked and Xu Hanxia's tense expression relaxed slightly. She looked at Lin Mo, was this retribution?

Xu Yongqing looked embarrassed and waved his hand, "Forget it, Hou's withdrawal, who was the second bidder just now?"

Xu Jianping: "It's General Manager Wang, Wang always has \$130 million for the project ....."

"Mr. Wang is also broke!" Lin Mo directly interrupted him.

"You're fucking bullshitting me!" Mr. Wang jumped up and was just about to curse angrily when his wife's call came in.

After listening to the call, General Wang followed in Boss Hou's footsteps and fell limp to the ground, being thrown out.

The crowd at the scene panicked a little, two people went bankrupt in quick succession, such a coincidence?

Xu Yongqing's face was ironic: "Who was the third bidder?"

Xu Jianping: "I, Mr. Zhao, he ....."

"I'm out! I'm out!" General Zhao jumped up, "I'm not bidding ....."

"Mr. Zhao, I'm afraid you can't vote either!" Lin Mo said softly, "Because, you're broke too!"

"What!?" Chief Zhao panicked and hurriedly took out his mobile phone to make a call. A moment later, he too fell limp to the ground.

The remaining five bosses were so scared that they were about to pee.

Bankruptcy after bankruptcy, this was either a ghost or someone was really behind it to deliberately screw them.

Who was it that was so powerful that they had gone bankrupt without knowing it?

Xu Yongqing: "The fourth bidder ....."

"Elder Xu, I'm leaving, I'm leaving." A boss shouted hastily.

"I'm leaving too ....."

The others got up one after another, how dare they continue to stay here.

"Everyone, there's no need to be in such a hurry!" Lin Mo smiled lightly, "Leave or not, the outcome is already set. The five of you, too, are bankrupt!"

"What?" The five people directly went paralyzed, no one doubted Lin Mo's words now.

Soon, all five people's mobile phones also rang, all five of them were broke.

"This ..... this ....." Fang Hui's face was surprised, "Is this really retribution coming?"

"Retribution for what?" Xu Jiangong gritted his teeth, "Someone must be behind this. God, to make all eight big bosses go bankrupt, how big must the person behind it be?"

"You mean ....." Fang Hui took a deep breath, "Nanba Tian?"

Xu Jiangong slowly nodded his head and looked at Lin Mo indignantly, "This son of a bitch, Lin Mo, must have something to hide from us. In order to prevent us from going to Nanba Tian to ask for benefits, he even said that he was clear with Nanba Tian, he basically wants to take all the benefits for himself, so hateful!"

Fang Hui's face was cold: "No, this is something that belongs to our family, we can't let him take it away!"

"Mr. Lin, we ..... we quit, can't we?" A boss pleaded in a trembling voice.

"Withdraw?" Lin Mo's face was wide and cold: "From the moment you hit on my wife, you deserve to die!"

"How dare you!" Xu Yongqing slammed the table and roared, "Lin Mo, you have deliberately come to stir up trouble today! Do you even have me as a grandfather in your eyes anymore!"

"Hmph!" Lin Mo sneered, "Xu Yongqing, tell me first, do you still have this granddaughter in your eyes? For the sake of your own selfish interests, you can betray your own granddaughter, even an animal cannot do such a thing!"

"How dare you! How dare you speak to my grandfather like that!" Xu Chang Chang jumped up and kicked at Lin Mo.

Lin Mo smacked Xu Chang Chang on the face, and Xu Chang Chang flew backwards five or six meters away.

"How dare you hit someone!" The Xu family members were furious.

"Why wouldn't you dare!" Lin Mo grabbed the corner of the table and lifted the whole table up, shouting angrily, "Come on! Fight with me!"

His voice was like a bell, and his voice was like thunder, causing the crowd's eardrums to buzz.

When the Xu family looked at Lin Mo, who was like a god, they all wilted and no one dared to go over.

"Call the police! Call the police!" Xu Yongqing was furious: "Lin Mo, you family, stealing company secrets, I'll have you all jailed!"

"Huh ....." Lin Mo sneered, "Old thing, take out your phone and look it up. That pharmaceutical company of yours is no longer under the name of the Xu Group. Sue me? Hmph, who are you to sue me?"

"What?" Xu Yongqing hurriedly took out his mobile phone and called several shareholders of the company.

As a result, the news they received was the same: all of these shareholders had sold their shares.

Together, these shares were almost sixty percent. In other words, the chairman of the company was no longer Xu Yongqing.

Xu Yongqing sat down on the sofa. He had done all the calculations, but he had not expected such a situation.

"The company is no longer under the control of the Xu Group?" Fang Hui was overjoyed: "So ..... then they can't sue us?"

Lin Mo: "Whether we sue or not, it depends on what the new chairman says!"

"Who is the new chairman?" Fang Hui said urgently.

Lin Mo smiled lightly and gently spat out three words, "Xu Hanxia!"

"What?"

The whole room was shocked!

The new chairman of the company was Xu Hanxia?

Xu Hanxia herself was dumbfounded and said in a trembling voice, "What's going on with this ....."?

"I had them acquire these shares in your name." Lin Mo said softly, "I know that this company is your heart and soul. Therefore, from now on, you will be in charge of this company!"

"This ..... this ....." Xu Hanxia was surprised, "I ..... can be able to do it?"

"Definitely!" Lin Mo nodded resolutely: "No matter what happens, I will stand by your side and always support you!"

Xu Hanxia felt a great sense of peace, looking at Lin Mo, full of security.

Lin Mo laughed lightly, "Old man Xu, it looks like you don't have much fun at this banquet either!"

"Forget it, let's go home first. Oh, by the way, old man Xu, remember not to be late for work tomorrow."

"It's Hanxia's first day as chairman, if you guys are late, that's disrespectful to Hanxia!"

Xu Yongqing was so angry that he suffered a high blood pressure attack and fainted on the spot, leaving the Xu family in chaos.

"Lin Mo, just how much have you been hiding from us!"

Just after he returned home, Fang Hui came to ask forgiveness: "You said you were done with Nanba Tian, but in the end, you let Nanba Tian do all these things again. You've been lying to us, how many favours have you asked Nan Batian for behind our backs?"

Xu Dongxue angrily rebuked, "Lin Mo, Lin Mo, I used to think that although you were a coward, you were at least an honest person. I didn't expect that you were really sinister. Using our company's medicine to treat illnesses, but only seeking benefits for yourself, can you have some shame?"

"Come on, what's the point of talking such nonsense to him!" Xu Jiangong had a face of indignation and said angrily, "Lin Mo, I'll give you two ways."

"Either you hand over those benefits given to you by Nanba Tian now, or, we will go to Nanba Tian ourselves and make everything clear. From now on, you will also have no more half-assed relationship with my Xu family!"

## Chapter 26

"Dad ....." Xu Hanxia said anxiously, "Lin Mo has helped us so much, how can you ..... treat him like this? "

Fang Hui said angrily, "He helped us? Who is he to help us?"

"That is our company's medicine, these, all should belong to us. He is a clown, using a chicken feather as an arrow to take all the benefits, and he still wants us to be grateful to him?"

Xu Dongxue nodded repeatedly, "Sister, don't be fooled by this kind of person. This man is insidious and cunning, despicable and shameless. He even used that set of clothes to trap my husband today, but if he had any humanity, could he do such a thing? Don't you forget that we are relatives!"

The three of them were so angry with each other that Xu Hanxia was shivering, unable to reason with them at all.

"Lin Mo, don't think you can just keep quiet. If you don't say anything, then we'll go and find Nanba Tian tomorrow. When that happens, I'll see how you'll end up!"

Xu Jiangong coldly threw down a sentence and angrily went into the room.

Lin Mo returned to his bedroom, finally clearing his ears.

Xu Hanxia followed beside him and said in a low voice, "Lin Mo, are you angry?"

"Angry?" Lin Mo smiled: "Of course I'm a little angry, but with you around, none of this matters!"

Xu Hanxia's cheeks were scarlet: "You, you are just too good-tempered. In fact, you ..... you could have resisted ....."

"Why bother?" Lin Mo shook his head, "I argued with them, and you ended up being the one caught in the middle, in a difficult position left and right. Hanxia, I said I wouldn't let you be aggravated. If I put you in a difficult position, wouldn't that be putting you in a difficult position?"

Xu Hanxia's eyes burst into tears, this was true pampering!

"Lin Mo, thank you!"

Xu Hanxia suddenly came up to Lin Mo and kissed him on the cheek like a dragonfly, hiding in the washroom with a red face.

Lin Mo froze in place and giggled heatedly.

It's been three years, and she finally kissed me!

From the looks of things, a cave is probably not far off, right?

The next morning, Xu Jiangong Fang Hui ate Lin Mo's breakfast and went out in a rage to find Nanba Tian.

Xu Hanxia wanted to stop, but couldn't stop them either.

"Lin Mo, why don't I go with you to meet Mr. Nan?" Xu Hanxia whispered, "The two of them don't know what they'll say in front of Mr. Nan, once they're against you ....."

"It's fine." Lin Mo shook his head with a faint smile, "Mr. Nan won't pay attention to them."

Seeing Lin Mo's confident look, Xu Hanxia did not ask more questions.

After eating, Lin Mo first took Xu Hanxia to the company. Of course, he still rode his electric car, the BMW, was driven away by Xu Jiangong.

Standing on the floor of the company, Xu Hanxia was in an excited mood.

In the past, although she was considered a high-ranking person here, anyone in the Xu family could tell her what to do and call her what to do.

Now, she had finally become the master of this place!

"Lin Mo ....." Xu Hanxia suddenly said, "Why don't you come to work here too? I'll arrange a chairman's secretary for you?"

Xu Hanxia said, smiling to herself first. She was the chairman of the board, this was for Lin Mo to come and serve as her secretary.

Lin Mo also smiled, "Okay, but I'm going to be your life secretary!"

Xu Hanxia blushed slightly and spat, "Bad egg."

"Hahahaha ....." Lin Mo laughed out loud, "I'm just kidding with you, I'll still be over at the hospital. When your side is stable, I'll come back to help you!"

"Fine!" Xu Hanxia nodded, her side was still not in control of the situation.

If Lin Mo was suddenly transferred here, there was no telling how many people would be chewing on her.

Lin Mo went back to the hospital.

He didn't stay on Xu Hanxia's side, mainly because he wanted to hone his medical skills at the hospital.

The ancestral medical skills in the jade pendant were extremely advanced, but they also needed to be honed in practice in order for the medical skills to improve.

Seeing Lin Mo return caused quite a stir in the hospital.

"Why is he here again?"

"Did his sister die from the jump?"

"She's definitely dead, leukaemia, and that whole thing, she'll be crippled even if she doesn't die!"

"Oh, poor thing."

"Pity, my ass. If you ask me, it's better for such people to die, so as not to drag others down."

In the middle of the crowd's discussion, Zhao Jiafan walked over.

When he saw Lin Mo, he immediately ran over with big strides, "Lin Mo, how dare you come to work? You've been absent from work for three days, the hospital has decided to fire you!"

As he said that, Zhao Jiafan gave another heated smile, "However, you were introduced to me by Hanxia after all, so of course I have to give Hanxia face. How about this, you ask Hanxia to come over, and I'll help you plead with the hospital so that they don't fire you?"

Lin Mo glanced at him, this Zhao Jiafan, he was really looking for death!

"Zhao Jiafan, you shouldn't make things difficult for my family Hanxia!" Lin Mo brushed aside his mouth, "My family's Hanxia said that the sight of you makes her feel sick."

"What?" Zhao Jiafan was furious, "What are you talking about? How could Hanxia possibly say such a thing? Wait, I'll call Hanxia right now, how dare you provoke our relationship, watch how Hanxia will fix you!"

"Oh ....." Lin Mo sneered, "Director Zhao, let me advise you, it's better not to call, Hanxia doesn't really want to answer your call."

"Not answering my calls?" Zhao Jiafan laughed wildly, "Is she not answering my calls, or is she not answering yours? Come, come, I'll call you now!"

Zhao Jiafan immediately dialed Xu Hanxia's number, and the phone rang twice before it was hung up.

"What's going on?" Zhao Jiafan couldn't help but stare, Xu Hanxia wasn't even answering his calls? That had never happened before!

Xu Hanxia was in the medical business and had some business dealings with Zhao Jiafan, the hospital, which was why she had to answer Zhao Jiafan's calls.

However, now Xu Hanxia was the chairman of the company. On her first day in office, she would have to hold a board meeting.

If Zhao Jiafan called at this time, how would Xu Hanxia answer?

Zhao Jiafan was reluctant and continued to call. But the same thing happened, he was hung up when he called.

After several times in a row, Zhao Jiafan was confused, really not answering?

"Director Zhao, you'd better not waste your efforts." Lin Mo laughed, "Look at this ugly look on your face, Hanxia feels sick when she hears your voice, why do you need to make things difficult for her?"

There was a roar of laughter from all around.

Zhao Jiafan was furious, "You dare to curse!"

He raised his hand and slapped Lin Mo.

Lin Mo took a step back and Zhao Jiafan's slap was thrown in vain, so he couldn't help but stumble forward.

Lin Mo's foot pretended to hook his calf unintentionally, and Zhao Jiafan was directly hooked down, landing on his face and falling with blood all over his face.

"You ..... you dare to hit me!" Zhao Jiafan hissed, "Lin Mo, you're dead. I'm not finished with you on this matter! Quickly, call the men from the Security Section!"

It didn't take long for a group of people from the Security Section to rush over.

"Who beat up my cousin?" A fat man at the head of the group shouted aggressively, "You dare to hit someone on my turf! And, you're still beating up my cousin, I'll kill you today!"

## **Chapter 27**

This fatty was none other than Zhao Jiafan's cousin, Zhou Dalong, who was in charge of the security department.

On weekdays in the hospital, he was also rampant and did not do much to molest young nurses.

According to him, he had been working here for several years and slept with several young nurses every year, so he was considered a hooligan in this neighborhood.

"Zhou Dalong is here, Lin Mo is going to suffer a big loss!"

"Lin Mo deserved it, he didn't even take a piss and look at himself, he dared to go against Director Zhao?"

"That's right, who doesn't know that Director Zhao's father is the Vice President of the hospital, can he afford to mess with him?"

"Some people, if they don't suffer a bit, they will never know how to behave in their life."

The crowd around them whispered, all looking at Lin Mo playfully.

This time, Lin Mo would definitely be finished!

Zhao Jiafan had someone to back him up and immediately stood up straight, pointing at Lin Mo and cursing, "That's him! This son of a bitch, how dare he hit me, kill him for me!"

Zhou Dalong said angrily, "Damn it, you're such a loser that you beat up my cousin?"

Lin Mo: "I didn't hit him. He was the one who hit me and fell down by accident, can you blame me for that?"

"Bullshit!" Zhao Jiafan said angrily, "If you hadn't taken a step back, could I have fallen?"

Lin Mo frowned, "According to you, you hit me and I couldn't retreat?"

"Fuck, what kind of a person are you. I beat you because I think highly of you, and you're still not convinced?" Zhao Jiafan was furious: "Dalong, don't bullshit with him, get him!"

Zhou Dalong glanced obliquely at Lin Mo: "Did you hear that? My cousin told me to kill you. However, if you are willing to kneel here and kowtow to my cousin and apologise, I can only break one of your legs!"

Lin Mo: "Impossible!"

"Then you can go to hell!" Zhou Dalong roared, raising his foot and kicking over.

Lin Mo dodged sideways and at the same time kicked Zhou Dalong in the back of his waist.

With the cultivation of the Creation Skill, Lin Mo's strength had also increased a lot.

With this kick, he directly sent Zhou Dalong flying out of the room and crashed into the wall, breaking his head and bleeding.

"Damn you, how dare you resist!" Zhou Dalong roared, "Beat him to death for me!"

A group of men rushed up behind them, aggressively surrounding Lin Mo.

When he was a cleaner in the hospital, Lin Mo had been bullied by them a lot.

Now that he had struck, of course he would not be polite, and soon had beaten the dozen or so men to the ground, wailing.

All the people around were dumbfounded, thinking that Lin Mo was going to be crippled. Unexpectedly, it would be this result.

Of course, there were also many people who secretly shouted in approval.

This Zhou Dalong, had bullied too many people in the hospital.

However, there were also good people who hurriedly ran upstairs to find the leader.

Not long after, Zhao Jiafan's father, Zhao Yuan, rushed down. He was the vice president of the hospital.

"How dare you hit someone in the hospital!" Zhao Yuan roared, "What kind of place do you take the hospital for? Somebody, call the police and arrest him!"

A few lapdogs immediately took out their mobile phones to call the police, and just then, a Rolls Royce suddenly drove up to the entrance of the hospital.

Zhao Yuan caught a glimpse of the license plate and his face instantly became excited as he immediately trotted over.

"Elder He, which fragrant wind has blown you here!" Zhao Yuan said curtly.

The person who came was none other than He Jinyan.

The crowd at the scene immediately became excited, He Jinyan's name was very loud in the medical industry of Guangyang City.

Even the directors of the big hospitals had to be respectful when they saw him, let alone a small hospital like theirs.

He did not even look at Zhao Yuan as he walked into the hospital hall with his hands folded.

In full view of everyone, he walked briskly in front of Lin Mo and bent his hand: "Mr. Lin, how are you?"

At this moment, all the people at the scene were dumbfounded.

How could a big shot like Elder He be so polite to Lin Mo? What was going on here?

"Elder He, are you mistaken for someone else?" Zhao Yuan hurriedly ran over, "He's just one of our hospital's cleaners ....."

He Jinyan said unhappily, "Are you thinking that I'm old and dizzy?"

"No ....." Zhao Yuan shivered in fear and hurriedly said, "Elder He, I ..... I... .."

"Get lost!" He Jinyan scolded angrily.

Zhao Yuan's face turned pale and he hurriedly retreated to the side.

He Jinyan arched his hand, "Mr. Lin, I've already talked to the dean. From now on, you are the head of the emergency department!"

Everyone was dumbfounded, the head of the emergency department? Are you serious?

Lin Mo was just a caretaker!

In fact, this was something Lin Mo himself had asked for.

If he wanted to practice his medical skills, he had to go to a place like the emergency department, where he could see many patients.

"Elder He, I'm afraid I won't be able to go to the emergency department!" Lin Mo sighed, "I've already been expelled!"

"What?"

Lin Mo: "Not only that, just now they tried to hit me and I dodged a few times, causing them to suffer some injuries. They're even going to call the police to arrest me, so I guess I'll have to go to jail!"

"How dare you!" He Jinyan shouted angrily, "Who was so bold as to dare to hit Mr. Lin and put him in jail!"

The crowd looked at Zhao Yuan and his son in unison, Zhao Yuan's face was pale: "Elder He, you misunderstood. He ..... he is causing trouble at the hospital, look at my son, they are suffering from injuries ....."

Zhao Jiafan also immediately said, "Yes, Elder He. Everyone present can testify, we didn't do it, he did it to hit us!"

Saying that, Zhao Jiafan winked at the people next to him.

A few of them understood and immediately came over, "Yes, Elder He, we can testify that it was Lin Mo who did the beating!"

"Be your mother's witness!" He Jinyan cursed, "What, do you think I'm confused because I'm old? A dozen people were injured, and you say he was the one who beat them up? Are you all fucking paralyzed?"

"Besides, just you guys, what's wrong with Mr. Lin beating you up? And you want Mr. Lin to go to jail? Fine, come on, you guys call the police. I'd like to see who goes to jail!"

Zhao Yuan's few faces were pale, they didn't expect that He Jin Yan would fully support Lin Mo like this.

"What? No one is calling the police?" He Jinyan glared, "If you guys don't report it, I will. Xiao Liu, call Lawyer Chen, and by the way, call the police and tell them to come and arrest him!"

Zhao Yuan almost pissed himself in fear and quickly said, "Elder He, calm down. This ..... is all a small matter, why do you need to get angry ....."

"Shut up, what are you, who are you to talk to Laozi!" He Jinyan scolded angrily.

Not long after, a group of police came over and arrested Zhou Dalong and the others.

Lawyer Chen also followed personally, and Lin Mo didn't even have to go and take a statement. Lawyer Chen had taken the hospital's CCTV footage, and that proved everything.

A dozen people beat Lin Mo alone, and Lin Mo that definitely belonged to self-defense.

Lin Mo will definitely be fine, but Zhou Dalong, these people, will be in trouble this time.

After the matter was dealt with, Lin Mo also sat in the emergency department.

Zhao Jiafan was not taken away, so he escaped.

But he was not happy about it and hid in Zhao Yuan's office and complained, "This Lin Mo is just a cleaner, and he's the head of the emergency department? Can he see patients?"

Zhao Yuan: "Come on, don't get excited. I think it's best if he goes to the emergency room!"

"What do you mean?" Zhao Jiafan was surprised.

Zhao Yuan smiled coldly: "The emergency room is the place where things are most likely to go wrong. If there are a few medical incidents, can he afford to take the blame for this? If he doesn't know how to do medicine, but instead runs to a place like that, isn't that asking for death?"

## Chapter 28

As Lin Mo sat in the emergency room, many people next to him were whispering.

"It's really strange, how could a big shot like He Lao stand up for Lin Mo?"

"Hmph, what's this kid capable of? I guess it's his daughter-in-law who's behind it. Don't forget, his daughter-in-law is the number one beauty in Guangyang City!"

"Eating soft rice to this level, that's something!"

"However, a place like the emergency department is not a place to fight for connections. Those who come here are all emergencies, and if you don't have the skills, it can be a big deal!"

"Whatever, he's the director anyway, let him take the blame if there's a black eye!"

"Haha, I really want to see how he'll end up when he causes a few medical incidents later ....."

The company's main goal is to provide a good solution to the problem.

There were several emergency patients in the morning, but they were all ordinary cases.

At 10:30, an accident broke out and a young man covered in blood was taken to the hospital.

The identity of the young man was not ordinary, he was the son of Huang Yongfeng, a well-known big entrepreneur in the city.

Moreover, he was seriously injured and was dying of serious injuries.

The matter immediately reached the vice president Zhao Yuan, and the doctor below assessed that it was very dangerous and recommended that he be transferred to the city hospital.

Zhao Yuan immediately intercepted the matter and ordered the people below directly to send the patient to the emergency room.

Lin Mo was in the emergency room. If Huang Yongfeng's son had any problems, Lin Mo would definitely be finished.

Although He Jinyan's status was powerful, he was still quite a bit different from Huang Yongfeng.

"Fighting with me?" Zhao Yuan sneered, "Lin Mo, you're not qualified!"

Huang Yongfeng's son's situation became even more critical when he was rushed to the emergency room. He was frothing with blood, and the instruments attached to his body were emitting a dripping alarm.

The people in the emergency room were shocked, and one doctor said sharply, "What's the point of coming to the emergency room if you don't rush to resuscitation in such a serious situation?"

One of them said sharply, "Don't talk nonsense to me, I don't care what department you're from, save Huang immediately. If anything happens to young Huang, I'll kill you all!"

The few doctors were so frightened that no one dared to step forward.

"What are you waiting for? Hurry up and save him!" A young man ran over and grabbed one of the nurses by the hair, shouting angrily, "Hurry up and save her, or I'll kill her!"

The young nurse was trembling with fear and looked at the doctors for help.

A few doctors shivered even more, not even daring to say anything, leaving the little nurse close to despair.

Just then, an ice-cold voice came out, "Let her go!"

The crowd turned their heads, only to see Lin Mo standing in the doorway with a cold face.

The youth roared, "Who are you to tell me to let her go, I'm telling you ....."

Lin Mo suddenly took a few steps forward, rushed straight to the youth and fiercely clasped his wrist. With a casual fling, he directly threw the youth to the ground.

The young nurse was finally saved and hid behind Lin Mo in fear and haste.

"You dare to hit me ....." The youth was furious and just wanted to lash out, but was stopped by a few people next to him.

Because, Lin Mo was already standing by the hospital bed.

Lin Mo reached out and pressed his hand on Huang Shao's chest as if he was testing it.

A doctor spat, "A layman is a layman, can you press indiscriminately in a car accident like this?"

"Whatever, whatever he causes, it's his doing, not ours!"

"Yes, don't interfere. Huang Yongfeng's son, whatever happens, our hospital can't afford to take the blame!"

The little nurse who was saved just now had a worried face and cautiously reminded, "Director Lin, his injuries are serious and I'm afraid that ..... he's afraid it's dangerous. Why don't we let them be transferred to the hospital ....."

"This is a small matter, why do we need to transfer him to the hospital?" Lin Mo laughed and suddenly reached out and slapped Huang Shao on the chest.

With a poof, Huang Shao spurted out a mouthful of dirty blood.

"What are you doing!" Several youths roared in anger.

Lin Mo also ignored them and casually took out five silver needles and stabbed them all in Huang Shao's chest.

Instantly, the machine's alarm sound subsided, and Huang Shao stopped vomiting blood as his breath returned to a steady state.

"What is this ..... situation?"

A doctor bravely came over and said in surprise, "Young Huang has passed the dangerous stage!?"

"What?" The crowd exclaimed, just now Young Huang was about to die, and this has passed the dangerous period in the blink of an eye?

The youth said urgently, "Is Young Master Huang alright?"

"He has broken ribs and punctured a lung lobe, he still needs an operation." Lin Mo said, "Send it to the operating room and find a skilled doctor to operate!"

"This ..... is so simple?" The youth was stunned, he had just said he was dead.

Lin Mo just wanted to speak, at this time, a group of people hurriedly came running. Among them, there was Zhao Yuan Zhao Jia Fan.

At the head of the group was a middle-aged noblewoman who shouted just as she arrived, "How is my son?"

"Lin Mo, you're being asked!" Zhao Yuan exclaimed, "You forced the patient to come to your department, don't tell me that you didn't do anything!"

"What do you mean?" The noblewoman was furious, it was this time of the year and she was still robbing the performance?

The doctors at the scene all knew what was going on, but no one dared to say anything. Zhao Yuan, this was clearly pitting Lin Mo.

"The patient is out of danger!" Lin Mo said.

"Huh?" Zhao Yuan was stunned.

According to the assessment of the information he had obtained, Huang Shao was basically not going to survive.

Even if he found a miracle doctor like He Lao, the chance of saving Huang Shao was still less than 10%, so how could he suddenly be out of danger?

"Lin Mo, don't talk nonsense!" Zhao Jiafan said loudly, "You are after all a caretaker transferred to the emergency department, your professional ability is not enough. You can't be careless when the patient's safety is at stake!"

"What do you mean?" The noblewoman's face turned blue: "You let a cleaner, to treat my son?"

Zhao Yuan hurriedly said, "Madam Huang, I'm really sorry, there is competition between the various departments of the hospital ....."

"Don't talk to me about this. I tell you, if anything happens to my son, I will make you look good!" The noblewoman roared, reaching out and pointing her hand at Lin Mo: "Especially you, if my son is in any danger, I want your life!"

Lin Mo's brow furrowed: "Your son is no longer in serious danger ....."

"Shut up, you're a cleaning lady, what do you know!" The noblewoman roared, "Dean Zhao, tell him to get lost, I don't want to see him!"

Zhao Yuan was overjoyed, this was exactly the result he wanted.

"But, he is He Jinyan He Lao ....."

Noblewoman: "I don't care who he is, He Jin Yan doesn't like it, let him come to me!"

Zhao Yuan couldn't hide his laughter and glanced obliquely at Lin Mo: "Lin Mo, did you hear that? You've been expelled!"

At this moment, Zhao Jiafan also ran into the emergency room.

When he saw Huang Shao's condition, he was also shocked to the core that Huang Shao was really out of the danger period. The success rate of operating to save him now was extremely high.

He immediately decided to do this operation himself.

In this way, the credit for this would be his!

## Chapter 29

Zhao Jiafan told Zhao Yuan about the situation, and Zhao Yuan was overjoyed.

This time, driving away Lin Mo and taking the credit for it, it was a double whammy.

"Madam Huang, you should not worry. My son is an expert in this area, and he has already decided that he will operate on young Huang himself!" Zhao Yuan smiled, "I guarantee with my life that young Huang will definitely be fine!"

"Really?" The noblewoman was overjoyed, "Dean Zhao, then please. As long as you can save my son, I promise that I will donate at least thirty million dollars to your hospital every year from now on!"

Zhao Yuan almost laughed out loud, pulling in such a donation, in the future, his status in the hospital would definitely surpass that of the dean.

Zhao Yuan personally arranged for Huang to be taken into the operating room, and Zhao Jiafan personally operated on him.

It was only when the operation began that Zhao Jiafan noticed the silver needle on Huang Shao's face.

"What the hell?" Zhao Jiafan wondered.

A doctor: "The silver needle that Lin Mo had just stuck."

As soon as he heard Lin Mo, Zhao Jiafan became furious and spat, "What era is it now, still using such old-fashioned things, who are you trying to fool?"

Zhao Jiafan pulled off all five of those silver needles.

Just at that instant, Huang Shao spurted out a mouthful of blood again and the alarm sounded violently again.

"Not good, the patient is in crisis! It needs to be resuscitated!"

Zhao Jiafan took a look and almost pissed in fear.

Huang Shao was back in danger once again, and the success rate, if he were to be treated now, would not even be one percent.

Zhao Jiafan ran out of the operating theatre in a panic, and Zhao Yuan almost had a high blood pressure attack when he heard the situation.

Just then, a few people came through the door again, led by none other than Huang Yongfeng.

"How is my son?" Huang Yongfeng shouted loudly, scaring Zhao Yuan and Zhao Jiafan into shivering.

Behind Huang Yongfeng, followed by an old man with white hair.

"It's Divine Doctor Yue!" Someone exclaimed.

That old man, was the second ranked divine doctor in Guangyang City, and his medical skills were a little more advanced than He Lao's.

Zhao Yuan breathed a long sigh of relief and invited Divine Doctor Yue to the operating room with his ass in the air.

When Dr. Yue took a look at the situation, his brow immediately furrowed: "How could this happen? Didn't you just say you were out of danger?"

"I ..... don't know ....., " Zhao Jiafan said in a trembling voice, "We brought the person to the operating room and it just... . it just suddenly happened ....."

"What did you do?" Divine Doctor Yue said in a deep voice.

Zhao Jiafan: "I didn't do anything ....."

"Director Zhao, you just pulled the silver needles out of his body ....." The doctor next to him whispered.

"Silver needles?" Divine Doctor Yue immediately frowned, "What silver needles? Where was it inserted?"

The doctor described the location of the silver needle, and Divine Doctor Yue's face changed greatly as he exclaimed, "Who stabbed this silver needle in?"

"It's one of our hospital's cleaners, named Lin Mo!" Zhao Yuan immediately said, "He almost killed Young Huang, we've already fired him!"

"You bunch of idiots!" Divine Doctor Yue said angrily, "What do you guys know? It took these five silver needles to hang on to his life, don't you want him to die if you pull them out?"

"Huh?" The crowd's faces changed, and the noblewoman was anxious: "Elder Yue, you ..... have to save my son ....."

Divine Doctor Yue shook his head, "If the silver needle is there, any skilled doctor will have no problem. With the silver needle gone, even if I were to do it myself, I would only have a 10% certainty!"

"Then ..... how about inserting the silver needle in again?" Zhao Jiafan said urgently.

"Don't move around!" Divine Doctor Yue said urgently, "Do you think silver needles are inserted casually? In the way of acupuncture, there are rules about orientation, force, depth, and the order in which the needles are dropped. If you stab in rashly, it will only hasten his death!"

The noblewoman cried in anxiety, "So what now?"

Divine Doctor Yue: "Find that cleaner from earlier, he must have a solution!"

"The cleaner?" The noblewoman's face changed, she was the one who had just driven the people away, and now she was going to look for them again?

"Then why are you still standing there, go and find someone!" Huang Yongfeng said urgently.

Lin Mo had not long walked out of the hospital when Zhao Jiafan chased him out.

"Lin's name, stop!" Zhao Jiafan shouted, "Mr. Huang wants you to go back!"

Lin Mo didn't even look at him and continued on his way.

"I told you to stop, did you hear me?" Zhao Jiafan shouted angrily, "Stop him for me!"

Behind Zhao Jiafan were Huang Yongfeng's bodyguards, who rushed forward like wolves and tigers to stop Lin Mo.

The head bodyguard shouted angrily, "You're just a small doctor in a shitty hospital, my General Manager Huang has invited you back because he thinks highly of you. Why don't you quickly go back and thank my Mr. Huang!"

"Hehe ....." Lin Mo skimmed his lips and smiled, "Want me to go back? Fine, let your family's General Manager Huang personally come and invite me back!"

"What did you say?" The bodyguard shouted angrily, "Do you know what the status of my family's General Manager Huang is? Who are you to come and invite you personally? I'm telling you, if you don't go back, I'm going to drag you back today with both of your dog legs!"

The bodyguard said, reaching out to press Lin Mo's shoulder.

Lin Mo backhanded the bodyguard's wrist and casually twisted it.

The crowd only heard a click as the bodyguard's arm directly dislocated.

"How dare you hit someone?"

Several bodyguards next to him rushed up and surrounded Lin Mo.

In less than three minutes, all of these bodyguards fell to the ground, unable to stand up.

When Zhao Jiafan saw this, he was shocked and rushed back to the hospital.

"Chief Huang, it's not good!" Zhao Jiafan added: "We went to ask Lin Mo in a nice voice, but not only did he not come back, he even injured all your men. Even, he even let it slip that you should go in person and beg him on your knees!"

"What!?" Madam Huang was the first to break into a curse, "Asking my husband to go and kneel down to him? Who the hell is he, how dare he speak so loudly? Believe it or not, I'll have his dog's life in a minute!"

Zhao Yuan was secretly happy, now he would be able to use the Huang family to deal with Lin Mo.

"This Lin Mo, really." Zhao Yuan spat, "With He Jinyan backing him up, he's arrogant and domineering, he has no one in sight, he's gone too far!"

Huang Yongfeng sneered, "What's He Jinyan worth? In Guangyang City, apart from Nanba Tian, no one else can enter my eyes! Come on, send someone to bring him back to me immediately."

Elder Yue shook his head and sighed, "Doctors should take the responsibility of saving the dead and helping the injured. Without medical ethics, no matter how skilled a doctor is, he cannot be considered a good doctor!"

"General Huang, that Lin Mo doesn't know where he ran off to." Zhao Jiafan said urgently.

"Huh?" Huang Yongfeng was anxious, "What about my son?"

"Uh ....." Zhao Jiafan thought about it and suddenly said, "Although Lin Mo has run away, his wife's family is still around, I can find him. As long as Elder Yue can make Young Huang last a little longer, I can get Lin Mo back!"

Elder Yue nodded slowly, "Although I can't cure him, it's still no problem to make him last a little longer. However, at most, he will last a day!"

"One day is enough!" Zhao Jiafan smiled, "Mr. Huang, you have to cooperate with me. That way, I can make him honestly treat young Huang!"

Huang Yongfeng nodded, "No problem!"

Zhao Jiafan was overjoyed, with Huang Yongfeng backing him up, he could go and put pressure on Xu Hanxia.

When the time came, he might be able to take advantage of the opportunity to kiss her!

## **Chapter 30**

Xu's Pharmaceuticals.

The first day Xu Hanxia became chairman of the company, she was in a state of anxiety.

The company was, after all, owned by the Xu family, and a large number of members of the Xu family held important positions in it.

Although Xu Hanxia was promoted to the position of chairman of the company, those members of the Xu family openly disobeyed her orders, leaving her as chairman in name only.

Those members of the Xu family have even openly said. In less than three days, Xu Hanxia would be removed from her position as chairman of the board.

Even Xu Hanxia could not even enter the chairman's office.

Her old office was gone, and as the chairman of the company, she had even moved a desk and sat in the corner to work.

As a result, the staff below her did not take Xu Hanxia, the chairman of the board, into account.

Not only that, in one morning, several companies cancelled their cooperation with the company.

Without a doubt, this was all due to those people in the Xu family operating behind the scenes.

The aim, naturally, was to completely hollow out Xu Hanxia as the chairman of the board and make her go away on her own.

But Xu Hanxia was a stubborn person, and despite these setbacks, she gritted her teeth and persevered.

Throughout the morning, Xu Hanxia was busy making phone calls to new clients, while the rest of the company's staff, with their legs crossed, looked at her playfully.

At midday, Lin Mo arrived at the company.

As soon as he entered, he drew the scorn of countless people.

"Isn't this Xu Hanxia's wimp of a husband?"

"What's he doing here at the company?"

"Needless to say? His wife must have become the chairman of the board, so he's here on purpose to show off and show off in front of us!"

"I pooh, he doesn't even take a look at himself. What's there to show off about a soft-earned loser?"

"Xu Hanxia won't know how long he'll be the chairman of the board, and he's so eager to show off. Hehe, that's the common problem of the poor!"

Lin Mo walked upstairs and Xu Hanxia was still busy.

"Why are you here?" Xu Hanxia was surprised.

Lin Mo smiled, "It's noon, I came to invite you to dinner."

"And in the mood to eat?" Xu Changchun sneered and walked over, "Xu Hanxia, I just received a few phone calls, and seventeen more companies have cancelled our orders."

"Really?" Xu Lingling laughed, "Oh, if you do the math, all of our company's orders seem to have been lost!"

"That's right!" Xu Changchang laughed coldly, "On your first day as chairman, you let the company lose all its orders. Xu Hanxia, you're really something!"

Xu Lingling Xu Changchang laughed and walked away as Xu Hanxia's face turned iron blue.

It didn't take long for a few employees to walk over.

"Chairman, we want to resign! Can you settle our salaries?"

"What?" Xu Hanxia's face changed, these few, were all excellent employees of the company.

"Why do you suddenly want to resign?"

An employee: "The company doesn't even have orders anymore, and now it's known outside that the company is going to go bankrupt soon. Still don't resign, waiting to die with the company?"

"This ..... is only temporary ....." Xu Hanxia said urgently, "I'm contacting other orders, our company, it won't go bankrupt! "

"Hmph, you talk a good game. But is it that easy to sign an order now?" An employee shouted, "All right, Xu Hanxia, cut the crap. Today, I must resign. You'll give me my salary right away, otherwise, I'll sue you!"

"Yes, settle the wages immediately!"

"If you dare to default on your wages, you'll go to jail!"

The crowd shouted, and by now, more employees were around, all shouting to quit.

If all these employees left, wouldn't the company become an empty shell?

At this moment, Lin Mo came out: "Gentlemen, calm down. Hanxia has just said that the company will sign new orders soon, so why should you all be in a hurry?"

"Who are you, are you allowed to speak here?"

"You're just the son-in-law of the Xu family, a soft-earned loser, who are you to tell us what to do with the company?"

"Hmph, he's considered the chairman's wife, isn't he? Oh, harem interference in politics!"

Xu long term Xu Lingling sneered continuously, these employees, they were the ones who encouraged them to come over.

Lin Mo frowned slightly and said aloud, "I won't talk nonsense to you guys, if you want to leave, we won't stop you. If you don't leave, I can tell you that within three days, the company will definitely be able to sign at least three hundred million orders. Your bonuses will definitely not be less!"

After a moment of silence, someone immediately sneered, "Yo, this son-in-law of yours, not only does he know how to eat soft rice, he's also so good at bragging!"

"Hahahaha ....."

The crowd laughed, Xu Hanxia looked anxious: "Lin Mo, what are you talking about?"

Lin Mo made a reassuring gesture towards Xu Hanxia and said with a faint smile, "Alright, it's time to leave or stay, you guys can choose yourselves."

In the end, a large portion of the people chose to stay. There was still a small number that chose to leave now, yelling for Xu Hanxia to pay them their wages.

Once again, Xu Hanxia had a headache because, once again, there was not much money left in the company's account.

All the orders had been cancelled, and it would cost a lot of money to refund the deposit.

If they couldn't sign any new orders, the company would have to go bankrupt if they didn't have any liquidity!

Lin Mo said, "You guys can resign, but, your salaries need to go through the process, and within five working days, they will be credited to your cards!"

After arranging everything, the crowd only dispersed.

"Lin Mo, you ..... what did you just do!" Xu Hanxia complained in a low voice: "Do you know what kind of situation the company is in right now?"

Lin Mo smiled lightly, "Halfsia, don't worry. Within three days, I will definitely be able to sign an order of at least three hundred million!"

"How is that possible?" Xu Hanxia said sharply, "In the past, the company's orders in a year together would not even exceed two hundred million."

Lin Mo laughed, "That was before."

"Now it's even more troublesome! Also, why did you agree to their resignation just now?"

"Don't worry, they'll regret it!"

Xu Hanxia gave Lin Mo a puzzled look, where on earth did this confidence come from?

Lin Mo walked to the corner, took out his phone and sent a message to Chen Shengyuan, "Announce it out, our company is going to release a new drug that can cure three types of cancer, now start taking orders!"

After doing all this, Lin Mo pretended that nothing was wrong and took Xu Hanxia out for dinner.

The two of them had just walked out of the company when a black Audi drove over.

"Hanxia!" Zhao Jiafan poked his head out, "Get in, I'll treat you to dinner!"

Directly ignoring Lin Mo.

Lin Mo took Xu Hanxia's hand and smiled lightly, "Sorry, Hanxia wants to eat with me at noon."

Zhao Jiafan's brows furrowed, when had Xu Hanxia been so nice to Lin Mo?

With a twinkle in his eye, Zhao Jiafan smiled, "It's fine, that's just fine, the three of us will eat together."

Lin Mo: "This is a get-together for the two of us, so it won't be convenient to bring you."

"By the way, let's chat about the matter of your company's orders." Zhao Jiafan laughed, "Halfsia, don't you want to know why so many orders have suddenly been cancelled?"

Xu Hanxia's face changed and she said sharply, "Why?"

Zhao Jiafan smiled smugly, "Get in the car and I'll tell you slowly!"

## Chapter 31

The Sang-yue Restaurant.

In a quiet private room.

Lin Mo and Xu Hanxia, eventually followed Zhao Jiafan to dinner.

"Director Zhao, what do you know about it?" Xu Hanxia said urgently.

Zhao Jiafan glanced obliquely at Lin Mo and said with a faint smile, "I heard that it was someone from your company who offended our General Manager Huang Yongfeng Huang of Guangyang City."

"When General Huang was shocked, he made these seventeen companies, cancel your orders!"

"So it was Huang Yongfeng who did it!" Lin Mo was suddenly enlightened.

This Huang Yongfeng, in Guangyang City, was also considered a big shot.

Although it was not as strong as Nanba Tian, it was not much worse than the Ten Great Families.

If he stepped forward, many people would give him face.

"Huang Yongfeng!?" Xu Hanxia's face turned pale, "Is ..... who offended him?"

"Hehe ....., " Zhao Jiafan glanced at Lin Mo and said slowly, "Halfsia, there's no point in pursuing blame now. But you don't have to worry, I have a good relationship with Mr. Huang, I can help you set this matter right."

Xu Hanxia couldn't help but be pleased: "Senior, thank you so much!"

"Our relationship, what's the point of saying thanks!" Zhao Jiafan laughed heatedly, his eyes darting liberally at Xu Hanxia's body.

Halfway through the day, Xu Hanxia went out.

Zhao Jiafan took the opportunity to get close to Lin Mo and laughed, "Lin Mo, if you want me to help Xu Hanxia, you have to promise me two conditions."

"First, from now on, leave Xu Hanxia."

"Second, go and get Young Huang healed!"

"Otherwise, I'll let Xu Hanxia's company end."

"Oh, you should know that Xu Hanxia's company has a lot of debts. Once it is pursued, what she will face, will be a prison sentence!"

Lin Mo's expression was calm: "Zhao Jiafan, was this your idea, or Huang Yongfeng's?"

Zhao Jiafan's face changed slightly, he was using Huang Yongfeng's power to get those seventeen companies to cancel their orders. Then, he would use it to threaten Lin Mo and Xu Hanxia.

"Why do you care so much!" Zhao Jiafan said in a cold voice: "If you don't agree, within a day, I can have Xu Hanxia go to jail!"

Lin Mo's cold face: "Zhao Jiafan, you have something to do, it's fine to target me."

"But don't involve my wife!"

"If you involve my wife, you are looking for death!"

Lin Mo directly got up and left.

"Lin Mo, don't you regret it!" Zhao Jiafan was furious: "If you don't come to the doctor before ten o'clock tonight, I'll make you regret it!"

Lin Mo didn't even look at him, he just walked away.

At 2:30 pm, Lin Mo and Xu Hanxia had just arrived at the office when they saw Xu Jiagong and Fang Hui's couple.

"Mom and Dad .....", Xu Hanxia was just about to greet them when these two ran straight over.

"Lin Mo, do you ..... have to get my family Hanxia killed before you can do that?" Fang Hui rushed up and cursed angrily.

"What's wrong?" Lin Mo had a bewildered look on his face.

"What's wrong? What do you mean what's wrong?" Fang Hui shouted angrily, "What did you do at the hospital today?"

Xu Hanxia was puzzled, "Mom, take it easy, what did Lin Mo do?"

Fang Hui said angrily, "In the morning, he bumped into Boss Huang Yongfeng's wife at the hospital."

"In order to steal business, he even almost killed Boss Huang Yongfeng's son."

"Boss Huang was so furious that he just cut off all business from your company!"

These two people went to look for Nanba Tian today, but it turned out that Nanba Tian didn't see them at all.

Moreover, he even asked someone to bring them a message that he and Lin Mo had cleared the matter.

The two returned disappointed, and on the way, they learnt about the company again, and immediately came running in anger.

## **Chapter 32**

Xu Hanxia froze, so the person Zhao Jiafan was talking about was Lin Mo?

No wonder Zhao Jiafan said he wouldn't pursue the blame, so it was to save Lin Mo's face!

The people around him also whispered, "So it's because of him!"

"This loser is not capable of anything, but he's not weak at getting into trouble."

"He's going to make us all lose our jobs!"

"Hey, Xu Hanxia is actually quite capable, but she's being dragged down by this loser!"

Fang Hui shouted angrily, "Lin Mo, I'm not saying I'll let you help Hanxia, but can you not hold Hanxia back?"

"Hanxia worries and toils for the sake of this family. What about you? You don't contribute to the family at all, and you get into trouble all day long, do you ..... want to get us all killed!"

"Mom, who are you listening to all this from!" Lin Mo frowned, "Is it Zhao Jiafan?"

Fang Hui said angrily, "Humph, if Director Zhao hadn't told me, our family, we probably wouldn't have known how to die!"

Lin Mo: "Mom, this Zhao Jiafan, he's just deliberately sowing discord, don't believe him!"

"Lin Mo!" Xu Hanxia said disappointedly, "I don't care if you're rich or not, I just want my husband, to be honest and kind."

"Director Zhao even told me not to pursue the blame, clearly favoring you. How ..... can you talk like that?"

Lin Mo sighed, this Zhao Jiafan, was indeed sinister and despicable.

"I don't care about you so much!" Fang Hui said angrily, "You go to General Manager Huang right now, I don't care if you kneel and kowtow, or simply die there. Anyway, this matter, you must settle it!"

Lin Mo said, "Mom, for this trivial matter, why bother?"

"Is this a trivial matter?" Xu Jiangong said angrily, "Do you know that you made the company lose seventeen orders and the company directly lost fifty to sixty million. That much money, you ..... won't earn it in several lifetimes!"

Lin Mo: "It's not just orders, I've said, within three days, sign at least three hundred million orders!"

"Aigoo, my brother-in-law ah, did you sign with your mouth?" Xu Chang Chang laughed, "What are you dreaming of in broad daylight? Signing three hundred million in three days, tsk, you can really brag!"

"That's right, I've never seen such a big deal in my life!"

"How many contracts can our company sign in a year? Can't you do a draft before you brag?"

All the people around us followed suit, completely watching the fun.

Fang Hui hated her iron, "Lin Mo, can you take care of our faces?"

"Doing such a humiliating thing in front of so many people, do you want to lose face or not?"

Xu Jiangong gritted his teeth, "That's enough, don't talk to him. Do people like him know what it means to have face?"

At this moment, Xu Yongqing walked out.

What happened last night had really startled Xu Yongqing, and he immediately sent someone to find out what was going on.

He learned about Xu Jiangong Fang Hui's visit to Nanba Tian, and only after learning that Nanba Tian and Lin Mo had cleared the matter did his heart settle down.

With an arrogant look on his face, he glanced obliquely at Xu Hanxia: "Hanxia, the company is handed over to you and this is how you take care of it? You really let me down!"

Xu Hanxia's face was blue, and she gritted her teeth without speaking.

"I don't think you can manage such a big company either!" Xu Yongqing: "Forget it, after all, you are a member of my Xu family, let me help you out."

"I'll pay half a million for all the shares you have. I'll take care of the company!"

"What?" Xu Hanxia's eyes widened, the shares she was holding were worth at least fifty million.

Now, Xu Yongqing offered half a million to buy it, wasn't this robbing while the fire was still hot?

### **Chapter 33**

Xu Changchang smiled coldly, "Hanxia, why don't you quickly thank grandpa?"

"In a moment, there will be many material dealers coming to demand payment for the goods."

"If you don't solve this matter, the shares you hold will become a negative number!"

Xu Hanxia was dumbfounded.

Xu Yongqing had clearly planned to contact the material dealers in advance to ask for money, forcing her to hand over her shares.

But the problem was, where could she get the money to give it to them now?

If she couldn't get the money, she, the chairman of the board, would probably have to go to jail!

Xu Jiankong whispered: "Dad, the shares in Hanxia's hand are worth ..... fifty million. You offer half a million, this ..... is too little ....."

"Oh ....." Xu Long Chang laughed coldly, "Just this mess she made, half a million is too much for us. This mess, we don't take over, she'll go to jail!"

"That's not true, grandpa has been good to you guys, he even gave you half a million!" Xu Lingling bristled, "If you want me to say so, you should have given us the money and we took over the shares."

Fang Hui: "But if we sell the shares, it's not just half a million!"

"Then you can sell it!" Xu Yongqing said slowly, "Can you walk out of the company's gate?"

At that moment, a group of people really came to the door, and it was those material dealers.

"Where is Xu Hanxia? Stop the gate, if you don't settle the money today, she won't be able to walk out of this gate!"

Xu Jiangong's face was blue: "Forget it, Hanxia, let it be 500,000. We are not destined to be the chairman of the board, so let's sell our shares!"

Fang Hui: "Yes, at least we can still get half a million!"

Xu Hanxia gritted her teeth, she was very reluctant.

"Come on, sign the contract and the half a million is yours!"

Xu Yongqing took out a contract that had been drawn up a long time ago.

Xu Hanxia looked at Lin Mo, asking for his opinion.

"Don't sign it!" Lin Mo said directly.

"Lin Mo, have you gone mad?" Fang Hui was annoyed: "Don't sign? Look at the current situation, can you not sign? Do you want to send Hanxia to jail?"

Xu Jiangong shouted angrily, "Do you have a say in our family's affairs? You're just a son-in-law at home, in ancient times, you wouldn't even be qualified to eat at the table!"

The crowd laughed and looked at Lin Mo mockingly.

Lin Mo walked up to the material dealers, "Everyone, the company's payment for materials with you is settled in half a year. It's only been three months now and you guys want to come up with the money, it's not appropriate, is it?"

"Cut the crap!" One of the material dealers said loudly, "In the past, Xu Lao was in charge of the company, so of course we trust him. What the hell is this Xu Hanxia, who is he to settle the accounts every six months?"

"That's right, how can a young girl like her be capable of running such a big company? If it closes down one day, who are we going to ask for the money?"

"I heard that all their orders have been cancelled, the company is definitely going to collapse!"

"If you ask me, she's so pretty, why should she be a strong woman? Wouldn't she be better off as a lady?"

"Hahahaha, if she becomes a lady, I will definitely order her every day ....."

The group of material dealers laughed uncontrollably.

"So, you guys have made up your minds about the bill?" Lin Mo's voice turned cold.

Material merchant: "Does that even need to be said?"

"Very well!" Lin Mo nodded: "Money, I can give it to you guys. However, you also remember that from now on, you are no longer the company's suppliers!"

Material merchant: "Who the fuck are you scaring?"

"It's hard to say whether the company will continue to produce, are we sick in the head to continue supplying?"

"Don't worry, as long as you're here, we'll never supply you again in our lifetime!"

## Chapter 34

"Lin Mo, are you crazy? Where are you going to get money for people?" Fang Hui was annoyed: "What time is this, you ..... are still talking to the several bosses like this?"

Xu Jiangong: "That's right, at this time, the most important thing to do is to beg the bosses for a few days of grace. You quickly go and apologize to the bosses!"

"Apology is not necessary!" Lin Mo shook his head, "Mom and Dad, remember what they said. When they beg you later, don't be soft-hearted!"

"What ..... are you talking about?" Xu Jiangong Fang Hui was bewildered.

Xu Changchang: "Crazy! Crazy! It's all starting to ramble!"

"We begged you guys? Hahahaha, did you guys hear that? He said we begged them?" The group of suppliers also burst into laughter.

The people around them all looked at Lin Mo like he was an idiot.

Xu Hanxia's face turned pale and she whispered, "Lin Mo, forget it, I ..... should just sign it. Or, I really don't have the life to be the chairman of the board!"

Lin Mo took Xu Hanxia's hand: "Trust me, it's yours, no one can snatch it away!"

Xu Hanxia's eyes were moist, she was also unwilling to do so. But what else could she do now?

Nanba Tian and Lin Mo had cleared the air, now, what strength did Lin Mo have?

At that moment, there was a sudden commotion outside the door.

The group of material dealers were blocking the doorway and were pushed aside directly by a group of men in black.

Behind them, an old man with white hair came in at a brisk pace.

"Which one is Xu Hanxia Xu?" The old man hurriedly asked.

Xu Hanxia was bewildered, she didn't know this old man.

"I am, you are?"

"You are General Manager Xu!" The old man hurriedly walked over with a respectful face, "Greetings, my name is Yuan De!"

"Yuan De!?" The crowd around them immediately exclaimed.

This name was unknown to everyone in the medical industry.

The largest pharmaceutical merchant in Guang Province, and the titan of the medical industry in Guang Province. Even Sheng Yuan Group, in front of him, was not worth mentioning ah!

"So it's Elder Yuan!" Xu Yongqing hurriedly walked over, "Greetings, Elder Yuan, my name is Xu Yongqing ....."

Yuan De didn't even look at him, he only looked at Xu Hanxia respectfully, "Mr. Xu, I'm here this time because I want to cooperate with your company. The new drugs your company has developed, I want to become an agent."

"Of course, I also know that becoming an exclusive agent nationwide is an extravagant hope. Therefore, I dare to discuss with Mr. Xu, can I be given the agency rights for the three southern provinces?"

The crowd was dumbfounded, the Xu Group, in front of Yuan De, was like a molehill.

It was always Yuan De who had the final say on which pharmaceutical company he would work with, and had never discussed with anyone else, let alone bowed down.

Now, to be so polite as to discuss with Xu Hanxia, what was the situation?

"Is this Yuan De?" Xu Changchang was puzzled.

"Definitely!" Xu Yongqing gritted his teeth, "I used to attend the Federation of Pharmaceutical Enterprises and met ..... him a few times ....."

"So ..... then what is this?"

"A new drug? It can't be the same medicine that saved Nanba Tian's daughter from waking up, can it?"

Xu Yongqing's face was blue, he suddenly realized that things were out of control.

Xu Hanxia was puzzled, "New ..... new medicine?"

"Yes, new medicine!" Yuan De laughed: "General Xu, I know, this is a commercial secret. Too much, let's not talk about it outside."

"To show my sincerity, I've brought the contract with me. The agency rights for the three southern provinces, five hundred million, what does Mr. Xu think?"

When this statement was made, the crowd was in an uproar.

Five hundred million at the first offer? Wasn't this company going to be rich?

Those material dealers' breaths also rose sharply, such a large order, if they supplied the materials, it would take off with them, right?

## **Chapter 35**

Xu Hanxia was dumbfounded, all the previous orders were gone, the company was going to be finished.

This suddenly came five hundred million orders, did happiness come so suddenly?

"Half Xia, quickly ..... quickly agree ah ....." Fang Hui's lips trembled with excitement.

Lin Mo suddenly opened his mouth, "Five hundred million, only the agency rights of Guang Province!"

"What ..... are you talking about?" Xu Jiangong almost stormed out, "Who told you to speak? Does this ..... have a place for you to speak?"

Fang Hui was furious and hissed in a low voice, "Do you know who Yuan Lao is?"

"You ..... have a lot of nerve!"

"A five hundred million dollar order, you ..... if you let anything happen to this order, I ..... will definitely fight you to the death!"

Xu Hanxia was also pale, Lin Mo is this crazy?

Who knows, Yuan De only hesitated for a moment, then slowly nodded: "Let's do this, three southern provinces, one billion."

"General Xu, this is not a small amount after all, the subsequent development of the market will also cost a lot of money, I have to count the cost too!"

The crowd was once again shocked, Yuan De had even agreed to raise the price?

Xu Jiangong Fang Hui almost fainted.

Lin Mo no longer spoke, in his opinion, the price was too low.

However, the fact that Yuan De could come in person meant that there was sincerity. It didn't matter how much money was involved.

Xu Hanxia was excited in his heart and immediately nodded, "Elder Yuan, just as you said."

"Good!" Yuan De was overjoyed and took out a contract, "Mr. Xu, sign the contract and I will immediately transfer thirty percent of the deposit over here!"

One billion, the deposit is three hundred million!

Xu Hanxia was almost crying, there was only about 200,000 left in the company's account before. This was a short while ago, and it was going to be an additional three hundred million?

Then wouldn't all the problems the company was facing be solved?

Xu Yongqing was unwilling: "Elder Yuan, have you been cheated? That new drug, it has already been abandoned ....."

Yuan De glanced at him and said in a cold voice: "Are you questioning my judgment?"

Xu Yongqing was scared into a cold sweat and hurriedly said, "Dare not, I ..... am just worried that Elder Yuan might be maliciously deceived by some people ah ....."

"Then it is not necessary for you to bother, since Mr. Yuan came to Mr. Xu to sign the contract, he must trust Mr. Xu!" Yuan De smiled lightly, "Mr. Xu, look, when can we sign the contract?"

"Hanxia, quickly ..... sign it .....", Xu Jiankong urged in a trembling voice.

Only then did Xu Hanxia come back to his senses, also with an excited face, nodding his head repeatedly, "Immediately, now ..... now ....."

"Mr Xu is really atmospheric!" Yuan De smiled broadly and handed over the contract: "Mr. Xu take a look at the contract, is there anything you are not satisfied with!"

Xu Hanxia took the contract and looked it over carefully, there was nothing wrong with it.

The conditions given by Yuan De were also very generous, Xu's group had taken advantage of it.

"The contract is no problem!"

"Excellent, it's an honour for me to reach an agreement with Mr Xu!" Yuan De smiled broadly, "Mr Xu, then let's sign the contract!"

Xu Hanxia nodded and signed his name on the contract, and Yuan De immediately followed suit.

"General Xu, happy cooperation!" Yuan De said with a smile.

Xu Hanxia: "Many thanks to Elder Yuan for his trust!"

Lin Mo suddenly said, "Elder Yuan has taken advantage of a lot this time!"

Fang Hui hurriedly rebuked, "Lin Mo, what are you talking about?"

"Elder Yuan, he's just a caretaker, he hasn't seen the world, don't be too insensitive to him!"

"Lin Mo, why don't you quickly apologise to Elder Yuan!"

## **Chapter 36**

Yuan De smiled instead of being angry, "Mr. Lin, the early bird gets the worm."

"Since I'm early, I must make a small profit, don't I?"

"Mr Xu, the deposit will arrive in ten minutes, please check your receipt!"

Xu Jiangong Fang Hui was stunned, Yuan De had really taken advantage of the situation?

Xu Hanxia breathed a little sharply, a deposit of three hundred million, the company's accounts, have never seen such a large amount of money ah.

However, the matter was not over here.

The deposit had not yet arrived on Yuan De's side, but another group of people rushed in at the door.

The leader was a middle-aged man who laughed as soon as he entered, "It's true that Elder Yuan was one step ahead, admire, admire!"

Yuan De glanced at the group and laughed, "You guys aren't late, coming from Lin Province, all so fast, this is a chartered flight, right?"

"Hahahaha, it just so happens that I bought a plane some time ago, it can take off anytime!"

The crowd was shocked, those who could afford a private jet, was this an ordinary person?

Moreover, to be able to chat with Yuan Deping, it was also clear that this person was not simple.

"Which one is Xu Hanxia Xu, the president?" The man asked.

"I am!"

Xu Hanxia said.

The man immediately walked over and smiled, "Hello, Mr Xu, I am Wan Chong Shan!"

The crowd exclaimed, the name Wan Chongshan, in the medical industry, was no worse than Yuan De.

Yuan De was famous in Guang Province, while Wan Chongshan, in Jiang Province, was second to none. Although he was not from Guang Province, his fame had spread throughout the province.

Wan Chongshan had actually come too.

Xu Hanxia was stunned as she exchanged a few pleasantries with Wan Chongshan, who then got straight to the point: "Mr Xu, Mr Wan has come here to talk to Mr Xu about cooperation."

"Mister Wan would like to represent the new drugs developed by General Manager Xu, I wonder what General Manager Xu would like to do!"

The crowd was once again shocked, another agent for a new drug? Are they all such big shots?

Xu Hanxia was dumbfounded, but in the end, the negotiations were completed with the help of Lin Mo.

Wan Chongshan took out eight hundred million yuan and bought the agency rights for two provinces.

The contract was signed on the spot, and the deposit of 250 million dollars was paid directly.

Just after the signing here, Yuan De's deposit of three hundred million arrived.

The crowd beside him was dumbfounded, less than an hour's time, and an order of eighteen billion?

However, that wasn't the end of it.

As soon as Wan Chongshan had finished signing, several more bigwigs from the medical sector rushed in and requested to sign.

In the end, in two hours, nearly three billion orders were signed. The deposit alone was nearly one billion.

Xu Hanxia was in a daze the whole time, her main job was to read the contracts and sign them.

As for Xu Jiangong Fang Hui, she was grinning and giggling the whole time.

Xu Yongqing and the others, looking at all this with grim faces, Xu Yongqing almost had a heart attack.

It was hard to end the signing, and the bigwigs all left.

The company staff ran over and gathered around Xu Hanxia to congratulate her.

Xu Hanxia's eyes were moist and she was so excited that she couldn't speak.

Lin Mo walked over and said aloud, "As you all know, the company has gone through a huge change today."

"Those who can stay are the greatest support for the company."

"Therefore, the company will take out ten million dollars to commend those of you who have stayed!"

The crowd was stunned.

"What?"

"Ten million dollars?"

"Oh my god, how much does this ..... one person score ....."

"General Xu is mighty!"

Fang Hui was annoyed: "Lin Mo, what are you doing? Do you think you're the chairman of the board? What qualifications do you have, to take out 10 million to reward them?"

## Chapter 37

The crowd was instantly silent, yes, how could Lin Mo have this ability.

At this moment, Xu Hanxia said aloud, "What Lin Mo said, is what I said. Ten million dollars, to be handed out tonight."

"Also, from now on, everyone's salary, up thirty percent. Scientific researchers, double it!"

"Hanxia!" Fang Hui was anxious, wasn't this a slap in her face?

"Mom!" Xu Hanxia whispered, "Those who can stay are the greatest support for me."

"The company has signed such a big order, so if we don't give them a reward, isn't that chilling the hearts of the people?"

"Also, we have to show those who left the company how big of a mistake they made by leaving!"

Fang Hui was also irritated when she remembered those people resigning to force Xu Hanxia to do so.

"Right, we just have to make them regret it!"

Fang Hui said.

"But then, we can't listen to Lin Mo either. He's a son-in-law from the family, what qualifications does he have to speak on such an occasion?"

Xu Jiangong said indignantly, "If this gets out, people will still think that our Xu family is not strict in its rules!"

Fang Hui nodded repeatedly, "Yes, what qualifications does he have to speak? I'll get rid of him!"

Xu Jiangong waved his hand, "Forget it, there are so many people here now, don't make people think we're being stingy. Let him bounce around a bit longer, we'll get rid of him when we get back tonight!"

The material dealers were looking at the order from afar, how much material would they have to buy?

If they got this order, they would be rich!

The material dealers congratulated Xu Hanxia one after another.

"Mr. Xu, congratulations on this huge order. Don't worry, we will definitely supply you with the materials and will not affect your production!" A material dealer patted his chest and said.

Xu Hanxia frowned, it was these material dealers who had just come to corner her, yelling that they wanted to send her to jail.

"Thank you all, but for the materials, it's not up to you to bother!" Lin Mo said.

"Why?" The material dealer's face changed and he said urgently, "Mr. Xu, we've been working with your company for so long, we're all old friends. It's not appropriate to suddenly change material dealers, is it?"

Lin Mo: "You are working with Xu Yongqing, not Han Xia."

"Xu Yongqing can settle the material fees once every six months, Xu Hanxia can't even delay a day."

"In that case, then there is no need for us to cooperate!"

These material dealers looked ugly, thinking about what they had just forced Xu Hanxia to do, they all wanted to slap themselves a few times.

Who would have thought that Xu Hanxia would sign so many orders.

Had they known this, they would have wanted to offer Xu Hanxia as a god, who would have dared to come and force Xu Hanxia?

"Mr Xu, we ..... know we are wrong. For the sake of our cooperation for so many years, please give us a chance ....."

A material dealer said urgently.

"Sorry, no way!"

Lin Mo replied directly for Xu Hanxia: "We will look for material dealers that we can work with, as for you guys, we are afraid that we cannot afford to climb high!"

"Mr Xu, give us a chance!"

"General Xu, in terms of material prices, we can still negotiate."

"Mr Xu, it was all that old man Xu Yongqing's idea, we didn't want it either ....."

These material dealers begged and pleaded, but Xu Hanxia simply ignored them.

This was not the attitude you all had when you were aggressively pressing for debts just now.

## **Chapter 38**

The material dealers had no choice but to turn to Xu Jiankong and Fang Hui to beg them.

Xu Jiangong and Fang Hui took a bite out of their anger and had the security guards kick the material dealers out.

Previously, those security guards did not listen to Xu Hanxia.

Now that Xu Hanxia had signed such a large order and received a reward of 10 million yuan, the security guards were immediately submissive.

Next, Xu Hanxia didn't stay idle and gathered the company's people for a meeting.

At the meeting, Xu Hanxia directly fired all the people from the Xu family, including Xu Changyuan and Xu Lingling.

Xu's Pharmaceuticals is absolutely controlled by Xu Hanxia, her prestige is now so high that people below her support her.

Even if the Xu family members were not convinced, there was nothing they could do but to pack up their things and leave in disgrace.

That night, Xu Hanxia held a celebration banquet at the Times Hotel, which was proposed by Lin Mo.

Xu Hanxia was actually a bit apprehensive, she knew how high the threshold of the Times Hotel was.

If a small company like hers wanted to go to the Times Hotel, they might not even be able to get into the ground floor.

As a result, as soon as she called, the Times Hotel immediately booked the banquet on the ninth floor, out of her expectation.

According to the manager of the Times Hotel, Xu Pharmaceutical, now a leading company in the medical sector in Guangyang, was fully qualified to enter the ninth floor.

When the company staff heard this news, they were all boiling with excitement.

That was the Times Hotel, and most of the people inside the company had never been inside.

Even if some were lucky enough to have been inside, they were all on the first and first floors.

This time, they went straight to the ninth floor, which was a place only the top big shots in Guangyang City could go.

This event was enough for them to brag about for the rest of their lives!

Xu Hanxia was also pleasantly surprised and directly arranged for the company staff to go to the Times Hotel.

In the midst of her busy schedule, Fang Hui quietly found Lin Mo: "Lin Mo, go home, you haven't washed your clothes at home yet!"

Lin Mo was stunned: "Go home?"

"Yes, what's the problem?" Fang Hui glared, "This is Halfsia's company's celebration party, what does it have to do with you?"

"Halfsia is now the chairman of the company, she has just signed a three billion dollar order, she is a powerful business woman in Guangyang City, she can go to the ninth floor of the Times Hotel for a banquet on her own face."

"What about you? A door-to-door son-in-law who has achieved nothing, who works as a cleaner in a hospital, who only eats soft rice and stays here to disgrace her?"

Lin Mo was slightly annoyed in his heart and hated to tell her the truth straight away.

However, thinking of the family that had been wiped out, Lin Mo finally chose to remain silent.

He still had a blood feud to avenge, and now was not the time to reveal his identity.

In the end, Lin Mo left the company alone, he did not want to make things difficult for Xu Hanxia.

However, instead of going home, he went to the Wangjiang Garden Villa.

His sister Lin Xi was still in a coma.

Elder He had gathered all the herbs, the only one missing was a thousand-year-old snow lotus, which was very rare.

Chen Shengyuan had already mobilised all his acquaintances to search for the Thousand Year Snow Lotus, and once he found it, he could revive Lin Xi.

Lin Mo gave Lin Xi another Small Returning Element Pill to keep Lin Xi's vitality vigorous.

After sitting in the small courtyard of the villa for a while, Lin Mo suddenly received a call from his mother-in-law, Fang Hui.

"Lin Mo, you ..... where are you?" Fang Hui was crying with a sobbing voice.

"What's wrong?" Lin Mo was surprised.

Fang Hui: "Hanxia ..... Hanxia has disappeared ....."

"What!?" Lin Mo stood up straight away, "What's going on? Where did it happen?"

"It's at the Times Hotel, something just happened."

"Wait, I'll be right there!"

## **Chapter 39**

On the way, Lin Mo first called Nanba Tian.

Lin Mo had a rough guess in his heart that this matter must be related to Huang Yongfeng.

As a result, before Lin Mo arrived at the Times Hotel, Nanba Tian's men had already saved Xu Hanxia.

As Lin Mo had guessed, it was indeed Huang Yongfeng who had done this.

Zhao Jiafan had bad-mouthed Lin Mo in front of Huang Yongfeng, and Huang Yongfeng was ready to capture Xu Hanxia and force Lin Mo to bow down.

The Times Hotel was also Nanba Tian's property, and these people were stopped by Nanba Tian's men before they could get out of the hotel.

Lin Mo rushed to the Times Hotel and was relieved to see that Xu Hanxia was alright.

As soon as Fang Hui saw Lin Mo, she immediately cursed, "Lin Mo, where did you die?"

"Do you know how dangerous it was just now? Are you such a husband? You can't even protect your own wife?"

Lin Mo: "Mom, you ..... you let me go home ah ....."

Fang Hui couldn't help but stare, slightly embarrassed, and once again scolded angrily, "Then it wouldn't have taken you this long to come from home."

"Do you not care about Hanxia at all? After such a big incident with Hanxia, you're still dawdling behind?"

It did take Lin Mo a little longer to come over from Wangjiang Garden.

"Alright, mum, don't say anything."

Xu Hanxia whispered, she was a little stunned.

Xu Jianguo hated his iron: "Lin Mo, Lin Mo, if you were a man, you would have protected your wife!"

Lin Mo clenched his fist, he was also blaming himself.

He had underestimated Huang Yongfeng, he didn't expect him to do such a thing.

It seemed that he had to settle this matter once and for all!

Walking out of the Times Hotel, Lin Mo called Nanba Tian and asked him to settle the matter with Huang Yongfeng.

Hospital.

"Mr. Huang, just bring Xu Hanxia here and hand her over to me for disposal!"

"With her in my hands, I can guarantee that I can keep that Lin Mo honest."

Zhao Jiafan said with an excited look on his face.

Huang Yongfeng didn't say anything, and Madam Huang had an impatient look on her face, "I don't care exactly what means you use, you must save my son!"

"No problem, Madam Huang, don't worry!"

Zhao Jiafan nodded his head repeatedly, already thinking in his heart how to treat Xu Hanxia later.

As a result, after waiting for more than half an hour, Xu Hanxia was not caught, but instead, Huang Yongfeng's men came back with bruises on their noses.

"What's wrong with you guys?" Mrs. Huang exclaimed, "Didn't you go to catch a woman? Where is everyone?"

Several bodyguards looked at each other, and one of them whispered, "Mr. Huang, take a step aside!"

Huang Yongfeng frowned, what's the matter, and still not let others listen?

Leading this bodyguard into the ward, Huang Yongfeng said in a deep voice: "What's going on?"

"We've caught the man, but he was stopped by Nanba Tian's men." The bodyguard said in a trembling voice: "Nanba Tian also ..... asked me to bring word to you that that Lin Mo is his brother ....."

"What?" Huang Yongfeng's eyes widened, with these words from Nanba Tian, it was clear that he was going to protect Lin Mo.

Although Huang Yongfeng was very strong, he didn't dare to go against Nanba Tian.

Bodyguard: "I heard that it seems to be that Lin Mo, who saved his daughter from waking up!"

Huang Yongfeng's eyes widened, "This man, so skilled in medicine? No wonder he was able to get my son out of the danger period."

"Ai, it's just that the person is so arrogant and cocky that he asked me to go and kneel down for him? Otherwise, it would have been possible to make friends!"

"Forget it, let's wait for the miracle doctor from the capital!"

## Chapter 40

When Huang Yongfeng walked out of the room, Madam Huang was barking orders, "This Lin has a lot of guts, get some more men and knock his mouth full of teeth out!"

Zhao Jiafan nodded his head: "You can't be polite to such people. Madam Huang, you've done the right thing!"

Huang Yongfeng shouted angrily, "Stop right there!"

The crowd immediately stopped and Madam Huang was stunned, "What's wrong, husband?"

"Let's wait for the divine doctor from the capital to come over." Huang Yongfeng whispered.

Mrs. Huang: "We should still take revenge. If the divine doctor from the capital is coming anyway, just break this Lin's hands and feet!"

"You shut up!" Huang Yongfeng scolded in no good humour.

It was a matter of Nanba Tian, and he didn't dare to say much.

Early the next morning, the capital's divine doctor finally arrived.

This divine doctor, who was personally invited by Elder Yue, was also a titanic figure in China.

After taking a look at Huang Shao's injuries, this divine doctor shook his head straight away, "No, no, the injuries are too serious, it will take too long to delay."

"I only have less than 20% certainty of treating it now, it's too risky!"

"Huh?" Huang Yongfeng and the others were dumbfounded, even the divine doctors in the capital couldn't save him, then wouldn't young Huang be dead?

"This is troublesome!" Elder Yue's face was grave, "Young Huang's condition is getting worse and worse, he can still hold on for two hours at most."

"Mr. Huang, the only one who can save Young Huang now is that cleaner!"

Mrs. Huang's face was pale: "How ..... how can this be?"

"A caretaker who sweeps toilets is that capable?"

Huang Yongfeng's face was stony as he looked at his son, whose breathing was weakening, and finally gritted his teeth and left the ward.

Wangjiang Garden.

Lin Mo didn't go to the hospital and came here first to look after his sister.

Suddenly, a Rolls Royce drove outside the courtyard and Huang Yongfeng stepped out of the car.

He had inquired about Lin Mo's place from He Lao and rushed over at the first opportunity.

As soon as he entered and saw Lin Mo, Huang Yongfeng knelt down on the ground with a poof: "Mr. Lin, please, please save my son!"

Lin Mo was a bit confused: "You are?"

"Huang Yongfeng!"

"So it's Mr. Huang."

Lin Mo suddenly realized and helped Huang Yongfeng up, "Mr. Huang, why are you so polite?"

"The fact that you can come to invite me personally already shows the attitude, what does this kneeling mean?"

"Huh?" Huang Yongfeng was stunned, "Mr. Lin, weren't you the one who said that I should personally kneel down and beg you?"

Lin Mo: "When did I say such a thing?"

Huang Yongfeng: "You said it to Zhao Jiafan!"

"Mr. Huang, you've been tricked."

Lin Mo frowned and told the story of the situation.

Including what happened when he was driven away by Madam Huang.

After hearing this, Huang Yongfeng almost didn't vomit blood in anger and said, "Zhao Jiafan, that son of a bitch, so he was the one who was in the middle of it!"

"Mr. Lin, I'm really sorry. I didn't know about this matter."

"I am personally sorry for what happened to my wife, please forgive me if I have offended you!"

Lin Mo waved his hand, "Mr. Huang, I see that you are also a forthright person."

"Since you've come in person, the previous matter is written off."

"Let's go, let's go and save your son first!"

Huang Yongfeng was overjoyed, "Many thanks, Mr. Lin!"

When the two arrived at the hospital, Huang Shao was already in an extremely dangerous situation.

Mrs. Huang was in a hurry, and when she suddenly saw Huang Yongfeng returning with Lin Mo, she immediately cursed angrily.

"You're finally here, what the hell, you dare to play temper with us."

"If you delay my son's illness, I'll have your dog's life!"
