

The Mightiest Little Peasant Chapter 1022

“Look at how blue the sky is, Little Sister Feng Wu!”

“Little Sister Feng Wu, look, there’s a rabbit there. It’s pink and cute!”

A group of young men surrounded the woman in the middle, trying to curry favor with her.

They were strolling in the mountains, reciting poetry, and enjoying various pleasures of the upper class.

“Ah, look, the scenery is so beautiful, and the mountains are so quiet. They must have known that Little Sister Feng Wu is coming, so they all fell silent.”

The young man in blue clothes looked up and sighed emotionally.

Then, he turned around and looked at the woman lovingly.

The woman smiled shyly and lowered her head.

The young man in blue clothes smiled smugly.

At that moment, they heard a muffled sound in the distance, followed by a series of panicked shouts.

Groups of cultivators rushed over from the depths of the mountain.

The mountain range that was silent just a moment ago was now in chaos.

The face of the young man in blue clothes twitched and became incomparably unpleasant.

He had been praising the tranquility of the scenery, but all of that changed in the blink of an eye. That was a slap to the face!

The other young men could not help but chuckle and cover their mouths.

They pretended to be amicable toward each other, but deep down, they were competing for the young woman’s favor and hoped that the other men made a fool of themselves.

“What’s going on?” The woman said in surprise.

“Ha, it must be the overlord beast!” A young man said.

When the cultivators got closer, they heard them shouting “Overlord beast!” which was expected.

“Haha! Don’t worry. Sometimes, the overlord beast will come out and take a stroll. Then it will go back. It’ll be fine!”

They all heaved a sigh of relief.

The overlord beast would cause a commotion every time it came out for a stroll.

Very soon, the fleeing crowd swarmed over and passed by them.

The group did not leave. Instead, they decided to stay and look at the primordial ape from afar.

After a while, they saw the primordial ape. It was a hundred meters tall and looked like a small hill. Its size alone was enough to scare away a lot of people, not to mention its ugly and ferocious face.

“Wow! It’s so big!”

“Huh? It doesn’t look like it’s taking a stroll! Why does it look like it’s chasing someone?”

They realized that something was amiss the more they looked at it.

The primordial ape was clearly in a furious state as if it was chasing someone or something.

“Haha! I wonder which idiot provoked one of the Ten Fiends!”

They laughed out loud.

To provoke one of the Ten Fiends was simply suicide.

“Look, there’s really a person!”

Someone flew up to get a better view and exclaimed.

“Which idiot is that?”

The other people also flew into the air.

There was indeed a person running desperately in front of the primordial ape.

“Huh, isn’t that the poor b*stard from before? The one who can’t even afford an iron shard?”

“He really is! Haha! What an idiot!”

They could not help but burst into laughter.

“He’s not afraid of being killed!”

“Heh! He’s so poor, what’s there to be afraid of? Even if he’s killed, he won’t lose any shards.”

The people burst into contemptuous laughter again.

The woman also thought that it was quite funny. She had never seen such a strange person. He did not even possess a shard, yet he dared to provoke the overlord beast. There must be something wrong with his brain!

The people laughed loudly, and Tang Hao heard their voices.

Tang Hao stopped running, and both sides looked at each other, stunned.

“Hahaha! That kid is looking at us!”

“Hey, kid! Are you stupid?”

The people laughed even harder.

Soon, they stopped laughing because that kid changed direction and ran toward them.

The people trembled and panicked.

“Hey, kid, what do you want with us?”

“How dare you, damned kid!”

The more they cursed, the faster Tang Hao ran.

Behind him, the primordial ape was running madly while hissing and roaring. From time to time, it would uproot ancient trees and throw them at him like spears.

Their faces turned pale from fright, and they could not keep up their chivalrous guise. They turned around and began to run.

“I’m telling you, you damned brat, you’re dead for sure! You’ll die a horrible death! Do you know who we are? We’re all from major sects and conferred families!” They yelled.

Tang Hao grinned brightly.

“Do you know who I am? Do you know my name?”

Those people were all stunned.

‘Damn, we don’t! He’s just a nobody!’

“You don’t know me? That’s perfect!”

Tang Hao cackled and chased after them.

“Wargh! He’s too despicable!”

They were about to go crazy from the fact that they could do nothing about it.

“F*ck your mother, damned brat!”

They cursed at Tang Hao and their bad luck. Why did they have to bump into that unlucky guy?

Soon, they became too busy to curse. The brat had caught up with them. The primordial ape was right behind them too.

“F*ck!”

When they turned around and looked, they almost wet their pants out of fright.

They were quite loaded, and each of them had a collection of shards. If they were killed, they would suffer great losses.

They gritted their teeth and ran as fast as they could. Even the woman called Feng Wu was running as fast as she could.

However, they were surprised to find that everything was in vain. That b*stard was unbelievably fast. He caught up with them and soon outran them.

When that brat ran past them, he even turned around and grinned at them.

Then, he disappeared in the distance.

The faces of those people twitched. They were so angry that they were about to explode.

At that moment, a loud roar came from behind them. Following that, ancient trees shot from behind them like spears.

They tried to dodge, but the spears were too fast. The woman could not dodge in time and was hit directly. Her entire body was torn apart and she died.

The men stopped running.

They stood where they were, dumbfounded.

“Little Sister Feng Wu... is dead?”

They were unable to believe what they were seeing.

“Just you wait, you filthy brat!”

“You don’t know what you’ve done, you brat! You’ve brought disaster upon yourself! After this, you’ll know what true terror is!”

They roared madly.

Whoosh! Whoosh! Whoosh!

The ancient trees flew over and smashed into those people's bodies.

Tang Hao frowned.

'Disaster?

'He must be bluffing!'

He curled his lips in disapproval as he continued to run.

He stopped running near the edge of the mountain range. The primordial ape stopped, lingered around for a while, and went back.

Tang Hao turned back and went to the place where the young men were slaughtered. He rummaged through their belongings and found many shards.

"Wow! There are several pieces of platinum!

"Oh my god! There's even a purple gold shard! I'm rich!"

Tang Hao picked up the shards with great joy.
