

The Mightiest Little Peasant Chapter 1189

Ding! Ding! The sounds kept coming from the distance. The old monsters were all digging with all their might. Vaguely, there were cheers, but also curses. "Old man Wang!" A group of people came from the opposite side and met Tang Hao's group face-to-face. The group of people were shocked, and their expressions changed, revealing a look of fear. Then, they stood still and cupped their hands together courteously. They bowed and called out, "Fellow cultivator Wang!" Then, he cupped his hands at Tang Hao and shouted, "Greetings, King Qin!" His tone was filled with respect. In this world, strength was everything. No matter how old Qin Wang was, as long as his strength surpassed them, he was qualified to receive their respect. "Yo! It's Daoist Luo!" Sir system grinned. He was pleased with the compliment. "This is fellow Daoist Luo from the 17th continent. He's even more senior than me! The old birthday boy!" The old man surnamed Luo bitterly smiled and said, "Look at what you're saying. It's useless to live long. Look at fellow Daoist Qin. He has already surpassed me at such a young age. His future is limitless!" "Yup! Fellow Daoist Qin is truly amazing! You're so young and you're already at the late Dao seeking stage. It won't be long before you break through to the Dao severing stage." The people behind the old man surnamed Luo also complimented him. This compliment came from the bottom of their hearts. They had all lived for thousands of years and had gone through many hardships to reach their current realm. Now that they saw a young man who had only spent twenty years to reach this realm, they were naturally filled with emotions and envy. In their opinion, Qin Wang would definitely have the chance to sever his Dao in the future and might even become an immortal. Such a peerless monster, not only could he not provoke him, but he also had to build a good relationship with him. After a round of warm greetings, they took their leave and walked to the side, entering a Valley. Along the way, they met a few more groups of people who came forward to warmly greet and compliment him. After walking for a while, Sir system stopped and looked around. He pointed to a Valley not far to the right and said, "Let's go over there and take a look!" As he spoke, he took the lead. When they were about to reach the valley, suddenly, there was an explosion from the side, and more than a dozen spiritual lights appeared and attacked. Everyone's expression changed, and they immediately activated their defensive treasures to block it. Peng Peng Peng! The dozens of attacks were all blocked. Then, with a few whooshes, many figures flew over. Looking closely, he saw that they were spirit Emperor, old demon Tuntian, and the others. "It's you guys!" Sir system's face darkened and rebuked angrily. "Old man Wang, it's none of your business. If you don't want to die, then get lost!" Old demon Tuntian shouted. Then, he glared at Tang Hao coldly and said, "you brat, today is the day you die!" Tang Hao looked around and chuckled. "You?" This group of people was not weak. There were spirit Emperor, old demon Tuntian, and a few old emperors. They were all well-known figures in the circle of old monsters. However, it was absolutely impossible to make him stay. "Brat, don't be so arrogant! In order to deal with you, we've planned for a long time, and we've made all the necessary preparations. Today, you'll die without a doubt!" The spirit Emperor reprimanded. He then waved his hand and shouted, "Go!" The group of more than ten people attacked at the same time. "Hmph! You're overestimating yourself!" "Hmph!" Tang Hao grunted and drew his halberd. Just as he was about to fight, the air above his head rippled, and a figure appeared. It was the demon Lord of the East Sea. He didn't stick his entire body out of the hole. Instead, he extended a hand, which suddenly expanded and grabbed at Tang Hao. Tang Hao's expression changed. He felt the space around him twist and a suction force pull him in. "Moon-picking hand!" Sir system exclaimed. The moon-scooping hand was the specialty of the East Sea demon Lord. It could distort the void and capture people from a long distance. At the same time, it could also transfer people to a certain place. "Argh! Not good!" Then, as if it had thought of something, Sir system's expression changed drastically. It instantly burst out and slashed out a sword at the East Sea demon Lord. But it was already too late. The air flickered, and Tang Hao's figure

disappeared. "Success! Hahaha! That kid is dead for sure!" The spirit Emperor and the others were overjoyed to see this. "Where did you guys take him?" Sir system's face was extremely gloomy. "Woof! Old man Wang, where do you think we can take him? of course, it's that place. As long as he entered, he would be dead! It's been so many years, and no one has ever returned alive from there." The spirit Emperor sneered. Sir system's expression changed again, becoming extremely ugly. He knew that there was only one place in the Dao Lake that the spiritual Emperor had mentioned, and that was the well. It was an extremely terrifying well, and it was said that even Dao severing experts who entered it would be buried there forever. "You bastards!" Daoist Liu was furious. "Liu, don't mess with me. We'll kill you too!" The spirit Emperor said in a cold voice. Then, he laughed and said, "Let's go!" "Hahaha! That kid is finally dead, I can finally rest assured!" "Yup! That brat is too terrifying. If he doesn't die, we will die in his hands sooner or later. The only thing is that it's a pity for those treasures!" The group of people laughed carefreely and gradually left. "Motherf * cker!" Daoist Liu clenched his fist in frustration. "Al! This time, that kid is really in trouble!" Sir system sighed. "This Dao Lake and that well definitely have a great origin. Once you fall in, you'll definitely die!" "This group of bastards is too sinister!" Old Daoist Liu cursed angrily, becoming more and more vexed. At this time, Tang Hao appeared in a dark space, falling down. "Where is this place?" Tang Hao tried to stabilize himself, but a powerful force pulled him down. "Eh? Why is it a little narrow?" Tang Hao extended his hand to feel his surroundings. He realized that he was in an extremely narrow passage that kept falling. "It can't be in the well, right?" Tang Hao suddenly remembered that Sir system had mentioned a well before. It said that it was the scariest place in the lake. After touching it for a while, the feeling became stronger. "F * ck! He really fell into the well! This group of bastards! Just you wait! Also, old whale, I'll remember you!" "F * ck!" Tang Hao cursed. After a while, he was still dropping, which made him feel a little abnormal. After an unknown period of time, Tang Hao finally fell out of the well and landed on solid ground with a thump. "Aiyoi!" "Ah!" Tang Hao exclaimed. He pushed himself off the ground and tried to stand up. At this time, a bone-chilling coldness came from his hand. Looking carefully, it was not the ground under him, but a piece of ice. The coldness spread all around, and it was an extremely cold place.
