

The Mightiest Little Peasant Chapter 1254

"F * cking good!"

Liu heihu's eyes twitched as he cursed in his mind.

He really wanted to fight it out with this bastard in front of him, but when he saw that smiling face, he lost all his courage. This guy looked like he was smiling, but he was actually very ruthless!

What if he lost and lost his life?

He unwillingly took off the ring and handed it over.

"Brother Liu, you're such a good person!"

Tang Hao said. He took the ring and scanned it with his soul consciousness. His eyes brightened as he praised,""Brother Liu, your harvest has been pretty good recently!"

Liu heihu wanted to curse.

Damn it, so what if the harvest is good? didn't you still snatch it away? it's just nice for you, you bastard.

"Let's do this! We'll meet again!"

Tang Hao put the ring away, smiled at him, then turned around and left.

"Damn it, you bastard, it's best If We Never Meet Again!"

Liu heihu mumbled.

"Just you wait, Tang kid. I, Liu heihu, am not a pushover. One day, I will take my revenge."

He only dared to curse after Tang Hao had walked away.

He cursed in that direction and vented his anger. Then, he squatted down and continued digging. He had been happy before, but now he had a face full of resentment and grievance.

“I, Liu heihu ... Am so miserable!”

“Wuwu ... Why is my life so miserable?”

As he dug, he was overcome with sorrow. He sobbed a few times and was on the verge of tears.

It was a nightmare to be robbed of all the treasures by that bastard again and again.

“Hmph! A man’s tears won’t fall easily, these are just small setbacks, a test from the heavens to make me stronger. I, Liu heihu, can’t be defeated.”

A moment later, he wiped away his tears and pulled himself together.

Meanwhile, Tang Hao was happily digging for souls with a group of souls.

There were many antiques in the ruins, all of which were of the highest quality. Occasionally, they would find a few corpses that were completely decayed. After rummaging through them, they could find a few ancient treasures.

“This is ... A senior true treasure?”

Tang Hao found a sword on one of the corpses.

The body of the sword was simple and unsophisticated. It looked ordinary, but when Dao energy was poured into it, the body of the sword trembled and let out a clear sword cry, bursting with a shocking aura.

“Good sword!”

Tang Hao could not help but praise.

At the same time, he was even more shocked. All the treasures he had found along the way were senior true treasures.

“Could it be that everyone in Kunwu has a senior true treasure?”

Tang Hao was speechless when he thought of that possibility.

However, on second thought, it wasn't impossible. After all, this was Kunwu, a mythical place. In his eyes, senior true treasures were rather precious, but in Kunwu, they might be as common as cabbages.

“What ... Happened here?”

The question grew more and more intense in Tang Hao's mind as they traveled.

From the looks of it, a world-shaking battle had broken out here. Mountains crumbled one after another, and all the sky-floating islands fell and were smashed into pieces. Even the void was shattered.

That battle would definitely be extremely brutal.

However, there were too few clues. Tang Hao had no way of guessing what had happened in ancient times.

As he walked forward, he suddenly heard the sound of fighting in front of him.

“You bunch of crawlers, get lost!”

“These remains all belong to the descendants of our kind. You human beings can forget about touching them!”

The sounds of battle could be heard.

Tang Hao activated his precious eyes and looked in that direction. He saw more than ten old human monsters fighting with several giant beasts.

There was a giant tortoise, a nine-headed Eagle, and a six-eared macaque.

Tang Hao's eyes brightened.

"So much food ..." He couldn't help but swallow his saliva.

"This group of animals is here too! That's great! Eat them, eat them all!"

He became excited as he stared at the giant beasts, his eyes shining.

In front of them, the old monsters of the human race and the descendants of chaos were fighting intensely. Suddenly, both sides were stunned, because they heard footsteps from the fog beside them.

Someone's coming!

They immediately became alert.

Vaguely, there were mumbling sounds in the fog.

"I've eaten a turtle, a steamed giant turtle. It's very delicious! A nine-headed bird and a monkey. I've never tried them before, but I must try them this time."

Both parties were stunned when they heard this.

The group of old monsters' eyes were wide open, and their expressions were somewhat shocked, even frightened.

Who was this guy? Which group of brutal people? He even dared to eat the descendants of the wilderness!

One had to know that even those sect Masters didn't dare to eat the descendants of the chaos!

The few giant beasts were all furious, their eyes filled with killing intent.

“You have guts!”

“You’re looking for death!”

They roared in anger, their voices like thunder.

The six-eared macaque couldn’t wait any longer. It grabbed the iron stick and swung it.

His body was extremely huge, reaching a height of 300 meters, like a small mountain. That metal cudgel was also 300 meters tall, and the sound of the cudgel striking down was extremely shocking.

However, the metal cudgel was stopped by something before it could land.

The monkey was stunned. Then, it became even more furious. It bared its teeth and pressed down with all its might.

However, no matter how hard he tried, he couldn’t push it down.

“Hmph!”

“Hmph!” A cold snort exploded in the nine-colored crystal Mist, followed by a violent shout, “Stinky Monkey, I’ll break your skull and make braised monkey brain with your brain!”

When monkey heard that, he nearly went mad from anger!

His eyes turned crimson red as he pressed forward madly.

However, he still couldn’t suppress it.

Suddenly, a huge force came from the other end of the metal cudgel and pulled it over. Then, a figure scuttled out. A huge Golden Palm appeared in his right hand. He held the thousand-foot giant cudgel and ruthlessly smashed it.

Ah!

With a shrill cry, the monkey was knocked back and staggered.

Then, the metal cudgel continued to strike down.

Peng Peng Peng!

Strike after strike, the monkey's arm was broken, and blood spurted out. Then, its skull was smashed, and its entire head exploded.

The group of old monsters, as well as the old turtle and the old Eagle, were all horrified.

Oh my God!

To kill a perfect Dao seeking six-eared macaque with a single blow, how insane and brutal was that!

This ... Is this even human?!

When their gazes landed on the figure and took a closer look, they were even more frightened out of their wits.

"It's the King of Qin, Lao Ai!"

The human cultivators exclaimed in shock.

"It's that terrifying glutton, the devil!"

The old Eagle and the old turtle trembled in fear, showing extreme fear.

They all knew that this human brat was extremely daring and brutal. Not only would he kill them, but he would also eat them. Once they fell into his hands, they would end up in an extremely miserable state.

His strength was even more terrifying. He was a young sect master who could rival their divine Masters.
