

The Mightiest Little Peasant Chapter 1272

“Is this the divine bow?”

“What a powerful aura, as expected of a tribulation tool!”

The four perfected cultivators exclaimed in shock.

Then, their expressions changed. The bow’s aura was getting stronger and stronger, and they were all a little shocked.

Half-step Dao crusher, plus a tribulation weapon ... This kid’s strength had completely exceeded their expectations.

Moreover, there was also a terrifying old demonic tree at the side.

“Let’s go!”

The four of them were not stupid. They had all lived for thousands of years and experienced hundreds of battles. They naturally knew how to judge the situation and knew that it was hopeless to kill this kid today.

If they really fought, the four of them would be at a disadvantage.

They made a prompt decision and turned to leave.

Tang Hao did not fire the arrow. He waited until the four of them were far away before he dispersed the arrow.

With four Dao-severing old monsters, even with senior locust tree’s help, he was not confident. Moreover, once they started fighting, this Valley would be razed to the ground.

On the other side, the four of them ran a distance away and stopped.

Their expressions were a little ugly. They had thought that it would be an easy task, but they did not expect that they would be the ones to escape in a panic. It was really humiliating!

“That kid ... Is really strange! No one would believe that he’s half-step Dao crusher in his twenties!”

The four of them still found it hard to believe when they thought of that kid.

At the same time, they were even more depressed.

Which one of them didn’t painstakingly comprehend for more than ten years, or even decades, before successfully comprehending the Dao, condensing a Dao fruit, and stepping into the half-step Dao severance realm?

This process could be said to be extremely difficult.

However, this kid only spent a few months. It was simply infuriating to compare.

“Freak! He’s truly a monster!”

“And that old demonic tree is also very strange!”

The four of them cursed, their expressions somewhat dejected.

“Don’t be discouraged. There’s always a way to deal with that kid. Let’s go back first and make a good plan.” The gray-robed elder waved his hand and consoled everyone.

Then, he took out a small golden sword and tried to cut open the void.

At this moment, beams of light shot over from the distance at an unbelievable speed. There were a total of five figures, each with an extraordinary aura and a ring of Dao behind them.

The two groups of people immediately met face to face.

The group of people’s expressions changed drastically.

“Not good! I’m a step too late!”

“It’s the Yin Yang, holy flame, and the others. Did they take the treasure?”

They whispered a few times, and their faces immediately revealed unkind expressions.

However, they soon realized that something was wrong. These four people didn’t seem to have succeeded. If they had, they would probably be grinning from ear to ear.

But now, these four people were clearly depressed and looked a little embarrassed.

Could it be that ... They had failed?

Impossible! These four guys were quite powerful. Even if that kid had a tribulation weapon, he wouldn’t be able to block them at all.

That’s right, he must have run away. I heard that this kid is extremely cunning and has a void sacred art. It won’t be easy to kill him.

When they thought of this, they were overjoyed.

It’s good that they ran away. That way, they still had a chance. Once the treasure fell into the hands of these guys, they would have no share.

“Hahaha! Yin and yang elders, you guys can’t do it!”

One of the perfected cultivators in the lead sneered at the gray-robed elder.

“You guys are really useless. Isn’t he just a little brat? how could you let him run away?”

Behind him, the others also laughed.

Daoist Chi Lian and the others 'faces darkened. They were a little displeased.

“Yao, don't laugh. If it were you, you wouldn't be able to either! The sky Valley that day is not simple, there are powerful people in there!”

The two elements Supreme shouted indignantly.

The group of people laughed again when they heard that.

“Not simple? Buzzzzzz! It's just a Broken Valley!”

“That's right, what kind of powerful people are there in this place! Who are you trying to fool!”

They did not believe it and thought that the yin and yang elders were making it up.

“If you don't believe me, you can go and see for yourself! That kid didn't run away, he was in the Ritian Valley that day!”

The yin and yang Daoist and the others were all angry.

“You didn't run?”

The group of people were stunned at first, then they were overjoyed.

“That's great! Hurry, hurry up and kill that kid!”

“Yin and yang old man, just you wait! We're not as useless as you. We'll definitely break into that Valley, drag that kid out, and kill him. We'll take all the treasures on him!”

They laughed with joy and confidence.

After that, he left for the sun Sky Valley in a hurry.

“You’re too naive!”

Watching them leave, yin and yang Taoist and the others sneered.

“Stinky brat, come out and face your death!”

As soon as they arrived in the sky above the sun Sky Valley, they quickly set up a formation to seal the void. They also took out several killing formations to break the defense of the valley.

Their killing intent surged, and they were already prepared for a great battle.

But then, they were stunned. In the valley, a ray of light shot up into the sky. It was an ugly and old locust tree. Although its appearance was ordinary, the aura it emitted was extremely terrifying.

The group of people’s eyes widened, and they were a little dumbfounded.

Then, another figure appeared. It was a young man with a bronze bow in his hand and a faint Dao ring on his back.

When they saw it, they were stunned again, and their eyes widened even more.

An old tree demon at the level of Dao severing?

And that kid, he’s half a step into Dao severance?

They were completely dumbfounded!

In the next moment, his whole body quivered, and he sprang up, turned around, and ran.

“Run! Hurry up! We can’t kill this kid! This kid is too abnormal!”

“Damn, I’ve really seen a ghost!”

As they ran, they cursed and swore, feeling extremely depressed.

“Hahaha! Old man Yao, how was it? Now you know how powerful it is!” In the distance, the yin and yang perfected Lord and the others laughed heartily.

“Hmph!”

True Lord Yao and the others snorted in unison, their faces ashen.

“Let’s go!”

The two elements Supreme raised the golden sword in his hand, split the void, and walked straight away.

True Lord Yao and the others were about to leave as well when another group of people arrived. When they saw their sorry state, they laughed out loud and mocked them.

“If you’re so good, then go ahead!”

True Monarch Yao and the others were furious.

“If we’re going, then we’re going. Watch carefully!”

This group of people were also very confident, and they rushed to the sun Sky Valley aggressively. When they arrived, they saw two figures standing above the valley, one man and one tree.

The tree’s aura was shocking and somewhat terrifying.

That person held a bow in his hand and formed a Golden Arrow, aiming at them.

They were stunned, and their murderous intent was completely dispelled. Then, he shuddered, let out a strange cry, turned around, and ran.

“Mother! It’s too scary!”

“That tree is very terrifying! ‘That kid is even more terrifying. He’s a half-step Dao crusher!’ Is there still any justice in this world?”

As they ran, they cursed.

Soon, another group of people arrived. They were the same. When they saw the man and the tree, they shivered in fear and ran away.

The group of protectors had all run away.
