

## The Mightiest Little Peasant Chapter 1363

As he pointed his finger, the starry sky trembled.

An aura as vast as the abyss and as vast as the prison gushed out, turning into a furious tide that rolled in all directions.

Endless golden light bloomed and illuminated the entire starry sky. In the golden light, an extremely huge finger the size of a thousand-foot mountain condensed.

On its golden surface, there were many mysterious patterns.

“It’s so big!”

Everyone raised their heads, their expressions dazed.

On the peak of the mountain, the giant golden finger was unimaginably large. The aura it exuded was even more terrifying, causing their hearts to tremble in fear.

This finger was like a god’s finger, its power was monstrous.

“This ... How is this possible!”

The group of heaven monarchs exclaimed in shock, and their expressions changed drastically again.

The aura of this finger actually made them feel a trace of fear. But how was this possible? they were mighty figures who had become Immortals!

Moreover, it was only a soul!

Who was this Dao hun? And where did it come from?

At this moment, they were completely dumbfounded.

“F \* ck!”

Even Tang Hao was speechless.

The power of this finger was too powerful.

“This finger is known as the great void finger. It is an absolute art of the great void heaven. Back then, the people of the great void heaven tried to kill me, but I killed a few of them instead. I learned this absolute art.”

The Blood King said indifferently as he looked at Tang Hao.

The finger was completely condensed and pressed forward.

The giant Azure Palm was like paper in front of this finger, easily shattered.

The golden sword light that had shot over was crushed by this finger and exploded with a bang.

It was as easy as crushing dry weeds and smashing rotten wood. Nothing could stop this finger.

After destroying the light, the finger continued forward.

“Not good!”

“Hurry up! We must block it!”

The group of heaven monarchs shouted and attacked the giant finger.

“Explode!”

The Blood King clenched his fist and exhaled softly.

The giant golden finger exploded in an instant, and rings of terrifying golden ripples swept out.

Ah!

Pfft!

With a few miserable shrieks, several Lords of Heaven were caught off guard and were swept by the ripples before they could even use defensive means. They were immediately shaken and sent flying.

The aftershock even swept into the crowd.

“Aaah!”

The screams were endless.

Everyone revealed a look of extreme fear as they frantically fled.

“Hiss!”

Those who weren't affected all sucked in a breath of cold air and revealed looks of fear.

The power of a single finger was actually enough!

What a terrifying strength!

“Who are you?”

After the heaven monarchs steadied themselves, they looked at Dao hun with grave expressions.

They felt even more uneasy in their hearts.

If a soul had such divine might, one could imagine how terrifying this fellow's original body was!

The Blood King did not say a word as he stepped into the air.

He put his hands behind his back and looked around in a daze.

“You guys ... How dare you!” He shouted coldly, “how dare you bully the people of Qiyuan!”

The heavenly Lords were stunned.

This person was a xiuzhe from Qiyuan?

Impossible! How could such a terrifying person come from that broken place of Qiyuan?

Wait a minute, could this guy be a soul left behind by an ancient expert?

Qi Yuan was an old star, and it had once been glorious in the past, producing many experts.

Their expressions were a little ugly. They never thought that the kid would have such a powerful trump card.

“You guys dare to be so arrogant because he has no background. If it was someone else, would you guys dare to touch him?” The Blood King laughed coldly. “But do you really think that I, Qiyuan, am lacking in people?”

“Hmph! Big words! It’s just a soul!”

Heavenly Lord rixiao said angrily.

The Blood King’s eyes narrowed as a cold glint flashed in them. “Who Do You Think You Are? even if your ancestors were here, they wouldn’t dare to speak to me like that!”

As he spoke, he raised his hand and pointed at the rixiao heavenly Lord.

Heavenly Lord rixiao's expression changed drastically. He hurriedly blocked the attack and was sent flying by the giant golden finger. Peng, Peng, Peng. Along the way, countless meteorites were shattered.

"Old man riyue ... You know the founder of Mount riyue?"

He stopped, his pale face full of bewilderment.

Then, as if he had thought of something, his body trembled and he revealed an expression of extreme shock and fear.

"It's you ... It's you!"

He raised his hand and pointed at The Blood King as he spoke in a trembling voice.

"Old man rixiao, who is he?"

A heaven monarch asked doubtfully.

"He ... He's that terrifying demon, a legend! He's the only Supreme monster who has ever reached the top of the Dao tomb!" Heavenly Lord rixiao swallowed his saliva and said with difficulty.

"What? He's that terrifying devil?"

Upon hearing that, the rest of the heaven monarchs turned pale with fright. They looked at The Blood King with fear in their eyes.

Thousands of years ago, a terrifying figure had appeared in this star region. He had extraordinary talent and had once reached the peak of 10000 feet. However, this person was arrogant and fearless. He was abnormally brutal and had killed countless people. For a time, he became a taboo.

"Why is he also Qiyuan 's? Also, why did he leave a soul on the mountain?"

They found it unbelievable.

At the same time, he was more and more frightened.

This demon was not a soul left behind by an ancient expert, but a figure from thousands of years ago. Perhaps his actual body was still alive.

Thousands of years had passed, and he had no idea what cultivation level this guy had reached!

This is not good!

Their hearts sank. They could not afford to offend such a terrifying figure.

However, he couldn't let the kid go. If he was let go, he would become another terrifying monster when he grew up.

For a time, they were caught in a dilemma.

"Motherf \* cker! What a coincidence!"

They were cursing in their hearts.

"Se ... Senior, this has nothing to do with me. It was old man rixiao who dragged me into this. He wanted me to hold the fort. It was all his idea!"

Some quick-witted heaven monarchs immediately changed their expressions and pointed their Spears at heaven monarch rixiao.

"Yes, yes! It's all his fault. I didn't want to come, but he insisted on dragging me along! Senior, it's all his fault!"

The other heaven monarchs also reacted and threw all the dirty water on heavenly Lord rixiao.

"You ... You bunch of bastards!"

Heavenly Lord rixiao was so angry that he almost vomited blood.

This was a complete set-up! It was slander!

“Senior, it’s a misunderstanding! It’s all a misunderstanding!”

The group of heaven monarchs had smiles on their faces, and they were extremely polite. Some of them even bowed and knelt, and their smiles were somewhat flattering.

This scene left everyone speechless.

The speed at which he changed his attitude was too fast!

“Hmph!”

The Blood King scanned the area and snorted coldly.

“Let’s go!”

He shouted at Tang Hao.

Tang Hao nodded, then moved forward.

“Aiya! Little brother Shi, this is all a misunderstanding. Please don’t take it to heart!”

“Little brother Shi, congratulations!”

The group of old monsters who had become Immortals smiled at him. Some apologized, some congratulated, and their expressions were indescribably respectful and warm.
