

The Mightiest Little Peasant Chapter 1402

“Shi Ritian’s pill debate? Beginner, intermediate, Oh my God! There are also advanced and ultimate versions!”

“Top secret? Shocking?”

Everyone gathered around to take a look and was shocked.

The titles of the books blinded their eyes.

Then, they became excited. What top secret? shocking? it sounded amazing. There must be something useful inside.

They rubbed their hands together, a little impatient.

“Brother Shi, how ... How many books are these?”

They asked anxiously.

“Five!” Tang Hao stretched out his hand and spread his fingers. “I’ll only ask for five Yuan. No matter what book it is, I’ll only ask for five Yuan!” The price is cheap, the quality is good, and I’m honest with the old and the young!”

“If you think it’s useless after reading it, you can refund it. I guarantee you’ll be satisfied!”

Tang Hao patted his chest and made a solemn vow.

When everyone heard this, they became even more excited.

There were also people who touched their pockets and hesitated, “Brother Shi, I ... I don’t have enough money. What should I do?”

“It doesn’t matter, I should have at least five Yuan! I bought an introductory chapter or this beginner version to take a look first. Or, I can give you credit and pay you back in the future!”

Tang Hao said straightforwardly.

“Thank you, brother Shi!”

“Brother Shi, you’re the best!”

They said gratefully.

Then, they began to choose.

“I want this. I want a set of the stone sun heaven pill debate. Or, I want a set of a million types of plants!”

“I want ... A set of equipment!”

As they picked and picked, they all started to fight for it.

Some paid the full amount, while others tidied up the accounts and left in a hurry.

In the distance, a few people saw this scene on sky-covering peak and curiously stopped one of them to ask.

“What? The teaching materials compiled by Shi Ritian?”

“Hahaha! You bunch of idiots, you’ve been tricked! He, Shi Ritian, even compiled teaching materials? Who does he think he is? a Grandmaster?”

“Five Yuan for a book? F * ck! This kind of trash is worth five Yuan? why doesn’t he just Rob someone! You bunch of idiots actually believed him. You deserve to be cheated!”

When those few people heard this, they couldn’t help but burst out laughing.

They scoffed at the teaching materials.

Shi Ritian was indeed capable, but he was just a young man. He was far from being as good as the teaching materials compiled by the Masters.

For things like teaching materials, people without experience would not be able to come up with them well.

This was clearly a scam!

He took it over and took a look. Basic, intermediate, advanced, and many other books. They were even more certain of their thoughts.

“If this isn’t a scam, I’ll eat these Jade slips!”

They couldn’t help but sneer.

“Quickly return it to me!”

“Tsk! We don’t want this kind of trash!”

They threw the Jade slip back and left while laughing.

Very quickly, the news spread.

“Did you hear? Shi Ritian released a bunch of teaching materials. They’re selling for five Yuan each!”

“What? Five Yuan for a book? They’re robbing us!”

“Hey! He must be lying! Who would spend five Yuan on this kind of thing? He can only fool those idiots who see him as an idol!”

After hearing this, everyone burst out in laughter.

In their eyes, only the grandmasters were allowed to produce teaching materials. How could a young man like him have the ability to do so?

“This Shi Ritian is too unkind!”

“You’ll get your retribution for scamming people!”

The descendants of the Gu family were even more furious about this matter and started to attack Shi Ritian. Especially when Lei zhentian and the rest heard about this, they were secretly delighted.

Previously, that man surnamed Shi had broken through three rankings in a row and had acknowledged so many masters. His reputation had reached its peak in a short time. Among the elders, he even had the good reputation of being a good youth.

But now that he had done this, he had completely ruined his own reputation.

When they publicized this matter, it was inevitable that they would add oil and vinegar to it.

As such, the jeers and jeers in the courtyard increased. Those who were jealous of Shi Ritian all joined the group.

For a time, there was a lot of scolding.

When those elders heard this, they all frowned.

From the sound of it, it did seem like he was scamming money.

“He’s so young, why is he compiling teaching materials! This young man is too arrogant!”

“I’ll see! He’s too unkind in this matter!”

The elders were also a little dissatisfied. They all thought that Shi Ritian was too proud and arrogant.

For the next few days, this matter had caused a huge commotion and even reached deputy headmaster Bai's ears. Under the guidance of some people, Shi Ritian's reputation had plummeted.

His so-called teaching materials had also become a joke.

However, no one had ever seen these teaching materials. They all thought that these were all rubbish and were scamming people. They didn't care about them at all. Those who bought the books were also treated as jokes by them.

These people were all grassroots disciples with poor backgrounds. They had always been looked down upon by the descendants of the ancient race. Now that they were laughing, they naturally had no scruples.

These people who bought the books were silent the entire time. They had no time to care about these rumors. They were all in seclusion in their cave abodes, studying these ancient books. They were so engrossed in reading that they forgot to sleep and eat.

Tang Hao didn't pay any attention to him. He stayed in his cave abode and compiled more books.

Just like that, seven or eight days passed. A grassroots disciple who had bought a book came out of seclusion. As soon as he came out of his cave abode, he immediately went straight to the pill Valley.

"Eh? Isn't that Zhao Dahu? He's out!"

"Zhao Dahu? I heard that he bought that Shi guy's teaching materials. He's just as stupid as he used to be!"

At the entrance of the valley of alchemy, the crowd saw Zhao Dahu and began to whisper and laugh.

Their gazes were as if they were looking at a fool.

This Zhao Dahu was born on a remote cultivation planet in the Dong Lin star field, and he had some fortuitous encounters before becoming a genius and entering the equal heaven Department. However, his background was very poor, and he was a typical grassroots.

Hearing these mocking voices, Zhao Dahu coldly snorted and rebuked, "You guys can laugh all you want. I'll see if you can still laugh later!"

"Brother Shi ... No, master Shi's power is not something you people can understand!"

After saying that, he swaggered into the valley and entered a wooden house.

"Yo! This surnamed Zhao dared to be so arrogant! They dare to insult us!"

"Master? Hahaha! Has this Zhao guy been brainwashed? or is he too stupid?"

The crowd was shocked at first, then burst into laughter.

After laughing for a while, they were ready to leave. They didn't take the words of the man surnamed Zhao seriously at all.

However, at this moment, the ranking on the Jade wall changed. The last name disappeared and a new name appeared.

"Zhao Dahu?"

"F * ck! Are my eyes playing tricks on me? That fool can also be on the list?"

Some people noticed this and were dumbfounded.

They rubbed their eyes in disbelief.

However, no matter how he looked at it, the name on the list was real. It had even jumped up one place to the 99th place!

"Heavens!"

Everyone's body trembled and they were all stunned.
