

The Mightiest Little Peasant Chapter 1465

Puchi!

With a soft sound, the hand was pulled out, bringing with it a spray of pale golden blood.

In his palm, there was a ball of dazzling golden light.

It was a bone! Golden God's bones!

"Hahaha!" He grabbed the bone and laughed out loud. "This true dragon Bone belongs to my Yuchi clan!"

In the square in front of the hall, everyone was stunned by this sudden change and couldn't react in time.

In the air, the figure pounced on Academy master Qitian. With a wave of his hand, a jet-black divine light shot out.

Academy master Qitian's expression changed drastically, and he was extremely shocked.

It was a half-celestial Saint!

How was this possible?

He flicked his sleeve and blocked the attack. When he looked again, his expression changed again and he exclaimed, "Yuchi Yuan? Aren't you dead?"

He recognized the person. It was the old ancestor of the Yuchi ancient clan. He had already reached the great circle of the immortal state a long time ago. About a hundred years ago, he had disappeared while exploring a historical site.

Everyone in the world said that he was already dead.

But now, he had appeared again and had broken through to the half-immortal realm.

“What do you want to do?” “Shut up!” Academy master Qitian scolded.

He looked down and when he saw the change below, he became even more furious. His body moved and he was about to pounce down.

“Don’t even think about it!”

Yuchi Yuan snorted and stopped him. “That kid’s bone, my Yuchi clan wants it. As long as that little girl Qian ‘er swallows this bone, her inborn divine bone will be strengthened again. At that time, no one in the younger generation of this world will be her match!”

“In time, my Yuchi clan will have a second Saint! At that time, my Yuchi race will be the number one race in Donglin!”

“You ... Good! The heavenly Academy has always treated your Yuchi race well, and this is how you repay us?” The sect master was furious, and his face became ferocious.

“Swish!”

Yuchi Yuan sneered. “What’s the point of saying all this now? your heaven-reaching Academy has been mighty for so long, and it’s time for you to take a break. It’ll be the era of my Yuchi clan in the future.”

“Oh! That’s right, not just that bone, my Yuchi clan wants both the divine blood and the decree!”

He looked down and his gaze fell on Tang Hao.

“Tsk tsk! How pitiful! This kid was able to cultivate a true dragon Bone to the fourth form. He’s quite the character. I heard that he’s also very talented in alchemy and formation. It’s a pity that he’s gone just like that.”

Although he said it was a pity, his face was ice-cold, and one could not see the slightest regret.

“My good disciple!”

In the square in front of the palace, several angry shouts rang out as several Masters rushed over from all directions and pounced on the three Yuchi race people.

“You’re overestimating yourself!”

The Yuchi race’s heaven monarch who was holding onto the God’s bone snorted and put it away. With a wave of his hand, a flying sword shot out while the other two Yuchi race’s heaven monarchs attacked.

In a single exchange, the few Masters were sent flying.

“Cough cough!”

Tang Hao coughed violently. He struggled to get up from the ground. A large hole had appeared in his chest, and blood was continuously flowing down.

“Return my bones!”

He raised his head. His eyes were bloodshot and his expression was crazed.

“Hmph! Brat, you’re about to die, why do you need a backbone! This bone belongs to my Yuchi clan now!” That heaven monarch shouted, “not only this bone, I want everything you have.”

He reached out his hand and tried to grab Tang Hao.

Tang Hao’s body flickered and disappeared. When he reappeared, he was already at the other end of the square.

As soon as he appeared, his body swayed and he almost fell.

That Dragon Bone had long been integrated with him. Now that his chest had been cut open and dug out, he had undoubtedly suffered heavy injuries.

“Eh? He escaped pretty quickly!”

The heavenly Lord's face darkened when he missed. He turned around and pounced on Tang Hao.

"You're looking for death!"

"Yuchi clan, you're quite bold! Aren't you afraid of being exterminated?"

The elders of the heaven-reaching Department finally reacted, and they roared as they charged forward.

Whoosh! Whoosh!

Another group of people jumped out from the side. It was the other Yuchi clan's heaven monarch experts. This time, they used the excuse of sending reinforcements as nearly half of the Yuchi clan's heaven monarchs had come.

In an instant, the two sides started fighting, and the square was in chaos.

There weren't many Yuchi clansmen, so naturally, they couldn't stop the many heaven's equal school elders. However, at this moment, countless rays of light surged down from the sky. The Allied army had arrived.

Those traitors had not only destroyed the formation base of the formation. At least half of the formation base had been destroyed, especially the illusion formation and the protective formation.

The Alliance Army quickly charged in as if there was no one around.

"Stop them!"

The elders had no choice but to charge forward and activate the remaining formations to stop the Alliance Army.

"Hahaha! Old man Qitian, the heavens want to destroy your Qitian Academy!"

The six saints rushed down toward heaven-equal peak and headmaster heaven-equal. The six of them, including Yuchi Yuan, made Seven Saints.

There were only two saints on the side of the heaven-equal Department, but there was also deputy headmaster Bai. Although he was only in the perfected immortal realm, he was extremely powerful. With the support of the killing formation, he was strong enough to fight a real Saint.

The three of them joined forces and fought fiercely with the seven Saints.

In an instant, the battlefield was divided into three. One was between the Saints, one was between the elders and the Allied forces, and the last was the square in front of the palace where dozens of elders of the Qitian Academy were fighting fiercely with the Yuchi race's heaven monarchs.

"Anyone who dares to offend the heaven-equal Department will die!"

Many elders of the heaven's equal Academy were fighting a bloody battle, and their battle intent was shocking.

As the elders of the Pure Land, they were all monstrous talents when they were young. They were extremely powerful. With the support of the formation, their combat strength was even stronger. They seemed to be able to crush the heavenly Lords of the celestial gate of the ancient clan.

"Die! All of you, die!"

Elder Wang Yun carried a sword and swept in all directions. He had killed countless heaven monarchs. His entire robe was dyed blood red, and the killing intent around him was shocking and almost tangible.

"Burn! I'll burn you to death! Hahaha! It's so cool!"

The weapon spirit of the Golden Crow turned into a beam of golden light with the blazing golden Crow fire. It shuttled around and pierced through the Lords of Heaven, burning them to ashes.

The immortal realm giant beasts also roared and fought with the heavenly Lords.

The giant silver ape held a huge metal cudgel and swung it around, smashing the heaven monarchs one by one.

The White divine Tiger waved its claws and killed one heaven Lord after another. It opened its mouth and swallowed them all.

They were all extremely brave and fierce, but there were simply too many enemies. They couldn't kill all of them.

There were also many heaven monarchs who didn't fight with them at all. They tried to find a way to bypass them and rush to the square in front of the hall. Their target was the boy surnamed Shi. They wanted to catch him and seize the decree and divine blood.

In the square, the elders of Qitian Academy had a certain advantage. However, as the heaven monarchs arrived one after another, the situation began to reverse. They were forced to retreat and were seriously injured.
