

The Mightiest Little Peasant Chapter 1508

Whoosh! Whoosh! Whoosh!

Countless rays of light bombarded over from all directions. They were densely packed and each ray was extremely magnificent.

These were all attacks from late-stage heaven monarchs.

Hundreds of heavenly Lords joined forces and created a huge commotion.

Tang Hao's feet used the Yu steps, and his body moved like a ghost. However, he could not Dodge so many attacks. With a few bangs, he was hit by more than ten beams of light.

Although he managed to block it, his body trembled and he fell back.

His face paled.

His cultivation was only at the middle stage. With the God spiritual bone and a set of tribulation artifacts, he could fight against a late stage heaven monarch. He was far from being able to fight against a dozen late stage heaven monarchs at the same time.

"He's injured!"

"Hahaha! Put in more effort and kill him in one fell swoop!"

The heavenly Lords were overjoyed, and their morale rose.

They activated their treasures and used all kinds of techniques to attack again.

"He won't be able to hold on for much longer!"

"He's alone. Facing so many late-stage heaven monarchs, he's dead for sure!"

In the distance, sneers could be heard from the crowd of onlookers.

At this moment, the situation was obvious. The void in all directions had been sealed, covered by layers of formations, and besieged by hundreds of late-stage heavenly Lords. This was a situation of certain death.

No matter how capable that Shi kid was, he couldn't escape today.

Even a perfected Lord of heaven would be killed by such an astonishing force, let alone a middle-stage Lord of heaven!

"This brat is also stupid. If he had run in the beginning, who could have stopped him? he just had to reveal his identity. Now, he's dead!"

"This brat has killed countless members of my Yuchi clan. To be able to see him being killed with my own eyes is truly satisfying!"

The sound of mockery and sneers spread through the crowd.

Many people from the ancient clans and celestial sects had deep grudges with this Shi fellow, so they were extremely happy at this moment.

"This kid ... What a pity!"

There were also many people who sighed with regret.

A God spirit bone, celestial grade talent. This kid's talent could be said to be the best in Donglin. His radiance was enough to make all the younger generation lose their color.

But now, such a monster was going to fall here. It was a pity.

Those young people had even more complicated feelings. They all had their own pride. In the past half a year, they had been painstakingly cultivating. They vowed to defeat this Shi person with their own hands and take back the title of number one.

But when they met again, they discovered in despair that their strength had not shortened, but had instead grown even further apart.

At this moment, this man surnamed Shi was about to die in the hands of an elder. They were all somewhat unwilling in their hearts.

“Surnamed Shi, why aren’t you obediently surrendering!”

Those late-stage heaven monarchs were blasting while shouting.

The dense light continued to pour out, making it difficult for Tang Hao to Dodge. With a few thuds, he took a few more hits and was sent flying, crashing heavily into the ground.

“Motherf * cker!”

He jumped up and cursed.

This situation was truly a little tricky.

He touched his chest and furrowed his brows. If it wasn’t for the protection of the cyan Emperor armor, he would have been killed. However, he couldn’t continue like this.

With so many late-stage cultivators, he would be exhausted to death sooner or later.

“Hahaha! Little brat, how was it? Let’s see if you can still be so arrogant!”

“Stinky brat, you killed my Yuchi Clansman. I’m going to skin you alive, extract your soul, and refine you into a malicious ghost. I’ll make sure you can never reincarnate.”

The heaven monarchs shouted with ferocious expressions.

Bang Bang!

Muffled sounds rang out continuously as Tang Hao was sent flying. He was in a more and more sorry state. Even the green Thearch armor was about to break apart.

The sneers and mockery from the surroundings slowly disappeared. Everyone held their breath and looked at the arena, waiting for the moment that the kid was completely killed.

Seeing the figure flying backward and even starting to vomit blood, the pleasure in their hearts grew stronger.

However, what surprised them was that no matter how many times he was sent flying, the kid could still stand up. He was unbelievably tenacious.

Even if his physical body was injured, he could quickly heal.

“Damn, is this guy a cockroach?”

The late-stage heaven monarchs were speechless. If it were a middle-stage or late-stage heaven monarch, they would have been turned into ashes by their attacks. However, this kid was still intact and could stand up continuously.

This guy’s stubbornness really shocked them.

“Continue bombarding!”

“Let’s see how long he can last!”

The group of late-stage heaven monarchs continued to attack. At the same time, they were also secretly preparing to snatch the body and the treasures once this kid died.

Especially that God spiritual bone, he definitely couldn’t give it to anyone else.

“One ... I’m still missing one more!”

Tang Hao was sent flying. He got up again and mumbled to himself.

His eyes were still bright as he looked around and scanned all these late-stage heavenly Lords.

“One type? What kind?”

The heaven monarchs listened carefully and were a little confused.

They didn't mind and continued to attack.

At this time, they were not as forceful as before. They all relaxed and had some thoughts of teasing and bullying.

Just like that, Tang Hao was sent flying again toward a group of heaven monarchs. He crashed down not far from them and spat out a mouthful of blood. He looked like he was about to die.

“Hahaha! This kid is dying!”

The heavenly Lords were overjoyed. They couldn't hold it in any longer and rushed out, wanting to kill this kid and take his body.

When the other heaven monarchs saw this, they were all anxious and rushed out.

In the blink of an eye, the four or five heaven monarchs were already in front of Tang Hao.

Their expressions were crazed, and their eyes were filled with extreme greed and joy.

The treasures on his body were already at his fingertips!

However, at that moment, the dying boy on the ground suddenly stood up and a shocking aura burst out from his body.

He burst out and rushed straight to one of the red-robed heaven monarchs.

The few heaven monarchs were stunned and dumbfounded.

“Not good! It’s a trap!”

Their expressions changed, and they were about to retreat.

However, Tang Hao was already in front of the heavenly Lord. He unleashed his full power and attacked him with his most powerful attack.

Bang!

Under the heaven monarch’s horrified gaze, his protective light screen exploded instantly. Then, a golden light rushed in and headed straight for his abdomen.

His body trembled, and his eyes lost their focus.

Then, his entire body went limp, and there was no longer any life left in him.

The heaven monarchs from all four directions were stunned.

They found it hard to believe that this kid could still kill one of them while they were besieging him.

“Everyone’s here! It’s all here!”

Tang Hao stood there, holding the body. He laughed. His laughter grew louder and louder until it was like thunder that shook the world.

“You brat, what are you laughing at!”

“Don’t think that you can escape this calamity just because you killed one of us. You’re dead today!”

The heaven monarchs were a little embarrassed.

It was a disgrace for them to have one of their men killed by this kid!

“What am I laughing at? I’m laughing at how you don’t even know that you’re about to die!” Tang Hao’s laughter died down. He looked around with a cold gaze.

“You ...”

“You little brat! You still dare to speak such arrogant words!”

The heavenly Lords were furious. They activated their treasures and were about to attack again.

At that moment, Tang Hao waved his hand. A ball of light flew out from his body and floated around him.
