

The Mightiest Little Peasant Chapter 1552

The two divine ancestors landed on the wilderness.

They had all concealed their auras. Otherwise, just the leaking of their auras would have destroyed this wasteland.

The two of them looked at each other and then turned their eyes to the front.

Under the old tree, the figure was still sitting cross-legged, motionless. This surprised the two. They had been here for a while and made a lot of noise. It was impossible that this kid didn't know. How could he still be so calm?

"I think this kid has accepted his fate!"

The Dao master of the void snorted.

Even if he wasn't a transcendent mortal, he would still die if he were to encounter any of them. Furthermore, he was still a mere mortal. Even a Foundation establishment cultivator could easily kill him.

"I'll do it!"

The Dao master of the void said, "this brat has killed a few of my Dao of void's members. I have to take revenge for this!"

Saint ancestor Xuanzang didn't say anything.

"Kid, don't worry. I won't let you die so easily. I'll first extract your soul and torture you!" The Dao master of the void sneered as he walked towards the old tree.

When he was near, he reached out his hand and was about to grab the person under the tree.

At this moment, the figure trembled. His eyelids moved and suddenly opened.

In an instant, the void path master's body trembled and froze.

"This ... This is ..."

He blurted out, a look of shock appearing on his face.

The eyes in front of him were deep and unfathomably vast. In them, he saw the mountains, rivers, sun, moon, countless living beings, and even the bright Galaxy, the universe's desolation ...

"This ... How is this possible?"

"Ah!" He cried out in shock again, not daring to believe his eyes.

This fellow had clearly turned into a mortal. He was only a mortal now, so how could he still have such a pair of divine eyes?

He tried to sense it again. That's right. This guy didn't have any aura at all. He was just a mortal. But what was with his eyes?

"What's wrong?"

Saint ancestor Xuanzang was surprised.

She looked over and met that pair of eyes. Her whole body trembled and she revealed a look of shock.

"What's going on?" She exclaimed.

The situation in front of him completely exceeded common sense!

"You ... Aren't you in the process of becoming a mortal?" The void Dao master glared at the person in front of him. "Could it be that you've been enlightened?"

After he finished speaking, he shook his head and rejected this conjecture.

If he had, he would have already faced his immortal tribulation. Why was he still sitting here? with his means, it shouldn't be a problem for him to pass the first immortal tribulation.

Moreover, this fellow had only transformed for a few years. It had only been ten years! How could he have gained enlightenment so quickly?

This was simply impossible!

"Sudden enlightenment?" The person under the tree mumbled, "of course I've comprehended it! I've already comprehended it!"

The two Holy ancestors were stunned.

He had already comprehended it?

How was this possible?

They were even more confused.

At this time, the figure moved and slowly stood up. He had not moved for several years, and his body was covered with dust and dead leaves. As he stood up, they all fell down.

His figure gradually grew taller and straightened. A Grand aura also gradually rose from his body.

BOOM! BOOM!

In the sky, tens of thousands of Thunderbolts roared in unison, and a strong wind whistled and spread.

“I realized it three years ago. If I wanted to, I would have summoned My Immortal tribulation and become a saint!” He rose into the air step by step, and the aura on his body became more and more magnificent.

Lightning and wind spread out with him as the center.

Until the entire sky of the star was filled with thunderclouds.

All over the planet, regardless of whether they were mortals or cultivators, they all knelt down and trembled under the mighty heavenly might.

The two divine ancestors were even more shocked and suspicious.

This guy still looked like a mortal, but where did this aura come from?

All of this was simply too illogical.

The void Dao master really wanted to take action and get rid of this brat. However, he felt a vague sense of unease in his heart. After pondering for a long time, he still did not take action.

He couldn't help but chuckle bitterly. If word got out that he, a dignified Saint ancestor, had been frightened by a transcendent mortal brat and didn't dare to make a move, he would probably become a laughingstock.

He glanced to the side and saw that Saint ancestor Xuanzang was the same, so he felt a little better.

“However, I'm not willing to make do with it ... Transcending the mortal world is not my goal.” The figure was still walking up to the clouds.

The Dao master of the void was alarmed when he heard this. It seemed that this kid had really comprehended it. This kid was a little abnormal! He had only spent a few years to comprehend it. Back then, he had spent decades to comprehend it.

He silently cursed.

But then, he suddenly realized that something was wrong.

Not willing to make do?

Wasn't transcending the mortal world his goal?

F * ck! This kid's tone was really too big!

If he wasn't satisfied with transcending the mortal world, then what else did he want to transcend? Do you want to transcend the heavenly Dao? What a joke!

The corner of his mouth twitched, and he was about to sneer.

At this moment, a golden light flashed in the sky. It gradually brightened and filled the entire world.

In the endless golden light, a small golden person leaped from the figure's head and rushed into the sky.

"This is ..."

The Dao master of the void was stunned, and his eyes widened.

He was shocked at first, but then, as if he had recognized this thing, his expression became a little frightened.

The dignified divine ancestor was actually trembling in fear at this moment.

"Little brat, F * ck your mother! Do you not want to live anymore? If you don't want to live, don't drag me down with you!"

Then, he started to curse.

This is the F * cking self, this is the destiny Dao!

This brat really wanted to transcend this heavenly Dao!

This was simply courting death!

The heavens and earth could not tolerate this. Once he was about to undergo the Tribulation, the heavenly Dao would definitely send down the most terrifying lightning tribulation!

This brat must have gone through many world-ending tribulations by now, but those lightning tribulations were on a completely different level from the Tribulation he was about to face.

In the past, those things were just small fights because this kid didn't have much of a future. But now that he was about to become a saint and truly transcend the heavenly Dao, how could the heavens tolerate it? it would be strange if they didn't kill him!

Not just him, the entire planet would be buried with him.

"Hurry! Hurry up and leave!"

He was so frightened that his face turned pale.

At this time, his intestines were green with regret. Why did he come to find this kid! This kid was simply a lunatic!

Saint ancestor Xuanzang couldn't stay calm anymore, and her pretty face turned pale.

"Motherf * cker!"

She, who had always been well-mannered, also gritted her teeth and cursed.

The two of them immediately tore open the void and fled.

They didn't want any treasures. No matter how important treasures were, they couldn't be more important than their lives!

However, after trying a few times, they realized that they couldn't tear open the void around them.

"Not good! The immortal tribulation is coming!"

"We're finished!"

The two of them cried out in shock and looked up at the sky. They saw golden lightning starting to appear in the sky. A destructive aura spread out and enveloped the entire planet.

The immortal tribulation had finally come!
