

The Mightiest Little Peasant Chapter 1560

Planet Dong Ling was in an uproar.

In the past few days, a piece of shocking news spread. It was said that Shi Ritian had returned.

Who was Shi Ritian?

He was a person who had once shook Donglin and his name shook the world. He had done many great things and people gave him the title 'revered flame'.

However, about eleven years ago, he disappeared. It was said that he went to Beichen.

The moment he returned, he shook Donglin.

According to the news, Shi Ritian had already become a saint and had intercepted the Army of the heaven-reaching Academy in the starry sky. He had killed countless cultivators, including venerable Wuji and the master of the dugu family.

The Yuchi forefather and the other five Saints were also scared away, letting the people of the equal heaven Department go.

Now, the heaven-equal Academy had returned to Donglin and opened its Mountain Gate again.

The news was so shocking that no one believed it at first.

They didn't believe that there would be a Saint in his forties. It was ridiculous!

But soon, news came from the heaven-equal mountain range. Everything was true. The heaven-equal Department had really returned and rebuilt the mountain Gate.

The war god mountain and the primordial chaos dojo did not react at all.

"Looks like it's all true! Oh my God! That kid became a Saint just like that?"

Planet Dong Ling was in an uproar.

The waves were even more intense than when forefather Yuchi had become a saint.

The Yuchi forefather was an old freak, while Shi was only in his forties. He was so young that it was hard to believe.

"There are two saints in one Academy! I think the sky of Donglin is going to change again!"

The people of the world sighed.

The two saints from the heaven-equal Department and Daoist Qingzhu made up three of them. Although they weren't as strong as their opponents, they could still fight back.

From now on, planet Dong Ling would be divided into two major camps. One would be war god mountain, the primordial chaos Daoist sect, and the Yuchi race. The other would be the equal heaven courtyard.

Some of the ancient clans, such as the rain clan and the Thunder clan, who had a good relationship with the equal heaven Department, were now feeling a little regretful.

They had once decisively abandoned the heaven-equal courtyard and entered the other two great pure lands. However, they had once been close to the heaven-equal courtyard, after all. When they arrived in these two great pure lands, they were somewhat ostracized, and their days were not comfortable.

Now that he had seen the rise of the heaven-equal Department, he was a little regretful.

“He ... Became a Saint?”

In the primordial chaos dojo, Lei zhentian and the others were shocked when they heard the news.

They were dazed for a long time and couldn't believe it.

Then, he smiled bitterly and his expression dimmed.

Shi Ritian was just a grass root, not a disciple of any ancient clan. When he first entered the heaven-equal courtyard, his cultivation base was even weaker than theirs.

However, they were gradually left behind.

They gave chase with all their might, but they realized that it was all in vain.

They had just become Immortals, but that guy had already reached the middle stage. Now, they had caught up to the middle stage, but that guy had already become a saint.

“He actually became a Saint?”

Yushi min was also stunned for a long time.

As the reincarnation of an Almighty being, she had already awakened some of her memories, and her cultivation base had advanced by leaps and bounds. She was now in the late stage, almost at the great circle. She had assumed that her cultivation base would be number one among the younger generation, and had never imagined that there would be such a monster.

“Becoming a saint at the age of forty ... Even in the 33 heavens, it's rare to see such a monster!”

She mumbled to herself and laughed bitterly.

Then, as if she thought of something, she said in a low voice, “The Grand ceremony of blood source is coming soon. Now that he has become a saint, the power of blood source will probably not be able to sense him! However, he's a monster, so he'll definitely find a way to get past. ”

“The stone clan there is a bit powerful.”

As she spoke, she looked up into the depths of the starry sky.

In this starry sky, there were not only the five heavenly worlds, but also another world, the thirty-three heavens. However, it was not easy to enter that place.

The outside world was in an uproar, but it was quite calm in the heaven-equal courtyard.

All the disciples and elders were cultivating diligently.

On heaven’s equal peak, Tang Hao explained his true background to his Masters and the two deans.

“What? So, my good disciple’s surname isn’t shi, but Tang!”

“Tang Hao? I get it now, the word Hao is a bit magical!”

The group of Masters laughed.

“Qi Yuan star? Old star? I’ve heard some things about it. A long time ago, I seemed to have met some people from your side.” The Dean muttered.

Tang Hao did not reveal that he was from earth, which was also the so-called ancestral star.

“That’s the origin of everything. No wonder it can produce a talent like you!” The headmaster laughed.

Wang Liang’s master said, “my good disciple, you’ve been out for so long. It’s time for you to go back. Don’t worry, there won’t be any problems here. They won’t be able to break through the formation so easily this time.”

They chatted for a while longer, then Tang Hao stood up and said goodbye to everyone.

The affairs in the heaven-equal Department had come to an end for the time being, and he should go back.

Here, he had left behind many avatars, many of which had already infiltrated the major powers. He left some along the way so that if anything happened in Donglin, he could immediately send a message to Qiyuan.

“Illusion sea, let’s go!”

Tang Hao left the hall.

“Yes! My Lord!”

Monk Huan hai followed.

The two of them quickly left Dong Lin and flew toward the liuyun star area. From the liuyun star area, they would pass by a few star areas before reaching the nine gates star area. It was the first Star area Tang Hao had arrived at after leaving Qiyuan.

“It’s been almost fifteen years!”

Tang Hao sighed with emotion when he returned to the old place.

When he came out, he was still in the realm of one severing. But now, he was already an Almighty immortal tribulation cultivator, standing at the peak of this starry sky.

As they were flying past planet jumen, Tang Hao suddenly thought of something and stopped. “Let’s go down. I have some grudges to settle.”

His figure moved, tore open the void, and descended on the giant gate star.

In the past, he had thought that the giant gate star was rather large and had a vast territory. However, now that he looked at it, it was only so-so. His spiritual will moved and he quickly searched the entire star and found the mountain Gate of the Sun Moon Mountain.

“Who are you, state your name!”

“Who are you?” the disciples guarding the Gate of the Sun Moon Mountain shouted when they saw the two figures in the distance.

“I’m surnamed Shi!”

Tang Hao shouted coldly.

“Stone?”

The two disciples were stunned. Then, as if they had thought of something, they revealed a shocked expression.

“It’s you! Old Demon Stone!”

“You demon, you actually still dare to come!”

The two disciples rebuked angrily, but at the same time, they also revealed a look of fear.

More than ten years ago, this old Demon Stone had caused a sensation for a while. He had killed countless true Lords and was an extremely brutal demon.

They immediately retreated into the mountain Gate, and soon, the sun and moon Mountain was in an uproar. The Dao Bell rang, and countless figures flew out from the sun and moon peaks. They all had Dao rings on their backs, and they were all Dao-slaying perfected Lords.

“You little demon, you still dare to come to my Sun Moon Mountain!”

With a furious roar, long tieya flew out of the central hall and pounced at him.
