

## The Mightiest Little Peasant Chapter 1595

“It’s quite imposing!”

Tang Hao mumbled. He lowered his body and landed in front of the Dao of void mountain.

“Who are you?”

The disciple who was guarding the door shouted.

“Oh! I’m here to find someone.” Tang Hao smiled.

“Who are you looking for?”

“Your Daoist master!”

“What?”

The gate-keeping disciple was stunned.

“I’m an old friend of your Dao master. I just happened to be in Beichen, so I came to visit him! We’re just catching up! Why? He’s not here?” Tang Hao’s acting was natural, as if they were old friends.

The two disciples were dumbfounded.

Who was their path master? he was a Saint level expert who shook Beichen. Anyone who could become friends with him must be a Saint level expert!

They were immediately shocked and somewhat fearful.

“Senior, please wait a moment. This junior will go and report it now. That’s right, may I know your name, senior?”

The two of them bowed in unison and said respectfully.

“Just tell him that an old friend from Donglin is here,” Tang Hao said with a smile. “He’ll understand. What are you waiting for? go!”

“Yes, yes, yes! Junior will go now!”

The disciple on the left responded and hurriedly entered the mountain Gate to report to the main Peak’s Hall.

This news was first reported to the great elder. The great elder was greatly shocked. A martial Saint had arrived at their door. This was a big matter!

“From Donglin? Could it be that person?”

He recalled that not long ago, a Saint from Donglin had paid a visit to their Dao of void. His surname was Yuchi, and he was the patriarch of the Yuchi ancient clan in Donglin. He had invited the Dao master to Donglin, and it was said that he was going to deal with the equal heaven courtyard.

However, the result seemed to be a failure. Just two months ago, the path master returned from there with a Haggard expression and was injured.

“He wouldn’t be here to invite Dao master again, would he?”

He guessed and didn’t dare to delay. He hurriedly went to see the Dao master.

“What? An old friend from Donglin?”

The void Dao master was stunned when he heard this.

He didn’t have any old friends in Donglin.

That old weirdo Yuchi was only a casual acquaintance of his, and he had long since died. Could he be mountain Lord war god or primordial chaos Dao master?

“Daoist master, why don’t we ... Not meet?”

The great elder said in a low voice after observing his expression.

“No! See! I’d like to see what other plans they have!” The Dao master of the void said in a deep voice.

That stinky brat was too detestable. He had made him flee in a sorry state twice. This was a great humiliation. If he didn’t take revenge, he swore that he wasn’t a human!

The moment he thought of that kid, his anger surged and his old face turned red.

“Let’s go!”

He angrily walked out and swept towards the mountain Gate.

“You brat, just you wait! Do you really think I can’t do anything to you? Hmph! One day, I’ll kill you!” As he walked, he gritted his teeth and muttered angrily.

In his heart, he had already begun to ponder how he would deal with that kid when he fell into his hands!

At this moment, the mountain Gate was already in sight.

He looked up and swept his gaze over to see who it was.

It didn’t matter if he didn’t look, but the moment he did, he was stunned and petrified.

In the next moment, his entire body quivered and he almost jumped up. His old face was distorted with extreme shock and fear.

F \* ck!

How could it be that stinky brat!

What was he doing here?

At this moment, all the anger and killing intent in his heart had disappeared, leaving only panic and fear.

In the previous battle, this kid and that origin core clone had given him a huge scare.

He didn't even think, and like a rabbit, he jumped up, turned around and ran.

The first elder and a few disciples who followed him were all dumbfounded, their mouths wide open.

Oh my God!

What did they just see?!

They were the Dao Masters of the Dao of void, Saint-level experts who were renowned throughout the starry skies. However, they were actually scared out of their wits and were fleeing in panic.

How was this possible?

Were their eyes playing tricks on them, or were they dreaming?

"Cough cough!"

After running for some distance, the void path master came to a stop. His face was filled with embarrassment. He had forgotten that he was in his own home. Even if that brat were to come knocking on his door, there was nothing to be afraid of.

"How embarrassing! It was too embarrassing! What happened just now really damaged my image as a wise and powerful man!"

"Damn it, it's all because of this brat. If it wasn't for him, I wouldn't have lost so much face! What is this bastard doing here? Could it be that he's here to settle accounts?"

The void path master stood there stiffly for a long time before turning around. He coughed non-stop and explained, "Cough, cough! I've got the wrong person, my eyesight has been bad recently, I thought it was one of those old monsters from the central star area, it turns out it's this kid, it's nothing, I'm not afraid of him!"

"I can take on ten of these kids who just advanced!"

The Dao master of the void patted his chest and laughed.

The great elder and the others were speechless.

The Dao master of the void laughed for a while before he arrived at the mountain Gate. He carefully stood behind the mountain Gate, which happened to be the area covered by the array.

He glared at Tang Hao, his face dark. "You brat, what are you doing here?"

Tang Hao looked at him and smiled radiantly. "Daoist brother void, what are you saying ... We're old friends. I just happened to be in Beichen, so I came to catch up with you. Can't I?"

The void Dao master's old face twitched.

To hell with old friends!

Who would be friends with a pervert like you!

Tang Hao chuckled again, "Dao brother void, aren't you going to invite me in to have a seat? I see that the scenery in your Dao of void is quite good! It's pretty!"

The Dao master of the void rolled his eyes. He was thinking, 'if I really let you in, the entire Dao of void will be razed to the ground.'

"No! You don't have to come in!" He shouted coldly.

"Then come out!" Tang Hao said with a smile.

"No! I'm not going out!" The void Dao master shuddered.

Once he went out, he would definitely be trampled by this kid. This kid was already powerful enough, and he still had an even more freakish clone. He didn't know if it had followed him!

"If I don't go out, don't come in either. What's the matter? hurry up and tell me!" The Dao master of the void shouted.

"Oh! Then I'll be direct!" Tang Hao smiled radiantly again. "You ... You owe me quite a lot. The first time was on planet Qing Ping, and the second time, you ganged up with forefather Yuchi and the others to come after me. I'll remember these two debts!"

"What ... What do you want?"

The Dao master of the void was slightly flustered.

This kid was indeed here to settle scores.

His Dao of void was truly unlucky to have such a freak.

“You have two choices. First, I’ll break your formation and exterminate your entire clan!” Tang Hao’s tone suddenly turned cold as he spoke. His body was bursting with murderous intent. He stomped his foot, and a shocking aura turned into a pillar of light that shot into the sky.

One by one, the pure yang void gods turned into nine-eyed gods and hovered in the air, exuding a terrifying aura.

Si si si!

Inside the mountain Gate, gasps of shock could be heard.

The Dao master of the void swallowed his saliva with difficulty and said, “Brat, it’s not that easy to break this formation!”

“Is that so?” Tang Hao smiled noncommittally. “I can’t break it in ten days, but what about a month or two? I have plenty of time anyway. I’ll just waste it with you guys!”

“Then ... Then ... What’s the second option?”

Tang Hao retracted his aura and returned to his harmless, kind, and innocent appearance. He reached out and rubbed his fingers together.

“I’m a very kind person. As long as you satisfy me, I’ll leave!”

He smiled. His smile was very bright, and there was even a bit of shyness.
