

The Mightiest Little Peasant Chapter 1659

When he saw the figure clearly, the primordial chaos path master's mouth was even wider.

Although this brat had been quite powerful before, that had only been in Donglin. This brat was far from the perfection realm. Now, even peak Saints couldn't do anything to him. Instead, they were being chased around by him?

He was in a daze and felt like he was in a dream.

"This ..." Marquis Wutian was in disbelief.

No matter how he thought about it, this guy couldn't possibly be a match for nine saints!

"Hey! This kid has taken some medicine, don't even mention how fierce he is!" The old silver Dragon mumbled.

"Medicine? Hahaha! Old silver Dragon, you must be joking. There's no medicine in this world that can make people so fierce!" The Qi Emperor laughed.

There was no medicine that could allow a Saint who hadn't reached perfection to fight two peak-level Saints and Seven Saints who were close to the peak-level.

"It's the creation divine pill!"

The Chu Emperor spoke.

Emperor Qi was stunned for a moment before he remembered what the nature elixir was. His expression changed drastically, and he looked extremely horrified.

"This ... You must be joking!"

He looked at the Chu Emperor.

"It's true! He really managed to refine it and even finished absorbing it, obtaining a creation divine body. That's why the few of us failed." The Chu Emperor teased.

Emperor Qi and the others were stunned for a long time, and their faces turned ugly.

They had thought that it would be a piece of cake for them to jump in and take the fight when the Chu Emperor and the others were almost done with it. But they had never expected that the kid would actually eat a creation divine pill and beat the Chu Emperor and the others away.

Looking at the approaching brilliance from afar, they all revealed a hesitant expression.

The Chu Emperor and the other nine people had been forced to run away, so it was estimated that this group of people was no match for them.

“Old man Qi, let’s do it together! Kill that brat. Otherwise, when he reaches the great circle, he’ll be even more difficult to deal with!” The Chu Emperor shouted.

“This ...” Emperor Qi hesitated for a moment before nodding. “Alright!” Then let’s attack together and kill that brat!”

“Eh? Marquis Wutian! And the primordial chaos old man ... Why is he here? And this one, could he be Emperor Qi?”

Tang Hao approached them and glanced at them. He was confused.

“Hunyuan old man, long time no see!”

He looked at Dao master Hunyuan and shouted.

“Hmph! Tang brat, you destroyed my sect, killed my disciples, and drove my primordial chaos path out of Donglin. I’ll settle this score with you today!” Dao master Hunyuan gritted his teeth, his face full of anger.

Tang Hao chuckled and did not look at him again. A mere primordial chaos path master was no longer a threat to him. He turned to look at Marquis Wutian and Emperor Qi.

“Surnamed Tang, you’ve got some skills!” Marquis Wutian snorted.

Emperor Qi laughed. “Daoist Tang, I’ve heard that you’ve even managed to refine the creation divine pill. I’m truly impressed by your superb alchemy skills!” Amazing! Amazing!”

“Where? Where!”

Tang Hao retorted coldly.

“Cut the crap! Hurry up and kill him!” The Chu Emperor snorted in anger. He took out his ancient seal and made his move.

The battle broke out again. They had nine saints before, but now, some had escaped, and some were injured. Only Emperor Chu and the silver Dragon were left, but with the addition of Emperor Qi and the others, there were five more Saints, making it seven in total.

Emperor Qi was also a peak Saint, so he was much stronger than black wind and the others.

It could be said that the current lineup was even stronger than before.

Tang Hao was not afraid at all. He activated his spell technique and began to fight with the group of people.

After a moment of intense battle, Emperor Qi and the others were a little solemn. The power of the creation divine body had greatly exceeded their expectations. No wonder old Chu and the others could not withstand it and were chased by this kid.

“No! We can’t continue like this!” The Emperor of Qi was a little anxious.

With the strength of this group of people, it was not a problem to block this kid. They could even suppress him, but it was impossible to defeat him.

Marquis Wutian looked hesitant, as if he was hesitating about something. After a while, he seemed to have made up his mind and shouted, “I have an idea! I have a treasure, but I can’t activate it alone. We need to work together.”

As he spoke, he waved his hand and a ray of light flew out.

It was a mirror with an ancient and simple design. It was a little broken, and the material seemed to be made of bronze. One side was a smooth mirror, while the other side was carved with a figure with a human head and a snake body.

“This is ... My God!”

The Chu Emperor and the others raised their eyes to take a look, and they were all greatly shocked.

“Supreme ... Supreme artifact?”

The old silver Dragon said in disbelief.

“It’s not complete, it’s only a part!” Marquis Wutian said, “I found this treasure in a ruin. It’s called the Emperor Yan mirror. It should be a treasure left behind by Emperor WA. It’s very powerful and I can’t activate it alone.”

“Hiss! It’s a treasure of Emperor NVWA’s Palace!”

The Chu Emperor and the others gasped.

How could they not have heard of Emperor NVWA’s Palace? it was an orthodoxy left by goddess Nuwa and was now one of the 33 heavens.

“Daoist Wutian, you’re so lucky! You can even obtain such a treasure!”

They praised from the bottom of their hearts and were extremely envious.

Although it was only a broken part of a supreme weapon, it was still a supreme weapon from Emperor NVWA’s Palace, so its power was unimaginable.

“Hurry up and activate it together. Let’s kill this guy!” Marquis Wutian laughed.

As he spoke, he took the lead to activate the mirror. The bronze mirror trembled slightly before it brightened up, and the mirror’s surface bloomed with an extremely dazzling brilliance.

“Alright!”

The Chu Emperor and the others acknowledged and rushed over to stand behind Marquis Wutian, activating the mirror together.

Weng Weng Weng!

The precious mirror trembled and its brilliance became more and more resplendent. The dense aura on it also became more and more terrifying.

“A Supreme artifact?”

Tang Hao’s expression changed. “Not good!”

He made a prompt decision and retreated, wanting to escape.

Even though it was only a broken supreme weapon, its power was still very terrifying. With so many people activating it, he could not block it alone.

However, before he could escape far, the mirror trembled violently. Light gushed out from it and turned into a huge beam of light that shot toward him.

The aura was locked on Tang Hao, and there was no way he could avoid it.

Tang Hao quickly activated his armor. At the same time, he waved his hand, and defensive treasures flew out, instantly setting up layers of defense.

However, in the face of this beam of light, all defenses were like paper. They were easily torn apart as if they were dry weeds.

Even the pure yang treasure robe could not withstand it. It was torn apart and destroyed in an instant. Tang Hao’s body trembled violently. He grunted and was sent flying. He spat out a mouthful of blood. The flesh on his body was also a mess.

“Tsk!”

When he stopped and carefully examined his injuries, he couldn’t help but frown.

The situation wasn’t optimistic. That treasured clothing was also torn, and he couldn’t stop this group of people at all.

“Let’s go!”

He immediately tore open the void and escaped.

“He didn’t die? What a pity!”

“He’s fine. He’s already seriously injured. We can’t let him get away!”

Emperor Qi and the others moved quickly and chased after him.
