

## The Mightiest Little Peasant Chapter 1795

It was Tang Hao!

This name was like thunder piercing the ears of everyone in the spirit wilderness.

He was clearly from a lower realm, but his talent was shocking. He crushed the younger generation of the spiritual wilderness and was an extraordinary monster!

During this period of time, because of this guy, the spiritual wilderness had turned into a mess. Those clans had sent out countless people to search for this guy. The Holy Sons were even more excited as they ran around the spiritual wilderness every day just to find him.

It was also because of this guy that the Holy Sons, who originally didn't see eye to eye with each other, temporarily put aside their dislike for each other and United.

As a result, various alliances were born.

The demon-slaying Alliance, the Tang-slaying Alliance, and the beauty rescue team had all gathered together.

However, ever since he appeared at the tianlao sacred mountain, this brat had disappeared without a trace. He had brought the Qin clan's saintess to God knows where.

Many people thought that this fellow had already run far away and left the spiritual wilderness.

However, there were also many people who believed that this kid was still in the spiritual wilderness and was digesting the gains he had gained from the divine mountain.

When the divine mountain appeared, this brat had the biggest harvest. He caught nine immortal fish at the heavenly Granny Pond and took away the remaining seven divine herbs in the divine herb garden. His harvest was so abundant that it was the envy of the world.

"It should really be him!"

An elder said solemnly, "this person has defeated hundreds of Holy Sons in a row on that divine mountain. He is an extremely arrogant and unruly person. How could he escape from the spiritual wilderness so easily? furthermore, he has such astonishing array Dao attainments. If he wants to hide, it will be easy for him to hide from the investigation of the world."

As he spoke, he looked around and saw the mountains destroyed by the lightning tribulation. He was shocked.

That kid was from the lower realm, but he had managed to reach the fourth tribulation at such a young age with his own strength. He was not any weaker than the Holy Sons of the various races in the spirit wilderness. This was unbelievable.

One had to know that behind those Holy Sons stood a huge clan with tens of thousands of years of accumulation. As for this kid, he was born in the lower realm. Compared to those clans, he was completely poor.

“He ... He’s also at the 4th tribulation!”

“This kid ... Is truly monstrous!”

The rest of the people were also shocked and sighed.

That kid had gained a lot of benefits on the divine mountain, and it would not be a problem for him to reach the peak of the 3rd tribulation. Many people had expected this, but what was beyond their expectations was that this kid could actually cross the Thunder tribulation so quickly and easily, and rush into the 4th tribulation realm.

“Once this news spreads, I think it’s going to cause another sensation!”

“It’s going to be lively again!”

After sighing for a while, they dispersed and brought the news back.

Very quickly, this news spread like the wind, and the spiritual wilderness was once again shaken.

“4th tribulation? It can’t be, right?”

“He’s alone. How can he pass the Tribulation so quickly?”

The people of the world found it hard to believe.

The fourth tribulation was a publicly acknowledged barrier. Many saints had stopped at this level. The reason why those Holy Sons had been able to pass it was because of the power of their clans.

The Holy Sons were in disbelief.

But then, they became excited.

“Hahaha! We must find him, kill him, and save Holy maiden Qin!”

“Defeat the demon Tang and save Holy maiden Qin!”

Previously, they had searched for a long time without any results and were a little dispirited, but at this moment, they were instantly full of vitality and were full of fighting spirit.

“Tang kid, come out and face your death!”

“Tang Hao, you’re a dirty, shameless, and despicable man! Give Holy Virgin Qin back to me! If you dare to touch her, I’ll cut you into a thousand pieces and burn you to ashes!”

They formed a team and rushed to the mountain range mentioned in the news, looking for clues.

After failing to find anything, they ran in all directions and started to search.

Tang Hao had already run far away by then. He shuttled through the void several times to get far away from the mountain range before landing.

“I’ve completed the fourth tribulation, and my lifespan is limitless. It’s sister Xiangyi’s turn next!”

Tang Hao calculated.

He had previously refined two great Supplement Pills. He had given one to her, which could allow her cultivation to rise to more than half of the 3rd tribulation, but it was still far from perfection. He still had to collect some spiritual essence and refine it into a pill to raise her cultivation as soon as possible so that she could break through to the 4th tribulation.

“Also, I’ve found sis Xiangyi. Next, I should look for the others!” He said.

“But ... Which way should I go first? Desolate Dragon? Or the East barren?”

Tang Hao hesitated.

There were too many places he wanted to go, all over the wilderness.

“Why don’t we ... Go to the West barren first!” Tang Hao thought about it for a long time and finally made up his mind.

For one, the West barren was relatively close, not far from the spirit wilderness. For two, the Han clan was there, and assistant han was there.

He had inquired about the Han clan before, so he had some understanding of them.

“Let’s go to the Han clan!”

Tang Hao stood up and headed west.

He wasn’t in a hurry and slowed down his speed. He explored all kinds of ancient sites and dangerous places, looking for opportunities, and his gains were quite plentiful.

Pangu continent was rich in natural energy, as well as immortal energy, and had the most Spirit Essences of all kinds. Tang Hao had found many very old spirit herbs and many precious herbs, all of which were used to make pills.

The cultivation level here was high, and there were many saints, so there were naturally many tribulation weapons. First or second tribulation weapons were common, and third or fourth tribulation weapons were not a big deal. Tang Hao dug everywhere and found many tribulation weapons in many graves.

There were also many Saint realm ferocious beasts here. Many of them had primordial bloodlines, and they were all walking precious medicines. Tang Hao would not let them go if he encountered them. He would capture them all and refine them.

One after another, nourishing pills were produced in the Shennong cauldron. He ate a few of them and gave the rest to sis Xiangyi.

This extremely rare and precious great supplement pill was like eating fried beans to her. Her cultivation level skyrocketed and soon reached the peak of the third tribulation.

Tang Hao saved all the great Supplement Pills that he refined later.

They headed west, and soon, they were close to the border between the western wilderness and the spirit wilderness.

It was here that they heard a shocking piece of news.

“Did you hear? something happened at Mount Changliu again!”

“A few days ago, there was a strange phenomenon at Mount Changliu. Many people rushed over, thinking that some treasure had appeared. Who would have thought that it was a disaster? hundreds of thousands of people died just like that ...”

Tang Hao’s heart skipped a beat when he heard the news.

“Changliu mountain?”

He pondered for a moment and felt that he had heard of it before.

“I’ve also heard of this Changliu mountain!” Qin Xiangyi replied, “it’s a rather ancient place. I’ve seen it in many ancient books. In ancient times, there was a Changliu sect there. It was a famous superpower.”

Realization dawned on Tang Hao when he heard her.

“So it’s this place!”

He muttered.

There were many historical sites in the spiritual wilderness, and this mountain Changliu was one of them. However, it was not very famous.

“There’s a strange phenomenon? This is interesting!”

Tang Hao’s interest was piqued, so he went to find out more.
