

The Mightiest Little Peasant Chapter 181

“Hey, Lil Tang, I know where Tang village is! The scenery there is beautiful! I’ve been there in my early years of running the family business.

“Wow, your medical skills are amazing! Who is your master?”

“What’s the name of the medicine that I just took?”

Old Master Qin asked many questions eagerly as he clung to Tang Hao.

Everyone could see that he had recognized the kid’s capabilities and had agreed to him and Xiangyi being a couple.

Many people were envious when they saw that. That kid had amazing capabilities and was well-connected. Furthermore, he had amazing medical skills. He was the perfect son-in-law.

“The Qin family is so lucky. It would be great if we have a son-in-law like him too!”

Everyone discussed hotly while looking at the Qin family members with envious gazes.

Many people crowded around Tang Hao. They wanted to be acquainted with him.

Tang Hao finally extricated himself from the chaos. He chatted for a while with Secretary Qian, then sent them off.

They remained in the Qin ancestral house for the entire afternoon, then had dinner before leaving Greenwillow Village and going home.

They parted ways when they arrived in town. Tang Hao and Qin Xiangyi went back to Celestial Foothill Gardens.

The couple went to the door, hand in hand, when Qin Xiangyi suddenly turned around and smiled at him.

“Your performance today... is not bad at all!”

The smile was as charming as a thousand flowers blooming in spring.

The eyes were beautiful crescents and shone like gemstones. They were full of life and color.

The street lights shone on her face and reflected a dim halo.

She was incredibly beautiful, as though she had walked out of a dream.

Tang Hao was lost in her beauty. He looked at her without blinking.

“What are you looking at!” Qin Xiangyi pretended to be angry and said shyly. However, she felt incredible bliss in her heart.

“You look beautiful!” Tang Hao smiled and pinched her hand gently.

Qin Xiangyi smiled. “You have a silver tongue! Let me taste it!”

Suddenly, she leaned forward and kissed him.

Tang Hao was immediately stunned.

“Quick, open the door!” Qin Xiangyi said between kisses.

Tang Hao opened the door, then carried her and ran into the bedroom.

Tang Hao did not work on his cultivation that night. Instead, he had a good night’s sleep with Qin Xiangyi in his embrace.

He woke up early the next morning to prepare breakfast as usual.

Tang Hao enjoyed making breakfast in the morning. He loved coming up with new recipes and practicing new cooking techniques.

He had been cooking since young. He was already quite a good cook. His cookery skills had improved greatly with frequent practice.

After breakfast, Qin Xiangyi fetched Tang Hao to his company.

He finished his tasks in the morning, then waited for his brother-in-law’s phone call.

Qin Gang might have boasted about his bedroom prowess, but he was still reliant on the aphrodisiac potion. He secretly ordered a few more bottles the day before.

Tang Hao was waiting for his brother-in-law to come to pick up the aphrodisiac potions.

He waited for more than an hour, and finally received Qin Gang's phone call at about eleven o'clock.

"Hey, Younger Brother-in-law, I'm sorry to say that I have something important in Provincial City. I'll come to collect the potions from you next time!" Qin Gang sounded anxious.

Tang Hao furrowed his brows.

Qin Gang sounded as though he had encountered something serious. Otherwise, he would not have ignored the allure of the aphrodisiac potions.

"What happened?" Tang Hao asked.

"Sigh! One of my company's employees met with an accident and is in hospital now."

"Oh! Is it serious?"

"I don't know yet! I heard that he suddenly fainted. He's at the hospital for an examination now. I hope that he's fine!" Qin Gang said.

He paused for a while and continued, "By the way, this incident seems weird. Our factory moved half a month ago, and accidents have been happening since then.

"The employees feel uncomfortable when they work there, as though something isn't quite right."

Tang Hao was immediately piqued when he heard that.

'Did Brother-in-law encounter something supernatural?'

He thought for a while and said, "Have you made any enemies recently?"

"Well... I don't think so? Why, do you think that someone is behind this?" Qin Gang laughed as he said that.

"Are you seriously suggesting that someone placed a curse on my factory? I don't think that exists in the real world!"

Tang Hao rolled his eyes and said coldly, "That's because you don't know anything!"

Qin Gang immediately stopped talking. "Is... Is that true, Younger Brother-in-law?" He asked nervously.

"Of course! I know that stuff exists!" Tang Hao said.

Qin Gang was shocked. He could not believe what he heard.

'What does my younger brother-in-law not know?'

"I can't say exactly what happened to your factory. For your safety, I think I'll travel with you to Provincial City. I can take a look while I'm there," Tang Hao said.

"What... what possibilities can there be?" Qin Gang asked nervously.

"Well, maybe one of your enemies might have hired a supernatural master to place a curse. It might also have something to do with the fengshui of the place. I can't tell unless I'm there," Tang Hao said.

“Alright then... please come over quickly, Younger Brother-in-law.” Qin Gang was becoming afraid.

“Come and fetch me then!”

“Alright!” Qin Gang hung up after he agreed.

Tang Hao thought for a while, then called Sis Xiangyi to explain what happened. He also told Han Yutong that he was going to Provincial City.

Han Yutong was surprised when she heard that.

Then, she hesitated a little, as though pondering a decision.

After a while, she said, “President Tang, can I take the opportunity to take a few days off?”

“What’s up?” Tang Hao was surprised.

“I haven’t been back to Provincial City for a long time,” Han Yutong said.

“Is that so! Alright then, you may go back for a visit!” Tang Hao nodded. “Right, when will you be going?”

“How about tomorrow? I’ll take the next few days off,” Han Yutong said.

“Alright! You can contact me in Provincial City if you need anything!”

Just as Tang Hao finished speaking, Qin Gang's phone call came.

He said goodbye to Han Yutong, then went downstairs and saw Qin Gang's car waiting for him.

"Quick, get in the car, Younger Brother-in-law!" Qin Gang shouted anxiously.

After Tang Hao got on the car, it immediately sped toward Provincial City.

They arrived at Provincial City four hours later. It was almost four o'clock in the afternoon when they arrived at the hospital.
