

## The Mightiest Little Peasant Chapter 1828

“Tang Hao? It can’t be him, right?”

“What is he doing here?”

Many people in the eight wastelands had the same reaction as Lei zhentian.

They were all ferried up from the lower realm, so they naturally knew this name.

In the lower realm’s starry sky, this name could be said to be like thunder piercing the ears.

He was the youngest Saint realm expert and the number one in the eternal elixir Convention. He had killed the number one genius in the central astral, Marquis Wutian. Then, he had broken through to the second tribulation realm, killed Emperor Qi, Emperor Chu, and other senior experts, and ascended to the number one throne in the starry sky.

His name had spread to almost every corner of the starry sky. He was a legendary figure.

In the lower realm, his radiance was unparalleled.

His admirers were also all over the starry sky.

However, shouldn’t he have remained in the lower realm and not been transported up?

What was he doing here?

Countless geniuses were as dispirited as Lei zhentian.

They had thought that they would be able to surpass that Tang fellow with the great fortune of the Grand ceremony of blood source. They had not expected that he would come as well.

“What the hell? how did he cultivate?”

“More than a year ago, wasn’t he still at the second tribulation? He came here on his own and didn’t enter the Tang Clan, so how could he have reached the fourth tribulation so quickly?”

They could not figure out how this fellow’s cultivation base had improved so quickly. They had relied on the clan’s nurturing, but this Tang fellow had been all alone since he came here. How could his cultivation speed be faster than theirs?

“This guy ... Is still so monstrous!”

They were even more emotional.

After coming to Pangu continent, they had seen too many geniuses and monstrous geniuses. At one point, they had thought that this Tang guy was nothing, and that there were many people who could surpass him here.

They had once thought that even if that surnamed Tang really came, he would probably be drowned in these monsters and become a nameless person.

However, he had never expected that the man surnamed Tang would still be so monstrous even after coming here.

The moment he arrived, he defeated a hundred Saint children and shook the entire spirit wilderness.

Soon, he did something even more shocking. He broke the iron rule of the Saint realm and seized a supreme weapon from thousands of fifth tribulation Almighty, which shocked the entire Pangu continent.

He had become completely famous. Now, the focus of the world was on him, and he was even crowned with the title of Supreme youth!

A young Supreme Being!

They were the top few among all the young geniuses on the entire Pangu continent, including the thirty-three heavens. All of them were world-shaking geniuses with great backgrounds.

It was said that there were only seven or eight such people, and each one of them was a famous person.

Now, there was one more!

Of course, not everyone from the lower realm reacted this way. Many of them were excited when they heard about it. After all, Tang Hao came from the lower realm and came from the same place as them.

The more powerful this Tang guy was, the prouder they felt and the more they could hold their heads high.

Somewhere in the beihuang region, there was a vast body of water with islands and pavilions all over it. It was also filled with dense immortal Qi, making it look like a paradise.

This was the rain clan!

In the depths of this water region, in a cave abode, a woman's eyelids suddenly trembled. She opened her eyes and revealed a look of surprise.

"Tang Hao? It's him?"

Just now, she had heard a lot of news while she was traveling.

"Someone from the lower realm ... That's him! Who else could it be other than him?"

She mumbled.

"He's really here!" She chuckled.

She had long ago asserted that with that fellow's talent and strength, he would definitely find a way to come to Pangu continent on his own.

"A 4th tribulation cultivator, but a 5th tribulation primordial spirit ... Good Lord!"

She went to inquire about the news again and couldn't help but smile bitterly.

She did not expect that this Tang guy could still do such a sensational thing after coming here.

"This is going to be interesting!"

After pondering for a while, she suddenly smiled, revealing a somewhat thought-provoking expression.

On the other side of the vast land, in a Valley, a woman also opened her eyes. She was stunned and seemed to be in disbelief.

But then, she gritted her teeth, and her pretty face became a little ferocious.

"Tang Hao!"

She muttered hatefully, her eyes shooting out a monstrous hatred.

This person was none other than Yuchi Xuan.

"Hahaha! That's great! I was just worried that I wouldn't be able to find you, and you actually delivered yourself to my door!"

"You massacred my entire clan. I, Yuchi Xuan, swear that I'm not a human if I don't take revenge for such a deep blood feud!"

"4th tribulation and 5th tribulation origin soul ... So what! With my current bone, I can easily kill you!"

She shouted coldly and turned into a beam of light, shooting into the sky.

"Hey! Heyyo!"

"I'll dig! I'll dig! I'll dig, dig, and dig!"

"Aiyo! I'm so tired! Damn it, what lousy sect, why did they build the treasure vault so securely, causing this Black Tiger Lord to work so hard! Hmph! I'll definitely empty you out later."

At this moment, somewhere in the wilderness, a figure was sneakily digging a hole.

He was dressed in black and looked a little wretched. He also wore a unique belt with a tiger head symbol on it.

After digging for a while, he would rest for a while.

This wasn't an ordinary wall, but the wall of a treasure vault. It was forged from one of the world's hardest metals, and countless talismans had been fused into it. It wasn't something that ordinary people could dig out.

He continued to dig intermittently for a few hours before he finally opened up a passage. At the other end, a bright treasure light shone over, almost blinding his eyes.

"Oh my God!"

He immediately let out a strange cry, stunned by this treasure light.

Then, he was overjoyed.

"So many treasures! All of them are mine!"

He rushed out and picked up a golden bag. He opened the bag and aimed at the treasures.

"Collect! All of you, get into this treasure bag!"

Whoosh! Whoosh! Whoosh!

In an instant, everything from all directions was sucked in, turning into a torrent that was absorbed into the golden treasure bag.

"Waa! A seventh tribulation weapon!"

"Heavens! A six tribulation treasured armor!"

He kept exclaiming in a low voice. He was so happy that he was going crazy.

"Cool! It's so F \* cking cool!"

In the blink of an eye, the Treasury was emptied. He closed the bag and was instantly satisfied.

Patting the bulging bag, he picked it up and chuckled. He turned around and scuttled out of the tunnel he had dug when he returned.

The place he came out from was a barren Valley. He tidied his clothes and was about to leave.

At this moment, a few rays of light came from the horizon and passed by him. He wanted to avoid them, but his expression suddenly changed and he revealed a strange expression.

He vaguely heard them mention a familiar name.

"Tang Hao? It was really like seeing a ghost! Why was he still able to hear such a lousy name when he was here? how unlucky! How F \* cking unlucky!"

He mumbled angrily, but he recalled some unbearable past.

However, he didn't pay much attention to it and thought it was just a coincidence.

“What? From the lower realm? And a godly bow?”

He had only taken a few steps before he stopped again, as if he had been struck by lightning.
