

## The Mightiest Little Peasant Chapter 1859

“Another one has come, eight now!”

“Why is the ancestor of the Yushi clan protecting him?”

There was an uproar.

The participation of the rain master clan’s old ancestor once again shocked the world.

“Fellow Daoist rain master ...”

Even the nine Lotus Swordmaster and the rest were shocked.

They didn’t expect that even someone like master Yu would have a relationship with this kid.

“This kid ... Is so popular?”

The old monster of the Ling clan scratched his head and mumbled gloomily.

He was entrusted by someone to come and save people. Initially, he thought that he was alone. When he saw the nine Lotus Swordmaster and the others, he was already a little surprised. He did not expect that even this fellow rain master had joined in.

Eight 7th tribulation experts, this was a Grand display!

“Fellow rain master, you’re making things difficult for us!”

“Hmph! Don’t think that you can protect this kid with the help of fellow Daoist Yushi. Let me tell you, even if the Daluo immortal comes, he can forget about protecting this kid!”

The Group of Seven tribulations were a little angry from embarrassment.

They spoke out one after another, fiercely clamoring.

“Is that so?”

At this moment, a cold snort exploded.

This cold snort was a little strange. It seemed to be transmitted from an extremely far place across layers of void space.

In an instant, the world trembled and the void rumbled.

Everyone’s mind was shaken at this moment.

“This ... This is ...”

The faces of all the seven tribulations cultivators turned pale with fright.

Just a cold Humph had such power. This was definitely not a seven tribulation Saint. Could it be ... An eight tribulation venerable sovereign?

'How ... How is this possible?'

The seventh tribulation was already a figure at the level of a magnate!

Eight tribulations, that was enough to be called an Emperor. Every one of them was a legendary figure, and the vastness of their magical powers was unimaginable.

On Pangu continent, such figures had been extinct for many years. How could one of them show up here today? And from the looks of it, he didn't come with good intentions?

The rest of the xiuzhe had faces full of fear. After seeing the reactions of the seven tribulations, they were even more incredulous.

It seemed that there was no one else other than the legendary venerable sovereigns who could make a group of seven tribulations so flustered!

However, venerable sovereigns were rarely seen, and there were only a few of them on the entire Pangu continent. How could they be here?

"A mere seventh tribulation dares to be so impudent!"

Another cold snort.

Immediately after, a part of the void suddenly split open. A palm stretched out and flicked a few times with its fingers. Several rays of blood light shot out.

???

In an instant, a few screams were heard.

The few seven tribulations magnates who had spoken were all hit by the blood light and flew back while screaming.

They were all primordial spirits, and their primordial spirit bodies almost collapsed after being hit by this attack.

"Senior, please spare my life!"

"Venerable sovereign, please show mercy!"

They stopped and cried out, begging for mercy in a panic.

"Hmph! Get lost!"

“Hmph!” A cold snort came from the crack in the void.

“Many thanks, senior!”

The few of them immediately turned around and ran for their lives.

At this time, they didn’t care about the Supreme artifact, nor did they want to know who this person was. At this moment, they just wanted to run as far away as possible.

Even if they were seven tribulations, they had no power to fight back against an eight tribulation venerable sovereign.

“Hiss!”

When the other seven tribulations saw this, they were all terrified.

It really was the eighth tribulation!

This was a living venerable sovereign!

They wanted to jump up and run away, but they didn’t dare to. It was a joke to run away in front of a venerable sovereign!

“It’s ... It’s really the eighth tribulation!”

“Heavens! The venerable sovereigns have actually appeared ...”

Everyone was completely stunned.

“This ... This is f \* cking ...”

Old monster Ling and the others were also dumbfounded.

“Greetings, venerable sovereign!”

They didn’t have time to think too much and immediately bowed and respectfully greeted.

The cultivators from all the races knelt down and trembled under the pressure of the venerable sovereign.

Everyone was a little nervous. What was the purpose of this venerable sovereign’s appearance? could it be the two Supreme weapons?

This was also possible. After all, a venerable sovereign was only at the eighth calamity and was still one calamity away from the Supreme realm. Supreme weapons were also quite useful for venerable sovereigns, not to mention that there were two Supreme weapons now.

One of them was the legendary treasure left behind by immortal Changliu. It was a divine armor that was even rarer than an ordinary supreme weapon.

However, from the tone of this venerable sovereign, it didn't seem like it. It seemed more like he was here to protect the kid.

But that was impossible!

This kid was from the lower realm, how could he be related to a venerable sovereign?

This was ridiculous!

This venerable sovereign was most likely after the two Supreme weapons. This made sense!

"Since the venerable sovereign has made his move, we will not dare to lay our hands on the two Supreme weapons!"

"Right! A Supreme artifact is a treasure that only someone of your status is worthy of!"

They raised their heads and revealed flattering smiles, their faces full of respect.

Some even raised their hands and swore.

"Woof! A Supreme artifact? What use do I have for that broken thing!"

The voice pierced through the void and carried a hint of mockery.

In an instant, everyone was stunned, and the faces of the seven tribulations old monsters froze.

Broken things?

F \* ck! That was a Supreme artifact! In this person's mouth, it actually became a broken thing. What a big tone!

But they didn't dare to make a sound, for fear of angering this person.

"You guys ... You're pretty impressive! "So many people, just to hunt down a mere fifth tribulation junior ..." The tone of the voice became a little more serious, with a trace of anger.

The Group of Seven tribulations shuddered and their faces turned pale.

"Senior, we ..."

Many old monsters opened their mouths to explain.

"Shut up! Did I allow you to speak? I have some connections with this kid. I'll see who dares to touch him today!" The venerable sovereign's voice was heard again.

“What?”

“How could this be ...”

Everyone exclaimed in shock.

Everyone’s head buzzed from this shocking information, and they felt dizzy.

Even the seven tribulations old monsters were dumbfounded.

They couldn’t believe that this boy from the lower realm had a connection with such a legendary figure who stood at the peak of the entire Pangu continent!

If it had come from someone else’s mouth, they would have laughed out loud immediately. What kind of relationship could a barbarian kid from the lower realm have with such a Big Shot? the two had no connection at all!

However, now that the venerable sovereign had admitted it himself, they had no choice but to believe it.

“This, this, this ...”

The group of elders on the Tang clan’s battle ship seemed to have gone mad. They trembled and could not speak.

Their hearts were first filled with extreme shock, then they were filled with endless regret.

Venerable sovereigns!

He was a F \* cking venerable sovereign!

As long as one could have a little bit of a relationship with such a person, it would be a boundless glory!

They had missed such a great opportunity!

First, it was eight seven tribulations, then it was a venerable sovereign. This kid, who they regarded as worthless, had exceeded their expectations again and again, making them regret it so much that their intestines turned green.
