

The Mightiest Little Peasant Chapter 1875

“This is a Supreme treasure!”

After the shock, they were a little jealous.

Creation master and the others were the most excited. To the creation sect, the creation divine pill was too important. The reason why the creation sect had declined to this state was largely because the creation divine pill had been lost.

Without the creation divine pill, they would not be able to create a creation divine body. Many Daoist techniques and treasures would not be able to unleash their full power.

“No matter what price we have to pay, we have to exchange for this pill!”

Said Zao Huazi excitedly.

“Eh? This aura is ...?”

At this time, on the main peak, many people’s expressions changed, revealing a look of surprise. Then, one after another, their eyes pierced through the clouds and looked down.

These were the disciples who had just left.

“This is ... The creation divine pill?”

“How is that possible?”

Exclamations of shock rang out in the sky above the main peak.

Not only the clan disciples, even the eldest young masters of the 33 heavens were moved.

Whoosh! Whoosh! Whoosh!

One figure after another appeared in the sky above the square. As soon as they appeared, their eyes were fixed on the divine elixir in the air.

After staring at it for a moment, they moved their eyes away and looked at the figure standing in front of the door.

“It’s him!”

“Why is it this guy?”

After seeing it clearly, they were stunned.

Whoosh!

Suddenly, a ripple appeared in the air. Young master Taixu stepped out and glanced at the door. He was stunned at first, then his face darkened.

Wasn't this the little errand boy who had the guts to talk back to him?

"I was wrong!"

He looked around and found out what had happened just now. He also knew that this guy was not a real servant, but had some background.

"Eh? Creation divine pill? This guy's luck is even better than mine!"

The young master of Vermillion Bird heaven also appeared and said in surprise.

"Good fellow! It's a creation divine pill!"

"I like this pill!"

A group of young masters appeared one after another, and their eyes were all burning with desire as they looked at the pill.

A creation divine elixir could create a top-notch genius for their force.

"Daoist brother, I, the young master of the divine curse clan, have taken a fancy to this pill. Name your price!"

The divine curse young master was the first to speak.

His tone was quite polite. He also knew that this guy probably had some background. Before he figured out his specific identity, it was not appropriate for him to snatch it by force. It would be best if he could exchange for it.

"I'm sorry! I, Zi xutian, am also interested in this creation divine pill!"

"And I, Black Tortoise heaven!"

The rest of the young masters spoke up one after another.

"Fellow Daoist, you still have the gate of fortune!"

Zao Huazi shouted anxiously.

This creation divine pill was too important, and he had to get it.

"Is this pill that good?"

Tang Hao reached out and grabbed the nature divine pill. He twisted it between his fingers and examined it closely.

“Naturally! This is a creation divine pill. Don’t you know about it?”

Shouted Zao Huazi.

Tang Hao smiled.”I know that, but there’s only one pill. I don’t know who to give it to since so many of you want it. We’ll talk about it later.”

“Wait a moment?”

Zao huaizi and the other young masters were all stunned.

“I haven’t finished yet!” Tang Hao smiled and put the divine pill away.

When everyone heard this, they were even more puzzled.

Wouldn’t it be over once the treasure was out?

“Fellow Daoist, you probably don’t know! Each person only has one chance at each ceremony, and you’ve already used that chance! Even if you invest more treasures now, you won’t get anything.”

Son of fortune explained.

“Is that so?”

Tang Hao smiled noncommittally.

“Of course! Everyone only has one chance!” Said Zao Huazi.

“I don’t think so!” Tang Hao laughed. Creation sect master, have you forgotten that if you want to obtain treasures from this gate, other than using bartering, there is another way!”

“You mean ...?”

The beggar was stunned for a moment, as if he had thought of something, and was shocked.

“That’s right!”

Tang Hao nodded. He took a step forward and rose into the air.

“What is he doing?”

“There’s another way? Could it be that? It can’t be!”

There was an uproar.

Everyone realized what this person was up to. The second method was to make a wish. He had to make a Grand wish towards the gate of destinies. If it was realized, he would be bestowed with a treasure. The greater the wish, the better the treasure he would obtain in the end.

However, this method was publicly acknowledged to be of little value, and no one had tried it for countless years.

How did this guy think of this?

What Grand wish did he want to make?

Everyone was extremely curious.

“At most, it’s just some insignificant Little Wishes!”

The group of elders shook their heads as they discussed.

This Grand wish was not easy to fulfill. If it was big, it could not be realized. If it was small, it had no value and could not get any good treasures.

Tang Hao finally came to a stop three hundred meters above the ground. He faced the ancient stone door in front of him, his expression grave.

“With the spirit of creation above, disciple Ishikawa makes a great wish. I wish to revive the creation alchemy Dao with my own power.”

Tang Hao shouted.

His voice was like a great Bell, rumbling and reverberating between heaven and earth. It was deafening.

“Hiss!”

Upon hearing this, Zao huaizi and the others couldn’t help but gasp.

Revive the creation alchemy Dao?

What a Grand wish this was!

What did this fellow do to make such a great wish?

“Revive the creation alchemy Dao? What a big tone!”

“Him? How was that possible? The gate of fortune has long since withered, and its alchemy Dao is even worse. It’s impossible to revive it.”

Everyone burst into laughter.

To them, such a Grand wish was like a joke, with no possibility of being realized.

“Woof! Ridiculous!”

Young master Taixu chided with a cold smile.

“Actually, it’s not impossible! If we can find the recipe for the creation divine pill, we might be able to save the creation alchemy Dao!” The cursed young master said with a smile.

“That pill recipe has long been lost. How can it be found?” Young master Taixu said coldly, “isn’t that impossible?”

After he finished speaking, he sneered again, his expression somewhat disdainful.

“This is a great wish, but it’s a pity that it’s too great and impossible to realize!”

Zao huaizi and the others also shook their heads and sighed.

Reviving the alchemy Dao was something they had dreamed of, but unfortunately, it was too difficult!

With the loss of the creation divine pill’s recipe, his creation alchemy Dao had suffered a disastrous decline. If he could not find the recipe, he could forget about reviving his alchemy Dao.

“Who says it’s impossible!”

At this moment, a loud shout came from the sky.

The next sentence was like a thunderclap that exploded in the square, shocking everyone.

“I have the recipe for the creation divine pill!”
