

The Mightiest Little Peasant Chapter 1944

In this void, who knew how many people were hiding, and they all had their own methods.

At this moment, he had used all these methods at once.

Such a shocking presence caused the spectating xiuzhe to suck in a breath of cold air.

They had no doubt in their hearts that as long as they used all these methods together, that brat would die without a doubt!

“Woof! Isn’t this guy courting death!”

In the void, ye jiuxuan and the other geniuses laughed coldly.

“Hey! No matter what, this guy is going to die today. He’s not destined to pass this tribulation, so he’s just dying a little earlier. At least he has some backbone.” The Yao clan demon laughed, his face full of mockery.

“That’s true! It’s only a matter of time before I die!”

Ye jiuxuan said with a smile.

“Good! Very good!”

Tang Hao looked around and smirked.

He rose into the air step by step. There was not a trace of fear on his face. Instead, there was a shocking battle intent.

“You ... All of you, come at me together!”

He shouted as he looked around.

“Brat, I’ll fulfill your wish!”

A few cold snorts came from all directions.

Immediately after, the malicious ghosts, puppets, and clones all moved. They were densely packed and rushed toward the center of the lightning tribulation like a tide.

At this time, Thunder rumbled in the sky. The 46th lightning tribulation had been formed and was about to strike.

“Good!”

Tang Hao looked to his left and right. The corners of his mouth curled up into a smile.

Seeing this, all the Saints were stunned. How could this kid still laugh at a time like this?

Tang Hao raised his hand. A pitch-black object had appeared in his palm.

Everyone was stunned again.

What the hell was this?

Was this kid trying to use this thing to tank this wave?

What a joke!

They wanted to laugh, but before they could, Tang Hao had already crushed the object in his palm.

In an instant, a boundless black light shot out of his palm and swept in all directions with a terrifying destructive aura.

As long as they came into contact with this black light, no matter what it was, be it a ghost or a puppet, they would all be crushed like sand and then swept away by the wind, completely disappearing.

The puppets and clones disappeared one by one. In the blink of an eye, they had all disappeared.

The originally crowded void suddenly became empty, leaving only the white-robed figure standing in the air.

All four sides fell silent.

The cultivators who were about to laugh froze. Their laughter was stuck in their throats, and they could not get it out. Their eyes gradually widened, revealing a touch of shock and horror.

Many people even gasped and felt their scalps go numb.

The scene in front of them was too strange, so strange that it made their blood run cold.

In an instant, he had killed countless 6th tribulation souls, puppets, and avatars. How terrifying was this?

What ... Was that?

“That ... That’s ... The divine elixir of great destruction!”

In the dead silence, a shrill scream rang out, the tone filled with shock.

“What? The great destruction divine pill?”

“How could he have such a terrifying weapon?”

The four sides immediately erupted.

Everyone exclaimed in shock.

The divine elixir of great destruction was a terrifying weapon invented by the Dao of destruction in the ancient times. It was extremely powerful, but the Dao of destruction had disappeared long ago, so this item was rarely passed down. It was very rare.

They never would have thought that this kid still had such a trump card on him!

“My clone!”

“Motherf * cker! Where did he get such a killing weapon?”

Screams and curses came from the void.

The people from all sides almost vomited blood!

It turned out that the brat had provoked them so that they could attack him together and catch him all in one fell swoop!

The funny thing was that they had been fooled.

“What a disgrace! It’s a great humiliation!”

“This kid is too hateful! He’s too cunning!”

They cursed endlessly, and their hatred for that kid grew even more.

Then, they were dumbfounded again.

Just now, they had already used all the methods they had prepared, and now they had no other methods.

Could it be that they were going to watch this brat successfully transcend the Tribulation?

There were a few people who had not made a move yet, but they were hesitating. They could not be sure if this kid had a second great destruction divine pill. If he really did, it would be useless even if they made a move.

For a moment, no one made a move.

BOOM! BOOM!

The lightning of tribulation continued to fall, and soon, there were more than 60 bolts.

“It seems like there’s no way to stop him from crossing the Tribulation. Let’s wait for him to finish crossing the Tribulation and then attack to kill him!”

“That’s right. When he passes the Tribulation, he will be at the sixth tribulation. It will be perfectly justifiable for us to attack him then!”

After some thought, everyone changed their minds.

It seemed that there was no hope of stirring up the Tribulation, so he might as well wait until the Tribulation was over. At that time, someone would be able to take care of this kid.

“We can’t let this guy pass the heavenly Tribulation! He must die Here today!”

However, Ye Jiuxuan and the other geniuses had a different view.

“He’s at his weakest when he’s undergoing the Tribulation. It can destroy his body and soul in one fell swoop, but it’ll be very difficult to kill him once he’s done. Therefore, he had to die! We can’t let him successfully pass the Tribulation!”

Ye Jiuxuan said viciously.

“Now, it’s my turn to attack. As long as I use this technique, even if he has a Heavenly Divine ability, he will only have a road of death!”

As he spoke, he spread out his hand, and a pitch-black Pearl appeared in his palm.

“This is ...?”

The rest of the geniuses looked at him with doubtful expressions.

“Hey! This is a good treasure, I got it by chance during a fortuitous encounter. I used to think it was useless, but now, it finally comes in handy!” Ye Jiuxuan weighed the bead in his hand a few times, and the corners of his mouth lifted into a sinister smile.

“Hmph! Surnamed Tang, do you still want to cross the Tribulation today? In your dreams!”

With that, he flicked his hand, and the Pearl in his palm flew out. It rushed out of the ripples, turned into a black light, and directly rushed into the scope of the lightning tribulation.

“What is this?”

Tang Hao immediately noticed the black light.

The black light was so fast that it appeared in front of Tang Hao in an instant. Tang Hao was shocked when he saw the Black Pearl.

Before he could guess what it was, the bead trembled slightly and suddenly began to spin. The void in the surroundings twisted, and a dark passage appeared.

Suddenly, a clamor came from the other end of the passage.

“Who opened the passage?”

“That’s the aura of the lightning tribulation. Is someone undergoing a tribulation?”

There seemed to be a lot of people on the other side.

Then, clouds of smoke came out of the tunnel. They curled up and turned into handsome men and enchanting women.
