

The Mightiest Little Peasant Chapter 1980

“This Tang guy is a complete demon and a beast! You can’t imagine how despicable he is down there!”

“He should die! They deserve to die!”

“He’s not only cruel, he’s also very cunning. You guys don’t know this, but he’s also known for being bold and cunning. You can’t imagine how cunning and despicable he is!”

Liu heihu said through gritted teeth.

His expression was agitated and his face was filled with grief and indignation.

This grief and indignation was not fake, it was his true feelings.

At this time, he remembered the fear of being dominated by the devil surnamed Tang in the past.

The grief, anger, and humiliation that he had suppressed for many years surged up in his heart again, almost making him burst into tears.

“How tragic!”

“I didn’t expect brother Liu to be such a pitiful person! I’m sure you’ve suffered a lot from that bastard in the past.”

The crowd sighed and started to sympathize with him.

“Brother Liu, don’t worry. We’ll definitely be able to kill him. You’ll be able to take your revenge!” Ye jixuan stepped forward and patted Liu heihu’s shoulder to comfort him.

“It won’t be easy to kill this guy!”

At this time, a Saint stood out and said, “now, he’s already at the 6th tribulation. His cultivation is higher than most of us. It won’t be easy for me to catch up to him. Moreover, he has cultivated a pair of divine eyes, which are extremely powerful.”

“Speaking of this divine eye, it’s really unlucky. I don’t know who opened the passage to the heavenly Devil World and gave that guy a great fortune for no reason! If it weren’t for this pair of divine eyes, that fellow might have already died.”

“Yeah! Who was it? This is too much!”

The group of Saint children started to make a ruckus, somewhat angry.

When ye jixuan and the others heard this, their faces turned red.

They were the ones who opened the passage to the heavenly Devil World.

However, they also felt aggrieved. At that time, who would have thought that the bastard was a freak who was not afraid of otherworldly demons at all? he could even devour otherworldly demons and refine such a pair of divine eyes.

“Cough! It doesn’t matter who opened the passage. What’s important is how we should deal with him now. Everyone, think about it and tell me if you have any good ideas.” Ye Jiuxuan coughed lightly and said.

“That’s true!”

Everyone buried their heads in deep thought.

“We might as well calculate what methods that guy has.” Jiang Jingchen stood out.

“First of all, his cultivation is at the beginning stage of the sixth tribulation and he has comprehended the reincarnation doctrine. Previously, he only had one avatar that was refined from the heaven Earth Yuan embryo and was also at the beginning stage of the sixth tribulation. However, during the Dao tribulation, he snatched one of the avatars of the Yao clan leader. Now, he should have another six tribulation avatar.”

He began counting with his fingers.

After counting the cultivation and the avatars, many Holy Sons gasped.

With an early 6th tribulation cultivation base and two 6th tribulation avatars, one of which was the legendary heaven and earth origin embryo, this strength was really amazing.

“As for the treasures, he has two Supreme weapons. One is a divine bow of unknown origin, and the other is a Supreme armor, a relic of the ancient Changliu immortal. He has even more eight-tribulation Emperor weapons. However, in terms of treasures, we, as the Holy Sons of the various races, should not lose. With the support of the various races, we can also take out many Supreme weapons.”

The group of Saints nodded.

In this aspect, they would not lose.

“As for his other techniques, he still has a pair of Supreme divine eyes, a type of true fire, a creation divine body, and a piece of God spirit bone in his body. His physical body is extremely strong ...”

Jiang Jingchen counted with his fingers.

After he finished counting, even he was a little dazed.

This guy was too terrifying!

It was already very powerful to have so many methods on a single xiuzhe, but he had gathered so many methods on one body.

Many of the Holy Sons were also shocked.

"I'm not afraid! We already know how powerful he is, but we have more people, what's there to be afraid of?" Ye Jiuxuan shouted.

Only then did everyone's expression ease up a lot.

Yuchi Xuan said, "our advantage is not only in numbers, but also in our identity. We all have the support of a clan behind us. In fact, if we want to deal with him and kill him completely, it's useless to just rely on us. We still need to mobilize more sixth tribulation powerhouses."

"Miss Xuan, are you saying ...?"

Ye Jiuxuan was stunned.

"Recently, haven't there been many old monsters appearing? there are also many 6th tribulation old monsters in our clans. They are our trump cards. Only by joining forces and setting up a trap to lure that guy in can we possibly kill him."

Yuchi Xuan said coldly.

"You don't know how difficult it is to deal with him. Every time he seems to be in a desperate situation, he can always turn the situation around. Therefore, if we want to kill him completely, we must form an overwhelming force and use all the means and resources we can use."

"That makes sense!"

All the Saint children nodded in agreement.

Ye Jiuxuan pondered for a long time and said, "then we'll do it this way. First, we'll unite the six tribulation old monsters of the various clans. Then, we'll contact the independent cultivators. We'll pull them all in and form a unified Alliance."

"All the races must also take out their Supreme weapons. We can't hold back. We also have to improve our strength as soon as possible."

"When we're almost ready, we'll set up a trap and invite him in. Then, we'll kill him in one fell swoop."

"Alright!" The group of Saint children nodded.

"By the way, brother ye, don't you plan to invite young master Taixu or young master Vermillion Bird and the others?" A Saint asked.

"This ... I've invited them, but they don't seem to be interested." Ye Jiuxuan said, "how about this? I'll make another trip in a few days. If we can invite them, our chances will be greater."

"Then how do we deal with the heavenly demon eyes?"

Another Saint asked.

“Yeah! Although the various races have prepared many treasures to guard against this pair of heavenly demon eyes, I don’t know how effective they are, and they may not be able to block it. ”

The crowd was a little noisy.

Everyone had a distressed look on their faces. This pair of heavenly demon eyes was too powerful.

“I have an idea!”

Suddenly, a deep voice rang out, drowning out all the other sounds in the hall.

Everyone looked over and saw that it was the monster from the Ji clan.

“Brother Ji, do you have any ideas?”

The Ji clan’s genius strode out and said in a deep voice,“”As we all know, the best treasure to restrain the otherworldly demons is the treasure of Buddhism. However, Buddhism has long declined in Pangu, and Buddhist treasures are rare.”

“However, I do know the location of one of the most valuable treasures of the Buddhist way. It’s not an ordinary treasure, but a Supreme artifact. It belonged to a Supreme of the Buddhist sect in ancient times. ”

“That should be a Kasaya called the moonlight Treasure King Kasaya. It’s a Supreme treasure of the Buddhist path. With this treasure, not only can one be immune to the heavenly demon eyes, but one can even use this Supreme treasure to kill those heavenly demons and destroy the heavenly demon eyes.

The genius of the Ji clan laughed coldly.

“It’s a Buddhist treasure!”

The group of Saint children exclaimed.

Then, they were overjoyed.

The Supreme treasure of the Buddhist sect was the nemesis of the heavenly demon. As long as he could find this treasure, it would be easy to break the heavenly demon eyes.

At that time, many old monsters of the sixth tribulation would attack and easily kill that guy.

The monster of the Ji clan laughed and said,“”That place is quite dangerous, it’s a good place to set up an ambush. How about this, we’ll set up an ambush there and spread the news of finding Suan ni, that guy will naturally come to us obediently. That will be our chance. ”

“Good idea!”

The group of Saint children all exclaimed in admiration.

They laughed with joy and were full of confidence.

Then, they discussed for a while more before they dispersed and began to take action.
