

The Mightiest Little Peasant Chapter 2014

“This is the place!”

Under the guidance of Zao huaizi, Tang Hao went deep into the ground.

The two of them entered a cave. The inside of the cave was filled with boiling lava and raging flames.

“This is the source of the earth Fire vein. Look at those praying mats. They were left behind by our creation sect’s ancestors when they were comprehending the Dao. On these praying mats, there are also some comprehensions left behind by them. They will help you comprehend the Dao laws.”

Said Zao Huazi.

Tang Hao looked around and nodded slightly.

This place was indeed very suitable for comprehending the fire Dao.

It had only taken him slightly more than a month to achieve a breakthrough in his cultivation. The Holy Sons had not come out of seclusion yet, so he still had some time. Therefore, he wanted to try to comprehend the Dao law. If he could comprehend another Dao law before they came out of seclusion, his strength would undoubtedly increase by a lot.

After considering the various Dao laws, he chose the fire Dao.

He was more skilled in fire-type Dao techniques. Furthermore, there was a place in the creation sect that was suitable for him to comprehend the fire Dao. Hence, he had chosen this Dao law first.

“I have the creation divine body, the path-understanding tree, the path-understanding stone, and other path-understanding treasures. In addition to the comprehensions left behind by the ancestors of the creation sect, I might really be able to quickly comprehend the Dao law.”

Tang Hao muttered to himself.

His first Dao law, the Dao law of reincarnation, had taken him more than two months.

As one of the great Dao of supremacy, the reincarnation doctrine itself was extremely difficult to comprehend. It was only because of the reincarnation Lake and the soul splitting technique that he created that he was able to comprehend it quickly.

In comparison, although the ultimate fire path was simpler, it did not have a special Dao Comprehension place like the reincarnation Lake.

Tang Hao wasn’t sure if he could comprehend this Dao law within two to three months.

“Let’s see how the comprehensions left behind by the ancestors are!”

Tang Hao looked at the futons.

If these insights were powerful enough, he would definitely be able to comprehend this Dao law within two to three months. Otherwise, he would need at least half a year.

“Let’s try it first!”

Tang Hao mumbled to himself. He walked to a praying mat and sat down.

Then, he took out all kinds of enlightenment treasures and began to comprehend the Dao.

— —

At this time, somewhere in the East continent.

A ray of light streaked across the sky and landed on a mountain range, revealing a figure.

This was an old man wearing a silver robe, and he had a celestial-like temperament.

He stood in the air, raised his hand, and cupped it in the air in all directions. He shouted, “Daoist qianqiu, I’m yinfeng. I’m here to pay you a visit!”

A moment later, ripples appeared in the void of the valley below, and a figure stepped out. It was an old man in a green robe.

He looked at the silver-robed Daoist and laughed, “So it’s fellow Daoist yinfeng. Long time no see! How come you have time to visit me today?”

Daoist yinfeng smiled. “Daoist qianqiu, long time no see. It’s been a hundred years since we last met. How have you been?”

“Hey! What else could he do? He’s still comprehending the Dao!” The green-robed elder said, “you came at the right time. I just came out of seclusion not long ago. If you had come a few days later, I would have gone into seclusion to comprehend Dao and strive for the fourth Dao law.”

“Come, come, come. Don’t just stand there. It’s a rare sight. Let’s go in and have a good chat, drink some tea, and discuss Dao.”

Then, he called Daoist yinfeng into the cave.

“Alright!”

Daoist yinfeng nodded, followed him into the cave, and sat down.

After exchanging some pleasantries, Daoist qianqiu said, “Brother yinfeng, tell me, what’s the reason you’ve come today?”

“Brother qianqiu, have you ever heard of the name Tang Hao?” Daoist yinfeng asked seriously.

“Tang Hao?” Daoist qianqiu was taken aback. “Why haven’t I heard of it before? Although I’ve just come out of seclusion, I’ve heard of this name. ”

“I’ve heard that he’s a peerless monster. He’s from the lower realm, but he has defeated all the monsters on Pangu continent, not even the eldest young master of the great void heaven!”

Daoist qianqiu exclaimed in surprise.

He rarely paid attention to the outside world. He was not interested in the geniuses of the younger generation. However, Tang Hao was different. His reputation was so great that he had to pay attention to him.

When he came out of seclusion, everyone outside was talking about Tang Hao.

In the battle of the ancient deity plateau, he defeated young master Taixu heaven.

The demon burial abyss had easily broken the hundred clan Alliance’s trap and obtained the Supreme Kasaya ...

Not long ago, the astonishing phenomenon that appeared at the gate of fortune was also caused by this monster.

When he first heard of it, he was shocked and couldn’t believe it.

When did a monster from the lower realm become so powerful?!

“Yup! He’s a peerless monster!” Daoist yinfeng nodded and said, “you’re so young, but you’re already at the middle stage of the sixth tribulation. You have several Supreme weapons and are invincible in divine arts, paths, and skills. Your future is limitless!”

“Indeed,” Daoist qianqiu said. “With his potential, it won’t be a problem for him to advance to the seventh tribulation or even the eighth tribulation in the future. However ... That’s not necessarily the case. He has too many enemies. Such a monster might not be able to grow.”

“By the way, why did you come to me? What does this kid’s fate have to do with us old monsters!”

He looked at Daoist yinfeng and asked in confusion.

“I’m here today to speak on his behalf!” Daoist yinfeng said.

“Lobbyist?”

Daoist qianqiu was taken aback.

“That’s right! I’ve already become his subordinate and joined the gate of fortune!” Said Daoist yinfeng.

“What?”

Daoist qianqiu was shocked and stared at him in disbelief.

Why did this Silver Peak Daoist join that kid's team?

One must know that the silver Peak old Daoist was also a late-stage six tribulation expert who had comprehended three kinds of Dao laws. Moreover, they were all old figures who had cultivated for thousands of years. How could they join the command of such a young kid?

"You ... How did you do that?" He said in shock.

"Hey! There's nothing to say if you're not as good as him!" Daoist yinfeng laughed bitterly and waved his hand.

Then, he told her how he was subdued.

Daoist qianqiu was even more shocked.

"Is that kid really that powerful? Even a thousand-year-old monster like you is no match for him? This ... How is this possible?" He still found it hard to believe.

Even though he had heard a lot of rumors about that kid after coming out of seclusion, in his impression, that kid was still a junior and could not be compared to old monsters like them.

However, the silver Peak Daoist, who was on par with him in strength, was defeated and subdued by that kid. It was undoubtedly a huge blow to him.

"It's really unbelievable!"

After a long while, he finally came back to his senses and sighed.

Then, he looked at the silver Peak Daoist and said, "Brother yinfeng, did you come here today to persuade me to join him and the creation sect?"

"That's right!" Daoist yinfeng nodded. "However, don't worry, brother qianqiu. I'm just asking and won't force you. If you're willing, I'll recommend you. If you're not, it's fine."

"Naturally, I'm not willing!" Daoist qianqiu said, "brother yinfeng, do you think I'd be willing to live under someone else's roof and even have my life in their hands?"

"With our cultivation, we can be treated with respect anywhere. Even if we go to the martial God mountain or the Yu Hua sect, we can be elders and be respected. Why do we have to lower ourselves?"

"Brother Chiaki, don't be in such a hurry to reject me. Let me finish first."

Daoist yinfeng said as he took out two treasures and placed them on the table.

"Yes, with our cultivation level, we can go anywhere we want. But where can we get such a treasure so easily in this world?"
