

The Mightiest Little Peasant Chapter 2031

Tang Hao was stunned!

Beside him, Zao Huazi's mouth was also wide open, and he looked dumbfounded.

All the fighting had stopped.

The surroundings were deathly silent.

Everyone, no matter if they were xiuzhe or people from the wilderness, all looked over with a dazed expression.

The seven tribulation saints' eyes and mouths were wide open, as if they had seen a ghost.

Among them, Sir God Wu Ling's expression was the most interesting. His eyes were about to pop out of their sockets and his entire face was distorted.

His face kept twitching, and he had a strong urge to vomit blood.

He had chased it to the death, but he still couldn't catch this immortal herb. However, this kid just stood there and did nothing, but the immortal herb took the initiative to rush up and throw itself into his arms.

This ... This ... Was there still any justice in this world?!

He kept roaring in his heart, and his old face was livid.

The expressions of the other seven tribulations were not any better, and they all had the urge to vomit blood.

Many of the seven tribulations even pinched themselves, as if they were wondering if they were dreaming. Otherwise, how could such a bizarre and absurd thing happen!

"Everyone says that this kid's luck is amazing, but no matter how good his luck is, it can't be good to this extent!"

"An immortal herb has delivered itself to my door! This ... This is simply a great fortune!"

Everyone was boiling.

Everyone cried out in shock, their faces filled with disbelief.

Tang Hao's expression was the same as theirs. He was in disbelief.

"A celestial medicine in the face? F * ck! Am I that lucky? No way! This must be fake!" Tang Hao's mind was in a daze. He was dazed by the sudden surprise.

He looked down and was stunned again.

It was not a baby in his arms, but a cute little girl. Her face was fair and tender, and her big black eyes were staring at Tang Hao.

“This ... Is the celestial medicine?”

Tang Hao was stunned.

The godly medicines and elixirs that he had come into contact with in the past, after they had formed spirits, had at most the appearance of a baby, which was completely different from the one in front of him.

“This fragrance is ...?”

Then, Tang Hao’s nose twitched. He smelled a strange fragrance.

He sniffed it lightly and revealed a shocked expression.

The fragrance was not only strong and refreshing, but it also contained an astonishing spiritual essence. Once it entered his body, it turned into the purest immortal Qi and flowed through his meridians.

He was now at the later stage of the sixth tribulation. This bit of celestial Qi was insignificant for his cultivation. However, if it had been a Saint at the fourth or fifth tribulation, his cultivation would have increased a lot just by smelling it.

“This is a human-shaped immortal pill!”

Tang Hao looked at the little girl in front of him. He was a little shocked.

The magic of this immortal medicine was beyond his expectations.

This little girl’s body probably contained unimaginable spiritual essence. If it weren’t for the barriers of the Saint realm, he would have become a sovereign in one step after swallowing this immortal medicine.

What kind of divine item was this!

Tang Hao’s eyes were burning as he looked at her.

He was at the late stage of the sixth tribulation, so it would be a waste for him to take this immortal medicine. However, he still had a magical clone, a heaven and earth origin core clone. As long as he absorbed this immortal medicine, he would definitely be able to rush from the early stage of the sixth tribulation to the seventh tribulation.

“Big brother, please don’t eat me, I’m not delicious ...”

The little girl seemed to have read Tang Hao’s mind. She said timidly, her face showing a hint of fear.

Tang Hao’s heart softened when he heard the child’s voice.

Tang Hao felt sorry for her when he saw how adorable she was.

He was even more alert. He hadn't even gotten his hands on the celestial medicine yet. If she turned around and ran away now, he wouldn't be able to keep her. He couldn't scare her at this time.

"Good, good, good!" Tang Hao said quickly.

"Big brother is the best, unlike those old men who are ugly, old, and mean. They always want to eat me!"

The girl turned around and looked at the Group of Seven tribulations.

"You little kid!"

"Preposterous! Preposterous!"

The group of 7th tribulation experts were so angry that they blew their beards and glared at him.

Tang Hao looked at them and laughed bitterly. He felt his scalp go numb.

The Group of Seven tribulations were all staring at him with murderous eyes, as if they could not wait to swallow him alive.

"The situation is not good!"

By the side, Zao Huazi was also starting to panic.

This immortal herb was good, but it was too hot to touch!

If not for Master Tang's special identity, he would have been killed by these old monsters.

"You're all old and ugly. Did I say anything wrong?" The girl snorted angrily and said in a childish voice, "you're all old bad guys!"

"Wayaya! This little kid is too detestable!"

The group of 7th tribulation experts shouted in anger again.

They were also full of anger. They had spent so much effort just now, but not only did they not catch this girl, but they were also played by her, making them lose all face.

"Aiyo! Little ancestor, you should just stop talking!"

Said Zao Huazi anxiously.

"Big brother, I'll go with you! I don't want to be with this group of old bad guys!"

The girl turned around and looked at Tang Hao pitifully. She even tugged at Tang Hao's shirt with her small hands.

Tang Hao grinned. He felt a headache coming on.

This ... Was too against the rules. How was he supposed to do it!

"Forget it! Let's go first!"

Tang Hao flicked his sleeve and kept her in his mobile abode. Then, he called for master fortune and ran away.

"Kid, don't run! Hand over the celestial medicine!"

"You little kid, don't even think about running!"

The Group of Seven tribulations roared and chased after him.

After all, that kid's identity was special, and he had the backing of The Old Blood demon. None of them wanted to provoke such a terrifying figure.

As they chased, they looked at each other.

Make your move!

Then why didn't you make a move?

You're the one who yells the most! Of course you did!

Although they didn't say anything, they were communicating with their eyes.

None of them wanted to make a move themselves. They all wanted the other to make a move so that they could take advantage of the situation. However, no one made a move.

They were also unwilling to leave. After all, that was a celestial medicine, so they could only follow it.

As Tang Hao ran, he turned around to look. After a while, he stopped. He knew that he could not shake off these seven tribulations with his speed. Besides, the heavenly Peng mountain was only so big. Where could he possibly run to?

Since these seven tribulations were not making a move for the time being, he had nothing to be afraid of.

"Look, this kid is so arrogant! I'm too lazy to even run!"

"His eyes are clearly provoking us!"

When the Group of Seven tribulations saw this, they all gnashed their teeth in hatred.

“Hmph! We’ll let this brat be arrogant for a while. Let’s see how he’ll continue to be arrogant when he meets the group of Holy Sons and young master Taixu!”

“Right! The group of Holy Sons and young master Taixu will definitely not let this brat go. With their strength, they are more than enough to kill him. Once he is dead, it will be the best time for us to seize the medicine.”

They discussed in low voices.

Tang Hao observed them for a while longer. After making sure that they had no intention of making a move, he went up the mountain.
