

The Mightiest Little Peasant Chapter 2135

In the sky, a dark blue light flashed by, as fast as lightning.

It was a Blue Bird, and on the back of the bird, there were many figures.

“That’s the Han clan’s ancient city!”

Han Yutong raised her hand and pointed ahead.

Tang Hao looked over and saw a majestic city on the vast land. It was completely black and made of some kind of metal. The city walls were covered with dense blood-red lines.

It was the blood of the Han clan’s ancestor.

Every Pangu clan’s ancient city had been watered by the blood of their ancestors, which made them indestructible fortresses. Even a nine tribulation Supreme would find it difficult to break into an ancient city.

It was also because of these ancient cities that even if these clans were weakened, they would not be exterminated and could continue to exist smoothly.

“It’s quite imposing!”

Tang Hao looked around the city.

This was the first time he had seen an ancient city.

An ancient city like this was usually hidden. Without someone’s guidance, it was impossible to find it.

“Go down!”

Tang Hao said to the Han clan disciples after watching them from a distance.

“Yes!”

The Han clan disciples looked at Han Shifeng. After seeing him nod, they responded.

Then, the birds bent down and rushed toward the ancient city.

Han Shifeng stood at the back of the crowd, his sinister eyes staring at the white-robed figure in front of him as he sneered inwardly.

Along the way, he had been afraid that this Tang fellow would change his mind and not go to the Han clan. If that were the case, his plan would have failed. Now, he was finally relieved. As long as they stepped into the Han clan’s ancient city, this fellow would be a turtle in a jar.

He was getting more and more excited as he watched the birds fly closer and closer to the ancient city.

When the birds rushed into the ancient city, he couldn't help but let out a long sigh of relief.

"Hahaha! It's done!"

He was so excited that he almost jumped up.

"Tang Hao, Oh Tang Hao! Everyone says that you're smart, cunning, and full of tricks, but I don't think so. You actually dared to come to my han clan's ancient city. You're obviously extremely stupid!"

He secretly sneered and revealed a look of disdain.

The bird flew to the center of the ancient city and landed on a square.

Tang Hao scanned his surroundings, then leaped and landed on the ground.

At this moment, a group of figures walked out from the hall in front of the square. The one leading them was Lord han, and behind him were a group of elders.

"Long time no see, little friend Tang!"

Lord han strode over and laughed heartily as though he was meeting an old friend. "I remember that the last time we met was in the spirit treasure heaven. It was during the treasure falling ceremony. My han clan was there as well. I saw you once from afar."

"During that grand ceremony, little friend, you were really lucky! To be able to obtain a Supreme martial artist's relic and attract a living Supreme martial artist, it's truly a great fortune!"

"Oh! I almost forgot to introduce myself. My name is Han Yue!"

When he got closer, he cupped his hands again and smiled.

"This Tang greets Lord han!"

Tang Hao returned the gesture.

He naturally recognized this Lord han. At the treasure falling ceremony, he had seen him a few times from afar.

Many people from the Han clan had gone, but han Shifeng had not. This was because the treasure falling ceremony only invited a few famous geniuses. With han Shifeng's reputation, he did not have the qualifications to go.

"I'm han mu, the Grand Elder of the Han clan. Nice to meet you, fellow Daoist Tang!"

"I'm han jingmo, the second elder of the Han clan ..."

Behind Lord han, the elders cupped their hands.

Tang Hao returned their greetings.

“I heard from Shifeng that there was a small misunderstanding when you were in the Biyue Grotto-heaven. I hope little friend Tang doesn’t mind.” Lord han said.

Tang Hao’s gaze swept around him. He observed his surroundings and was moved.

The Han clan’s attitude was too warm!

However, he remained calm. To him, he was not afraid of whatever the Han clan was up to.

“Why would I mind?” he laughed heartily. It was just a small misunderstanding! It’s already been solved!”

“Oh! That’s good! Come, come, come, let’s go in and talk!”

Lord han said with a warm smile. Then, he turned to the side and led Tang Hao to the Great Hall.

“Lord han, you’re really putting me to shame!” Tang Hao was flattered.

“Hey! What Zhe Sha? although I’m a seven tribulation cultivator and can be considered your senior, your identity is also extraordinary. You’re the number one monstrous talent in the world. Just your identity alone is enough for you to be my equal. Today, you’re an honored guest of my han clan. ”

Lord han laughed.

“I’ve known about you and Yutong for a long time. You’re here for her, too. I know everything. Let’s go to the main hall first, sit down, and talk slowly!”

“Alright!”

“Okay,” Tang Hao said, then followed him.

The group of elders followed and looked at each other. They could see the excitement in each other’s eyes.

Now that this kid had stepped into the ancient city, it was impossible for him to escape. All the treasures on this kid would belong to the Han clan.

However, this brat was rather formidable. If they were to attack now, even if Lord han were to personally take action, it would inevitably cause some losses to the Han clan. Only by luring him into the Great Hall and trapping him in the formation would they be completely safe.

“This kid ... Is still a little too green!”

“I’m afraid he didn’t expect that our han clan would attack him!”

They transmitted their voices to each other, all of them sneering.

“Little friend, please sit!”

After entering the main hall, Lord Han beckoned Tang Hao to take a seat. Then, he turned to the group of disciples behind him and said, “don’t come in. Wait outside!”

The group of disciples responded and stood outside the hall.

“Little friend Tang, we’re not in a hurry to talk about serious business. Come, let’s have a drink first! This is a special fruit wine made by my Han clan. You’ve never tried it before!”

After Lord Han sat down, he shot a glance at the great elder Han Mu.

The Grand Elder walked forward and placed a pot of wine on the table in front of Tang Hao.

Then, he took out another pot and placed it on Lord Han’s table.

“Little friend Tang, the Han clan actually has some grudges with you. We also participated in the pursuit that time. It’s our clan’s fault. Come, let’s have a toast to settle this grudge. What do you think?”

Lord Han raised his wine cup and said.

Tang Hao picked up the wine glass in front of him and sniffed it.

Lord Han and the other elders of the Han clan felt their hearts tighten when they saw his actions.

A moment later, Tang Hao put it down again and smiled. “Since Lord Han has said so, I, as a junior, have no reason to disobey. All grudges are settled!”

“Good, good, good!”

Lord Han laughed heartily.

“Then this junior will drink first as a form of respect!”

Tang Hao raised his glass and finished it in one gulp.

The Han clan members heaved a sigh of relief.

After entering the main hall and drinking the wine, everything went smoothly according to plan.

Next, they didn’t need to be in a hurry. They just had to wait for the medicine to take effect and they could easily take down this kid.
