

The Mightiest Little Peasant Chapter 2183

“Hahaha! It was broken! It’s broken!”

The crowd was in an uproar.

Everyone was extremely excited.

They had been waiting here for three months just to witness this moment.

“That’s great! That’s great!”

The array Masters were so excited that they were trembling.

“If we can break this array, the name of our generation’s array Dao will be left behind in history. This is a Supreme honor!”

Daoist Jiu Gong had already woken up. He stood up shakily and looked into the hall. He cried out in excitement and tears flowed down his face.

“I didn’t expect that ... They really did it!”

Baili Yuntu sighed.

He was still a little unwilling that he couldn’t crack the array with his own hands, but then he felt excited and proud.

The destruction of this array was not only an honor for the XI Emperor heaven, it was also the honor of the entire array Dao world!

“My three fellow Daoists! Congratulations!”

“Seniors, you’re really amazing!”

The crowd began to rush into the hall and squeezed towards the three elders of Emperor Xi, congratulating them enthusiastically.

“Hahaha! As expected of sovereign Xi heaven! The number one faction in the array path! Even if it’s different, it’s not a problem for me to form an ancient formation!”

Li Changhe was also squeezed into the crowd.

He pushed his way through the crowd and walked to the three elders of Emperor Xi. He bowed respectfully with a smile on his face. He was full of enthusiasm and even a little flattery.

After flattering him in a different way, he turned his eyes to the other side of the hall.

The corners of his mouth curled up and a hint of mockery flashed across his face.

“The three seniors are the real deal, the true masters of the realm of arrays. In the past three months, you must have exhausted your mind and blood to break this array. Unlike some people, who clearly have no ability, but still stay inside and don’t come out. What, still want to pretend to be an expert!”

His voice was very sharp, and it spread throughout the entire Hall.

His tone was filled with mockery and ridicule.

“Hahaha! Brother Changhe, there’s no need to mention this kind of person! I’m blushing on his behalf!”

Beside him, Lord Yuchi burst into laughter.

“Yeah! Why are you mentioning him at this time? what qualifications does he have to compare with the three old seniors?” The night patriarch also sneered.

As he spoke, he narrowed his eyes and glared at the figure coldly.

His cold eyes were filled with hatred and killing intent.

This man had killed the Holy Son of the night race and snatched the primogenitor’s armor from him. He wanted nothing more than to extract his soul, refine it, and hack him into pieces.

“Hahaha!”

Loud laughter rang out beside the night Master and the medicine master.

Most of them were very close to the Yao clan and the night Lord.

This was especially so for the Yao clan. As they were skilled in refining elixirs, they had many alchemy Saints. Many clans and sects had extremely close relationships with the Yao clan.

The more they laughed, the louder they became.

After mocking him for a while, they felt bored when they saw that the kid was still indifferent and unmoved. They continued to surround the three old men of Emperor Xi and flatter them.

“This immortal-binding array has stumped countless ancient grandmasters of array Dao. Today, the three of you were able to break it. This proves that your attainments in array Dao have long surpassed those ancient grandmasters and reached the peak realm.”

“The three seniors ‘attainments can definitely be called the first in history!”

The more they bragged, the more mushy they became.

However, the three old men from sovereign Xi heaven in the crowd didn’t look good.

At this moment, they were somewhat at a loss and even more bewildered.

This ... What exactly was going on?

The three of them were not the ones who had broken the array.

With the strength of the three of them, it was indeed possible to break this formation because they had also discovered that this formation was not perfect. It was not the true complete celestial binding formation.

They should be able to break it in a month or two.

But now, this array had been broken! It was completely beyond their expectations!

But, how was that possible!

It was impossible for there to be someone more powerful than the three of them among the people who had broken the array!

When they had just come out, they had looked around and there were not many people left in the array. There were only a dozen or so, and none of them could compare to them.

Then, if it wasn't the three of them, and it couldn't have been these people, then who was the one who broke the formation?

In addition, this formation wasn't as simple as being broken. If it was just broken, that person would have walked out of the maze, come to the center of the hall alone, and taken the core. But now, everyone in the formation had come out.

This also meant that the array base of this great array had been broken!

The entire formation had been completely broken.

However, this was absolutely impossible!

Even if the three of them spent another month or two, they wouldn't be able to do this.

"It's really strange!"

"This is simply inconceivable!"

They looked at each other and shook their heads, their faces full of confusion.

At this moment, someone noticed that something was wrong with the three of them.

"Three seniors, why do you all look unhappy about breaking this ancient formation?"

Someone asked.

“You’ve misunderstood us. We ... Didn’t break this array!”The three of them smiled bitterly.

“What?”

When the cultivators heard this, they were all confused.

The three old men didn’t break this formation?

How could this be possible?

If they weren’t the ones who broke it, who else could it be?

“Three seniors, stop joking! If it wasn’t you guys, who else could it be!”

Many people laughed, thinking it was a joke.

“If we were the ones who broke it, why wouldn’t we admit that we weren’t the ones who did it!” One of the three old men shook his head and smiled bitterly.

“If it wasn’t them, then who was it?”

“That’s impossible!”

After a moment of shock, the cultivators were in an uproar.

They found it unbelievable. Among the remaining dozen or so people in the formation, only the three elders of Emperor Xi could break the formation. There were a few famous array Masters, but in terms of level, they were thousands of miles away from the three elders of Emperor Xi.

They absolutely did not believe that these people could break the array.

“I ... I know him. His surname is PEI, and he’s a Grandmaster of arrays from the PEI clan. However, he’s not even as good as Daoist Jiuqu, so how could he break this array?”

“That’s even more impossible. He’s only somewhat famous in the spiritual wilderness. He’s nothing in the entire Pangu continent ...”

The cultivators looked at the array Masters one by one.

Every time they saw one, they could not help but shake their heads.

These people weren’t bad, but they didn’t believe that they could break the ancient formation.

After looking through all of them, their gazes finally gathered in one place.

They took a look and laughed.

Those people were all famous array Masters and had a slight chance of breaking the array, but this person didn't even have a slight chance.

This was because he was divine Lord Tang!

"Hey! Stop looking, just him? How is that possible?"

"It is! I don't think he'll be able to break such an ancient formation even if he's given another hundred years!"

Li Changhe and the others sneered.

"Is that so?"

Tang Hao looked at them and smiled.

Li Changhe and the others were stunned. Then, they burst out laughing.

"Hahaha! You guys see, this kid is really shameless! He's acting like he's the one who broke the formation!"

Li Changhe scoffed.

Everyone's expression turned strange. The way they looked at Tang Hao also changed.

It was clearly not broken by him, but he wanted to take the credit for it. This kind of behavior was indeed somewhat disdainful.

"You don't believe me? Alright, you guys better look carefully at what this is!"

Tang Hao was not angry. He smiled and waved his sleeve. Something flew out and fell to the ground.

All the cultivators looked at it and were stunned.

"What ... What is this?"

"It looks like a formation plate!"

They asked, puzzled.

"This ... This is a formation plate! It's the array board of the immortal Binding array!"

The three old men shuddered and exclaimed in shock.

Their eyes were filled with excitement and passion as they rushed forward madly. They pounced on the ground and grabbed the array board.

“It can’t be wrong! This is a formation plate!”

They shouted excitedly as they carefully examined the area, their expressions extremely fanatical.

“What? Is that really a formation plate?”

Everyone’s body trembled as if they had been struck by lightning. They were completely stunned.
