

The Mightiest Little Peasant Chapter 2331

Tang Hao put away the small cauldron. He was going to leave the divine mountain, extract the poisonous mist, and refine it into the divine boat.

With the protection of the poisonous mist, the divine boat's defensive capabilities would become even stronger.

Then, he swept his gaze across the mountain.

Without the poisonous fog, he could clearly see the situation on the divine mountain.

At the peak of the divine mountain, there was a huge Dao Palace, which should be the residence and cultivation place of the poison immortal. There were no more buildings below the peak, only endless ancient forests, lakes, and swamps, where all kinds of poisonous beasts could be seen from time to time.

"Let's take a look at the Dao Palace first!"

Tang Hao steered the divine boat and landed in the sky above the Taoist Palace.

After blasting the formation that enveloped the palace with a few cannonballs, they successfully barged in.

Tang Hao led the Group of Seven tribulations cultivators and carefully searched the entire Holy Zhi Palace. They found many treasures, such as elixirs, cultivation techniques, and tribulation weapons. In terms of quantity and variety, they were more than the previous Holy Zhi Palace.

"These things obviously come from different forces. It seems that the rumors are true. This senior often kills and slaughters sects, so he has accumulated so many treasures. These treasures are useless to him, so he simply piled them here."

Elder lie sighed.

"Hahaha! We'll benefit from this!"

Ling Zhanxu and the rest could not stop laughing.

This trip was not in vain.

"This bottle is ... The Golden pill of all adversity?"

Tang Hao was counting the pills. When he picked up a Golden Jade bottle and opened the cap slightly, his expression changed and he quickly closed the bottle.

"Myriad golden pill?"

At the side, the expressions of the group of 7th tribulation cultivators changed, and they looked over in unison.

They stared at the Jade bottle with fear in their eyes, but also a little fervour.

The Golden elixir of all disasters was a legendary poison elixir, and it was also one of the most famous means of this poison immortal. Even a nine tribulation Supreme would be afraid of the Golden elixir of all disasters he refined, let alone an eight tribulation Supreme.

“That’s right! It’s the Golden pill of myriad disaster!”

Tang Hao carefully opened the door again and examined it.

“But it’s a pity that there’s only one!” Then, he shook his head and said regretfully.

The Golden elixir of all disasters was a treasure that could pose a great threat to an eighth tribulation expert. If used properly, it could even kill an eighth tribulation expert. It was a rare divine item, and it was a pity to have only one.

Hearing this, everyone also revealed a look of regret.

Since there was only one, they had no chance.

However, they soon felt relieved. They had no use for such a powerful treasure. After all, they did not have any 8th tribulation enemies. It would be a waste to have it in their hands.

After taking stock of the treasures in the Holy Zhi Palace and dividing them up, they left the Holy Zhi Palace and searched every corner of the divine mountain. They took away all the poisonous beasts and spirit herbs before leaving the divine mountain.

“Where’s our next stop?”

As soon as they left the divine mountain, Ling Zhanxu could not hold it in any longer and asked anxiously.

“The next stop ... Is an immortal Palace!” Tang Hao picked up the name list and looked at it. “It’s called ethereal immortal Palace!”

“Ethereal immortal Palace? I think I’ve heard of it before!”

Ling Zhanxu was startled, “in the outer region, this immortal Palace seems to be very famous.”

“That’s right! This immortal Palace is very famous and mysterious. It has a history of more than ten thousand years. Since ancient times, countless mighty figures and geniuses have entered it, but no one has found anything inside. Everyone has returned empty-handed. ”

Elder lie said.

“Furthermore, no one has been able to tell us the true origin of this immortal Palace. Our seniors of Vermillion Bird heaven have also entered it before, but they have all found nothing. It is said that once

they entered, they seemed to have lost their way and were in a daze. For some reason, they finally came out. It is very strange.”

As he said that, elder lie revealed a look of confusion.

There was only one such strange place in the entire Pangu continent.

“Is it really that strange? I thought it was just a legend!” Ling Zhanxu said.

“That’s indeed the case. An ancestor of my Shi clan went up there before, and his experience was even more bizarre. It’s said that after he came out, he lost his memory and couldn’t remember what happened inside.” The elder of the stone clan said.

“By the way, this ancestor is still an eighth tribulation. It was a long time ago, during the era of the ten thousand emperors.” He then added.

Ling Zhanxu was startled and somewhat speechless.

“If even the eighth tribulation is like this, is there still a need for us to go?” he was a little scared.

“Go! Of course I’m going, the more evil it is, the more I want to go!”

Tang Hao smiled at him.

He knew that the more evil a place was, the more likely it was to hide good things. Even an 8th tribulation expert would lose his memory, so it might be a true immortal’s relic.

“I think so too. Maybe there’s some good treasure!”

Li gongzi pouted and smiled.

“That’s true!”

The moment he heard the word ‘treasure’, Ling Zhanxu’s eyes lit up again.

Tang Hao chuckled when he saw that. He accelerated the divine boat toward the celestial Palace.

Ten days later, they finally arrived at their destination.

In the void far away, an ethereal mist appeared. The mist was seven-colored and gorgeous, like a rainbow. In the mist, a Celestial Palace was looming. It was the ethereal Celestial Palace.
