

## The Mightiest Little Peasant Chapter 2391

Tang Hao held the divine pill in his hand with a strange expression on his face.

This was the second Nirvana elixir!

In such a short period of time, two Nirvana elixirs had appeared one after another. This was too much of a coincidence!

“How about ... Another one?”

Tang Hao raised his head and shouted at the sky.

When the xiuzhe heard this, they all paused and then laughed.

All the clan leaders laughed as they thought that this divine Lord Tang was an interesting person who was joking. As for the divine curse young master and the rest, they were all sneering at him.

“Hahaha! This guy must be stupid!”

“Who does he think he is? He could get whatever he wanted? This is the black and yellow tower, a trial ground set up by the ancient true immortals. It’s not the creation sect’s territory!”

They laughed out loud, their faces full of mockery.

However, at that moment, there was a loud boom not far away. Then, under the dazed gazes of all the divine Lords, a golden light shot into the sky. A huge golden divine elixir could be vaguely seen inside.

The aura emanating from the pill was none other than the Nirvana pill!

Everyone was dumbfounded.

The laughter stopped abruptly, and the expressions of young master divine curse and the others froze.

Their eyes were almost popping out of their sockets when they saw the divine pill.

F \* ck! It really was the Nirvana pill!

This brat had just finished speaking, and he had already offered a Nirvana pill. This was too F \* cking strange!

“This ... This should be just a coincidence!” The cursed young master came back to his senses and laughed drily.

“Yes, yes! It’s just a coincidence!”

Daoist xuheng and the others followed.

They would rather believe that it was just a coincidence than believe that the black and yellow tower had appeared and fulfilled this kid's request.

"He really came!"

Tang Hao took the Nirvana pill and smiled.

He was now sure that this black and yellow tower had a spirit. For some reason, it took special care of him and gave him three Nirvana elixirs.

"Why don't we have another one!" He raised his hand and smiled at the sky.

Each Nirvana elixir could shorten the time by half. Three elixirs could shorten the time to one or two years. If there was another one, it would not take a year.

"Damn, this kid is insatiable!"

"F \* ck!" Young master demonic chant cursed in anger when he saw this.

They gritted their teeth, their eyes burning with jealousy.

They didn't even get a single Nirvana elixir, but this kid was still not satisfied after getting three and wanted more.

"He already has three, he won't have more, right?"

"That's right! Even if the black and yellow tower has a spirit, it won't be so biased!"

The divine Lords from the four directions also discussed softly.

However, what happened next shocked them. There were two loud bangs, and two beams of divine light shot into the sky. There was a Nirvana elixir in each of them.

"F \* ck!"

The divine Lords of four directions almost cursed.

The pagoda was too biased. Divine Lord Tang had already given him three pills, and he was giving him two!

"This ... This is not fair!"

The eyes of young master divine curse and the others were red with jealousy.

"Two!"

Tang Hao was surprised. He did not expect to find two at once.

However, he also understood the meaning of the black and yellow tower. These should be the last two. There would be no more.

“Five Nirvana elixirs. I only need four to five months to succeed in Nirvana!”

Tang Hao was very satisfied with the pill.

“Fellow cultivator Tang is extremely talented. You’ve reached the ten thousand Blood Realm at the age of less than a hundred years old. I believe that the black and yellow tower has taken a fancy to him and is biased towards him. That’s why it gave him five Nirvana elixirs to help him reach the eighth tribulation.”

“I think so too, otherwise how could there be such a coincidence!”

The divine Lords from the four directions discussed softly, their faces filled with envy and admiration.

“Congratulations, divine Lord Tang!”

Then, they congratulated him.

“F \* ck! “This bastard ...” In the distance, Liu heihu’s eyes were also red with envy.

“Damned heavens, you’re biased! You gave him the Nirvana pills, but you didn’t give them to me! I, the black Tiger, have almost 10000 HP! I also want the Nirvana pill!” He put his hands on his hips and roared to the sky.

Then, there was dead silence.

After a long time, there was a loud bang. Not far from him, two beams of divine light shot into the sky. They were two Nirvana elixirs.

“F \* ck! Just two?”

Liu heihu’s nose was crooked with anger.

He admitted that he was only a little less talented than that fellow surnamed Tang. If that fellow was first, then he would be second. Since that fellow had five pills, then he should at least have four or three!

In the end, there were only two?

“Hey! Just one more! Three, three, okay?”

Liu heihu yelled.

However, there was no response for a long time.

The two pills hovered in the air for a moment, then suddenly trembled as if they were about to fly up. Liu heihu panicked when he saw this.

“Forget it, two then, two is not bad!”

He was terrified and hurriedly kept the pill.

“That’s the freak of the Liu Clan! He’s the son of blood that was first ferried here!”

“Heavens! He actually had almost 10000 HP! What kind of fortuitous encounter did he have during this period of time?”

“What fortuitous encounter? I think he went to dig a grave somewhere. Maybe he dug the grave of a true immortal!”

The divine Lords of the four directions all noticed him and exclaimed when they saw him.

The black Tiger who had wreaked havoc in Pangu and was hated by everyone was now close to ten thousand blood. This was even more shocking than when they had seen divine Lord Tang in great circle.

“I really didn’t expect that out of so many monstrous talents in the younger generation, this person would actually stand out and become the second person of this generation!”

Then, they sighed with emotion.

Both divine Lord Tang and the black Tiger thief had come from the lower worlds. Back then, no one had thought highly of them. No one had expected them to rise one after another and become the two most dazzling figures of their generation.
