

## The Mightiest Little Peasant Chapter 2502

Master Hao's name reverberated like thunder in the entire Pangu pill world, not just in the ancient desolate pill world.

It was not an exaggeration to say that he was the number one person in the pill world.

He alone had changed the entire situation of the alchemy world.

Furthermore, he had another identity that was even more shocking than master Hao 's!

Emperor Hao Tian!

He was the youngest venerable sovereign in Pangu's life!

"Is he really Grandmaster Hao? No way! Why would such a person be here?"

After a moment of dead silence, the crowd was in an uproar.

Everyone was in an uproar, their faces filled with disbelief.

He was the most famous person in the entire Pangu continent. He was a legend, a myth. They had only heard of him, but had never seen him with their own eyes.

They could not believe that such a legendary figure would appear on the medicine God mountain.

To the entire Pangu, the medicine God mountain wasn't a big force.

"I haven't seen you for so many years, Deacon Li, you haven't changed at all!"

Tang Hao felt a sense of familiarity when he looked at him and then at the mountain Gate.

"It's really you ..."

Deacon Li's entire body trembled. He was still in disbelief.

He had not seen this person for decades, so he was in a daze and could not remember for a moment.

Then, he revealed a terrified expression and hurriedly bowed down, calling out, "Greetings, Celestial Emperor Hao Tian!"

It had been decades since they last met. This was no longer the Tang Dali from back then. He was the mighty and glorious Celestial Emperor Hao Tian!

"Greetings, Celestial Emperor Hao Tian!"

The alchemists at the side also reacted, revealing panicked expressions.

Many of them almost fainted when they thought of how they had just scolded a venerable sovereign. They hurriedly knelt down, prostrated, and kept kowtowing, afraid of being blamed.

The others also bowed in respect.

“No need to be so polite!”

Tang Hao waved his hand and smiled.

Deacon li then stood up.

He looked at the young man in white in front of him and sighed.

Back when he brought this person into the sect, how could he have imagined that this person would become such an important figure today!

Now that he thought about it, he felt that it was a little unbelievable.

“Why are you here?”

Deacon li still bowed slightly and said respectfully.

“Come and take a look!”

Tang Hao smiled. “It’s been so many years. It’s about time I came back for a visit, isn’t it?”

As he spoke, he walked towards the mountain Gate.

Deacon li turned to the side and welcomed him in.

“This is master Hao, Celestial Emperor Hao Tian!”

“This is my idol. I’ve read all the pill Scriptures he wrote and I can recite them backwards! I didn’t expect to see him in person here today. I’m so excited!”

A group of alchemists gathered at the door, looking at that figure, all extremely excited.

They had actually seen the true face of venerable Emperor Hao Tian here. This was enough for them to brag about for the rest of their lives.

“I’ve heard that master Hao once joined the medicine God mountain under an alias. It was here that he became famous under the name of Master Hao ... After master Hao established the Dao of alchemy of fortune, the medicine God mountain was the first to respond.”

Some people in the crowd began to talk about the origin of master Hao and the medicine God mountain.

“It seems like your cultivation level hasn’t increased much all these years!”

Tang Hao said as he glanced at Deacon li.

“Hey! Just like this!”

Deacon li smiled.

He wasn’t a genius or a monster, so it was natural that he wouldn’t be able to cultivate so quickly.

On the path of cultivation, ordinary xiuzhe encountered too many bottlenecks. Every tribulation was a threshold.

“I have some pills here, you can take them!”

Tang Hao scanned the immortal execution king ring with his divine will. He picked out some low-grade pills, put them in bottles, and gave them to manager li.

The pills inside were a little complicated. There were pills that strengthened the body, soul, and cultivation. They were just right for low-level Saints like Deacon li.

“This ...”

Deacon li hesitated and did not take it.

“Take it! You and I can be considered to be fated, no?” Tang Hao said with a smile.

“Alright, I’ll accept it! Many thanks!”

Deacon li took it and bowed again, expressing his gratitude.

“No need to thank me! Let’s go! I’ll walk around!”

Tang Hao smiled, then walked forward with his hands behind his back.

Along the way, he saw many familiar faces. A few of them were crazy and strange. There were many people like this on the medicine God mountain, and they were all alchemy Masters.

At the medicine God mountain’s main hall, he met with a few of the medicine God mountain’s pill Saints.

They had joined the good fortune alchemy path a long time ago. The medicine God mountain had a station in the good fortune Mountain range, and they would take turns to guard it. However, Tang Hao had stopped caring about the alchemy path all these years, so he had hardly seen them.

This time, he had specially come to the medicine God mountain to meet these people.

“Once the Holy region opens, I don’t know if I’ll be able to return in the future. This is something I’ve prepared for you. Consider it a token of my appreciation!”

Tang Hao took out the ring he had prepared and handed it over.

In this ring, he had stored many pills and countless rare spiritual medicines. They were all cultivated by him over the years and obtained from other xiu zhe.

The few pill Saints couldn’t refuse and still accepted it.

After leaving the medicine God mountain, Tang Hao went straight to thirty-three heavens.

He first went to the Vermillion Bird sky to see the Vermillion Bird Dao master.

“She’s still undergoing Nirvana, but she’ll be there soon. She should be able to make it in time for the Holy region to open. Our Vermillion Bird heaven has quite a bit of wealth and we have quite a few Nirvana pills.”

The Vermillion Bird path master replied when he asked young master Li.

Tang Hao was relieved when he heard that.

To be able to advance to the great emperor realm before the upper realm, coupled with the power of Vermillion Bird heaven in the Holy region, young master Li should have no problem protecting herself.

“Nirvana pills ... How many do you have?”

Tang Hao was interested in the rebirth pill.

This thing was too difficult to refine because the materials were very rare. He had no way of gathering all of them, so he could not refine it.

The Nirvana elixir of the Vermillion Bird heaven was also left behind from the ancient times.

“Not much. Why? are you interested?”

The Vermillion Bird path master said.

“How many?”

“There are six or seven left!”

“So many?”

Tang Hao was shocked.

Back in the black and yellow tower, he had only obtained five of them. These five Nirvana elixirs had saved him more than ten years of time, and he had successfully reincarnated in just a few months.

“The Vermillion Bird sky is quite rich.” The Vermillion Bird path master said proudly.

The Vermillion Bird sky was skilled in fire, and the alchemy Dao was extremely prosperous. Naturally, there were many good pills left behind.

“I’ll give you an aperture opening pill in exchange. Deal?”

Tang Hao said.

“Aperture opening pill?”

The Vermillion Bird path master raised his eyebrows, and his eyes lit up.

Although the Nirvana elixir was rare, it was only useful for the seventh tribulation. It was useless for venerable sovereigns. However, the aperture opening elixir was different. It was a real divine elixir.

If this brat had not obtained four of them in the Thunder estate, he probably would not have taken them out to exchange.

“Good! Change it!”

The Vermillion Bird path master said immediately, as if he was afraid that Tang Hao would go back on his words.

In the Holy region, Nirvana elixir was definitely not rare, but aperture opening elixir was still extremely rare. Otherwise, the Holy region venerable sovereigns would not be so envious of one aperture opening elixir. This was a great deal.

Then, he quickly brought out the Nirvana pills and exchanged them with Tang Hao.
