

The Mightiest Little Peasant Chapter 2584

The Ji clan's continent had been extremely lively recently.

Because a few days ago, there was news that the Ji clan was going to hold a selection to choose an outstanding man for their prologue to give birth to the next generation.

When this news spread, it immediately caused an uproar in the Holy region.

The Ji clan's prologue was the only female among the five prologue.

At the same time, she was also the most beautiful and enchanting woman in the Holy region. Who knew how many young cultivators were captivated by her?

This xuzi didn't have a good reputation. In the eyes of many people, he was a lecherous existence, especially in the eyes of female cultivators. However, this didn't affect his position in the hearts of male cultivators.

The reason why she had such a bad reputation was that her cultivation method was a method of gathering yang to supplement Yin, which was said to be a Supreme secret method from the ancient zenith heaven golden Immortals.

The process of plucking yang and replenishing Yin here was not an ordinary Union between a man and a woman. There was no need to touch it at all, and it could directly extract essence Qi.

Every few years, the Ji clan would hold a similar selection to choose a man to absorb essence.

It was said that the Ji clan had thousands of male cultivators for her to absorb essence.

These male cultivators were not only talented but also handsome. Therefore, the Ji clan's selection was jokingly called a beauty pageant.

Every time such a selection was held, it would attract many male cultivators to participate.

Although they couldn't have physical contact, they could at least get close to the goddess in their hearts. Furthermore, they could be kept by the Ji clan and never have to worry again.

For young men who came from small forces but had extraordinary talent and outstanding looks, this was a way to reach the sky in a single step.

The selection of consorts this time was very different. It clearly stated that the man who was finally selected had the right to marry the one from the Ji clan and give birth to the next generation.

This was the same as becoming the Ji clan's son-in-law!

Not only could he sleep with the goddess in his heart, but he could also get close to the Ji clan. This was simply the best thing in the world.

Therefore, the Holy region was in an uproar when the news spread.

When all the male cultivators heard this, their hearts burned.

With the beautiful dream of the sleeping goddess, the Ji clan, and the peak of their lives, they rushed out from all over the Holy region and rushed to the Ji clan's continent.

From young men who had just come of age to old monsters who had lived for thousands of years, none of them could resist the temptation.

When Tang Hao heard the news, he rushed to the Ji clan's continent to watch a good show. A large number of male cultivators had already gathered there.

The registration square was filled with people everywhere.

There were even more people in the surroundings. People were sitting everywhere on the mountains.

At a glance, he estimated that there were at least two to three hundred thousand people.

Waa!

Tang Hao could not help but exclaim.

The number of people was indeed a little too many. Furthermore, this was only the beginning. There would be even more people coming in the future.

Tang Hao landed on the square.

It was a little crowded, and he almost didn't have a place to stand.

"Aiya! You're squeezing me!"

After walking a few steps with the crowd, he suddenly bumped into someone. The person turned around and shouted angrily.

Tang Hao was stunned when he saw that.

F * ck! Little brat, how old are you? you're learning from others to attend such an event.

The person in front of him was clearly an eleven or twelve-year-old brat. He probably hadn't even grown all his hair.

"What are you looking at? do you think I can't come just because I'm a kid? I'm telling you, I'm not a kid anymore. I'm very talented, and I'm even bigger than you. Believe it or not, I'm the demon of the Chen clan of the upper continent, the prologue of the future!"

This little wimp was very arrogant, his nostrils almost reaching the sky.

Tang Hao's face twitched. He almost burst out laughing.

"Don't laugh. If you dare to laugh, I'll get someone to beat you up!" That little wimp even threatened.

"Alright, alright, alright! I won't laugh!"

Tang Hao swallowed his words.

He didn't want to lower himself to the same level as this kind of underaged brat.

He followed the crowd and continued to walk forward.

Suddenly, he heard an "ah" and looked over. His eyes widened again.

What did he just see?

A white-haired old man who looked like he was at the end of his life, with the help of a young man, walked over shakily.

He was not careful and fell down, letting out a miserable cry.

"Ancestor, ancestor, are you alright?"

"Hurry up! Quickly help me up, I'm fine, I can still walk!"

The old man got up with difficulty and continued to walk forward. He trembled all the way, which made Tang Hao's heart tremble.

F * ck! Sir, how old are you already? why are you still attending such an event?

Tang Hao could not help but complain in his heart.

The crowd at the side also laughed and mocked.

"Hmph! "What do you young people know? the older a man is, the more attractive he is and the more experienced he is. Do you think you can make that person from the Ji clan submit to you? Tsk tsk! Too naive! I'm afraid you don't know how powerful the six desires heavenly demons are!"

The grandpa crossed his hands behind his back with a disdainful look.

"What six desires heavenly demons? can't I subdue them with my body?"

A towering man jumped out and waved his arms, showing off his strong and healthy body.

"Don't we still have the divine pill? That's the world's number one aphrodisiac pill! After eating that pill, who can't be subdued!" Some xiuzhe shouted.

“Naive, too naive!”

The grandpa sneered with an unfathomable expression, “you’ll know how powerful I am by then!”

“Let’s go!”

Then, he straightened his back and walked away with the young man’s help.

“Six desires Heavenly Devil?”

Tang Hao’s expression changed.

“So it’s the inheritance of that senior!”

Tang Hao suddenly understood.

He had seen all the inheritances on Mount Meteorfall. One of them was a perfected golden immortal whose true spirit was the six desires Heavenly Devil, and his technique was also a method of using yang to supplement Yin.

The six desires heavenly demon was a legendary otherworldly demon. It was more powerful than ordinary heavenly demons. Even a zenith heaven golden immortal couldn’t resist its charm. In ancient times, there was a zenith heaven golden immortal who was tempted by this heavenly demon and devoured his cultivation and body.

This kind of heavenly demon, with every frown and smile, could stir the deepest desire in people’s hearts. It was an extremely terrifying existence.

“This Ji clan’s prologue is quite something!”

Tang Hao smiled.

The Tang clan’s overseer had a pair of nine-colored eyes, while the Ji clan’s overseer cultivated the six desires heavenly demon, plucking yang to supplement Yin. He wondered what other powerful techniques the other three overseer had.

“Who cares about the six desires Heavenly Devil? it’s none of my business. I’m just here to watch the fun.”

A moment later, he muttered and was about to continue walking forward.

“There! Take it, this is your number plate!”

At this moment, a man walked over and forcefully stuffed a token into his hand without any explanation.

Tang Hao was stunned when he saw the token in his hand.

“Al! I’m not ...”

He opened his mouth and shouted at the man.

“You’re not what? Don’t be so long-winded, just take whatever number I give you, don’t even think about changing it!” The Ji clan person turned around and said impatiently.

Then, he continued to distribute the number plates.

“.....”

Tang Hao looked at the token in his hand and was speechless.

“Al! Isn’t this senior!”

Just as he was about to secretly throw the token away, he suddenly heard someone call out from the side. Following that, a group of seven people walked over.
