

## The Mightiest Little Peasant Chapter 2597

“What’s that?”

In the rain master clan, people were constantly paying attention to the monstrous waves in the distance.

Then, beams of divine light shot into the sky.

The rain master clan xiuzhe looked into the raging waves, and their expressions all changed.

In the midst of the raging waves, a figure was stepping on the waves and approaching, his aura shocking.

“Who are you, state your name!”

“How dare you cause trouble in my Yushi clan!”

Several venerable sovereigns shouted angrily and rushed toward the figure.

Their expressions were somewhat angry. Their Yushi clan was, after all, one of the top forces among the 3000 Taoist sects. No one had ever dared to come to their door so brazenly and provoke them.

“I don’t care who he is! Suppress it first!”

A venerable sovereign shouted angrily. Divine light flew out of his body and turned into an aqua blue armor. Then, he stretched out his hand and an aqua blue halberd appeared.

He clenched his fist, and the halberd glowed with divine light.

Whoosh!

The surface of the lake below suddenly exploded. The monstrous waves rolled up and turned into water dragons of 10000 feet in size. As he struck out with the halberd, they all spiraled and rushed toward the raging waves.

Boom! Boom! Boom!

The water waves collided and exploded with loud sounds.

The halberd was as fast as lightning. It tore through the water and instantly arrived in front of the white-robed figure.

Facing this halberd, the figure didn’t Dodge or make any big movements. He only raised his hand and casually grabbed forward.

The rain master clan’s venerable sovereign was stunned.

He couldn't believe his eyes. Was this guy crazy? To take a blow from his nine tribulations halberd with his bare hands?

Who did he think he was?

A Supreme martial artist?

Then, he was furious.

This fellow's actions were undoubtedly a naked provocation to him!

He gritted his teeth, the Dao ocean in his dantian and in his eight immortal apertures, immortal elemental energy surged out and poured into the halberd.

Buzzzzzz!

The halberd trembled violently, and the blue divine light on it suddenly increased dramatically.

However, in the next moment, this shocking divine light was extinguished like a candle flame.

The White jade-like palm reached out and grabbed the sharp edge of the halberd. Not only was it unharmed, but it also easily extinguished the divine light on it.

"This ... How could this be ..."

The pupils of the rain master clan's sovereign shrank sharply, and he was extremely shocked.

This guy had really taken his full-powered blow with his bare hands!

How was that possible?

Who was this guy? How could he have such terrifying strength?

He raised his eyes and looked at the face in front of him that was shrouded in endless celestial light. He was extremely shocked.

This guy was not an ordinary venerable sovereign. He was a half-step to Supreme venerable, and an antique at that. Otherwise, it was impossible for him to have such a terrifying magical power!

"Get lost!"

The next moment, a cold shout exploded.

The hand pulled back and caught the halberd. Then, it slapped.

Bang!

There was a loud explosion.

This palm hit his chest.

His body trembled violently and his face twisted violently. He couldn't help but cry out and spit out blood. Then, his body shot backward like a cannonball and crashed into a Palace.

Si si si!

A few venerable sovereigns of the Yushi clan who were standing not far away gasped in shock.

This was an eight acupores venerable sovereign!

However, in front of that guy, he was no different from a child. He was completely crushed!

Such strength was truly terrifying!

“You do have some strength!”

At this moment, in the depths of the palace, the three great ancestors of the rain master clan were all surprised.

Of course, they knew that this man was very powerful. After all, he was the one who defeated the Tang clan's prologue. However, they were still surprised to see him defeat an eight apertures venerable sovereign so easily.

This guy's physical body was probably stronger than they had expected.

“Who are you, and why are you causing trouble at my Yushi clan?”

“I don't know how my Yushi clan has offended you, Sir!”

Outside the clan, a few rain master clan's venerable sovereigns shouted in succession.

They looked at the figure in front of them with fear in their eyes.

“I'm here to get someone!”

The white-robed figure rode the waves and shouted.

“Who is it?”

“An old friend! Rain master, support!”

“Yushi min? Who are you?”

The venerable sovereigns' expressions changed drastically.

As the sovereign of the Yushi clan, they knew what had happened to Yushi min.

“You’re Tang Hao?”

One of the venerable sovereigns seemed to have thought of something and shouted.

“That’s right!” The white-robed figure nodded.

“You can leave! This is a matter of my Yushi clan, and you are just an outsider. What right do you have to meddle in this?” The venerable sovereign shouted angrily.

This marriage was extremely important to the Yushi clan. As long as it was successful, the Yushi clan would be able to establish a connection with the divine Spirit Mountain, and the three ancestors of the clan would even have the hope of breaking through to the Supreme-being realm.

As long as one of them could break through, the Yushi clan would be able to rise to power and become a superpower like the eight great clans.

This was something that everyone in the Yushi clan dreamed of, so how could they allow this fellow to ruin it?

“You mean ... You’re not handing it over?”

Tang Hao’s tone was cold.

“Of course!” The venerable sovereign shouted coldly.

“Tang Hao? So it was you! I was wondering who it was!”

“Tang kid, this is our Yushi clan’s business. It’s none of your business. Who Do You Think You Are to come here and ask for someone?”

The other venerable sovereigns were stunned for a moment, and then they heaved a sigh of relief.

They thought they had provoked some old fogey.

Most of those old fogeys had powerful backgrounds and were basically the Masters of a region, which was why they were extremely afraid.

This Tang Hao was just a monster from the lower realm. Even though he was extremely talented and was comparable to the five prologue, so what? he came from the lower realm and had no background. He was courting death if he dared to come alone to ask for her!

“Brat, do you think this is still the lower realm? Let me tell you, this is the Yushi clan, not a place where you can randomly enter. You’d better run away before the three ancestors of my clan show up!”

“Once my clan’s old ancestor makes his move, you won’t be able to escape!”

They raised their hands and pointed ahead, their expressions becoming somewhat arrogant.

At the entrance of their own house, they really didn't take this young demon seriously.

"Then there's nothing to discuss?"

Tang Hao said coldly.

"Talk? Brat, if you don't get lost, I'll ..."

A venerable sovereign sneered and cursed in a sharp voice.

However, before he could finish his words, his expression changed. The white-robed figure disappeared in an instant. When he reappeared, he was already in front of him, and his palm was coming at him.

It was too fast!

He didn't even have time to react.

He did not expect that the kid would be so bold to make a move!

The palm crushed his protective celestial core power, and then his head was smashed into pieces, splashing blood everywhere.
