

The Mightiest Little Peasant Chapter 2624

The Jiutian temple was made up of nine orthodoxies in the 33 heavens.

Emperor Xi, Emperor WA, Kunwu, and Zi Xu were all among them.

This dojo was also the strongest in overall strength among the five great dojos.

The nine Heavens continent was more than twice the size of the untainted land.

Tang Hao flew over the continent. Soon, a middle-aged man in a purple robe came up from the continent below to greet him.

“The purple void orthodoxy, huh?”

Tang Hao recognized the symbol on the robe.

“So it’s the alchemy ancestor!”

When the man saw this from afar, he was stunned. Then, he sped up and flew over, his expression extremely respectful.

When he got closer, he bowed.

This person’s deeds had long since spread throughout the entire Holy region. Now, this person was an existence comparable to a Supreme Being, so one could not be careless with one’s etiquette.

“You don’t have to be so polite!”

Tang Hao said with a smile.

“The pill ancestor’s status is noble, he deserves this bow!” The man was still bowing as he spoke respectfully.

After a moment, he stood up and said, “I wonder why you have come to my Jiutian temple, alchemy ancestor?”

“I will go to Emperor Xi’s orthodoxy!”

Tang Hao said.

“Oh! So you’re going to the orthodoxy of Emperor Xi!” The man laughed, a look of realization on his face.

Without a doubt, the Emperor Xi mantras were coming for the Emperor Xi ruler.

“Please follow me!”

He turned to the side and gestured for Tang Hao to follow him. Then, he led Tang Hao to another part of the mainland.

“Recently, the orthodoxy of Emperor Xi has been very lively. Many people have come to ask them for divination. Many Supreme martial artists have come and asked them to have a good divination, as well as some Masters of the 3000 Taoist sects.”

He explained on the way.

“Is the ruler of Emperor Xi accurate?”

Tang Hao asked.

“This ...” The man hesitated for a moment and continued, “it’s hard to say. If it’s to calculate the general trend of the world, it’s hard to calculate precisely because this thing is too big. Even if you have the ruler of Emperor Xi, you don’t have the ability to calculate it.”

“Only the Golden Immortals of the great all-embracing heaven in the ancient times were qualified to count such things. There’s only one Supreme in the current orthodoxy of Emperor Xi.”

“But if it’s about the Fortune of a faction or an individual, it’s much easier. I wonder what you want to calculate?”

“I’m looking for someone!” Tang Hao said.

“Then there’s no problem. This is the easiest to calculate. There won’t be any mistakes!” The elder from the purple void sect laughed.

As they spoke, they soon arrived at the territory of Emperor Xi’s orthodoxy.

Under the elder’s lead, Tang Hao landed in front of a Golden Palace.

An elder of Emperor Xi’s orthodoxy came out of the hall to welcome him.

“The Lord pill ancestor has arrived! I hope you can forgive me for not welcoming you!” Emperor Xi bowed respectfully as soon as he saw Tang Hao.

“What do you want to divine?”

Then, he asked enthusiastically.

“I’m looking for someone!”

Tang Hao said with a smile.

“Oh! That’s easy!” Elder Emperor Xi nodded. “Please take a seat in the hall. I’ll go and invite the Supreme martial artist. With your status, the Supreme martial artist must come personally!” After he finished speaking, he stood up and flew to a mountain peak in the distance.

At the peak of the mountain, there was a blazing sun.

A moment later, the sun faded away, and a majestic-looking man flew over with the elder Emperor Xi.

“Hahaha! Little friend Tang, I’ve long heard of your name!”

As soon as Emperor Xi landed, he laughed heartily and strode forward to welcome them.

Last time, he didn’t go to the divine Spirit Mountain because he thought that this kid wouldn’t go there to die. So, like many others, he didn’t go. Later, when it was over, he heard about what happened on the divine Spirit Mountain and felt very regretful.

“Greetings, Paragon!”

Tang Hao bowed slightly.

“Ai! I’ve heard that you’ve been calling fellow Daoist Hong and fellow Daoist ye your brothers, so you’re of the same generation as me. You don’t have to be so polite, just call me fellow Daoist Emperor Xi.”

Sovereign Xi laughed.

“Alright!” “Yes,” Tang Hao replied.

“I heard that you’re here to find someone? I wonder who they are?”

“Two beautiful ladies!”

“Oh!”

Supreme Emperor Xi laughed with a slightly dazed expression.

“Don’t worry, my young friend. We, the orthodoxy of Emperor Xi, are the best at finding people. Even if we don’t use the ruler of Emperor Xi, we’re almost there. Now that we have the ruler of Emperor Xi, there will be no mistakes.”

“Then I’ll leave it to you, fellow Daoist!”

Tang Hao cupped his hands. “I wonder what the cost ...”

“No need!”

Supreme Emperor Xi waved his hand and said, “little friend, you invented the many children divine pill and brought great benefits to the Holy region. Just based on your merit, I can’t accept anything from

you. I'll calculate for you for free! You only need to take out two items that are related to the two beauties. ”

Tang Hao took out two sets of clothes from his ring.

“Clothes!”

Sovereign Emperor Xi frowned when he saw this.

It was hard to count clothes. If it was blood or used treasures, it would be easy.

“It can't be counted?”

Tang Hao's heart sank.

“No! It can be counted, but it's a little troublesome!” Supreme Emperor Xi hurriedly said, “I'll read your fortune now!”

After he finished speaking, he walked to the center of the hall and sat down cross-legged.

With a wave of his sleeve, a golden light flew out, emitting a dazzling divine light.

Upon a closer look, one could see that it was a ruler about seven feet long. It was engraved with all kinds of mysterious and complicated runes, shaped like the nine palaces and Eight Trigrams. A strong aura of true immortality was emanating from it.

“Rise!”

Sovereign Emperor Xi formed a seal with his hands and shouted in a low voice. The ruler flew up and hung high above his head, emitting a divine light.

Countless runes flew out from the ruler. Layer by layer, they spread out and covered the entire Palace, forming an extremely complicated formation.

Tang Hao looked up and saw that the formation was like a vast starry sky. The runes were still spinning at high speed, and he was dazzled.

“This is the most powerful divination of my Emperor Xi's orthodoxy, and it uses the inheritance treasure of my orthodoxy. You don't have to worry, the result will be out in a few seconds.” The elder Emperor Xi stood next to Tang Hao and introduced him proudly.

“I hope so!”

Tang Hao said.

Soon, ten breaths had passed, and sovereign Xi was still calculating. The formation was spinning at high speed.

The elder's face couldn't help but stiffen and become a little unnatural.

Then, three minutes passed, and there was still no result.

The elder couldn't help but panic, and his expression was one of disbelief.

He had only calculated the fate of two people. Even if he had gone up, he would have already calculated it, let alone the Supreme martial artist. So much time had passed, how could there still be no results?

"What ... What's going on?"

Tang Hao turned around and looked at him.

"This ... This ... I'm not sure." The elder raised his hand to wipe his forehead, and his smile became somewhat bitter.

"Something's wrong! It's wrong!"

At this moment, the Supreme Emperor Xi, who was performing divination, suddenly muttered and opened his eyes.

His expression was extremely solemn.

"My young friend, there's something wrong with this divination!"

He looked up at Tang Hao and said with a serious expression.

Tang Hao's heart sank when he heard that.
