

The Mightiest Little Peasant Chapter 2648

“Hahaha!”

His maniacal laughter resounded throughout the cave.

The Black Dragon’s body writhed crazily, breaking the Dragon binding chains one by one.

“Little bug, you’re good! Very good! “In order to repay you, I’m going to eat you ...” The Black Dragon roared and turned its head to rush down, ready to swallow the human genius in one bite.

However, that fellow was nowhere to be seen!

“Where is he?”

The Black Dragon was stunned.

Then, he raised his eyes and looked up. In just an instant, the little worm had run to the ground.

“Kekeke! You want to run?”

The Black Dragon sneered.

This little bug was really stupid to the extreme. He clearly knew that he was a great fiend, yet he still let him out. Wasn’t this courting death?

Now that he had come out, what was the use of this little bug running away? not only this little bug, but all the living beings in this world had to die!

“Kill, kill, kill!”

He shouted excitedly and rushed up.

Bang!

The ground exploded, and the Black Dragon charged out.

As soon as he came out, his figure began to expand rapidly. From a size of 10000 feet, it suddenly grew to 20000, then 30000 ... His figure spread out, covering the sky and the sun. A fierce aura spread out from his body, pressing down on the entire world as if it was going to freeze.

Aooo!

He raised his head and let out a deafening dragon roar.

At this moment, all the vicious beasts in the world raised their heads and looked in the direction of the Dragon’s Roar with fear.

The Supreme martial artists scattered in this world, who had concealed their auras, also raised their heads and frowned.

“Dragon roar? There’s a Dragon on this floor?”

“Where did the Dragon roar come from?”

They were all a little puzzled.

There didn’t seem to be any dragon clan in this ninth level!

Then, their expressions turned grave. From the Dragon’s Roar, they could tell that the true Dragon’s strength was extraordinary.

“Why is there a Dragon?”

Somewhere in this world, the great void sovereign, who was hiding in the void and traveling back and forth, also heard the Dragon roar and stopped for a moment.

“It’s none of my business, let’s find that kid first.” Then, he shook his head and mumbled, “what the hell, I don’t know where that kid has run off to. It’s been four or five days, and there’s still no sign of him.”

The great void sovereign was a little worried.

Ever since he had obtained the green Lotus, he had started to look for that kid. However, after searching for so many days, he still could not find him.

“He must be hiding in some corner. Keep looking!”

He continued to move forward and began to search.

This was a good opportunity to get rid of that kid and collect all the great void imprints. He definitely could not miss it.

“Eh? What’s that?”

After searching for more than ten minutes, his eyes suddenly focused. He caught a glimpse of a divine light speeding in the sky far away. It was very eye-catching.

“Who is this?”

The great void sovereign was stunned.

All the Supreme martial artists who came in knew how powerful the fierce beasts here were, so they wouldn’t fly in the air so brazenly. Could it be that kid?

He focused his eyes and looked over.

“Hahaha! It really was this kid! I’ve finally found it!”

After he saw it clearly, sovereign Taixu laughed out loud and was ecstatic.

It’s that brat, and he’s wearing that eye-catching battle armor. Looking at him, he seems to be running for his life. This is normal. This is the first time this brat has come here, so he definitely doesn’t know the rules here. If he’s careless, he’ll provoke some fierce beasts and be hunted down.

“After staying here for four to five days, this kid must be an arrow at the end of its flight. Just nice!”

Sovereign Taixu laughed proudly. He was very confident.

The last time in the battlefield of gods and demons was just an accident. He did not expect that the boy could refine such a heaven-defying thing as the self body. That was why he was implicated by the Thunder tribulation and fled in a sorry state.

But this time, he definitely wouldn’t miss again.

With his realm, even if this kid was at his peak, he could easily kill him with that self body.

In his eyes, this kid was still an ant!

“Brat, today is the day you die!”

“Let’s go!” Sovereign Taixu shouted and disappeared into the void in a flash, heading toward the divine light.

“Brat, die!”

When he was a little closer, he appeared from the void. Divine light shone brightly around him. With a wave of his sleeve, the Golden cauldron flew out and expanded crazily.

He gathered all his strength and was ready to kill this kid in one blow.

However, at this moment, his eyes caught a glimpse of something, and his face turned dull.

“What ... What’s that?”

He saw an unimaginably huge black shadow behind the kid, rushing over at high speed. From a distance, he could feel the monstrous power, which made his mind tremble.

Si si si!

He couldn’t help but gasp, and his face revealed a look of fear.

How could there be such a terrifying creature on this level?

“A Dragon! A Black Dragon! That’s right, it was the one just now! Why was he chasing this kid? Was this kid crazy? How dare you provoke such a terrifying existence!”

When the great void sovereign saw it clearly, his eyes widened.

This Black Dragon’s aura was too terrifying!

This wasn’t an ordinary great calamity, but the greatest calamity of all calamities!

Gulu!

He swallowed his saliva and hesitated.

If he attacked now, he still had a chance to kill that kid. However, once he attacked, he would attract the attention of the great beast.

“Eh? Isn’t that fellow Daoist great void?”

Tang Hao noticed him and called out to him from a distance.

The great void sovereign was so shocked that he almost jumped up.

His expression changed.

Once this kid shouted, the great beast would definitely notice him.

As expected, the Black Dragon’s line of sight behind him turned and swept toward him.

The great void sovereign turned around decisively and was about to run.

F * ck! That Black Dragon was too terrifying. He could tell from its aura that the Black Dragon’s cultivation level was much higher than his, and it was almost at the level of true immortality. Once he was targeted, he would be in deep trouble.

“Al! Fellow Daoist of the great void, don’t run! Senior, this is my good brother, the master of the great void sect!”

Tang Hao shouted again. He even turned around and said to the Black Dragon.

The great void sovereign’s body swayed and he almost fell.

His face twitched violently, and he was so angry that he wanted to vomit blood.

This brat was too shameless!

“Senior, we are very close. His cultivation is also higher, so he must be more delicious than me. Senior, why don’t you eat him first?” Tang Hao said.

When the great void sovereign heard this, he was so angry that his lungs almost exploded.

F * ck your mother!

Who's close to you? I can't wait to pull out your tendons and peel off your skin!

He roared madly in his heart.

"Hehe, this old man looks quite delicious. I'll eat him first, then I'll eat you!" The Black Dragon stared at the great void sovereign and laughed.

Then, he opened his mouth and shot out a beam of shocking divine light.

The great void sovereign, who was about to escape, turned around and was so frightened that his soul almost flew away.

Unable to Dodge in time, he could only grit his teeth and summon the Golden cauldron to block in front of him.

Bang!

The golden and black divine lights collided with a loud bang and exploded into boundless brilliance. Rings of ripples spread out madly.

With a muffled groan, sovereign Taixu's body trembled and he was forced to retreat. His expression was not very good.

"Yo! You can still take one more attack? then let's do it again!"

The Black Dragon laughed mockingly and opened its mouth to shoot out another divine light.

Bang!

Taixu sovereign received another blow and was sent flying again. He looked a little embarrassed.
