

The Mightiest Little Peasant Chapter 2721

“This kid ... Is crazy!”

The great void sovereign blurted out in shock.

Using his body to carry the sword?

If this kid wasn't crazy, then what was he!

“Hmph! You're looking for death!”

Then, he sneered with a mocking expression.

This brat had trained his body in the furnace for a while and probably felt that his body was very powerful. That was why he was like this and used his sword to test his body. However, this brat had probably made a mistake and was somewhat overestimating his own ability.

This was an immortal sword, and he was also a Dao integration stage super mighty figure. If he used it with all his might, no one in the nine tribulations could withstand it with their physical body.

If this sword hit, blood would definitely splatter in all directions, and the outcome would be the body exploding.

However, in the next moment, a loud explosion shattered his fantasy.

The sword hit.

However, there wasn't a drop of blood. The sword had only shredded the White robe, and the flesh under it was unharmed.

“This ... This ...”

Supreme Taixu was stunned. His eyes widened so much that they almost popped out.

Not a single scar!

But how was that possible?

This was a genuine immortal sword! It wasn't a fake! He was also a true Dao integration Supreme!

How was it possible for this brat to receive his sword with his physical body and remain unscathed?

He looked at the figure in front of him, and his mind went blank.

What was going on with this kid's body?

What kind of encounter did he have in the divine furnace? how did he cultivate such an abnormal body?

“It’s alright!”

Tang Hao lowered his head and looked at his chest.

F * ck!

What did he mean by “alright”?

When the great void sovereign heard this, he almost vomited blood.

You’ve taken a blow from a celestial sword and you’re completely unharmed!

How perverted and heaven-defying was this, and you actually said it was still alright? Are you still human?

Sovereign great void roared in his heart.

Gulu!

He swallowed his saliva and his expression turned serious.

He knew that this brat must have had a heaven-shaking encounter in the divine furnace just now. A body that could take a strike from an immortal sword without being injured meant that it was impossible to kill this brat again.

“His aura is still in the Dao glimpse stage. That’s right! It means that his body is extremely abnormal!”

“Motherf * cker! I didn’t expect that in the end, this kid still got the advantage!”

He cursed in his heart, extremely vexed.

This heaven-shaking encounter should have belonged to him, but it was this kid who stole it.

“Kid, you’ve already gained something. Give me the divine furnace.” He opened his mouth and shouted sternly.

“Can’t you come and snatch it yourself?”

Tang Hao said coldly.

“Brat, don’t think that I can’t do anything to you just because your body has become stronger! I have plenty of ways to deal with you!” Sovereign Taixu was furious. He lifted the immortal cauldron and smashed it down.

“Hmph!”

“Hmph!” Tang Hao raised his head and looked at the immortal cauldron.

The next moment, he stomped his foot heavily on the ground.

Bang!

There was a loud noise, and the entire Hall shook.

Every inch of Tang Hao’s body exploded with a shocking amount of blood and Qi. They gathered together and soared into the sky. The aura around him changed instantly. He was like an ancient God, his divine might shocking the sky and incomparably terrifying.

“This ... This is ...?”

The great void sovereign’s eyes almost popped out of their sockets.

The body of the boy in front of him suddenly gushed out a shocking divine light, and a terrifying aura that made his heart palpitate burst out in an instant. This was not the Taoist connotation, but the qi and blood, the power contained in the flesh and blood.

However, that was impossible!

How could a human’s physical body be so powerful to this extent!

After the eighth tribulation, the human cultivators’ physical improvement was limited. In the ninth tribulation realm, no matter how many spiritual essences they refined, there was a limit.

In the nine tribulations, the most important thing was still the Taoist connotation. With enough Taoist connotation, one could condense the cultivation. After that, all one needed to do was to accumulate the cultivation.

This kid’s physical body had already broken through the limits of human cultivators and reached an unimaginable and extremely terrifying level!

“How can a human have such a terrifying body?!”

“This aura is comparable to the Dao integration stage. No, I’m afraid it’s even higher than my cultivation level. This fleshly body is probably invincible below the true immortal realm”

Sovereign Taixu’s heart trembled as he muttered.

His eyes were wide open, and his face was filled with disbelief.

As expected of the great void divine treasure!

The work of the ancient great void God was indeed heaven-defying!

“This should have been mine! It’s mine!”

He mumbled to himself, and his expression gradually turned crazy.

Bang!

Tang Hao roared and threw a punch at the immortal cauldron.

The immortal cauldron trembled and was sent flying.

“What do you mean by yours? This is mine! The pill is mine, the divine furnace is mine, and this Hall, everything here is mine. I’m Xu Zi, the ninth king of the great void realm. You’re nothing but a Bandit. You stole the great void seal and now you’re trying to get the divine treasure of the great void God.”

Tang Hao shouted and strode forward. His black hair danced wildly in the wind, and his aura soared.

He clenched his fist, ignited his qi and blood, and threw a punch.

Bang!

Then, there was an “ah!” And sovereign Taixu let out a miserable cry. He was sent flying and fell on the steps outside the hall.

He crawled up, his hair disheveled and his expression crazed and ferocious.

“For the sake of the divine treasures, you would even harm your own brother. You ... Are not worthy of being human!” Tang Hao stepped forward and threw another punch.

“What do you know!”

The great void sovereign roared and stood up. With a hiss, his flying sword and immortal cauldron flew over and blocked Tang Hao’s punch.

“Isn’t that what the path of cultivation is all about? you steal from me, and I steal from you. Benevolence, righteousness, and morality? all of that is fake”

“Hmph!” Tang Hao grunted. He reached out, and the divine furnace shrank and flew toward him.

He grabbed one side of the divine furnace, lifted it up, and smashed it toward the great void sovereign.

Clang!

The immortal cauldrons and flying swords were easily smashed away. The divine furnace smashed into the old man’s face.

His old face instantly caved in and twisted, and blood spurted out from his mouth and nose.

The great void sovereign’s body was also sent flying like a cannonball.

Tang Hao lifted the divine furnace and strode forward. He smashed it again and again.

The face of the great void sovereign was almost smashed into pieces, and it was a bloody mess.

“You little brat! I’m going to kill you! I’ll take you down with me!”

Supreme Taixu was already in a frenzy. He opened his mouth and spat out another ray of golden light. He dragged the golden light and rushed over. The golden light continued to expand and emitted an aura that seemed to be able to destroy the world.

“Not good! It’s a true immortal talisman!”

Tang Hao’s expression changed slightly. He quickly retreated and activated the divine furnace to shield himself.

Bang!

An endless golden light exploded in front of Tang Hao, accompanied by a deafening boom. The void was torn apart in all directions. Cracks appeared, and chaotic currents flowed in all directions.

“That old man ... Is He Dead?”

Tang Hao put away the divine furnace and looked around. He furrowed his brows.

The power of the true immortal talisman could have killed a Dao integration stage super mighty figure. However, he didn’t believe that an old fox like the great void sovereign would choose to commit suicide. He had probably taken the opportunity to escape!

“Just now, he was indeed hit by the power of the talisman at close range. Even if he doesn’t die, he will be crippled. It will be very difficult for him to recover. He will no longer be a threat for the next few decades, or even hundreds of years.”

Tang Hao searched through the cracks, but found no traces, so he retracted his split soul.
