

## The Mightiest Little Peasant Chapter 2763

“What do you mean?”

The great fortune sect master was stunned.

Everyone else also looked puzzled.

“He’s completely crippled, but doesn’t the great fate sect still have another genius?” Tang Hao said.

“There’s another one? Who is it?”

The great fortune sect master frowned and asked in confusion.

Tang Hao turned around and looked at su Xuezi.

“Her?” The great fortune sect master looked over and was stunned.

She was indeed a genius, and in terms of talent, she was even above Jiang Yun. However, that was in the past. Now that she was poisoned, her cultivation base had stagnated for a long time. She could be considered crippled!

This fellow had said that he would return him a genius. Could it be that he was going to detoxify this person?

What a joke!

This was an unsolvable ancient poison, a poison that even an alchemy God could not cure!

He was a cripple, what could he do!

There was an uproar.

“What is he saying? doesn’t he know that Senior Sister su has been poisoned by an ancient poison that has no cure? there is no antidote at all!”

“Even the Gu God sect can’t solve it, what can he do?”

Everyone sneered with disbelief.

This poison was known as the demon seed fetus poison. It was an ancient poison. For 10000 years, anyone who had been poisoned by this poison had no cure. No matter if it was a ninth tribulation expert or a Supreme Alchemist, they were all helpless.

Now, this cripple actually said that he wanted to cure this poison. Wasn’t this a huge joke?!

Could it be that he’s even more powerful than those nine tribulation powerhouses and the Supreme Alchemist?

“Big liar, Didn’t I tell you that this is a poison without a cure?” Ye Siyao was a little anxious and whispered.

Su Xuezi was also startled, but she continued to smile, “”Young master Tang, I’m afraid that my poison ... Can’t be cured.”

“Didn’t I say that there’s no poison in this world that can’t be cured?”

Tang Hao said with a smile.

“You ... Sigh! You’re an idiot!” Ye Siyao stomped her foot in anger, feeling a little helpless.

“Lady su, I originally wanted to help you detoxify this poison, but now I’m just mentioning it in passing!” Tang Hao said.

“Young master Tang, do you really have a way?”

Su Xuezi did not believe it at first, but when she saw the words on the mountain wall, she hesitated. To be able to destroy a monster like Jiang Yun with just a single word, this person’s talent and background must be extraordinary.

Perhaps he really knew the way to cure the poison!

As she thought of this, she became a little excited. Her heart, which had been dead for a long time, also began to burn.

As long as the poison was removed, she would be able to recover her former appearance and regain her talent.

“Of course!”

Tang Hao said.

“Hahaha! What a big tone!”

“You’re lying!”

The disciples and elders from all four sides laughed even harder.

In their eyes, this was clearly a lie, but it was made up by this cripple in order to survive!

“He wants to detoxify the poison? Hahaha! What a joke!”

In the crowd, Zhao Yan scoffed with disdain.

She knew very well that this poison had no cure!

Even a God couldn't save him!

Su Xuezi, that B\*tch, her life is over. She will forever be stuck at the fourth tribulation, and live the rest of her life in pain with this ghostly face.

However, the great fortune sect master was in deep thought.

He would never believe that this guy could cure the demon seed fetal poison, but he could let this guy try. If he failed, he would have an excuse to kill this guy, and no one could stop him.

"Okay, I can let you try, but if you can't solve it, you'll be dead! No one can stop you!"

He shouted in a deep voice.

As he spoke, he glared at ye Siyao.

"Alright!" Tang Hao said.

"How long do you need?"

"A month!" Tang Hao said after some thought.

"Good! In one month, we'll meet on great fortune Peak. If you can't cure the poison, you'll have to come up here and die. If you need anything in this one month, ask Red Cloud elder!"

With that, the great fortune sect master flicked his sleeves and turned into a divine light and left.

"Just a month?"

"That's ridiculous! He's trying to escape!"

After he left, the crowd burst into an uproar.

"Idiot, you're really an idiot! I even helped you block it!" Ye Siyao glared at Tang Hao and said angrily, "it's only one month. How are you going to cure it? you haven't even cultivated yet. You're dead meat!"

"Hahaha! You're right, he's really stupid!"

With a loud laugh, Zhao Yan walked out of the crowd.

She looked at the three of them with a smug expression.

"Su, you don't really think that you can be saved, do you? You're dreaming! What could a cripple like him do? It was just a lie he made up to survive! You believe that too?"

She coldly looked at su Xuezi and scoffed.

“And you, don’t even think about running. You don’t even have your cultivation. How far can you run? if you dare to run, you’ll end up in a miserable state!”

Then, she looked at Tang Hao and sneered.

“Tsk tsk! It’s such a waste of his handsome face, his temperament, and his talent!” She walked up to Tang Hao and reached out her hand to caress his face. Her long and narrow eyes were narrowed, and she looked exceptionally alluring.

If this man wasn’t crippled, she might really be moved and want to have a taste of him!

Unfortunately, if he was crippled, he would no longer have any value!

“Get lost!”

Ye Siyao shouted and grabbed her flying sword, about to pull it out.

“Aiyo! He was so angry! The elders are still here!”

Zhao Yan chuckled, retracted her hand, and left.

“I’ll be leaving first. I’ll come back to watch a good show in a month!” She smiled complacently, then turned around and left.

“Bitch!”

Ye Siyao was furious and cursed.

“Can you really solve it?”

Venerable Red Cloud walked over and asked Tang Hao.

“Naturally! It’s simple!”

Tang Hao said with a smile.

Venerable Red Cloud frowned and stared at him for a long time. After a while, he sighed, “What do you want? let xuexi and Siyao come to me!” After she finished speaking, she flicked her sleeves and left.

Clearly, she did not believe that this person could really cure the demon seed fetus poison.

The surrounding crowd also left after watching for a while.

“You really have a way? How do I solve it?”

Ye Siyao put away her sword and looked at Tang Hao suspiciously.

This big liar was so confident that she couldn’t help but believe him.

“Of course I have a way, but I’ll have to study the poison first.” Tang Hao said with a smile.

Ye Siyao was stunned. He had no other way!

“Lady su, can you let me take a look at your poison? I have to see the symptoms clearly and figure out the nature of this poison before I can prescribe the right medicine.” Tang Hao said as he looked at su Xuezi.

“This ...”

Su Xuezi hesitated.

If she wanted to see the poison, she would have to take off her veil and let this person see her ugly face and even her body. This was because the poison was not only on her face, but it had already spread to her whole body.

“Good! But it’s a little inconvenient here, let’s go back to little Cold Peak!”

After hesitating for a long time, she nodded.
