

## The Mightiest Little Peasant Chapter 2794

Hualala!

On the ship, the nine-headed Sea Dragon flag fluttered in the wind.

At the bow of the ship, a graceful figure stood.

She was tall and slender. She was wearing an aqua blue chiffon dress that was light and tight. It highlighted her exquisite and attractive curves. Her waist was thin and narrow, like a water snake.

As her skirt fluttered, it revealed a pair of smooth, perfectly straight legs.

On her snow-white neck was a dreamy face. Her eyebrows were like a painting, her nose was tall, and her phoenix-like eyes were clear like colored glass. When she looked around, there was a bright light that was soul-shaking.

She had a cold temperament, as Holy as a Snow Lotus, which kept people a thousand miles away.

However, her graceful figure was extremely provocative, especially her pair of perfect Jade legs, which made people's imagination run wild.

The gazes of all the cultivators were attracted by her.

The younger ones were mesmerized by it, while the older ones were in awe.

She was the fairy of the Ji family, Ji Ruyin.

He was extremely talented and was the number one person among the younger generation in the cloud Sea. He had reached the Emperor realm at a young age and his abilities and strength were comparable to some of the older venerable sovereigns. His future was boundless.

The patriarch of the Ji family had a true spirit of 30000 meters and had hope of passing the Tribulation and advancing to the 9th tribulation.

And this fairy Ji was the second person in the Ji family who had the highest chance of breaking through to the ninth tribulation.

This person's status in the Ji family was second only to the patriarch.

"It's fairy Ji! Hahaha! It's been a long time, the young people in my Union have been looking forward to seeing you every day!"

On the righteous Alliance warship, perfected haocheng laughed.

"Motherf \* cker, another one!"

GUI Luosha cursed, his tone somewhat annoyed.

If he had been a little faster, this wouldn't have happened.

Now that the four biggest forces of the cloud Sea had come together and all of them knew about Ling Guang Zhenren, it would be impossible for any of them to monopolize it.

"It's been a long time since we last met, fairy Ji has become even more beautiful!"

On the demon race's warship, the whale Emperor laughed.

"Whale Emperor must be joking. It's only been a few months, so how could there be any changes? on the other hand, it seems like the whale Emperor's cultivation has improved quite a bit." Ji Ruyin's Red lips parted slightly as she let out a melodious and clear voice.

"Hahaha! As expected of fairy Ji, your eyes are like torches!"

The whale Emperor said with a smile.

While they were exchanging pleasantries, many large ships appeared in the sky above the four Seas. Divine light tore through the void and descended. They were all the powers of the cloud Sea who had received the news and were rushing over.

"Everyone, let's not waste time here. What if the wandering cultivator gets the news and runs away?"

Perfected haocheng looked around and said to the other three forces.

"That makes sense!"

The whale Emperor nodded,"and that guy with the prideful treasure. He knows that it's the prideful treasure and will definitely run away. He wants to escape from the cloud Sea and hide again. If we're a step too slow and let him enter the Thunder continent or the cloud continent, it'll be bad."

"That's right! If they are in the cloud Sea, then we are in the right. Even if the forces of the two continents come, we can chase them out. But if we enter their territory, then it will be us who will be chased out. "

Ji Ruyin said in a crisp voice.

"Hmph! The information was obtained by my Devil Island. This person should be given to my Devil Island. " GUI Luosha snorted.

"Woof! It's just a piece of information, who wouldn't be able to find it? the person isn't in your hands, why should I give it to you?" The whale Emperor sneered and mocked.

"Al! Why don't we all go together and catch that Ling Guang Zhenren together, then track that guy, and when we catch him, we'll each grab it with our own ability, and whoever gets it will get it, what do you think?"

Haocheng Zhenren smiled and said with a kind face.

“What senior haocheng said makes sense. Let’s catch the person first and catch up with that guy.” Ji Ruyin agreed.

“I agree!”

The whale Emperor immediately said. He then sneered and slashed at the Luosha great ship.

“Hmph!”

GUI Luosha snorted angrily, his face under the mask looking extremely ugly.

However, there was nothing he could do. Three of the four forces had agreed. If he didn’t agree, the three forces would join forces to sweep his Luosha Island out first. Then, his Luosha Island would have no chance to get ao Tian’s treasure.

“Two Rakshasas, what do you think?”

Perfected haocheng looked at him and said with a smile.

“Alright!”

The night Rakshasa nodded and said, “since the three of you have agreed, we have no objections!”

“Good! Everyone has agreed, so let’s hurry up and go. Don’t let that little loose cultivator escape!”

Daoist master haocheng laughed.

“Let me see, the spiritual light Island is here. Let’s tear open the void and go there together!”

Then, he took out a Sea Map and glanced at it. He then drove the ship, tore open the void, and entered.

After that, the other three forces also tore open the void and shuttled away.

After a while, the rest of the major forces also rushed over.

At this time, Tang Hao was still rushing forward, and he was already close to the underwater Cemetery.

“Here!”

After a while, he stopped and took out the sea Map to take a look.

According to the map, the cemetery was right below, in the deepest part of the ocean. One had to pass through many hidden ravines and passages to reach it.

“There are indeed many fierce beasts!”

Tang Hao activated his divine eyes and looked into the sea. He could see the situation at the bottom of the sea. There were more ferocious beasts in this area than the one he had swept before, and their bloodlines seemed to be more powerful.

“This is a good place!”

He grinned and dove into the sea.

In the blink of an eye, he had reached the bottom of the ocean.

“Little whale, come!”

He stretched out his hand, and the waves surged up, turning into a giant palm that grabbed at a giant whale that was swimming not far away.

The whale was hundreds of thousands of feet long, but Tang Hao’s palm was even larger. It was surrounded by golden lightning.

The giant whale looked up and was a little dumbfounded.

Then, he shivered in fear and shrunk his body, trying to escape.

However, it was too late. The palm grabbed him and grabbed him.

“Come into the furnace!”

Tang Hao took out the divine furnace and then retracted his palm. He caught the eight tribulation giant whale and put it into the furnace.

BOOM!

As the divine flame was refined, it turned into a golden divine liquid.

After swallowing the divine liquid, Tang Hao did not stop and pounced on the next eight tribulation beast.

“Little shrimp! Don’t run!”

“Little octopus! Come into the furnace!”

When the eight tribulation beasts heard him, they were furious. This was the first time they had heard someone call them that. How dare a mere human call them small? what a joke!

When they discovered the imposing manner of the nine tribulations, they were all scared out of their wits and fled in a panic.

However, they could not escape. Even if they were at the bottom of the sea, which was their territory, they could not escape Tang Hao’s grasp. They were easily caught and put into the furnace.
