

## The Mightiest Little Peasant Chapter 2798

When the broken sword appeared, the surroundings fell silent.

Everyone's gazes were focused on him, revealing a touch of fire and greed.

This was the last proud heaven treasure, the last entrance ticket to the great Emperor's treasure.

Whoever could get this treasure would be able to get a share of the emperor's treasure.

Emperor aotian was a peerless figure with monstrous talent and unrivaled divine arts. He had once galloped through the starry sky and shocked the entire origin immortal realm. The treasures left behind by such a figure were definitely peerless treasures!

As long as he could get one or two, it would be worth it.

"Give it to me!"

Rakshasa GUI stretched out his hand and shouted, "if you don't give it to me, don't even think about leaving here alive. I'm sure you've heard of the notorious reputation of our Island."

"Fellow Daoist, don't listen to him. As long as you agree to give the treasure to my righteous Alliance, my righteous Alliance will definitely escort you out of the cloud Sea. My righteous Alliance is a righteous sect, and we always keep our word,"

Daoist master haocheng shouted.

"Bah! What righteous sect? they're just a bunch of hypocrites!" GUI Luosha sneered in anger.

"Fellow Daoist ghost, you can't slander others. You need evidence to do so. Which eye of yours saw that my righteous Alliance was a bunch of hypocrites? Did my righteous Alliance do anything to you?"

Daoist master haocheng's face darkened and he said coldly.

The two of them looked at each other, and there were sparks in their eyes.

At this moment, a bell-like laughter rang out.

"Dao friend, why don't you come to my Ji family's ship? my Ji family will escort you out. In the cloud Sea, my Ji family still has some credibility."

Ji Ruyin pursed her lips and smiled.

"Fairy Ji, you do have some credibility, but your Ji family! Fellow Daoist, you'd better come to my demon race. My demon race doesn't have as many schemes as your human race. If you give it to me, I'll guarantee your escape!"

The whale Emperor shouted.

“You all want it, so this is not easy!”

Tang Hao said with a smile as he looked around.

“Look, who is this!”

At this time, GUI Luosha sneered and waved his hand behind him. Someone came up with a man.

Tang Hao’s expression changed when he looked over.

The man’s clothes were torn and tattered, and his body was Haggard. Long, blood-colored nails were nailed all over his body, and his face was emaciated and sunken like a skeleton. However, Tang Hao could still tell that this was the stall owner from before.

He clenched his hands tightly.

He narrowed his eyes, and a frosty expression appeared on his face.

“He has nothing to do with this!”

He shouted in a deep voice.

“Oh, really? Unrelated? “I don’t think so. He sold you a treasure like the proud heaven treasure and let you go. He deserves to die. When he saw us, he still wanted to run. That’s an additional crime. He deserves to die even more!”

GUI Luosha walked up, grabbed the man’s throat, and said viciously.

“Originally, I didn’t want to use him. I just wanted to bring him back to Luosha island after this matter is over, extract his soul, refine it, and suppress him. But now, I suddenly realized that this guy is a wonderful tool!”

Rakshasa GUI turned around and looked at Tang Hao.

“I can tell from your temperament that you’re a righteous person. People like you can’t bear to see others get involved because of you! How about this, you come on board obediently and hand over the treasure to me, then I’ll let him go. ”

“If you dare to disobey me, I will kill him in front of you, refine his body, and devour his soul. He will never be able to reincarnate.”

“What you should do, you choose!”

As he said that, his hand that was on his throat tightened.

In an instant, the expressions of the xiuzhe on the other ships changed.

They didn't think of this, so they easily gave him to Devil Island.

They were all a little regretful now. If they lost their prideful heaven treasure because of this, it would be too late for them to regret.

Now, they could only pray that this guy was not so soft-hearted and not threatened by the Luosha Island.

"This guy is a rogue cultivator. Since he was able to reach the 8th tribulation as a rogue cultivator, he is definitely not a soft-hearted person. Fellow Daoist GUI, I'm afraid you will be disappointed!" Daoist master haocheng laughed.

"That's right! But for an unrelated stranger, do you think he would easily hand over a treasure like the aotian treasure for a stranger?" The whale Emperor also said.

As the two of them spoke, they stared at the white-robed figure, observing the changes in his expression.

Once this guy seemed to have the intention to move, they would act and stop him halfway, never letting him board the Luosha ship.

"Fellow cultivator, you're just an unrelated person. If you give me the treasure, my Ji family can give you countless treasures. Whatever you want, you can ask!" Ji Ruyin smiled sweetly.

Tang Hao's face darkened.

In that pair of slightly narrowed eyes, there was a monstrous anger surging.

"Irrelevant people, haha! What an unrelated person!"

Tang Hao suddenly laughed out loud. He looked around and shouted, "Did you guys have a share in his injuries?"

Ji Ruyin, the whale Emperor, and the others' expressions changed.

Looking at this person's appearance, he seemed to care about this Ling Guang Zhenren.

"Yes, but he wanted to run away. We had no choice but to catch him. It's inevitable that he'll be injured, but most of it was done by the people from Luosha Island." The whale Emperor said.

"Very good!"

Tang Hao gave him a cold look, then turned to the righteous Alliance warship. "What about you?"

"There are a few! But it was also to catch him!" Daoist haocheng said.

He frowned and was a little unhappy. This wandering cultivator actually used a questioning tone. He really didn't know what was good for him.

If it wasn't for the proud heaven treasure, he would have already cut it with his sword.

"What about you guys?"

Tang Hao then looked at the Ji family's warship.

Ji Ruyin furrowed her brows and looked a little displeased, but she still said, "Just one. In comparison, my Ji family is the lightest."

"Very good! You're all good!"

Tang Hao took a deep breath and said coldly as he looked around.

"Yo! From your tone, you still want to take revenge for this fellow? If you don't hand over the treasure, I'll kill him first and then suppress you. I'll let you two come together and be a pair of wronged ghosts!"

Rakshasa GUI couldn't help but sneer.

He felt that this guy was really ridiculous. A mere rogue cultivator dared to be so arrogant in front of the four major forces. He was really overestimating himself!

The whale Emperor, perfected haocheng, and the others also laughed. They looked forward with a bit of ridicule and pity.

This guy wouldn't really want to offend the four major factions for an unrelated stranger, would he?

If it was true, then he was really stupid!

"If he dies, I'll send all the people on your Luosha Island, no, and here, all the people of your forces to die with him!"

Tang Hao said coldly.

The moment he finished speaking, everyone fell silent.

Everyone's faces were filled with shock, as if they couldn't believe their ears.

Hahaha!

Then, a burst of deafening laughter sounded from the warships.
