

## The Mightiest Little Peasant Chapter 2802

"It's good that he's fine!"

The patriarch of the Ji family waved his hand and said, "since he is 30000 meters tall and has such powerful divine power, I'm afraid that this proud treasure has no fate with our Ji family!" Then, he sighed.

"What a pity!"

The elders below also sighed, their faces full of regret.

If he could get his hands on ao Tian's treasure and obtain some of the treasures from the emperor's treasure vault, his Ji family would be able to take advantage of the situation and rise to power. He would be able to surpass the other three major powers and become the sole Overlord of the cloud Sea.

"This guy ... Who is he? With such a high cultivation and such powerful abilities, he shouldn't be a nameless figure!"

An elder asked in bewilderment.

"Who knows! No one has ever seen him, he only said that he's a loose cultivator. "

"Wandering cultivator? What a joke! How many 30000 meter loose cultivators can there be? there's no such person!"

The elders all shook their heads.

Suddenly, one of the elders' expression changed, as if he had thought of something. He hurriedly stood up and asked, "What did that person look like?"

Ji Ruyin glanced at him in surprise. "Elder Lianhai?" Why? You have an impression of it. Do you recognize it?"

"Have you all forgotten what happened to me a few days ago?" Ji Lianhai forced a smile.

Ji Ruyin was stunned and moved. She blurted out, "Are you saying that he's the divine ancestor?"

"It can't be!"

The hall was in an uproar.

The elders' faces were filled with disbelief.

A few days ago, elder Lian hai had brought his men out to sea to hunt, but they had encountered a mysterious sacred ancestor. They had also heard about how several large ships had been destroyed.

However, they didn't care much about it. Nine tribulations Saint ancestors like them were all elusive and elusive. They might appear here today, but they might be in another continent tomorrow.

A few days had passed, and they didn't even know where he was. Therefore, they never thought that this person could be the mysterious divine ancestor.

"That's impossible! What kind of person is the divine ancestor? why would he stay in the cloud Sea for so many days?"

"I heard that he bought something at the spirit Whale island's trade fair. Would the divine ancestor go to that kind of trade fair?"

The elders all shook their heads in disbelief.

A dignified nine tribulations Saint ancestor with such a noble status would actually go to such a chaotic trade fair to shop for things?

This sounded ridiculous!

"That's not possible!"

Ji Ruyin also smiled.

In her impression, the divine ancestors were all very respected. No matter what they did, there would be people doing it for them. Ordinary treasures wouldn't catch their eye, let alone go to such a low-end trade fair.

"I don't think it's possible either, but I can't think of any other possibility," Ji Lianhai said.

"Ru Yin, tell me about that person's characteristics."

After a moment of silence, the patriarch of the Ji family spoke.

"Alright!"

Ji Ruyin nodded, frowning as she recalled."That man ... He was dressed in white and looked very young and handsome. Oh! That's right, he's still wearing plain clothes, not some treasured clothing or battle armor."

"Bai Yi?"

Ji Lianhai's body shook.

"His temperament and elegance are very shocking. I have never seen a man with such an outstanding temperament. He is haughty, overbearing, and very cold. When he killed GUI Luosha, he crushed him to death."

Ji Ruyin said.

As she spoke, she became a little absent-minded. The image of that peerless figure seemed to appear in front of her eyes again.

This figure seemed to have been branded into her mind. When it appeared again, it was still vivid and clear, making her heart tremble and throb.

Ji Lianhai's expression became more and more aghast as he listened.

In front of him, a figure also appeared. It was a figure that was shrouded in the glow of the blazing sun and had shocking power. His eyes were bright and he seemed to be able to overturn the sea and the sky with his invincible magical powers.

"It's him! It was definitely him! There's no mistaking it, only he can have such an elegant demeanor!"

He trembled and muttered.

"No way! It's really him?"

The elders of the four directions were all shocked and somewhat aghast.

"That divine ancestor was also wearing white, and it was Suyi. I won't forget it, I won't forget it for the rest of my life!" Ji Lianhai muttered.

Then, he looked at the patriarch and said, "Ancestor, it's him. I won't be wrong!"

Patriarch Ji's expression changed.

There was a flash of panic in his eyes.

That person wasn't a 30000-meter-tall old monster, but an even more terrifying nine tribulations Saint ancestor?

And his Ji family had actually offended a nine tribulations Saint ancestor!

"Hurry up! Hurry up! Call all the clansmen back, close the island, and activate the formation!" He hurriedly shouted.

Although he was only half a step away from the ninth tribulation, he knew very well how big the gap between them was. The only way to save his life was to activate the formation.

Immediately, someone rushed out in a hurry.

"There's news. That man is heading to Luosha Island!"

An elder received the news and exclaimed.

"That's right, it's him!" The Ji family's patriarch nodded.

Since he dared to come to Luosha Island, it meant that this person's strength was not only 30000 meters, but also the Holy ancestor.

"It seems that both the demon Island and the righteous Alliance have made their move. They've also rushed to Luosha Island ..." The elder said.

"Let them go. We'll close the island and don't get involved!"

The Ji family's patriarch said.

Luosha Island was protected by layers of formations. Once activated, even a nine tribulations Saint ancestor couldn't break it. If this Saint ancestor couldn't break it for a long time, he would be furious and have to find a place to vent his anger. At this time, those who went to watch the show would be in trouble.

"Maybe this is a great opportunity for the Ji family. If the Holy ancestor targets the two forces and kills a large number of them, and Luosha Island is badly damaged, the Ji family will be able to dominate it."

The Ji family patriarch's expression changed, and a hint of joy appeared on his face.

"The forefather is right!"

The elders of the Ji family were stunned at first, then they burst into laughter.

"Is he ... Really the divine ancestor?"

Ji Ruyin stood rooted to the ground, her expression a little dazed.

In her mind, that peerlessly elegant figure was still lingering.

"This divine ancestor is too strange!"

Her red lips moved as she mumbled.

Not only was this divine ancestor's identity and background unknown, but his behavior was also strange. He was completely different from the other divine ancestors she had met before. All of them were high and mighty, with extremely noble identities that she couldn't get close to.

This person had actually gone to a chaotic place like the trade fair to search for treasures. Even she was not willing to go to that kind of place.

In the cloud Sea, as long as one had some status, they would not lower their status.

Also, she had never seen any other divine ancestor like him.

"He ... Where did he come from?"

She mumbled to herself as she became more and more curious.
