

The Mightiest Little Peasant Chapter 2807

The Ji family.

A cloud of worry shrouded the area.

In the main hall, the Ji family patriarch and a group of elders were frowning with worry on their faces.

It was as if the end of the world was coming.

“A!”

Suddenly, an elder slapped his thigh and sighed, “if I had known, I wouldn’t have coveted that treasure! Now, I’ve been living in fear. I’d rather die!”

“A! Who would have expected this!”

The elders of the four directions all sighed, their faces full of bitter smiles.

Before this, no one would have thought that the man was a ninth tribulation warrior, and such a terrifying one at that. He had easily destroyed the formation of Luosha Island and cultivated hundreds of thousands of evil spirits in one furnace.

The Devil Island, which was as famous as the Ji family, had been destroyed so easily.

If the Devil Island couldn’t stop them, the Ji family couldn’t either.

If the Holy ancestor came, the Ji family would end up the same way.

“What’s the use of regretting now? we should think about how to deal with it! The righteous Alliance is gone, and the myriad Demon Island is gone. He’s now heading to the min Mountain Island, and I think it won’t be long before it’s our turn. ”

An elder reprimanded.

“Let’s run! While there’s still some time left, quickly gather all the clansmen and leave the cloud Sea. That way, we still have a chance of survival!”

“Right! Right now, many people are running away, and the entire Cloud Sea is in chaos. As long as we hide well, he won’t find us. ”

An elder stood up and said excitedly.

In an instant, many elders revealed looks of agreement. There was still a chance to escape at this time.

“Run? Where to? This is the Ji family’s roots, all of our roots are here, how can we run! And how do you know that you’ll definitely be able to escape?” There were also elders who opposed and stood up to refute.

“If we don’t run, are we going to stay here and wait for death? Do you know how terrifying that person is? He could destroy a defensive formation with a few palms and refine hundreds of thousands of people with one furnace. Killing the Luosha Island master is no different from killing a chicken!”

“Do you want to face such a monster?”

“It’s because he’s too terrifying and powerful that we can’t run. Do you think that with so many of us running together, we can escape from his palm? The abilities of that kind of person are beyond our imagination. If we anger him because we run away, all of us will die, and no one in the Ji family will survive.”

The two sides began to argue intensely in the hall, until their faces were red.

At the front of the crowd sat a graceful and moving figure.

Her cold and beautiful face was in a daze.

The news that came from outside just now had made her a little dizzy, and she had not yet replied.

First, the Devil Island was gone, then the righteous Alliance, and the demon Island ...

The old rivals of the Ji family had been turned to dust in a single day.

All of this was because of the mysterious white-robed divine ancestor!

His strength and methods had far exceeded the expectations of the Ji family. No one had expected that things would turn out this way.

The white-robed divine ancestor was still wandering around the sea, crushing forces one after another. It would be the Ji family’s turn sooner or later.

“If only I had been more careful and discovered his identity earlier!”

She bit her lip, feeling a wave of regret.

“Enough! Don’t fight!”

At this moment, patriarch Ji’s face darkened and he shouted.

In an instant, the hall fell silent, and everyone below kept quiet out of fear.

“We can’t run!” “I don’t think so,” patriarch Ji said. “According to the information we’ve received, he didn’t even massacre the demon Island when he went to the righteous Alliance. He only ransacked it. This shows that the divine ancestor isn’t a bloodthirsty demon.”

“So, we can’t run away. If we do, we’ll only anger him. Since he likes treasures, we’ll open the treasure vault and take out everything inside. Then, we’ll offer them up.”

“What the old ancestor said makes sense!”

The elders muttered to themselves and nodded.

“But, will the treasures in our Treasury satisfy that person?”

An elder asked hesitantly.

“Take out the best. Our Ji family has accumulated several thousand years of good things. I believe that senior will be able to see them. If he is still not satisfied, I’m afraid there is nothing we can do.”

The patriarch of the Ji family shook his head and sighed.

If he was satisfied, everything would be fine. The Ji family would be able to escape this calamity and in the future, the Ji family would be able to become the Overlord of the cloud Sea.

However, if he was not satisfied, the result would be hard to predict.

“The best treasure of our Ji family is the nine tribulations ancient cauldron!”

“And that nine-colored heavenly crystal ...”

The group of elders discussed, still looking worried.

If it was an ordinary nine tribulations expert, these treasures would definitely catch their eyes. However, that person was too powerful, and they were not confident in their abilities.

“In addition to these, our Ji family has another treasure that is even better than these.”

At this moment, Ji Ruyin spoke.

“Oh! What treasure?”

All the elders looked over in surprise.

“Me!”

Ji Ruyin said lightly and stood up.

Everyone in the hall was stunned.

“If he’s still not satisfied, he can hand me over. I think ... He’ll be satisfied.” Ji Ruyin said.

She had great confidence in her beauty and figure. There were few people on the entire Azure meteor star who could compare to her. Moreover, she wasn’t just a flower vase. She was a genius, a demon, born with godly bones, and astonishing comprehension. She had already advanced to the great emperor realm before the age of a hundred.

And most importantly, she was still a Virgin, pure as ice and pure as Jade. Presumably, that senior would not reject her.

“This ... This can't be done!”

Then, the hall was filled with shouts.

She was the future hope of the Ji family. She was the most likely person to advance to the ninth tribulation after the patriarch. How could he give her away?

Moreover, they had yet to figure out the nature of the divine ancestor. If she was an evil figure, wouldn't they be harming her if they sent her out?

“No!” The patriarch of the Ji family shook his head.

“But what if there is really no other way? I'm willing to sacrifice myself in exchange for the family's peace and even get on the good side of the divine ancestor in exchange for great benefits for the family.”

Ji Ruyin said in a low voice as she bowed.

“This ...”

The Ji family patriarch was stunned.

He sat there for a long time without making a sound.

“Forget it, we'll see how it goes! If it really comes to that, then we'll talk about it!” He heaved a long sigh and said helplessly.

The elders below also sighed, feeling extremely aggrieved.

“They're here! He's coming, he's coming towards our Ji family!”

A moment later, one of the elders shouted and jumped up.

In an instant, everyone's faces changed.

As expected, he still came!

This time, the Ji family's fate was unpredictable!

Life or death, it was all up to the divine ancestor.
