

The Mightiest Little Peasant Chapter 2840

“Speak!”

After he sat down, Tang Hao looked at the Crown Prince of Great Yan.

Yan Qing sat down and said with a smile, “it’s like this. In half a month’s time, there will be a competition between the Great Yan Dynasty and the Tian long celestial dynasty. It’s also known as the Supreme Emperor celestial gathering. It will be held once every five hundred years!”

“The winner of the competition can take away a large amount of territory from the loser. We have held such competitions five times, and great Yan has lost four times and only won once. That is why our territory is far inferior to that of the Tian long celestial dynasty.”

“The format of the competition is very simple. It’s an arena, but only the nine tribulations will be used. I would like to invite you, my fellow Daoist, to participate in this Immortals ‘meeting and fight for Great Yan!”

“Don’t worry, as long as you agree, Great Yan will surely offer you a precious treasure. In the future, Great Yan will also send someone to help you protect Ji clan!”

As expected!

Mirror flower Palace Master nodded.

Just as he had expected, Great Yan was here for the Huangji immortal gathering.

Tang Hao was stunned when he heard that.

“Just this?”

He said, somewhat stunned.

“Yeah! What’s wrong?” Seeing his reaction, the Crown Prince of Great Yan was also a little stunned.

“I thought you came to me to destroy the Tian long divine dynasty.” Tang Hao was disappointed.

After hearing this, the Crown Prince of Great Yan opened his mouth wide, revealing a dull look.

Oh my God!

What was this person saying?

Destroy the Tian long divine dynasty?

This must be a joke! He didn’t even dare to think about this kind of thing!

There were more than a dozen 9th tribulation experts in the Tian long divine dynasty, and the strength of the first generation Holy Emperor Tian long was unfathomable. Not to mention, they also had the support of the great joy heaven, a giant in the immortal realm.

Even mirror flower Palace mistress was stunned.

“Hahaha! Fellow Daoist, You must be joking!”

After a long while, Yan Qing came back to his senses and laughed drily.

This person had a great background. If the mysterious force behind him made a move, it might be possible to destroy the Tian long celestial dynasty. However, this person was likely not from this celestial realm or was very far from Cangliu. It was impossible to count on the force behind him.

However, this person was only at the Dao glimpse realm. It would be difficult to even shake the Tian long divine dynasty, let alone destroy it.

Tang Hao sipped his tea and did not say anything.

“What do you think, my friend?”

Yan Qing said.

“A group arena? How many people are there?”

Tang Hao did not answer immediately, but asked.

“Well ... The number of people is not fixed. It just depends on how many people both sides can pull in. The more people we can pull in, the greater the advantage we will have. As of now, Great Yan has pulled in more than forty people.” Yan Qing said.

“So many?”

Tang Hao was surprised.

“Most of them are from beyond the stars. There are not many from Cangliu. They are all afraid of the Tian long divine dynasty and many of them do not dare to participate. Hence, they usually invite people from beyond the stars for every competition.” Yan Qing said.

“I see! Then what kind of treasure can your Great Yan offer?”

Tang Hao said.

“What do you want, my friend?”

“Immortal material, do you have it?”

“Immortal material? Fellow Daoist, You must be joking! How could Great Yan have such a divine item?” Yan Qing was speechless.

“Alright! Divine materials then. Give me a few of all the top grade divine materials in Great Yan’s treasure vault, and I’ll agree to participate.” Tang Hao said solemnly as he put down the teacup in his hand.

“This ... Good!”

Yan Qing hesitated for a moment, then nodded his head resolutely.

The price of so many top grade divine materials was indeed a little high. However, with such a powerful background, it would undoubtedly be a good thing for Great Yan Dynasty to be able to invite him.

Moreover, although he was only at the Dao glimpse realm, he was very powerful. Back in the cloud continent, he had scared off the Gu God patriarch. He should have the battle power of the Dao gathering realm.

“Then it’s decided. I’ll go to Great Yan now and take the things first. I want to make something.”

Tang Hao said.

“Alright!”

Yan Qing nodded without hesitation. He believed that with this person’s status, he would not lie to him.

“What about you, Palace Master? Do you want to come too?”

He asked mirror flower Palace mistress.

“Alright!”

Mirror flower Palace mistress hesitated for a moment, then nodded.

“That’s great!”

Yan Qing stood up excitedly, his face filled with wild joy.

This trip had pulled in two great combat powers, and the harvest was too great.

He immediately urged the warship under him to speed up and head toward Great Yan.

On the ship, Tang Hao sipped his tea as he pondered.

It seemed that there were many ninth tribulations participants in this Immortals gathering. He wondered if there were any Dao integration old monsters. If there were, it would be great.

By the way, since Dao attainment could be snatched and refined into one's own, what about Taoist connotation?

I wonder if this Taoist connotation can also be snatched?

Tang Hao furrowed his brows when he thought about that.

He really didn't know much about this. He had always heard that Dao attainment could be snatched or even traded, but he had never heard of a Taoist connotation.

He hadn't been in the ninth tribulation stage for long, and he hadn't killed a single ninth tribulation human. He'd only killed reverent-god level experts of the nine-colored tribe, who didn't have any Taoist connotation or cultivation.

"This is a good time to try. I'll kill one that I don't like. If I can snatch it, that would be the best!"

Tang Hao mumbled.

He wasn't a soft-hearted person and wouldn't hesitate to snatch it when it was time.

Only then would he be able to improve as quickly as possible and transcend the Tribulation to become an immortal.

Very soon, they arrived at Great Yan Immortal Dynasty.

Under Yan Qing's lead, the group entered Great Yan's Treasury. Tang Hao scanned the place and picked out the best divine materials. Mirror flower Palace mistress also picked out many treasures.

Then, Tang Hao bade farewell and left.

"Take care, fellow cultivator. In 12 days, I'll personally go to the cloud Sea to pick you up!"

Yan Qing sent him out of the Imperial City respectfully.

Mirror flower Palace mistress also bade farewell and left, saying that she needed to make preparations for the immortals' gathering.

Tang Hao and Ji Ruyin boarded the flowing cloud shuttle and headed toward the cloud Sea.

"What's wrong?"

"What's wrong?" Tang Hao asked when he noticed that Ji Ruyin was sizing him up.

"It's ... It's nothing!"

Ji Ruyin blushed and quickly lowered her head to avoid his gaze.

At this moment, she was thinking about the scene from before. He had killed the five people from the spirit Vulture Palace with a stomp of his foot and a wave of his hand. She also thought about how he had stepped into the air and faced the heavenly Dragon Crown Prince.

That figure was so majestic and extraordinary, like an ancient God that had descended to the mortal world.

Now that she thought about it, it still made her heart throb.

“For this period of time, your Ji family should seal the island! After I’ve dealt with the Tian long celestial dynasty, you’ll be fine. You can take advantage of this time to cultivate your true spirit. Also, your Ji family can go to the spiritual void realm and take a look.”

Tang Hao said.

“En!”

Ji Ruyin responded in a low voice.

A few hours later, they returned to the Ji residence and explained the situation to Ji juechen.

Ji juechen hurriedly left after hearing this.

Soon, everyone from the Ji family had returned, and the formations around the island were activated.

Tang Hao returned to his own Pavilion and sat down. With a wave of his sleeve, countless beams of divine light flew out and landed in front of him, turning into pieces of gold and iron divine materials of all shapes and sizes.

Then, he took out the star Crystal core that he had just won.

BOOM!

The great void divine furnace flew out from his body. The divine fire within it was burning and exuberant.

He took a light breath and calmed his heart. Then, he raised his hand and began to refine.
