

The Mightiest Little Peasant Chapter 2858

Whoosh! Whoosh! Whoosh!

The next moment, the lightning surrounded the figure in white, flashing and striking madly. In the blink of an eye, thousands of fiery fists poured down on the opponent like a storm.

Every punch was a full-force attack.

For a time, a concentrated explosion sounded.

There was also a piercing divine light that bloomed, making it impossible to look straight at it.

“Hu!”

A moment later, the lightning stopped and revealed its figure.

He heaved a heavy sigh of relief, and a smug look appeared on his face.

In the face of his attack, that guy simply didn't have time to react and completely became his target. In terms of physical body, he rejoiced that geniuses were the strongest. He had long used countless spiritual essences to improve his physical body to the extreme.

In close combat, this guy was not his opponent at all.

And now, this fellow had suffered a wave of attacks from him. His physical body must have been severely injured and was about to be blown to pieces. Even if he could be reborn, he would be injured and extremely weak.

He laughed out loud again.

Although he had his back to that guy, he didn't need to turn around to know the result.

He was waiting, waiting for the cheers from all sides.

However, he waited and waited, but there was no movement from the four sides.

“Strange!”

He was stunned and felt a little strange.

“Eh? What's that expression?” He looked at an elder in the distance.

The elder was standing there with a dazed look on his face. His eyes were fixed in the direction behind him, and he looked very strange.

“What's going on?”

He was a little puzzled and immediately turned around to look.

When he looked up and saw clearly, he was stunned.

The figure in front of him was standing there, perfectly fine. His aura didn't change at all, and he didn't look weak at all. What was even weirder was that his clothes weren't even torn.

This was really a ghost!

This was Suyi! It wasn't some nine tribulations treasured clothing, something that would break with a light touch!

Under his crazy and violent attacks, even a treasured garment would explode, let alone a plain garment!

Could it be that this fellow had taken advantage of that little bit of time to completely reincarnate, then took out the same clothes and put them on?

'That's way too fast!'

Besides, which idiot would do that?

He turned around and saw that everyone on the ship had strange expressions. For a moment, he was even more confused.

"Your strength is good! This body of yours can barely be considered passable!"

At this time, the white-robed man flicked his sleeves and said casually.

However, when he heard it, it was like a bolt of lightning on a clear day, shocking his mind and mind.

This guy ... What was he saying?

This body of his was actually only passable?

This was too ridiculous!

Among the nine tribulations in this star field, there were few who had a stronger body than him. Even some old monsters at the peak didn't have a stronger body than him, but this guy actually said with a look of contempt that his body was only okay!

How strong was this guy's physical body?

His eyes gradually widened, revealing shock and fear.

Just now, this guy had indeed been punched over 10000 times by him, and every punch was solid. This guy did not resist at all, nor did he Dodge. Logically speaking, this guy should have been blown to pieces long ago.

However, he did not.

This guy was still fine. Even the plain clothes on his body were not torn. There was only one possibility. This guy's physical body was too strong. Just the qi and blood that seeped out and wrapped around his body had blocked all his attacks and remained intact.

However, how could there be such a terrifying physical body in this world?

This was impossible!

"Now, it's my turn!"

At this time, the man in white muttered. His figure flickered and suddenly disappeared.

When he reappeared, he was already in front of her.

There was nothing fancy about it. It was just a punch. He punched directly at his chest, causing a loud explosion.

The next moment, his expression changed.

He saw that his armor had cracked under the impact of the punch. Spider-web like cracks appeared and spread rapidly.

F * ck!

This was the nine tribulations battle armor!

How could it be destroyed by a single punch?

What kind of abnormal body was this?

At this moment, his scalp was about to explode, and he felt his hair stand on end.

This guy's physical body could no longer be described as powerful or abnormal. It was completely heaven-defying!

No wonder! This fellow was actually so arrogant!

This guy wasn't stupid, he really had such confidence!

He was the one who was stupid!

He was extremely frightened. He opened his mouth and wanted to shout, but before he could, the punch broke through his armor and landed on his chest, causing another loud bang.

His chest exploded, and blood splattered everywhere.

Then, like a cannonball, his body shot backward and hit the warship with a bang.

Cough cough!

He stopped and coughed non-stop. Half of his body had already exploded, and he was in a terrible state.

On the ship, the elated elders from all four directions were extremely stunned.

They could not believe their eyes.

One punch!

With just one punch, he had blown up a nine tribulations battle armor and sent this immortal soul third level cultivator flying, destroying half of his body!

The power of this punch was too terrifying!

“This ... How is this possible?”

Ao Hong’s face was ashen white and he was in a daze.

He was well aware of how strong senior evil child’s physical body was, which was why he had been so confident. However, he hadn’t expected that even someone as strong as senior evil child wouldn’t be able to withstand a single punch from this man. His physical body had exploded, just like the Holy ancestors at the immortal gathering.

This physical body ... Was too terrifying!

Looking at the white-robed figure not far away, his body gradually trembled, and he was extremely terrified.

What kind of monster was this?

Even the high-level elders of the sky of great joy would be crushed by him!

“Hurry up! Come back quickly!”

When the evil child was reborn, he was extremely frightened. He shouted at the elders in the distance.

They had no chance of winning if they fought this guy head-on. They could only fight on the warship.

Wasn’t this guy worried about the Ji family? if he continued to attack the Ji family, this guy would definitely use his body to block it. If he continued like this, he would exhaust this guy to death.

After shouting, he immediately got on the ship and started to operate it.

“BOOM! Blast this bastard to death!”

He roared madly, his expression extremely ferocious.

But then, he was shocked. He saw that the white-robed figure had already moved like a ghost and was standing in front of the ship. A pair of bone-chilling eyes stared at him coldly.

A single glance from him was enough to freeze one's blood and make one feel as if they had fallen into an ice cellar.
