

The Mightiest Little Peasant Chapter 2926

“What’s the name of that genius?”

Tang Hao said urgently.

“This ...” The middle-aged man immediately frowned, as if he couldn’t remember.

“Is his surname mu?”

Tang Hao said.

“It seems so!” The man was startled and nodded.

It should be!

Tang Hao took a deep breath and said to himself.

He was a little excited. After searching for so long, he had finally found some clues. But at the same time, he was a little worried. It seemed that he had not heard anything about the star pupil for a long time. Could something have happened?

“You haven’t heard of the mystic Fairy bead since then?”

“No, I didn’t!”

The man shook his head and said apologetically, “senior, I’m sorry. I really don’t know more about the situation!”

“I’m fine!”

Tang Hao waved his hand, but his expression was grim.

“My fellow cultivator, are you going to the Tianhuang region to look for the mystic fairy Pearl?” The Li family patriarch said worriedly, “then you have to be careful. You have just killed so many people from the Xuanyuan clan. If you are discovered ...”

“I won’t! They won’t be able to track me!”

“Hurry up and leave!” Tang Hao said.

“Fellow Daoist, take care! If we meet again in the future, I’ll definitely repay this favor!” The Li family elder bowed once more to express his gratitude. Then, he led everyone onto the ship and sped away.

“Let’s go over here!”

Back on the star Shuttle, Tang Hao took out the star map, opened the Tianhuang immortal realm, and found the location of the cloud billow star.

Half a month later, he entered the Tianhuang immortal realm.

After another ten days, he finally arrived at the cloud billow star.

The Tianhuang celestial realm was a hundred times larger than the zenith heaven celestial realm, so it naturally had many stars. There were thousands of level-nine stars, and the cloud billow star was one of them.

He put the star Shuttle and the three women into his cave dwelling, changed his appearance and entered the cloud billow star.

After all, he had once killed people of the Xuanyuan clan. It was better to be cautious and not leave any traces here.

He found the largest trading city here and began to inquire about information.

“The mystic Fairy bead? That was more than ten years ago!”

“It’s quite a pity that the genius was only popular for a short period of time and suddenly disappeared! No one knows what happened, but there were many rumors at that time. ”

“Some say that it was some old monster who took a fancy to the mystic fairy Pearl and stole it. Some say that there’s an internal problem in the jadewater Palace. Someone was jealous of the genius and took her Pearl, then killed her.”

“No one knows if he’s dead or not. In short, no one has ever seen that genius again.”

“Yes, that’s right, his surname is mu! It had caused quite a stir back then. After all, it was an ancient legendary divine item, the mystic fairy Pearl! Moreover, she’s beautiful, I’ve seen her with my own eyes. ”

Tang Hao’s expression darkened after he asked around.

Looking at the situation, star pupil’s life and death were unknown, and the odds were against her.

“It doesn’t look like it was done by an old monster. I think there’s something wrong with the crystal-clear water Palace. Many people thought this way at first, because after the incident, the crystal-clear water Palace didn’t react and didn’t send people to look for it. There must be a ghost!”

After making some more inquiries about the situation in the crystal-clear water Palace, Tang Hao left the city.

A day later, he appeared on the other side of the cloud billowing star. In the distance in front of him, there was a vast mountain range. Floating islands were scattered all over the mountain range, and the mountain range was surrounded by circles of huge green halos.

This was the blue water Palace, one of the most powerful forces on cloud billow star.

Although they had never produced a true immortal, there were many at the peak and Dao integration realm. They were several times stronger than the Wu clan, Yue clan, and other 36-star powers of the origin immortal realm.

“More than ten years ago, I followed my master and wandered around. I think I accidentally entered the passage and came to this starry sky. Then, I entered the blue water Palace, but I only stayed there for a year before I suddenly disappeared.”

“And the blue water Palace is the biggest suspect!”

He narrowed his eyes, and a cold killing intent flickered in them.

If the disappearance of Xing Tong was really the doing of the blue water Palace, he would definitely raze this place to the ground and let everyone related to it die with him.

He took a deep breath and then swept forward.

When he was close to the blue water Palace, he entered the void and hid.

Soon, a few disciples flew out of the blue water Palace and wanted to go far away. He immediately made a move to suppress them and then searched their souls thoroughly.

“It seems that he is not a core disciple and doesn’t know about this matter!”

He was a little disappointed.

He continued to guard and captured several groups of disciples of the blue water Palace one after another, searching their souls.

“What a great Blue water Palace!”

Tang Hao’s expression darkened after the soul search was over, and a terrifying killing intent surged around him.

From the memories of these disciples, he could confirm that Xing Tong’s disappearance was the doing of the blue water Palace.

It was because star pupil had gone missing in a trial ground in the blue water Palace.

“Goddess of the blue water Palace, Xiao Lingxi!”

This person was the most suspicious.

Because she was the goddess of the blue water Palace, and since the appearance of the star pupils, her status had been threatened. After that, her cultivation state had improved by leaps and bounds, and now she was already at the third Dao.

The blue water Palace wasn't a big force. They had many cultivators. It was extremely difficult for them to cultivate a young genius who had three cultivations. There must be a problem.

"In three days, there will be a big banquet in the blue water Palace to celebrate the 8000th birthday of one of their Taoist masters ... It's a good opportunity!"

He pondered for a while and had a plan.

Three days later, the gates of the blue water Palace opened. In front of the gate, there were streams of light. They were all people from all over the cloud billow star, and many from other stars.

They stopped in front of the mountain Gate, showed their invitation cards, and then entered the mountain Gate one after another, heading toward a floating Island in the Sky.

"8000 years old birthday, what a joyous occasion!"

"With the help of a noble, it's only a matter of time before a genuine immortal appears in your blue water Palace. Maybe in a few years, we'll have to come up and congratulate you again!"

The atmosphere in front of the door was extremely lively.

Among the crowd, there was a middle-aged man in white. He had a refined aura, but the aura on his body was only at the Dao glimpse realm.

When he arrived at the door, he showed his invitation.

The words 'heaven's craftsmen faction' were written on it.

An elder of the blue water Palace was standing in front of the door. He glanced at the invitation card, his eyes cold.

In the eyes of the blue water Palace, the heaven's craftsmen faction was just a small force! They were the weakest among the forces that had come. If it wasn't to liven up the atmosphere, they wouldn't have invited such a force.

This kind of force had just reached the ninth level, and there was only one Dao glimpse realm in the entire sect. How could there be any good treasures? everyone was so poor that they could hear the clanking sound.

"Go in!"

He didn't bother to look at this person and waved his hand, indicating for them to hurry in.

"Many thanks!"

The middle-aged man smiled and took back the invitation.

By the time he stepped through the mountain Gate, a cold glint had already appeared in his eyes, and his killing intent was wild.
