

## The Mightiest Little Peasant Chapter 2943

“Hurry up! Let’s go!”

“We can’t fight anymore. Hurry up and retreat!”

The other Dao integration cultivators felt their blood run cold as they watched the few Dao integration cultivators being swallowed in one gulp.

The Black Dragon was too terrifying!

Their lineup was far from enough.

In order to deal with this Black Dragon, the twelve major forces had to go all out and join forces with the other forces to set up more formations. Only then would it be possible to kill it.

But now, they could only run for their lives!

The 11 ships started to move in an attempt to escape.

“Stay here!”

The Black Dragon let out an angry roar and madly struck out.

In an instant, a few more ships exploded, and the figures on them fled.

Some people were targeted, first exploded by the divine light, and then swallowed in one bite.

“Let’s go!”

The beautiful woman from the Taiwei Celestial Palace shouted as she manically urged the large ship to escape.

However, after the ship flew up for a distance, a divine light came from below and blew up the ship.

Everyone on the mountain cried out in alarm and escaped.

However, before they could catch their breath, another divine light came from below.

“We’re finished!”

The beautiful woman’s face turned pale.

She was at the peak stage, so she was able to block it, but the Dao integration stage elders were completely unable to do so.

The Dao integration stage cultivators also turned pale and their eyes were filled with fear.

They wanted to hide, but it was too late. The divine light was simply too fast.

Just as they were on the verge of despair, they suddenly felt a huge force coming from above, pulling them up together and avoiding the divine light.

They looked up and were stunned.

The person who had attacked was the white-robed xiuzhe that he had encountered in outer space.

“Many thanks for fellow Daoist’s help!”

The beautiful woman bowed and said gratefully.

When she stood up, her expression was a little ashamed.

They didn’t take his kind reminder seriously, but now they were in such a sorry state and had to be saved by him. It was really embarrassing!

“Fellow Daoist, let’s hurry up and leave! This Black Dragon is simply too terrifying. Quite a few daomerge experts have already been devoured.”

The beautiful woman looked down and anxiously said.

“You guys go first!” Tang Hao said to her. He reached out and saved another group of people.

“Many thanks for fellow Daoist’s rescue!”

“Fellow Daoist, let’s go!”

This group of people first expressed their gratitude and then said anxiously.

“No need! You guys can leave! I’ve come here for this Black Dragon!”

Tang Hao smiled, then lowered his body and descended.

“Fellow Daoist, what are you ...”

The beautiful woman’s red lips opened and her beautiful eyes widened, full of disbelief.

It was impossible for this person to not have seen how terrifying the Black Dragon was. But why did he still go down?

Did he really think that he could kill the Black Dragon by himself?

“What ... What is he doing?”

The others also had the same reaction, extremely shocked.

“Where did this bastard come from, how dare he disturb this daddy’s good time!”

Having been robbed several times in a row, the Black Dragon was furious.

He roared and looked at the figure.

He was stunned when he saw it.

“Eh? Why does this person feel so familiar, like I know him?” He muttered.

The white-robed figure in the sky was extremely familiar, and he was emitting an aura that he hated.

He was stunned for a long time before he finally seemed to recognize her.

“It’s you! It’s you, you little bug, how are you still alive! Aren’t you dead? What are you doing here?” He screamed.

“Who said I’m dead? I’m fine!”

Tang Hao chuckled. “Long time no see!”

“Hmph! You little bug, you’re really tough! He didn’t die even after that! It looks like his strength hasn’t been reduced!” The Black Dragon snorted as he narrowed his eyes.

Then, he said with some disgust, “I’m so F \* cking unlucky to have met you here!”

When he was in Pangu, he had to work for this little worm for a while for the sake of his freedom, which he had always been ashamed of.

After leaving Pangu, he thought that he was completely free, but in the end, he ran into this annoying little worm again.

“Alright! I’ll eat you!”

He said fiercely, his eyes emitting a terrifying ominous light.

Back then, he had no choice but to work for this kid. But now, it was different. He had recovered 80 – 90% of his strength and was close to the peak of the ancient era. Even if this kid’s body was heaven-defying and could fight seven or eight peak-level cultivators, so what?

He could still tear this kid apart!

“Little bug, I bet you didn’t expect this! I’ve already recovered my strength, and you still want to threaten me? You’re dreaming!”

He let out a furious roar, and his figure suddenly sprang up. He opened his bloody mouth and pounced up.

“You’re looking for death!”

Tang Hao’s eyes widened as he shouted.

Originally, he had only wanted to ask about the passageway. Who knew that this Black Dragon would actually want to eat him?

His body shook, and his aura burst out. Qi and blood rolled around him. In the immortal abode, the more than two hundred Dao beads shook at the same time, and a shocking power surged to his right arm, which then condensed into a giant Golden Palm and slammed down.

Bang!

A deafening explosion.

Then, there was a miserable howl.

Under the dazed gazes of the xiuzhe above, the Black Dragon that was tens of millions of feet long was slapped down by the enormous palm that covered the sky. It screamed in pain.

“This ... How is this possible?”

The beautiful woman murmured, her expression as if she had seen a ghost.

They had all witnessed how powerful this Black Dragon was. Even with so many Dao integration and peak stage cultivators using immortal artifacts and arrays, they were still helpless against it and had even lost a few Dao integration experts.

How could such a powerful beast be sent flying by a single palm?

Then how strong was this person?

“My Tiangang Gu!”

Watching the Black Dragon Fall, all the xiuzhe were extremely shocked.

“What’s going on?”

“Is this really that little worm? That’s impossible! Did you get the wrong person?”

The Black Dragon was also stunned.

This little bug’s physical body was just a little heaven-defying, and he really couldn’t kill it at that time. But now that he was close to his peak, how could he not be able to deal with it?

This little bug’s aura was also a little off. It seemed to be not only at the Dao glimpse realm, but also a little terrifyingly strong. He could not distinguish what realm it was at all.

“You want to eat me? Believe it or not, I’ll eat you first!”

“Die!” Tang Hao shouted. Then, he struck out with his palm.

Bang!

With a loud boom, the Black Dragon’s body was smacked to the ground, causing the earth to explode.

“You ... You’re really that little worm?”

“How did you become so strong?”

The Black Dragon flipped over and stood up, screaming.

Looking at the terrifying and demonic kid, he felt like he was in a dream. He thought that the kid was dead, but not only was he fine, but he had become even more terrifying!

What welcomed him was another palm, like the palm of a God, ruthlessly smacking down.
