

## The Mightiest Little Peasant Chapter 2974

“It’s so beautiful!”

The cave abode was located on top of a tall tower. One could overlook the entire Immortal City when they walked out.

Looking into the distance, it was a vast sea of clouds.

The two sisters stood by the railing and exclaimed in surprise.

Hualala!

The wind from the sky lifted their clothes, revealing two pairs of slender, straight, and Jade-like legs. They were smooth and fair, and under the sun, they glowed with a White Radiance. They were a little dazzling, and they were two Perfect Pairs of Jade-like legs.

Their lithe, full, and beautiful figures were fully revealed, full of youthful vitality.

“Young master, look, what’s that?”

Ji chunxuan raised her hand and pointed into the distance before turning around to look.

Her beautiful face was smiling like a flower.

“That’s a Mystic bird, right?”

Ji Qiuci said and also turned around.

She was also smiling like a flower, and her beautiful eyes were full of excitement and joy.

The two faces were somewhat similar, but their auras were completely different. One was gentle and beautiful, while the other was charming and moving. The two types of amorous feelings formed a sharp contrast.

Tang Hao looked over and was a little stunned.

These two girls had outstanding looks to begin with, and after learning some dressing skills from sis Xiangyi and the others, they became even more beautiful.

“It’s the Xuan bird! And it’s a five-colored feather!”

Tang Hao looked into the clouds outside and saw a divine bird shrouded in five-colored light. A figure was sitting on its back.

This Xuan bird was a very rare bird. It was rare in the lower realm, but this was the immortal realm. There should be a lot of strange beasts here. In the future, he would see more and more rare strange beasts.

“Hehe! Young master, we’re already in the immortal world. When do you plan to ... Let us warm your bed?”

Ji Qiuci suddenly said and smiled playfully.

“I can wait, but my precious sister can’t wait!”

As she spoke, she looked mischievously at Ji chunxuan, who was beside her.

“Wretched girl, what are you saying!”

Ji chunxuan was immediately embarrassed, and her charming face flushed red.

“You still want to deny it? Have you forgotten what you said in the mobile immortal’s cave? As you said, this is a good opportunity. Finally, we are the only ones to accompany young master.” Ji Qiuci smiled.

“You ...”

Ji chunxuan’s beautiful eyes widened. She was both embarrassed and angry. Young master, don’t listen to her.”

She looked at Tang Hao in embarrassment, her face red.

She did say that, but how could she say such things between sisters? wouldn’t she make a fool of herself in front of the young master?

“Wretched girl, come over here!”

She pouted and was about to grab her sister.

“I won’t! If you have the ability, then come!”

Ji Qiuci chuckled. Her body swayed, and her graceful, hot body crashed into Tang Hao’s arms.

“Young master, look! My sister is bullying me!”

She took the opportunity to hug him, and a hint of joy appeared on her face.

“Cough cough!”

Tang Hao coughed lightly. His face was red.

Feeling his nervousness, Ji Qiuci smiled even more proudly.

“Alright, go pack up. We’ll stay here for a while. We’ll leave after I understand the situation of the immortal world and have a detailed plan,” said Jiang Chen. Tang Hao said with a bitter smile.

“Oh!”

The beauty in his arms obediently responded and retreated.

Tang Hao looked at them again and said, “You don’t have to be in a hurry to break through. After a while, you can advance. With your current cultivation, knocking open the gate of immortality is very easy.”

“We will follow young master’s arrangements!”

Ji chunxuan said respectfully.

“You little girl!” Then, she pinched Ji Qiuci, who was beside her, and glared at her fiercely. She entered the cave and went to tidy the room.

“Young master, look, my sister is bullying me again. When it’s time to warm my bed, you have to help me. You have to bully her ruthlessly!”

Ji Qiuci said indignantly.

After he finished speaking, he also followed.

Tang Hao could not help but laugh when he saw them enter the cave.

After a while, he composed himself and walked outside. He looked down at the immortal City and fell into deep thought.

In order to gain a firm foothold, cultivation was the most important.

He had just entered the late-stage human immortal realm and was considered to have some strength. However, compared to those earth Immortals and heaven Immortals, he was still far from them.

“Dao attainment? Where Can I Get Dao attainment?”

The fastest way was naturally to snatch it. However, as a genuine immortal, it was not easy for him to do so. It was only by chance that he could easily kill so many of them and attain a cultivation of 7000 Dao attainment.

It was too difficult to kill an immortal here!

“It’s said that if you have Dao, you can trade. I don’t know if there’s anything for sale here. I’ve just walked through all the shops in the city, but I didn’t see anything for sale.”

He mumbled.

Dao attainment was too precious. Even if a true immortal's life was sold, there probably wouldn't be many of them. The price was probably not something he could afford right now.

"Let's make some inquiries first!"

He went to tidy up his room and left the cave.

For the next few days, he spent his time in the city during the day, trying to gather any useful information.

"Dao attainment? There are some for sale! It's just that ordinary people can't buy it. Only some major forces can afford it. It's said that one Dao attainment pill can be sold for thousands, even tens of thousands."

"So expensive?"

Tang Hao was speechless when he heard that.

This cultivation was too expensive!

He only had a little over 1000 immortal crystals now, which was not enough to buy a Dao attainment.

"Of course, it's Dao attainment! How could an ordinary person be willing to take out such precious things? those that are taken out to sell are all produced by immortal slaves, and only a small part of them is taken out to sell!"

"What is an immortal slave?"

Tang Hao asked in surprise.

"Hey! It's raised to produce Dao level slaves. There are many people who raise these things, but all the major forces and powerful figures are raising them. The more powerful they are, the more immortal slaves they have."

"There's such a thing!"

Tang Hao was surprised.

The word 'slave' was a little harsh to his ears.

"Fellow Daoist, you don't even know this? are you from below?" Someone in the restaurant heard the conversation between the two and asked in surprise.

"Yup! I've only been here for a few days!"

Tang Hao nodded.

"Yo! It's not easy to come from the lower realm!"

“I heard that some time ago, that monster in the lower realm caused a sensation. Is that true?”

There was a commotion in the restaurant.

Many people looked over.

Immortals who ascended from the lower realm were rare, let alone those who had just ascended.

Many people asked about the matter in the lower realm.

“There’s such a monster, but the rumors are too exaggerated.” Tang Hao said with a smile.

“I knew it! Even our immortal world can’t produce such a monstrous talent, so how is it possible for him to be in the lower realm? It’s just that those who went down didn’t manage to get the treasure and were afraid of losing face, so they made up some nonsense.”

Someone immediately shouted, as if it was true.
