

## The Mightiest Little Peasant Chapter 2977

“What’s there to worry about? she’s just a fledgling!”

Lu Song Daoist muttered, somewhat disdainful.

“Hey! Are you deaf? Didn’t you hear what I just said? If you don’t show me what you’re capable of, don’t blame me for being merciless!”

Then, he shouted with a ruthless expression.

With a wave of his sleeve, layers of divine light appeared around the cave. “Don’t even think about escaping. With your cultivation, you definitely won’t be able to escape.”

Tang Hao smiled when he saw the formation activated. “Brother Lü, you’re really a good person!”

“Eh? Good man, what are you talking about?”

Lu Song Daoist was stunned.

This guy was really a fool!

He was about to kill this guy, and this guy still said he was a good person?

“I’ve just come up here and I’m lacking in cultivation, and you’ve already sent me here. If you’re not a good person, then what are you?” Tang Hao said with a smile.

“Hahaha!”

Daoist Lu Song was stunned for a while, and then he laughed out loud, laughing so hard that he almost fell back.

This guy was really too funny!

Could he not see the current situation?

A guy who had just arrived and was only at eight or nine Dao attainment wanted to kill him, a middle-stage human immortal who had more than 4000 Dao attainment and the help of a formation?

He was really an idiot!

“I think you’re not just stupid, you’re also stupid, so stupid that you can’t be saved!” He sneered and raised his hand. A green celestial seal appeared in his palm, with a Green Dragon on it.

He stretched out his hand and threw the seal, which swelled up and smashed forward.

“I don’t know which is harder, your seal or my divine mountain!”

Tang Hao smiled faintly. He flicked his sleeve, and a beam of purple light shot out.

The ten thousand laws divine mountain appeared and expanded to a thousand feet in size before crashing heavily into the green immortal seal.

“This ... This is ...?”

Sensing the aura of the divine mountain, Daoist Lu Song was stunned. His eyes suddenly opened wide, revealing an expression of extreme disbelief.

This aura was too ancient, like the aura of the ancient times!

This was definitely not an ordinary celestial artifact!

How could this guy have such a powerful treasure?

Before he could react, he heard a bang. The two treasures collided heavily with each other, and a shocking divine light burst out. Rings of ripples spread out and attacked the array around the cave.

Pfft!

Then, the sound of blood being spat out could be heard.

Daoist Lu Song's body trembled and immortal blood spurted out of his mouth.

“How is that possible?”

He was completely stunned.

In a single collision, he, a middle-stage human immortal, was injured instead of a newly-advanced chick. This ... Was really too ridiculous!

No matter how powerful this treasure was, it couldn't possibly make up for the gap of a few thousand cultivation levels!

“You ... You're not a Virgin? You're acting as me?”

He raised his head and looked at the figure in front of him.

He felt that this must be an old monster, a middle or late stage human immortal, pretending to be a chick who had just ascended to lure him.

“It's true that I'm acting as you, but I've just ascended!”

Tang Hao chuckled. “How else could I have acted so realistically that you didn't suspect me at all?”

Lu Song Daoist was stunned.

That's right! From the beginning to the end, this guy's performance had not aroused his suspicion. It was very natural. No matter how good a person's acting was, it was impossible to achieve such a level.

Could it be that he had really just ascended?

However, that was impossible!

How could a guy who had just ascended be so powerful?

"Who cares, let's go first!"

Soon, he came back to his senses and raised his hand to call back his celestial seal and escape.

Anyway, even if it was an act, this guy couldn't kill him.

"You want to leave? I'm afraid it won't be that easy!"

Tang Hao's face suddenly darkened. The seven thousand Dao attainment in his body suddenly trembled. Ten thousand laws divine mountain's body expanded again, and a brilliant might of Dao gushed out from it. Like a raging tide, it pressed toward Daoist Lusong.

"My cultivation ... What's going on?"

Daoist Lu song's body sank, and then he screamed, his face extremely frightened.

His celestial core power and Dao attainment were actually suppressed. They became extremely slow and difficult to activate.

"What ... What kind of treasure is this?"

He looked up and screamed in horror.

He had never encountered such a treasure that could suppress one's cultivation and reduce one's strength. He had never even heard of it.

"Wait, don't tell me you're ..."

Suddenly, his body trembled, as if he had thought of something.

Wasn't there such a magical treasure in the recent rumors?

The divine mountain of the ancient Celestial Emperor!

"You ... You're that demon?" He looked at Tang Hao and shrieked. His expression was one of extreme shock.

This guy was actually that heaven-defying monster from the rumors!

He had actually arrived in the immortal world!

The rumors were true. This guy was really a monster. He had just broken through, but he already had thousands of Dao attainments. With an Immortal King divine mountain in his hands, his combat strength was terrifying!

What was even more terrifying was this guy's heart!

Even an old monster like him was easily deceived. How terrifying!

"Fellow Daoist, please spare my life!"

He shouted, as if he was begging for mercy, but in the next moment, he exploded and wanted to rush toward the exit.

He was the one who had set up the formation, so he could easily leave.

The ten thousand laws divine mountain had only taken away a portion of his strength, so escaping was not a problem.

However, at this moment, a beam of divine light swept over. It was faster than him and blocked in front of him.

His body glowed with golden light, and the pressure he exuded shook his mind.

"Late ... Human immortal?"

He paused, and his face turned pale.

This fella in front of him was actually a late-stage human immortal.

When he turned around to look, he could not help but gulp.

Oh my God!

What kind of monster was this?

This was obviously a clone!

However, who would have a late-stage human immortal clone right after their breakthrough? The cultivation base of this fellow's main body seemed to have reached the late stage as well. It was his main body and his clone!

This ... Was simply too ridiculous!

If he hadn't seen it with his own eyes, he really wouldn't have believed it. He had been cultivating hard in the immortal world for thousands of years and was only a mid-stage human immortal now, a mere

4000 Dao attainment. However, this guy was from the lower realm and had just advanced to the immortal realm, but he was already in the late-stage.

“Fellow Daoist, let’s talk this out. Don’t fight. I can give you treasures. I still have some good things on me. I’ll give them all to you!”

As he spoke, he was about to open the ring.

“No need! When you’re dead, they’ll all be mine!”

“Die!” Tang Hao shouted. He activated the divine mountain and smashed it down.

At the same time, the origin core avatar wielded the vast heaven divine spear and struck out.

Daoist Lu Song was first smashed by the divine mountain and vomited blood. Then, he was stabbed by the spear. His body shook again, and immortal blood spurted out of his mouth.

Tang Hao did not show any mercy. He activated the divine mountain again and again and smashed it down.

Soon, the immortal robe exploded, and then his body was pierced by the spear.

After killing him a few times, Tang Hao took out the divine furnace and trapped him.
