

The Mightiest Little Peasant Chapter 2980

"May I ask the two young ladies, what is the identity of your son?"

Long Xiaozhi said, his expression a little fervent.

They were just a pair of maidservants. Given his status, no matter where that fellow came from, he wouldn't dare to reject them.

Seeing that the two girls were still on guard, he smiled and said, "The two of you may not have heard of my name, but in the spirit Toad continent, my name is rather famous."

As he spoke, he raised his head and revealed a proud expression.

"My senior brother's name is like thunder piercing the ears. You guys actually haven't heard of him. You're really ignorant!"

"It's your good fortune that my senior brother has taken a fancy to you. Other people won't have this chance even if they fight over it!"

A group of disciples from the divine wonder Palace started to flatter him.

"Where is your young master? hurry up and call him out. Let him name a price!"

One of the disciples of the mysterious sect shouted impatiently.

They were just a pair of maidservants. If the divine wonder Palace asked for them, who would dare to refuse?

"I'm sorry! I'm not selling!"

At this moment, a deep voice came from not far away.

The next moment, a figure flashed and appeared in front of the two women.

He was wearing a green robe and had an ordinary appearance. At this moment, his expression was somewhat cold.

"Young master!"

The two girls called out and heaved a sigh of relief.

"Not selling? What big words. Do you know who we are and who this is?"

The group of mysterious sect's disciples were stunned and then became furious.

This fellow actually dared to refuse to sell it. He was clearly not giving face to the divine wonders Palace!

Long Xiaozi's face darkened as he glanced at them.

This guy actually dared to brush off his face!

Such courage!

"An earth immortal?"

He snorted after carefully examining it, his expression full of disdain.

A guy who had just entered the earth celestial stage dared to reject him. As long as he asked, those celestial stage powerhouses would not dare to reject him easily. This guy really didn't know what was good for him!

"Isn't he just a golden immortal disciple of the divine wonder Palace?"

Tang Hao laughed coldly. "I'm not from the divine wonders Palace, so why should I listen to you? Besides, they're not my maidservants, and they're not objects that I can use to trade!"

"How audacious!"

The gorgeous woman immediately became furious and sharply rebuked.

How dare this guy look down on her, the divine wonder Palace!

"Isn't it just a golden immortal disciple? then may I ask Your Excellency, what is your identity? Could it be that he's some sort of eminent disciple of the zenith heaven?" Long Xiaozi sneered.

With his status as the disciple of a golden immortal, he could do whatever he wanted in the spirit Toad continent. Almost no one dared to provoke him. He was extremely noble and only the disciples of the zenith heaven could suppress him.

However, such a person could be counted with one's fingers in the entire immortal world and could not be seen at all.

"He doesn't have any status, just a loose immortal!"

Tang Hao smiled faintly. "I'm not selling her. If you want to Rob me, you can do it. I'll fight you to the end. If you're not going to Rob me, then get out of my way!" We still have things to do!"

He had sensed that the Golden immortal disciple in front of him was a late earth immortal, a realm much higher than his. However, with his strength, he could still fight without using the ten thousand laws divine mountain. Therefore, he was not afraid.

"You ..."

Long Xiaozi's voice faltered, and his face turned red.

He didn't expect that this guy wasn't afraid of him at all.

"Loose immortal?"

The group of disciples from the divine wonder Palace were a little stunned and couldn't believe their ears.

Since when did an itinerant immortal dare to be so arrogant and look down on their divine wonder Palace and senior brother Long Xiao?

"Aren't you going to make a move? Then we'll be leaving!"

Tang Hao glanced at them, then waved at the people behind him and walked past them.

"F * ck! This guy is so arrogant!"

"You're too bold! He's a golden immortal disciple!"

At this time, there was an uproar on the street. The onlookers were also in disbelief.

"Senior brother, are we just going to let them go?"

"Senior brother, he dares to look down on us. If we don't teach him a lesson, he'll really think that we're easy to bully!"

The group of mysterious sect's disciples came back to their senses and exploded in anger.

This was the first time they had seen such an arrogant fellow!

And a F * cking loose immortal!

"No rush!"

Long Xiaozhi turned around and swept his gaze at the three figures in the distance, a sinister look on his face.

How could he let this guy leave safely? he had already done something to him. Once this guy left silver wall city, it would be the time for him to make his move.

After he killed this arrogant fellow, that pair of beautiful maids would naturally be his.

The group of wondrous spell's disciples immediately understood and didn't say anything.

They also looked towards the other end of the street, their faces extremely sinister.

"A golden immortal disciple, huh?"

Tang Hao grunted when they were a distance away. His eyes were filled with disdain.

He had a golden immortal master and was only a late earth immortal now. This kind of talent was nothing special.

“You still want to play tricks under my eyes, what a joke!”

Tang Hao looked down and chuckled.

Just now, that guy had left a fragrance on him. It was the kind of thing that was specially used to track people. The quality was not low, and it was colorless and odorless. Ordinary people would not be able to detect it.

“Let’s go!”

Tang Hao put the two women back into his mobile abode, then transformed into a divine beam of light and shot into the sky.

“Let’s go!”

Long Xiaozi and the others, who were following from a distance, also followed closely out of silver wall city.

“Over there!”

Long Xiaozi sensed for a moment, then headed in a certain direction.

“All of you attack together later. You must stop him and not let him escape!” He said to the disciples behind him.

After all, he was also an earth level deity. With his strength, it was not a problem to defeat him. However, it would be difficult to keep him.

“Yes! Senior brother!”

The group of disciples responded in unison.

They secretly activated their immortal essence and were ready to attack.

“Eh? No, why is it gone?”

After chasing for a while, long Xiaozi’s expression suddenly changed. He couldn’t sense the fragrance anymore. The traces had disappeared when they reached the front.

“No more?”

“How is that possible? That’s our mysterious Palace’s Secret technique. How could an itinerant immortal like him break it?”

The disciples were all shocked.

The tracking fragrance was a unique formula of the mysterious Palace. Once one was hit by it, they would never be able to get rid of it. Even if they fled to the ends of the earth, they would still be able to track them down.

“There’s indeed nothing left!”

Long Xiaozi stopped and sensed carefully. He then activated his divine eyes to scan the surroundings, and his expression became gloomier.

There was no trace of that guy!

That guy had already broken his tracking technique and left.

“It seems like he really has some tricks up his sleeve!” He snorted coldly, his face ashen.

“However, he can’t escape. As long as he’s in the spirit Toad continent, we’ll meet again. It won’t be too late for me to kill him then! Perhaps I’ll have already become a celestial immortal by then. Killing him will be much easier.” Then, he snorted coldly.

With a wave of his sleeves, he brought his men and returned to silverwall city.
