

The Mightiest Little Peasant Chapter 3016

“May I know why the nine cloud Palace has come?”

Tang Hao was not angry.

“Hmph! A puny earth immortal doesn’t dare to bow to a heaven immortal senior like me. How dare you!” Someone among the nine cloud Palace Immortals chided.

“Didn’t I already bow?”

Tang Hao raised his hand and said in a neutral tone.

“You ...” The man was immediately furious and was about to shout again.

“Hey!”

The leading old man turned around and waved at him, saying, “although my cultivation is low, I’m still the leader of a Guild here. I have some status, so there’s no need to ask for so much.”

After he finished speaking, he focused his eyes again and carefully sized up the president of the clear sky Association.

Although this person’s cultivation was low, he was not afraid at all in the face of so many celestial Immortals. He was neither humble nor arrogant. It was indeed as the rumors said, he was extremely bold. No wonder even an organization like the red dust World had to suffer a setback because of him.

However, there was still some contempt in his eyes.

No matter how courageous this person was, no matter how strong his ability was, his strength was still too weak, and he could not enter his eyes.

In the immortal world, strength was the deciding factor!

“President Shi, I’m Taoist master Chao Yun, an elder of nine cloud Palace. I’m sure you’ve already guessed the purpose of our trip. That’s right, we’re here for the divine Thunder. The quaking Thunder produced by your clear sky Club has seriously infringed on the interests of nine cloud Palace ...”

“We are here to inform you on behalf of the nine cloud Palace to stop the production of divine Thunder.”

He spoke in an unquestionable tone.

“Notice?” Tang Hao chuckled. “It sounds like only nine cloud Palace is allowed to sell it, but not Haotian club?”

“Of course! The market for divine Thunder has always been the nine cloud Palace’s. Who Do You Think You Are? Don’t think that you’re all that just because you’ve recruited a bunch of itinerant Immortals. In the eyes of nine cloud Palace, they’re just a bunch of motley crew!”

“Shi, don’t be so shameless. We’re here to inform you that we’re not pursuing your crimes. It’s already good enough that we’ve arrested you.”

The nine cloud Palace’s heaven Immortals shouted angrily.

In their opinion, this little earth immortal really didn’t know what was good for him.

They were already being very lenient by not killing him after snatching nine cloud Palace’s business, but this guy did not know what was good for him.

“President Shi, I thought you were a smart person, but I didn’t expect you to be so stupid. Do you really think that you can compete with a force like nine cloud Palace with your tiny clear sky Association?”

Taoist master Chao Yun sneered.

“I’m talking to you nicely now. If you don’t listen, don’t blame nine cloud Palace for being impolite. Don’t regret it when the time comes!”

“If the nine cloud Palace takes action, not only the divine Thunder business, but the clear sky Association that you’ve worked so hard to build will also be destroyed.” As he spoke, his tone was filled with a strong sense of threat.

He smiled smugly when he saw Tang Hao’s silence.

The power of the nine cloud Palace was not something that a mere Haotian would be able to resist. The fellow had no choice but to obey.

“Also, not only do you have to stop the Holy thunder business, but you also have to hand over the method of making the Holy thunder. We also want to meet master Haotian.” He paused for a moment before he continued.

“This is too much!”

“Yup! This is simply too much!”

The crowd was in an uproar.

First, he wanted to cut off the heavenly faction’s divine Thunder business, and now he wanted to seize the refining technique. This was blatant robbery!

“Shut up!”

“Nine cloud Palace is in charge. You’re not allowed to talk!”

The nine cloud Palace's heaven Immortals looked around coldly and berated.

Waves of killing intent spread out from their bodies and pressed toward the crowd in all directions.

Their eyes were filled with even more disdain.

Most of the people in Nantian city were itinerant Immortals, and most of them were human Immortals. They didn't care about them at all.

"Nine cloud Palace, you've gone too far!"

A loud shout was heard as streaks of divine light swept over from outside the city. It was none other than monk golden light and the others.

The people from nine cloud Palace looked up and swept their eyes over the crowd. Their eyes were still filled with contempt.

A heaven immortal itinerant cultivator!

They did have some strength that many forces would be afraid of. However, nine cloud Palace was different. It was a great force whose name shook the entire immortal world. Why would it be afraid of a group of itinerant Immortals?

"My fellow Daoists, this is nine cloud Palace's business. Don't meddle in it. I'm sure you all know the strength of nine cloud Palace." Taoist master Chao Yun raised his eyes and coldly shouted.

Monk golden light and the others landed with grave expressions.

The nine cloud Palace was indeed powerful.

This time, he was really in trouble.

If they had only cut off the divine Thunder business, it would have been fine. The Haotian faction would not have suffered a great loss. However, it was obvious that the nine cloud Palace's appetite was not so small. They wanted to see master Haotian because they wanted to take advantage of him.

"Guild leader Shi, what's your decision?"

Perfected Chao Yun turned around and looked at Tang Hao.

Tang Hao stood where he was, deep in thought.

A moment later, he said, "if you want to stop the divine Thunder business, of course you can!"

Hearing this, Taoist master Chao Yun's face immediately revealed a smile.

This guy was quite tactful!

He laughed in his heart.

However, in the next moment, his face froze as he heard the person say, "However, I can't hand over the method of making the divine lightning."

His face suddenly darkened.

His main purpose here was still the divine lightning refinement blueprint.

Although the price of the thunders in the nine cloud Palace was high, the profit was not high because the materials used were better. They only made a little more than 100 yuan per piece. However, if they got the divine Thunder refining blueprint of the clear sky Association, they could use cheaper materials to refine divine Thunder of the same quality.

In this way, the profits would be greatly increased. One pill could earn him three to four hundred Yuan, which was three to four times more than what he had expected.

"Guild Master Shi, you have to think this through. It's very dangerous to go against nine cloud Palace." He gritted his teeth and said fiercely.

His eyes were squinted, and a cold light flickered in them.

"Such great courage!"

"If you don't hand it over, the Haotian faction will be dead!"

Behind him, the nine cloud Palace's heaven Immortals cursed.

"I've thought it through. It's indeed the Haotian faction's fault for refining the godly Thunder. We've infringed on the interests of your nine cloud Palace. We'll stop now. Is that okay?" However, if you still want the refinement blueprints, then I'm sorry!"

"You're not qualified to make such a request," Tang Hao said loudly. "Besides, think about it. If the world knows that you're asking for the refinement map of the godly Thunder from the Haotian club, doesn't that mean that the Thunder of the nine cloud Palace is not as good as the one of the Haotian club?"

"Not only will the people think this way, but they will also think that the nine cloud Palace's weapon-refining skills are mediocre and inferior to the Masters of the Haotian faction. Isn't that embarrassing?"

As he spoke, he looked at Taoist master Chao Yun with a cold and mocking gaze.
