

The Mightiest Little Peasant Chapter 3028

“Alright!”

Tang Hao nodded.

The woman in front of him was wearing a purple dress, which looked luxurious and elegant.

The chiffon dress was a little light and stuck close to her skin, highlighting the curves of the mountain range, which was shocking beyond belief.

Her pair of Jade-like legs were exceptionally slender, making her look even taller.

Although this figure was not the best he had ever seen, it was still extremely good.

“Is that so?”

Feng Qingyan murmured. Her beautiful eyes were filled with joy.

Since President Shi was able to design so many undergarments, he must have done a lot of research on women’s figures. If he said it was good, then it must be really good.

“Since guild leader Feng likes this style, that’s fine. I’ll personally design a set after I return.”

Tang Hao said.

“I’ll have to trouble guild leader Shi then!”

Feng Qingyan said happily.

“Oh! Oh right, I’ll have to get it measured. Since it’s custom-made, I’ll have to get the most fitting size ”
Tang Hao said as he took out a ruler.

“Quantity? Measure what?”

Feng Qingyan was stunned.

Then, she realized that her beautiful face under the veil had turned red.

“Guild leader Feng, why don’t you ... Do it yourself!”

Tang Hao looked at her. He was a little embarrassed.

“No need, you do it!”

Feng Qingyan bit her lips and said with determination.

She had never made clothes before and did not know how to measure. If the measurements were not accurate, it would affect the final product. It would be better to let him do it himself.

It's just a size, nothing much!

"Then ... I'm sorry!"

Tang Hao hesitated for a moment, but he still picked up the ruler and walked toward her.

With a slight shake, the ruler in his hand unfurled. With a slight twist, it wrapped around her waist.

As the ruler tightened, her chiffon dress also shrank, revealing her slender waist.

The moment the ruler was wrapped around her waist, her delicate body trembled slightly.

To her, this feeling was a little strange.

She became nervous, and even her breathing quickened.

"Guild leader Feng, there's no need to be nervous!"

Tang Hao coughed lightly when he felt her tense body.

"Oh!"

She responded in a low voice, but her body was still tense.

When the ruler was brought down, her body began to tremble even more, and the flush on her face became even more vivid.

"Alright, I'm done!"

After a while, Tang Hao breathed a sigh of relief and quickly retracted the ruler.

"There's no problem. I'll design a few more sets for guild leader Feng to wear later." Tang Hao said with a smile.

"Many thanks, guild leader Shi!"

Feng Qingyan tidied up her clothes, and her expression quickly returned to normal.

"President Shi, if I may ask, what is your relationship with master Hao Tian? Are they master and disciple, or friends?" After a while, she could not help but ask.

She was very curious about this person and master Haotian.

These two seemed to have appeared out of thin air, and there was no trace of them.

And his ability was unbelievably strong. In less than a year, he had built the Haotian club and reached its current scale.

This was a miracle in her eyes.

Because all the big Chambers of Commerce had extremely powerful forces behind them, but the clear sky Association didn't have any. In the beginning, it only had a group of individual Immortals.

Although master Haotian's cultivation level was unknown, his craftsmanship skills were shocking.

As for this man, although he was only a mid-stage earth immortal, his supernatural power was extraordinary. So many red dust assassins tried to assassinate him, but none of them could hurt him. It was incredible!

"We can be considered friends!"

Tang Hao said with a smile.

"I see! Then, when can I have the honor of going up Dragon Mountain to pay a visit to master?" Feng Qingyan continued.

"When Grandmaster is free! Guild leader Feng, I'll be taking my leave first. "

Tang Hao cupped his hands, then turned around and left.

If he stayed any longer, he would probably ask more questions.

"After I go back, I'll design the undergarments first. When I'm good enough in the heaven seeking Pavilion, I can break through."

After leaving Nantian city, he went back to Dragon Mountain.

In the heaven seeking Pavilion, Feng Qingyan looked at the door, and her brows furrowed.

She had a feeling that there was something hidden behind this President Shi and that master Hao Tian.

"Forget it, it's better not to delve into this matter!"

After a while, she shook her head and threw away all the doubts in her mind.

No matter what President Shi and the others were hiding, it didn't matter to her. She just liked the Haotian club's products, and she was just a fan.

"I wonder what kind of surprise President Shi is going to give me ..."

She flicked her sleeve and closed the door. Then, she walked to the mirror and looked at her perfect figure as she muttered to herself.

Suddenly, her cheeks blushed as she recalled the subtle feeling of the soft ruler caressing her body.

“Guild Master Shi ... Although he has some talent and divine abilities, he’s still too ordinary.”

She mumbled.

As a member of the Feng clan’s bloodline, she had naturally seen many amazing figures and all kinds of golden immortal disciples. Compared to them, President Shi was indeed a little too ordinary.

“Aiya! What am I thinking? why would I think of him ...”

Then, she shook her head violently. Even she herself was a little surprised.

“Maybe it’s because I’ve had too little contact with men, so when I come into contact with people, I’ll start to think nonsense.” She said with a bitter smile.

As the president of a Guild, she managed thousands of branch stores. She was very busy every day, unlike many female Immortals in the clan who spent their days traveling the mountains and rivers with others. As for Dao partners, there was no need to even mention them.

When she thought of her Dao companion, she felt a slight headache.

The clan had been urging her on this matter.

In the immortal world, it was very common to find a Dao companion. This was because the lives of Immortals were too stable and ordinary. Their lifespans were also incomparably long, so they would usually find a Dao companion and spend their days together.

“I don’t want to think about it anymore, let’s go back to the headquarters first!”

After being vexed for a while, she shook her head and returned to the spirit Toad continent’s headquarters with her attendants.

“Guild leader, I have a piece of big news.”

As soon as he returned to the headquarters, a managing elder rushed up with a jade talisman.

“Oh? What’s the big news?”

Feng Qingyan was stunned.

“President, do you still remember the true immortal descending to the lower realm?” The elder said.

“I remember. Why?”

“Didn’t they say that a monster from the lower realm snatched the Supreme treasure? it’s that ten thousand spells divine mountain!” As the elder spoke, his expression became somewhat excited.”At that

time, many people thought that the demon would definitely hide in the lower realm and not dare to ascend to the upper realm ...”

“But now, someone has discovered that that monster seems to have already ascended!”

“What?”

When Feng Qingyan heard this, she was shocked.

She had also heard of that monster from the lower realm. It was extremely terrifying.

He had already ascended to the upper realm?
